Foreign Stars to Compete at Norge Ski Meet Sunday

Expect New Records Will Be Established at Fox River Grove

The Norge Ski club will present the first international championship ski jumping tournament to be sanctioned by the International Ski Federation in the middle west next Sunday, January 16. It will be held on the club's giant slope near Fox River Grove, and with all the leading American jumpers enlisted to compete against the class of the foreign skiers the largest crowd ever to witness a ski contest in this country is expected. Spectators will be admitted free.

Local ski jumping operations are to begin Saturday morning at 8 a.m. before the first jumper is scheduled to leave the thrill-producing slope at 3 o'clock and this precaution, provided by the Chicago Motor club and state highway police is expected to enable all who motor to the scene to reach their destination without delay.

Such world renowned European stars as the Raud brothers, Sigmund and Birger, of the Norway Ski association, and Olaf Wolden, also of Norway, will make their first appearance in the ranking Yankee jumps. And to those who are not always influenced by form, an upset in this meet would not be a complete surprise.

The Raud brothers are regarded as the highest ranking performers in this sport in the world. They proved their ability in the 1936 Olympic games at Germany when they led the Norwegian skiers to victory and also in 1932 in the international game at Lake Placid, N. Y. It was in 1932 that Olympic fans were enabled to see Norway's top ranking brothers in action for the first time when they were given special permission to perform in the Norge club's tournament at Fox River Grove as part of their training for the Olympic competition.

Among the outstanding American performers who will compete against the distinguished visitors will be Al Engen, of Salt Lake City, holder of the world record jump of 287 feet; Roy Mikkelson of Auburn, Calif., who won the Norge title twice for River Grove since he became a Class A skier in 1931; Sverra Fredheim of St. Paul, whose gradual improvement in recent years is expected to bring him close to the top this year; Lemoine Batson, the Chicago school teacher, who finished third to Oimen in last year's Norge tournament and would have won had he not fallen after making the longest jump of the day; Jimmy Heintz, of East Claire, Wis., regarded as one of the promising of the younger skiers in this country; Paul Bietta, one of the famous quintet of skating brothers of Ishpeming, Mich., who established a distance record for the Fox River Grove slope two years ago with an exhibition jump of 261 feet; and Guttorm Paulsen and Gunnar Oman, who will again carry the Norge club's colors.

Local Hockey Team Will Play Diamond Lake Here Sunday

Devotees of hockey will be given an opportunity to watch the sport played Sunday morning at 10 o'clock when the Diamond Lake hockey team meets a picked team from Barrington and the community at Shady gravel pit, west of Barrington on the County Line road.

Practice sessions have been held at the pit recently and last Sunday a game was played here.

Among those reported who will represent Barrington are: Martin Jurs, Charles and Willis Altenburg, Willard Abbott, Clarence Ahlgren, Ray Wickham and others. J. Hamer Hargrave of Barrington is playing with the Diamond Lake team, having been a member of that group for several years.

Bernard Lipofsky Heads Youth Group

Bernard Lipofsky, member of S. Lipofsky and Sons, was elected president of the Jewish Youth organization of Northern Illinois at a meeting held Sunday at Joliet. Mr. Lipofsky was treasurer of the association last year.

Mrs. R. A. Bennett Writes of Life, Customs in Chile

The following excerpts of a letter from Mrs. R. A. Bennett, former resident of Barrington who is now living in South America with her family, describe some of the difficulties of living on foreign soil as well as the advantage of travel:

"Our trip down took 18 days as the Santa boats are catering to tourists and we stopped at many ports. It was fun for us to scramble off and stretch a bit on a solid foundation.

"Our ports is good for a person, he appreciates the U.S.A. so much more. Such poverty as one sees in thousands of mud huts! It reduces life to a fine simplicity, eating one meal a day, sleeping on a mat on an earthen floor and wearing rags. Everyone complains that food is so high and of course the exchange is so poor for them now, they are compelled to use only native products.

"We were happy to arrive in Valparaiso, Chile and see Ralph waiting for us. This port is settling down to eating "squares" things without much complaint. At first we would go thirsty until our tongues hung out but then drink boiled and filtered water but now we have forgotten how regular water tastes."

and want to be sending juice to Valpo by the end of July.

