## Holiday Mail Rush Busiest in Years, Employees Report

The local holiday mailing was the busiest in years, according to reports from experienced members of the local post office following the deluge of mail and parcels that passed through the branch prior to Christmas.

The regular post office force was supplemented by eight holiday employees and the 21 men worked at top speed for four and one-half days to keep the volume of incoming and outgoing mail moving steadily.

Income mail rose from a normal average of 7500 pieces of all classes daily to 10,000 pieces daily between December 20 and 23. The flow decreased Friday and practically everything was out on Christmas Day. Parcel post was multiplied five times.

No estimate of outgoing mail was made but four men were required to handle the job that is usually done by one employee. The entire volume was handled without serious delay and few complaints were registered, it was learned.

Sale of stamps was approximately 10 per cent above the same period of 1936.

Holiday schedule will be observed on New Year's Day with the windows open for one hour, from 9 a. m. to 10 a. m. There will be no city or rural delivery, but those calling at the window during the one hour period will be given their mail. The lobby will be open all day for the benefit of boxholders.

**Leave for England**  
Martin J. Hogan of Barrington township, left Christmas Day for New York City where he sailed Sunday noon on the Normandy for a short trip to England.

## Registration Days Drawing to Close; End Here Jan. 20

Residents of Barrington township and Cook county have until January 20 to register their names on the poll books of their respective localities under the permanent registration law of Cook county.

Those residing in the portion of Barrington township outside the village of Barrington may register with H. O. Sott, town clerk, and those living in the village may register with A. C. Burandt, village clerk.

Failure to register under the new law disenfranchises voters of Cook county and they will be unable to declare their preference at the April primaries and November county elections.

## Start Circulating Blanks for County Party Nominations

Candidates for Lake Offices Begin Campaigning for April Primaries

Lake county's political pot started to simmer early into the year with the circulation of petitions by several candidates and the announcement of others that they intended to be candidates for party nominations next April.

First to declare himself was Chief Deputy Thomas E. Kennedy who circulated his petition Monday as republican candidate for Lake county sheriff.

Judge Perry L. Persons has also secured a petition. He will be up for re-election as county judge.

The contest for the county clerk's office, which also becomes vacant this year, has drawn two prominent members of the Lake county republican ranks. William J. Sturton of Ingleside, former republican secretary of state, took out a petition for republican nomination for county clerk but he will be opposed by Jay B. Morse of Libertyville, deputy county treasurer who served many years as deputy county clerk before being elected county treasurer.

The Eighth Senatorial district will be the center of what is predicted as a strong political battle for both party nominations according to announcements made by prospective candidates. Three state representatives from the district are to be elected this year.

Representative Richard L. Lyons of Libertyville is expected to abandon plans of his candidacy for the United States senate and headline the republican party ticket for representative nomination. Representative Nick Keller, who is completing his first term in the state assembly, will be seeking a second term.

Additional competition for the legislature has already been anticipated with the announcement made by Roy J. Stewart of McHenry county, a former legislator and a former sheriff and treasurer of McHenry county, who has started circulating his petition.

**Kelsey for Legislature**  
If additional candidates file from Boone or McHenry counties for the republican nominations it is expected that H. D. Kelsey, supervisor of the town of Cuba, will also become a candidate. When interviewed on the subject, Mr. Kelsey declined to affirm or deny the report.

In the democratic ranks the situation is still quiet but Thomas

## 16-Year-Old Youth Threatens Woman With Toy Revolver

Young Mother Defends Herself and Baby; Drives Away Intruder

Using a toy gun, a 16-year-old youth, Henry Pattison, 16-year-old former resident of Barrington, gained entrance into an apartment home at 107 Garfield street Wednesday afternoon, assaulted Mrs. E. J. Baade who resides there and threatened to shoot her month-old baby, according to a report made to Chief of Police E. W. Baade, an uncle of Mrs. Baade's husband.

The youth knocked at the door, believing he was calling at another home he said afterwards, and when Mrs. Baade opened the door he thrust the toy gun towards her and entered.