"We have eight windows overlooking the sea and with its changing moods, the variety of scenes are magnificent. The footfalls that crowd those to the back of our home are a bank of wild California poppies, and a long fence in front of the guest house next door is a wall of pink geraniums.

"There are so many adjustments to be made in foreign country that presents a problem, to learn to like flavor and then to find out where to buy your food and how to prepare it. We have been having lovely asparagus for it is spring with us, you see. That is, the asparagus is lovely to look upon and is tender but does not taste like ours in the least. It is this way all down the line. There is the fear of eating uncooked vegetables for fear they have been watered with sewage.

"Youngsters had a hard time getting used to boiled milk but gradually the whole family is settling down to eating "squares" things without much complaint. At first we would go thirsty until our tongues hung out but then drink boiled and filtered water but now we have forgotten how regular water tastes."

Local Committee Plans Seeing Eye Talk January 23

W. Behringer, president and manager of the newly organized Barrington ball club, reported this week that a meeting of the group will be held Tuesday, Jan. 18, at the American Legion hall, 15th and the American Legion hall, 15th and 16th streets.

He has invited all persons interested in playing ball and those developed locally to attend and become part of the organization.

Dr. Earl Harris to Address P.T.A. Tuesday Evening

"Old Versus New Ideas in Rearing a Family," is the subject to be discussed by Dr. Earl Harris when he addresses the Parent-Teacher Association at 8 p. m. Tuesday, Jan. 18.

Dr. Harris is a member of the Illinois State Medical society, attending pediatrician at St. Vincent's Infant and Maternity Hospital of Chicago and is engaged in the private practice of pediatrics in Winnetka. He is a graduate of the University of Minnesota Medical school and has served as Teaching Fellow in Pediatrics there as well as at Long Island College of Medicine.

A violin solo will be given by E. W. Gale, accompanied by Donald Titterton, and Miss Laird's room will have an exhibit of puppets.

The room having the largest percentage of parents present will receive a prize.

Preceding the association meeting, there will be a meeting of the board at 7:30 p. m.

R. F. Kocher Sr. Is Candidate for Town Committeeeman Post

R. F. Kocher Sr., village trustee and veteran democratic organization man, announced Wednesday that he would be a candidate for election as democratic township committeeeman of Barrington and circulated his petitions among registered workers of his party.

Coincidentally with Mr. Kocher's announcement came the statement from Howard R. Brinklinger, incumbent, who reported he would not be a candidate for re-election for the democratic post.

Mr. Brinklinger announced he would support the candidacy of Mr. Kocher.

To date, Mr. Kocher is the only person to circulate a petition for either the democratic or republican township committeeeman office.

Brother of Local Man Crash Victim at Dundee Sunday

William T. Hintz, 52, of Elgin, Killed When Car Hits Tree

William T. Hintz, 52, of Elgin, brother of Otto Hintz of Barrington, was fatally injured Sunday afternoon when the car in which he was riding skidded off the road and crashed into a tree in front of Dundee community high school on U. S. route 14.

Arnold Meyers, who roomed at the Hintz residence in Elgin, was driving the car and suffered three fractured ribs, a fractured knee cap and numerous scratches.

His condition is not regarded as serious by officials at the Sherman hospital in Elgin where he was removed after the accident.

Both men had driven to Cary earlier Sunday afternoon to inspect the site where the ski meet is to be held Sunday. They were enroute back to Elgin when the crash occurred. Meyers was driving on the highway when the car skidded out of control on the snow-covered pavement and crashed into the tree.

Mr. Hintz was pinned in the wreckage of the car, which was

R. K. Burns to Talk to Club on "New Careers for Youth"

Faculty and High School Senior Pupils Will Be Special Guests

Robert K. Burns, young research assistant in economics at the University of Chicago and world traveler, will discuss "New Careers for Youth" at a meeting of the Barrington Woman's club to be held at the Methodist church Wednesday afternoon, Jan. 12.

Members of the faculty and senior pupils of Barrington high school will be guests of the club and the A Cappella choir will provide music. The program is to begin at 8 p. m.

Mr. Burns has made two world tours studying economic conditions and the problems of youth.

His talk is reported to be an "analysis of opportunity in expanding professions, growing fields of business activity and a survey of new industries, occupations and activities of the future."

As a member of an American delegation to Europe in 1934-5, he participated in 48 days in leading universities in 23 countries without losing a single vacation.

The Review contacted both men and was furnished with convincing proof that they are naturalized citizens. Mr. Droyer applied for his papers the second day he came to this country and was naturalized in 1919, and Mr. Anderson's father received his final papers in 1934.

Mr. Anderson had neglected to register under the permanent registration law for Cook county voters was advanced by his friends as a possible fact that might have been the basis of the propaganda. He admitted neglecting to register and stated he would do so before the final day here, January 20.

Injured in Fall

Mrs. Donald Titterton, 138 W. Lake street, slipped on the floor at her home Thursday evening, spraining the ligaments of her right leg and fracturing the heel bone. She is able to walk in spite of the injury.

RALPH CHURCH

April primaries Friday by having his petitions as candidate for representative of the Tenth congressional district circulated.

Nomination petitions were circulated for Church in the congressional district Friday. He is attending the regular session of congress in Washington, D. C.

He is the second prominent republican from the northern part of the state mentioned frequently for the United States senatorial nomination. His name frequently has been mentioned as a possible candidate for re-election. Representative Richard Lyons of Libertyville, who was considered for the senate race, is seeking re-election for the state assembly in the Eighth senatorial district.

Congressman Church is seeking his third term in congress on the basis of his record. During his first term and so far in the second he has established a record for regular attendance and service to his district.

Not a Murder—Just Matrimony, Or "How Do Rumors Originate?"

It isn't often that a bride and groom have their wedding heralded as a murder or that members of the Cook county sheriff's office stop by to inquire for the "details of the shooting."

But strange as it might be, and as far apart as a murder and matrimony, was the rumor circulated Thursday afternoon that a man was found dead by violence at the Heidelberg Inn, at the intersection of Heidelberg and 62nd and 63rd, and by Friday the sheriff was there investigating the story.

However, the truth of it was the marriage of Miss Elsieide Georgi, daughter of Mr. and Mrs. Herman Georgi of Calumet, Mich., and William A. Vogler, son of Mr. and Mrs. Arthur Vogler of Germany, which took place Thursday afternoon at 3 o'clock in the Bethlehem church in Dundee.

Mr. Vogler is a partner of Kurt Riedel, his brother-in-law, and the couple operate the Heidelberg Inn and service station. During the day the place was closed to business and that night the whole thing was an incident of joy and happiness instead of one of sadness. It takes a great stretch of the imagination to connect the two, yet someone did.

False Rumor Started to Embarrass Members of Board of Education

A rumor from an undetermined source that two members of the board of education of school district No. 4 are not naturalized citizens of the United States and hold their offices illegally, was circulated in Barrington this week.

This rumor was that P. L. Anderson, president of the board, and P. R. Droyer, member of the board, are not citizens.

Although the origin of the rumor could not be determined, it was well known that it had to be started to throw a cloud over the two board members from a political standpoint.

The Review contacted both men and was furnished with convincing proof that they are naturalized citizens. Mr. Droyer applied for his papers the second day he came to this country and was naturalized in 1919, and Mr. Anderson's father received his final papers in 1934.

"The Awful Truth," Comedy Feature, Coming to Catlow

"Stand-In," Featuring Joan Blondell and L. Howard, Is Scheduled

Jean Parker, beautiful young screen star who made a hit a year ago in "Sequoia," a picture of the woods, has been cast again in an outdoor part for "The Barrier," which comes to the Catlow theatre Saturday.

Miss Parker is seen as Neela, the daughter of an American trader and his Indian wife, who run a post office in Alaska, during the gold rush. Parker opposite her in the film is the young outdoor star, James Ellison.

Commencing Sunday "The Awful Truth," starring Irene Dunn and Cary Grant, with Ralph Bellamy, Alexander D'Arcy, Cecil Cunningham and Robert Allen in support, will occupy the Catlow screen for a 2-day engagement. Also in a prominent role is Skippy, the "Thin Man" wire-haired pup, now appearing as Mr. Smith.

"The Awful Truth" tells of the final life between "Mrs." Irene Dunn and "Mr." Cary Grant which leads to the divorce courts. There, in what is said to be the most hilarious courtroom scene ever filmed, they battle for the custody of Mr. Smith with Irene the victor. Cary, however, wins the court's permission to visit the dog once a month.