Following a scuffle in which Mrs. Baade received a black eye and bruises, she succeeded in driving the youth away, but not until after he had threatened to shoot the baby. She called the chief of police, and from the description she gave he was able to determine the identity of the intruder.

Pattison was arrested a short time afterwards and held in jail here until Thursday morning when Chief Baade took him to Waukegan for a hearing before State's Attorney Charles E. Mason.

The youth had lived with his mother on Exmoor avenue until several years ago when he was placed on a farm in Grundy county. He had returned to Barrington recently.

### A HAPPY AND SUCCESSFUL NEW YEAR TO ALL

## State Approval on Traffic Signals Received Friday

Plan to Advertise for Bids Soon on Hough and Main Project

The long-awaited approval on the project to install automatic stop and go traffic signals at the intersection of Main and Hough streets was received from the Illinois highway department by A. C. Burandt, village clerk. George H. Baker, engineer of county roads and city streets, notified Mr. Burandt by letter of the approval.

Mr. Burandt stated forms are being prepared now for presentation to the village board at its meeting Monday night, and he expected the village would advertise for bids on the work following the meeting.

Approval was granted on the proposed plan following a revision of plans and specifications ordered by the state highway department. The changes in the original set-up were minor ones and the amended details were sent to Springfield two weeks ago.

The cost of the work, which will not be known until after the bids are opened and the contract awarded, is to be paid out of the fund credited the village of Barrington from state gas tax monies.

According to the original plans, four-way signals will be installed at the corner of Main and Hough streets to control the flow of traffic on a time schedule.

## Starts a Suit for \$100,000 Damages Against C. & N. W.

Man Alleges Injury Received in Peculiar Accident Near Palatine

Claiming to be the victim of a peculiar accident, John Fritz has filed suit in the Cook county circuit court asking \$100,000 damages from the Chicago and North Western railroad.

In his complaint he alleges that on November 11 last year he was standing beside the North Western railroad tracks at the Schaumburg road crossing, about one mile north of Palatine, when some object flew from a passing freight train and struck him.

The force of the blow knocked him to the ground, the bill continues, and caused him to become dizzy. After the train had passed he started to crawl across the tracks and was then struck by a railroad scooter, he claims.

Alleging that the scooter's brakes were defective and it seemed not to be stopped quickly, he is seeking the \$100,000 claim as compensation for injuries received.

The extent of his injuries of the accidents were of serious nature, the complaint charges.

## Litigation Suits of Village up for Hearing This Week

D. Maloney Moves to Strike Amended Complaint of Sewer Damage Suit

Hearings on the two litigation cases concerning the village of Barrington were held this week. D. B. Maloney, village attorney, filed a motion that the plaintiff's amended petition in the Gieske-Thoren \$55,000 sewer damage suit be struck and dismissed in the Lake county circuit court last week.

He also appeared in the superior court of Cook county Tuesday where William U. Barwell, member of Eckerts and Peterson, attorneys for school district No. 4, requested that a motion made by the defendants to strike the complaint be withdrawn.

Mr. Barwell elected to file an answer in the suit, which was originally brought by the village of Barrington for an accounting against the estate of F. L. Waterman, school trustees and directors in Cuba township and members of the board of education of school district No. 4.

The answer is due by January 17, after which time there will be further proceedings in the case, according to a statement from Mr. Barwell.

The village has already received a summary judgment against the F. L. Waterman estate and the trustees and directors of Cuba township have agreed upon a settlement made before the suit went to hearing.

## 110 Persons Attend Alumni Dinner for Graduates of 1908

One hundred and ten members of the Barrington high school Alumni association and their guests gathered at the second annual mid-winter dinner at St. Paul Evangelical church Tuesday night to honor the class of 1908 and hear a talk by Colin C. Sanborn, curator of mammals at Field Museum, Chicago.