Love, it seems, has no respect for divorce decrees, for the moment Cary announces his intention to marry Irene, Miss Dunn sets out to win her man again by methods hilarious though perhaps not cricket.

The entire ice hockey squads of the University of Southern California and Loyola university were drafted to enact the exciting hockey game scenes in Columbia's "The Game That Kills," showing Tuesday at the Catlow. The games were staged under the technical advice of Arnold Eddy, U.S.C. coach. Charles Quigley and Rita Hayworth are featured in the picture.

Playing the double feature bill Tuesday with "The Game That Kills," is "High Flyers," with Wheeler and Woolsey, and featuring Lupe Velez.

Aspirin tablets and other headache remedies were sought by Leslie Howard during the filming of Walter Wanger's "Stand-In," in which he co-starred with Joan Blondell at the Catlow Wednesday, Thursday and Friday.

The action called for Alan Mowbray to hit Howard in the jaw during an argument at a lawn party. Director Tay Garnett was not satisfied with the first "take" and the jaw-slapping scene was shot five times.

When the director finally okayed the scene, Howard staggered to the studio hospital to receive first aid treatment for a badly skinned jaw and a severe headache.

Lake County T. B. Assn. Campaigning for Early Diagnosis

Miss Orpha White of the Lake County Tuberculosis association reports that county tuberculosis associations throughout the state are pausing in their Christmas seal activities to formulate plans for this year's early diagnosis campaign.

The 11th annual campaign for the early diagnosis of tuberculosis will open officially on April first. It is expected to last three months, posters and pamphlets to be used are already being ordered by the Lake County Tuberculosis association.

The slogan of this year's campaign is, "Tuberculosis Undiscovered Endangers You." By "you" is meant the individual, the family and the community. This nationwide campaign, while especially emphasized during April, is used

in Illinois the year around. It is emphasized that early discovery of tuberculosis insures early recovery from that disease.

The Illinois Tuberculosis association, in describing the campaign material, says: "If tuberculosis is undiscovered in an individual, he or she is in danger. Chest X-rays will find it.

"If tuberculosis is undiscovered in the family, the growing children are in great danger. The

tuberculin skin tests, X-ray and family follow-up will help to remedy this condition.

"Tuberculosis is left undiscovered in the community, everybody is in danger. Systematic search for tuberculosis by examination of contacts, tuberculin testing and X-ray surveys of students and teachers, and programs to advise the community of the seriousness of the disease will lessen the danger."

Lots of times we keep up with the fellow who wants to make his conscience certain.

With the winter weather upon us, keep your home warm and cozy with

Perfection Oil Heater. Ask us about them.

We have never known it to happen. "Dear Dad: I'm returning the last check you sent me, also what I've saved from my allowance."

Keep a coil of this good strong rope of ours in your car, in case you do any winter driving. It

has good warm hands during the winter.

—As a visitor in our office, says he can't help feeling that his wife did mighty well when she married him!

—Would you like ten cents to buy the Old Lady House? —What are they out again?

—Bilious Sundays.

—I'll take you out again!

—Have good warm hands during the winter.

—Before marriage a man's years for a woman. After marriage the "X" is silent.

—Every home should have a snow shovel handy. We have some fine, inexpensive ones here. Come in and get one.

Reviews Musicians
Speaking to the study group of the Barrington Woman's club at the public library Tuesday afternoon, Rev. H. L. Eagle gave a most interesting talk on "Outstanding American Musicians."

Newly elected officers for the church council are as follows: Ray Jure, Otto Miller, Mrs. Ray Jure, Mrs. E. F. Wichtman and Mrs. Geo. Magill. Rudolph Berg, treasurer of the Cub pack service committee; Mrs. Hilda and Brinetha, chairman; Mrs. Dale Magill, recording secretary; Mrs. Rudolph Berg, financial secretary.

"Although America has no first rank composers such as Bach, Wagner or Beethoven," he said, "there are several men who have contributed much to American life in the form of folk and classical music."

"Among these are Stephen Foster, Edward MacDowell, Ethelbert Nevin, Charles Wakefield, Cadman, Percy Grainger and Walter Damrosch. The last two are Americans by adoption."

"While most of Stephen Foster's work were concerned with the south it is interesting to note that he was never south of the Mason-Dixon line until just before his death."

"His brother was looking at a map and chance to see the name 'Swanee River.' It fitted into a melody Stephen had composed—hence the name for one of his most famous songs. He was born in Pittsburg in 1826."

"Like many a genius, Foster was very poor in school. He spent a short time in college, then left for Cincinnati where he wrote

in Pittsburg in 1826."

"His music finally won out, and he spent some time studying under the finest of teachers. When only 18 he was suggested as the 'Director of a Weekly Appointment'

"Louisiana Bell" and Old Uncle Ned." His next two songs were "Way Down South," which made him famous and "Oh Susanna." He was a lonely and untrained as a musician and many of his performances would spoil his natural genius. His marriage in 1850 was quite unhappy. He spent his last years in New York City where he died in dire circumstances when only 38 years old.

"Ethelbert Nevin was the son of a part-musician, businessman, and author. He was born in 1826 in Pittsburgh, he showed signs of genius at the age of four when he improvised music for his friends and neighbors. He was a failure as a student and tried working in a railroad office. He soon gave up this to devote his entire time to music. He was very irresponsible about finances and depended a great deal on his family for support. His best known song, "The Rosary," sold over 2½ million copies in 20 years.

"His health failed him after the serious illness of his wife and he died following a stroke at the age of 38.

"Edward MacDonald was born in a brownstone front house in what is now known as New York's east side. His father was a Quaker who did not immediately subscribe to the idea of anything frivolous as music and art.

"His mother seeing that the boy had talent took him to Germany to study at the age of 12.

"While there, his drawings were brought to the attention of a famous artist who tried to persuade the boy to give up music and study art.

"His music finally won out, and he spent some time studying under the finest of teachers. When only 18 he was suggested as the 'Director of a Weekly Appointment'

to keep yourself in "Beauty Trim" for every occasion

6 Contagious Cases Put in Quarantine

Six new cases of contagious diseases were reported this week to E. W. Baude, health officer. Measles cases are as follows: Edward Eagle, Patrick Carr and David Fredin, Henry Rogman Jr., Forrest Berghorn and Stanton Merrill were confined to their homes with chicken pox.

Mr. Ristis' reply was an invitation to come to Switzerland where, with Elliot S. Humphrey, the geneticist, she was engaged in one of the most extensive breeding and educational experiments ever conducted with higher animals.

Mr. Frank had himself shipped to Switzerland by American Express and five weeks later returned to Barrington with a report that a blind man absolutely free and eager to prove it to his skeptical American world. With "Buddy" to guide him, he traveled thousands of miles through all sections of the country, deliberately seeking dangerous intersections and puzzle traffic. He was completely successful and, in 1929, asked Mrs. Eustis to establish the Seeing Eye for America.

In his present capacity as vice-president of the division for the blind, much of the work of investigating the eligibility of blind applicants to the Seeing Eye is done by Mr. Frank.

Mrs. Ida Schmidt Seated As Oracle of R. N. A. Camp

Installation Conducted By Mrs. L. Walgren, Past Oracle, Tuesday

Mrs. Ida May Schmidt was installed as oracle of Mayflower Camp No. 2582, Royal Neighbors of America, at a ritual held in the lodge rooms, 117 E. Station street, Tuesday night.

Mrs. Lillian Walgren, retiring oracle, acted as installing officer, and Mrs. C. G. Drusella, installing chancellor, was ceremonial grand. Mrs. Ethel Steward, installing matron and Mrs. Lydia Miller the installing chancellor. Past Oracle Stella Stroback acted as oracle to greet the installing officers and the officers-elect, and Mrs. Mae Scherf played the entry.

The following additional officers were installed with Mrs. Schmidt: Little Walgren, past oracle; Mary Nicolai, vice oracle; Stella Stroback, chancellor; Rosetta Carr, treasurer; Mabel Gromer, receiver; Ethel Steward, marshal; Mrs. Gerda, assistant marshal; Joanna Gordau, inner sentinel; Blanche Gallagher, outer sentinel; Mary Wendt, manager; Dr. E. A. Kleinwachter, physician; Augusta Brandt, faith; Rose McGowan, courage; Loretta Vasey, modesty; Emma Jurs, unselfishness; Ruth Kocher, endurance; Stella Griesheimer, flag bearer.