Earl M. Schwenn was toastmaster of the evening and introduced Norman Reese, president of the group, who in turn welcomed the members and honored guests. William Gottschalk, member of the class of 1908, gave a short talk in response, relating a number of humorous incidents on the class history. Rev. Hermann Koenig gave the prayer at the beginning of the dinner.

Mr. Schwenn read a telegram from Superintendent of Schools E. S. Smith, who is vacationing in California, and T. C. Hooford, assistant principal of the high school, represented that organization and spoke in brief on the relation of the school and the Alumni association.

The main speaker of the evening, Mr. Sanborn, interestingly related his personal experiences on several expeditions collecting specimens for the museum. His talk covered a number of phases of collecting and preparing skins for mounting.

Musical numbers were given by Mrs. Olive Dobson and Harvey Frye, and Edgar Biechle led the audience in group singing.

## Catlow Holiday Bill Filled With Late Movie Hits

"This Way Please," "All Baba Goes to Town" Among  
Headliners

Fibber McGee and Molly, radio's famous married couple, make their movie debut in "This Way Please," the rollicking comedy with music which comes to the Catlow Friday. The famed pair is cast as trailer tourists who stop at a motion picture theatre to get the autograph of a famous band leader, played by Charles "Buddy" Rogers, and then take part in the high comedy which ensues.

Mary Livingston-Jack Benny's Mary—also makes her screen debut in "This Way Please," playing the role of chief usherette in the deluxe movie palace. The romantic interest is carried by Rogers and Betty Grable, and the cast also boasts of Ned Sparks, Porter Hall, Lee Bowman, Rufe Davis, Cecil Cunningham and many other sumptuous.

Joining forces for the first time with hit-making 20th Century-Fox in the happiest mirth merger in the history of hilarity, Eddie Cantor brings Bagdad to date in his starring extra-glorious musical hit, "All Baba Goes to Town," featuring Tony Martin, Roland Young, June Lang, Louise Horvick and a tremendous cast, opening on New Year's Eve at the Catlow theatre, playing the midnight show and also matinee and evening shows on New Year's Day, Saturday. The film is credited with a revolutionary new three-tone tinted process.

A mad collection of characters, which include a concert singer, a gold digger, a night club singer, a wrestler, and a sentimental dueling expert are involved in a series of incredible but rib-tickling adventures in "Fight for Your Lady," new musical film coming to the Catlow Sunday and Monday.

An unusually strong cast has been selected to play these roles, and the lineup includes John Boles, Jack Cayin, Ida Lupino, Margaret Rhodes, Gordon Jones, Erik Rhodes, Paul Guilfoyle and a score of others.

While through the thrills of a speed-packed story! Break-neck speed, pulses crashing through a thousand thrills—braving a storm of bullets, blasting gangland mobsters, resulting in a gambling ship, smokes a rule-breaking climax of a vicious story! Scandal Keith and the new star Allen Brook are featured in "Motor Madness," the sensational thriller due at the Catlow Tuesday.

Playing the double feature bill Tuesday with "Motor Madness," is "Gangway," starring Jessie Matthews, with Ned Pender, Barry Mackay and Noel Madison.

Previewed from coast to coast by more than three million persons, who paid "roadshow" prices to see it, Frank Capra's long awaited "Lost Horizon," starring Ronald Colman, comes to the Catlow Wednesday for a three-day engagement, for its first local popular-priced engagement.

More than two years in the making and one of the most costly pictures ever to come out of Hollywood, "Lost Horizon," Robert Riskin's screen adaptation of James Hilton's best-selling novel of the same name. In translating the Hilton novel to the screen, Mr. Riskin and Frank Capra—the men responsible for such memorable successes as "Mr. Deeds" and "It Happened One Night," recaptured all of the breath-taking adven-

ture, the high romance and the awesome beauty that contributed so much to the widespread appeal of the original story.

Featured members of the huge cast supporting Colman in "Lost Horizon" include Jane Wyatt, Edward Everett Horton, Isabel Jewell, Thelma Mitchell, Margalo, H. B. Warner, John Howard and Sam Jaffe.