Seeing Eye Talk Here January 23

Continued from page 1 read to him describing the use of trained shepherd dogs as efficient guides for several thousand German war veterans. Thrilled, he wrote at once to the author. Mrs. Eustis' reply was: "How can I get a dog for myself?" but rather, "How can I, a blind person, help to develop a similar service for America?"

Mr. Ristis' reply was an invitation to come to Switzerland where, with Elliot S. Humphrey, the geneticist, she was engaged in one of the most extensive breeding and educational experiments ever conducted with higher animals.

Deposits of First National Bank Are Highest in History

Stockholders of the First National Bank of Barrington at their annual meeting held Tuesday afternoon, Jan. 11, heard a report of the year's operations from J. M. Friedlander, president. He reported that deposits at the present time are the highest in the history of this institution, and that at the close of business December 31, 1937, was reported \$1,513,339.83.

It was reported that during the year 1937 the First National Bank loaned a total of \$4,700,000 to its customers, an increase of 6 per cent over the previous year.

Loans outstanding on December 31, 1937 were \$135,307, which was approximately 7 1/4 per cent above the same figure a year ago.

All of the present directors and officers were re-elected for the ensuing year. They are: Mrs. M. Friedlander, president; Fred C. Fleming, vice president; Charles A. Parker, cashier; Dr. W. L. Kaelber, assistant cashier; Dr. Fredrick W. Kaelber, Robert W. Muir, Edwin W. Plaige, H. J. Taylor and C. B. Thompson, directors.

THE "20 PER CENT INDUSTRY"

Leonard P. Ayres, one of the nation's economists, recently described the railroads as our "20 per cent industry."

That is, the lines represent about 20 per cent of our industrial assets. Railroad securities constitute 20 per cent of all listed stocks and bonds. Railroads purchase 20 per cent of output of a number of our largest industries—steel, soft coal, fuel oil, lumber.

Mr. Ayres further pointed out something that is not generally realized—that transportation contributes more dollars to our national income than does agriculture. For each seven dollars that farming adds to the national income, transportation adds eight. And railroad transportation is by far the largest element in the transportation industry.

It was not an accident that during the recent hearings held by the interstate commerce commission concerning the railroads' application for a 15 per cent rate increase, representatives of other important industries appeared and spoke on behalf of granting the request. We have reached a dangerous crisis in railroad finance, with almost all lines earning next to nothing in net profit, with further reductions in buying forced on the roads, and with a number of lines coming perilously close to bankruptcy.

Railroad prosperity is essential to national prosperity. The time when action could be delayed has long been passed. Unless the lines are given the assurance of materially increased income, they can go no way but backward, and the nation will go with them.

The 15 per cent rate increase would not entirely offset the increases that have taken place in railway operating costs in the past five years. But it would put the lines on a solvent basis. It would give them a modest net profit. It would dispel the spectre of government ownership which would mean a burden of billions on the taxpayers. And it would create orders and jobs and investments—the essential ingredients of recovery at this time.

A PEOPLE IN BUSINESS

In its platform for American industry in 1938, the National Association of Manufacturers set up ten basic principles of future progress. The ultimate objective is a better living standard for the people of the United States, an objective which can be attained only when all branches of business, including agriculture, are prosperous and free to produce the wealth on which management and labor alike depend for existence.

If a keynote must be found for this ten-point platform it is sounded in the passage which begins: "Industrial freedom cannot exist without political freedom." Business itself, with a record extending over many years of improving its methods, knows well the benefits to be derived from sane and sound labor relations. It has learned to its sorrow that it cannot depend on government experiments to advance the interests of agriculture and industry and their employees. What it asks now is not freedom to perpetuate abuses of a free economy but freedom to prevent another period of disaster by using fully the opportunity for all the people which exists in the enormous potential market in the United States.

By now management has learned what to expect in reply to most of its complaints against policies imposed by Washington. It has learned to expect by implication and by statements the charge that business looks only to its own selfish interests. It would be refreshing, and also helpful in raising the public spirit, if the administration were to come out emphatically and admit that nearly everybody in the United States has a stake in business; that government itself depends on taxes collected from business, that millions of life insurance policyholders and millions of families that own their own homes are in business in some respect; hence, that the people as a whole have an interest in what business leaders say about the government.

CASH DIVIDENDS FOR SAFE DRIVING

The careful motorist is to be financially rewarded for safe driving, according to an announcement from the national bureau of casualty and surety underwriters.

In the past, motorists have paid the same price, based upon the accident experience in the localities where they live and the type of car they drive, for automobile bodily injury and property damage liability insurance. This has penalized the careful motorists—though he might operate year after year without mishap, his insurance cost him as much as it did the driver who was periodically involved in accidents. Now member companies of the national bureau have decided to write insurance on an entirely new basis.

The new basis is the "safe driver reward plan" which guarantees to automobile policyholders a 15 per cent return of their annual premium provided no claims are brought under policies during the 12 months after the effective date of the plan. The reward will be payable thirty days after the expiration of the policy year through the agent or broker. All private automobiles covered with bodily injury and property damage insurance by the member companies will be eligible, with the exception of those which are subject to the automobile fleet plan, the experience rating plan, or some other special plan.

THE REVIEW, BARRINGTON, ILL., THURSDAY, JANUARY 13, 1938

WHAT'S GOING ON

(Courtesy The United States News)

Committees of the Senate and house are off to a flying start as congress opens its third session. The week saw appropriation proposals waxing into flood. Tax revision plans in the making with leadership predictions of house approval in less than a month, unemployment relief bills in the making, and a series of financial hearings on a bill to regulate legislation before the 75th congress signs off.

Both sides of the session's usual stock of annual supply measures is the independent offices appropriation bill, carrying \$1,414, \$18,615 to maintain 37 of the commissions, administrations and other federal agencies that are outside the regular executive departments. The fiscal year ending June 30, 1939.

That total is a slash of \$2,752, 620 from the amount asked by President Roosevelt and his budget bureau and it is \$18,538,800 less than the sum appropriated for the same purposes for the present fiscal year.

The most conspicuous cut is the appropriation of \$254,331,000 for the civilian conservation corps, a reduction of \$123,699,000 from the 1937-38 appropriations. The cut means reducing the CCC camp from 1,612 to 1,200 and the number of enrollees from 315,000 to 250,000. If the committee provision should become law.

The house ways and means tax sub-committee is in recess while the tax committee is plowing into some of the subcommittee's recommendations for a federal revenue law designed to correct revenue inequities. Subcommittee Chairman Vinson (Dem.), of Kentucky, says major recommendations are for complete overhauling of the undistributed profits and capital gains taxes. Among changes called for is a one-year carry-over of capital losses to be used to offset tax.

Smoothing out of the capital gains tax with the smallest portion of the gains tax at the end of five instead of ten year's reduction of capital assets, with protection for a one-year carry-over of capital losses to be used to offset gains.

Some relief proposed to 99 per cent of the 200,000 or more corporations, without extending any such benefits to 500 or 1,000 firms described by Mr. Vinson as controlled by a few individuals and as used for evading high surtaxes on their incomes.

A special Senate committee opened a broad investigation into the nation's unemployment and relief problem with a report by the Bureau of labor statistics that the unemployment increase in November and December, an increase estimated at 1,500,000, was the sharpest in recent years. Industrialists, labor leaders and others testified and many others are on the January witness schedule.

Those who are privileged to see and talk with President Roosevelt report that his spirits now are at a new high.

If sudden depression in industry bewilders or dismays him, Mr.

Roosevelt gives no sign of that fact. Rather, there is more and more ground for thinking that the President agrees with the view of one of his chief aides.

This aide holds that the first days of 1938 are going to go down in history as the turning point of the new deal and of the president's career.

Reasons advanced for that conclusion are listed around the white house as follows:

A message to congress that really laid the groundwork for a broad range of new activities on the part of the government was accepted on favorably by the country as a whole, including business men.

The designation of Justice Sutherland from the supreme court definitely ended the chance of a conservative court majority in the near future and opened the way to creation of new government controls in business and agriculture without important threat of a court overturn.

This same resignation removed the danger of new deal legislation already on the books, thereby giving its application more effective and requiring dissenters to recognize the change that has occurred.

Another unbalanced budget, carrying the prospect of a new high in government debt, was sent to congress without causing more than a ripple of critical comment, leading to show that the demand for a budget balance in times of depression is not so great as it once was.

Congress came back in a less complacent mood.

Added together, these reasons spell a conviction on the part of those around the president, if not on the part of the president himself, that leadership is returning to the government of the government after it had become all tangled up in a contest with the courts and with the congress.