Construction in the village of Barrington continued its upward trend from depression depths with a total of \$149,650 in permits being issued during 1937 by Herman Garbisch, building commissioner. ## James Plagge Speaks at Science Meeting

James C. Plagge, son of Mr. and Mrs. R. G. Plagge, 545 Grove avenue, and a research student at the University of Chicago, is spending this week at the 101st annual five-day meeting of the American Association for the Advancement of Science at Indianapolis where he is reporting some of his investigations in biological science. He spoke before two of the 163 associated and affiliated societies of the organization.

To the American Society of Zoologists, Plagge reported "Effects of Salivary Gland Removal in Young Albino Rats." During the course of operations on nearly 300 newborn or young albino rats he found that certain salivary glands are essential to maintain the animal's life, a hitherto unknown fact. Further investigation revealed that the importance of these glands seems to lie in their ability to supply moisture to the mouth and thus enable the animal to suckle, rather than in any chemical secretion that would aid in the process of digestion of milk.

To the Wilson Ornithological club Plagge reported "Nocturnal Bird Vocalization in a Beech-Maple Forest." He presented evidence, based on observations taken by a group of university students of which he was a member, that bird singing in the morning may be initiated by some other factor than the beginning of daylight.

Plagge will return to Barrington Thursday night with his uncle and aunt, Dr. and Mrs. H. H. Plagge of Iowa State college at Ames. Dr. Plagge also attended the scientific meetings at Indianapolis this week. He and Mrs. Plagge will remain in Barrington, visiting relatives until the end of the week.

## In Memoriam

In loving remembrance of our dear husband and father, A. D. Wade, who passed away January 2, 1937.

When evening shades are falling, And we're sitting all alone, To our hearts there comes a longing, If he only could come home.

No one knows the silent heartache, Only those who love can tell, Our grief that is borne in silence, For the one we loved so well. —Loving Wife and Children.

## "BUSINESS AND LABOR"

Robert Louis Stevenson once said that we live not by bread alone but principally by catchwords. It does seem true that in our time we are making certain words and phrases carry more weight than is good for them.

Consider the word combination: "business and labor." Almost daily we hear this phrase used as if to love one to hate the other. We often hear about public officials "leaning toward labor" or "making overtures to business." Most of us know what is generally meant by these phrases, yet to many they tend to set up an antagonism that does not really exist.

One need not think very deeply to understand that the interests of labor and business—that is to say, the employer—are identical; that in the long run their interests do coincide because they are both parts of the same body politic. What hurts one hurts the other; what is good for one is also good for the other.

We need to be wary of such abstractions that set up friction between these common interests, lest the phrase turn into a battle cry.

# Bronchos Keep Losing Streak by Dropping Game to Leyden 35 to 28

## Show Improvement in 4th Conference Loss Last Tuesday

### Also Beaten by Alumni Cagers in Annual Contest Here Wednesday

Although appearing to be a much improved basketball team, the Barrington Bronchos suffered their fourth straight conference defeat at Leyden last Tuesday evening. The Bronchos trailed by only four points at the half but allowed their opponents to score 16 points in the third period. They were enough to win the game. The final score was 35 to 28.

In the third quarter the Eagles had a scoring spree during which they accounted for 16 points with Wilcox, Eagle center, scoring eight of his 15 points. Schaeuble, center, and Zuperski contributed. The Bronchos were held to four field goals, two by Watson, and one each by Clinge and Church. The score at the end of the third period read 23 to 10. Leyden's only scoring in the final period was a field goal by Wilcox and a free throw by Roush, Clinge, Heren, Watson, and Shepard put the local team leading up to 23. Statistics show that the Bronchos only sank six out of 11 free shots while the Eagles made good nine out of 11. Wilcox was high scorer for Leyden with 15 points. Clinge took the honors for Barrington with 10 counters.

**Alumni Win**

After leading by several points until the last period, the Bronchos showed up enough to allow the Alumni to force ahead and win by a score of 23 to 22 in the annual contest held here Wednesday night. At the beginning of the last quarter the Bronchos held a 22 to 15 lead, but failed to hold the Alumni sharpshooters, who scored seven field goals, enough to take the game. The Bronchos were held scoreless during the last period.

The Alumni used their substitutions in the first quarter and the Bronchos were able to get a ten to one lead. Then the Alumni sent in Grabenkort, Klopfenstein, Anderson, Hager, and Castle, who started dropping the counters and only trailed by a 16 to 11 score at the half. Both the teams were held in check in the third quarter and then the Alumni went out ahead. Ernie Anderson and Glen Hager shared the scoring honors for the Alumni with eight points apiece. Clinge was high point man for the Bronchos with seven points.

**Ponies Lose and Win**

In the early game Tuesday the Leyden lights took the Ponies by a score of 36 to 28. During the contest three of the Ponies fouled out. As in the second game Leyden held the lead all through the game. Bogues, small Leyden guard, was high point man of the evening with 18 points. Gruesing accounted for eight of the Ponies 28 points and was high scorer for the Ponies. Leyden missed 17 of their 29 free shots.

Assisting Tom Smith as referee was Bill Harlow, former Big Ten scoring ace.

The Ponies defeated the Froshoph in a preliminary game Wednesday night.

**TELEPHONE RATE ADJUSTMENTS**

will go into effect in Illinois

**IN JANUARY**

There has been a readjustment of various telephone charges throughout the state of Illinois which, it is estimated, will save the public about \$2,000,000 a year.

The Illinois Bell Telephone Company is arranging to notify all subscribers about the change. Details of the new rates also are on file in every Bell Telephone Business Office in the state.

During the last few years, our business has improved. However, there have also been large and unavoidable increases in expenses, due chiefly to new taxes and higher

payrolls, representing principally wage increases.

Nevertheless, the Company is putting the new rates into effect in January, in the hope that our business will continue to improve, and that increased use of telephone facilities will offset, partially at least, the loss in revenue caused by the lower rates.

Some of the new rate classifications will offer definite service improvements to customers, as well as savings. It is hoped that these will make telephone service of even more value to the people of Illinois.

Once more it's time to take down the old calendars and put up the new ones.

Also it is well to remember that this is the time for resolutions—the time to swear off on smoking and profligacy, and promise the wife to go to church.

The same set of resolutions you made last year will be O.K. if they were not too badly broken.

Ours are beyond repair, so we are making up a new set.

We are not a prophet, but we believe the coming year is going to be a good one in more ways than one.

Like the old man who said on his 100th birthday, "I've always noticed that when I live past the first of January I always live to the end of the year."

We share that old gentleman's confidence.

We believe there is every reason to hope for better conditions for everybody in 1938.

The road has been mostly uphill the past six or eight years, but it looks as though we are over the top now, with a lot of beautiful scenery ahead of us.

And we hope your journey through 1938 may be pleasant, prosperous, and extremely enjoyable—every mile of it!

Incidentally, we want to say that the Miller Brothers are "all set" to serve your Hardware and Farm Implement needs for another year, and we are hoping to see you frequently during the coming 12 months.

## Holiday Messages Come From Homes of Former Residents

Christmas messages brought news of former residents to many citizens of Barrington. The following bits of information gathered from various cards are passed on in the hope that they will interest former friends:

Gretchen Mundhenk's lovely curls were cut off during the past year but the new bob is very becoming to Gretchen who has grown tall and slim. Her brother Bob is visiting Barrington for the holidays. "Doc" is a member of the faculty at Auburn university, Alabama and Mrs. Mundhenk has such efficient colored help that all she needs do is plan meals!

The Boomer Bowman family is living at Water Proof, Louisiana.

Mr. and Mrs. Carl Larson are living at Pittsfield, Wis. Their two sons have married since the family lived here. Mr. Larson was one of the architects in charge of building of the gymnasium.