The prospect of exercising that leadership in the period just ahead is created with the president's spirits to be so high.

What form this leadership may take is broadly hinted at by Mr. Roosevelt in his annual message to congress. Among the points made in that message:

Much of the country's past troubles has sprung from inaction on the part of government. Action is called for to deal with the problem of agriculture. In taking action the government chooses a course that involves economic planning based upon the concept that the user of the land must assume social responsibilities in the use of that land.

Along with government planning in agriculture must go government action to protect the low wage groups in industry, placing a floor under wages and a ceiling on hours of work. Uniformity in wages throughout the United States is not sought, but wage and hour legislation is an essential part of recovery.

"We have raised the nation's income from thirty-eight billion dollars in the year 1932 to about sixty-eight billion dollars in the year 1937," the President said.

"Our goal, our objective is to it to ninety or one hundred billion dollars."

Barrington Bronchos Beat Wauconda for First Cage Win Saturday

Lose Close Game to Ela Basketball Team Here Friday

Palatine Comes Here Friday for Second Contest of Season

The Barrington Bronchos chalked up their first basketball victory of the season by defeating the Wauconda Bulldogs in a non-conference game at Wauconda Saturday by a score of 24 to 21. The Bronchos staged a fine comeback after their 31 to 29 defeat by Ela Friday evening. The victory over Wauconda evened up the series for the season between the two schools.

The Ponies shared a defeat and a victory with the Bulldogs, losing to Ela by a score of 38 to 29 and winning from Wauconda by a 12 to 11 score.

Rice, Clinge Star

With forwards Clinge and Rice setting the pace, the Bronchos were able to stay on even terms with the Ela squad whose tight zone defense bothered the locals considerably during the first half of the game Friday night. The Bronchos led by a slim margin at the half, the score being 16 to 14. In the third period the Bronchos held to only four points, a basket by Watson and a pair of charity tosses by Clinge. Ela dropped four field goals during the third period. Then after trailing by a score of 29 to 24 with two minutes left to play, Capt. Ernie Rice dropped two field goals and a free throw to tie up the game. With twelve seconds remaining, Rice made his fourth foul on Leuthessner and was forced to leave the game. Leuthessner missed his free throw and Gleason sank the rebound to score the winning basket.

Clinge was high point man for the Broncs with 11 points to his credit. Rice had 10 counters to be a close second. Knigge scored 10 of his team's 31 points to be high scorer for the Bears.

Win From Wauconda

Apparently inspired by the close Ela game, the locals traveled to Wauconda Saturday and took a contest from the Bulldogs by a score of 24 to 21. The win was the first in nine starts for the Bronchos. Rice again set the pace for the locals by scoring five field goals, three of them in the victorious second half. Clinge, with

who injured his foot in the Ela game, did not appear in top condition at Wauconda, although he did score six points.

The score in the half read 10 to 10. Barrington came back in the third quarter and scored four field goals to the two scored by the Bulldogs and held a small lead for the remainder of the game.

Ponies Split

After trailing Ela by 12 points in the first half, the Ponies charged back in the third period and scored 12 points while they held Ela to three charity tosses. In the final period Ela made good six out of seven free shots and scored five field goals while the locals made just five field goals. The final score was 38 to 29. Capt. George Elsner had 12 points for the Ponies with eight counters.

Very little scoring was done in the Wauconda lightweight game.

After four very slow periods the Ponies came out on top with a one point margin to win by a 12 to 11 score.

A near-capacity crowd watched the Ela-Barrington games Friday evening.

Play Palatine Again

Tomorrow night, Friday, the Barrington squads will clash with their old Palatine rivals for the second time this season. Palatine had a second place finish in the Northview Conference but in view of the fine showing made by the Bronchos last week it would be difficult to pick the winner. The game will be played on the local floor.

Junior High Cagers Win Over Woodstock

The Barrington Junior high basketball team took two cage contests from Woodstock Friday afternoon.

The second team took the first game by a close score of 6 to 5.

After trailing 4 to 0 at the half time, lights charged back and scored two points to their opponent's one.

The first squad swamped the Woodstock hearies by a score of 25 to 6. Farwell was high scorer with five field goals to his credit.

The B. H. S. teams are next scheduled to meet at Arlington Heights on the home court Jan.