The Warren Meiers and A. L. Robertson are living at Los Angeles, Calif., where Mrs. Meier is slowly regaining her health, following serious effects from an automobile accident. Her eyesight is still impaired.

Miss Josephine Jones, former teacher of languages at Barrington, is studying Russian at a Russian school in New York City and lives across from Central Park.

The Wes Parkers are enjoying life at Minneapolis and judging by their pictures, Paty looks more like her father every year.

The Ralph Benittis are settled at Rio de Janeiro where Mr. Benittis is busy with his profession, engineering and his hobby, writing call tales. His pet dog, named "The Red Benittis" are settled at Rio de Janeiro where Mr. Benittis is busy with his profession, engineering and his hobby, writing call tales.

The "Quintus" Warren and Rena Platteau, Bertrams and Miriam Schulte and Mrs. L. Dubs wrote of their activities in California. They meet at El Estero, Van Nuys or at Sierra Madre—her respective "home town" now.

Mrs. Lorena Lockhart Wilson wrote from Grand Rapids, Mich., where she and her son are now living. She is the daughter of Rev. Lockhart, former pastor of the Baptist church here.

## Lake-Cook Supply Company Declares \$50,000 Dividend

The board of directors of the Lake-Cook Farm Supply company declared the biggest dividend in the history of the company. This dividend, amounting to approximately \$50,000, representing 4 per cent on preferred stock, 14 per cent on petroleum products, and 5 1/2 per cent on foods and other miscellaneous products, is payable to farmers in Lake and Cook counties.

This large dividend was made possible by a 40 per cent increase in business which brought the annual volume to well over the half million dollar mark. It was reported.

This large farm company has completed ten successful years of business, in which a substantial growth in business has been made each year. The Lake-Cook Farm Supply company serves the farm trade of Lake and Cook counties. The tenth annual meeting of the Lake-Cook Farm Supply company will be held at the Masonic temple at Des Plaines at 10 a. m. January 15. Further announcements concerning the meeting will appear in The Review.

## County Cattle Have High Health Record

According to T. P. Gallahue, Lake county veterinarian, in a report made to the board of supervisors recently, Lake county farmers have the best herd health records of the entire Chicago milkshed. His annual report covered the period from January 1 to December 12.

Of the total of 28,113 cattle examined, there were only 82 reactors, or less than one-half of one per cent. This is the lowest percentage of reactors on record since the veterinarian office was established ten years ago.

Veterinarian Gallahue, on a motion by Harold Koser, supervisor of the county, was given a vote of confidence by the board of supervisors.

## Period Sales Gain of 14 Per Cent Reported by Jewel

Jewel Tea Co., Inc. reports that its sales for the four weeks ended December 4, 1937, were \$1,939,317.34 as compared with \$1,698,682.10 for the same period in 1936, an increase of 14.17 per cent.

Sales for the first 48 weeks of 1937 were \$21,377,478.18 as compared with \$18,581,988.91 for a like period in 1936, an increase of 15.04 per cent.

A gradual increase in tax collections by collectors in the county towns during recent years culminated this year in a record-breaking collection, according to figures released today by County Treasurer Horace G. Lindheimer.

Total collections to date by collectors in the county towns on the 1936 real estate levy amount to \$11,462,476.77. Mr. Lindheimer's statement shows. This sum exceeds by almost one and a half millions the \$9,816,648.49 collected in this classification last year by county town collectors and is more than two millions above the \$9,321,322.19 collection for the preceding year.

A similar increase is shown in the figures for personal property tax collections for 1936. Collections in the county towns on the personal property levy now total \$2,121,321.74 as compared with \$2,123,627.64 collected in last year and \$1,909,356.58 for the year before. In all cases, figures given for years prior to 1936, represent the total collections made up to date. Thus the collections for 1936 are far in excess of the amounts collected at the corresponding time in previous years.

For the benefit of taxpayers in the county towns who are still delinquent in their special assessment payments, Mr. Lindheimer
