Start Mandamus to Force Division in Voting Precincts

Lake County Supervisors Are
Named in Petition to
Force Division

Based on the interpretation furnished by Attorney General Otto Kernner that the Lake county board of supervisors could not now make a division of voting precincts on its own volition, a suit was instituted in the circuit court for a writ of mandamus to force the board to do so.

The petition, bearing the names of all board members, was filed Thursday morning by Attorney E. R. Parnas on behalf of Norman R. Buckley, who voted in Waukegan precinct 4 at the general election November 3, 1935.

Acting with Parnas in the mandamus proceedings are Attorneys J. A. Fadrick and John Holt. Attorney General Kernner and State Attorney Charles E. Mason are not participating in the proceedings.

January 24 was set as the return date for answers being served by the individual supervisors and if a writ of mandamus is issued, very little time is left for the board to take action before the deadline for filing precinct committee petitions. The last day for filing is March 3 and only one more meeting of the board is scheduled following the hearing date and that time.

At present the county is divided into 78 precincts and it is proposed to divide 23 of these, making a new total of 101. These precincts are: Cuba, Elia, Deerfield, E, 15, 10 and 11; Shields 2 and 4; Grant 1; Aron 1; Waukegan 2, 4, 5, 6, 8, 9, 11, 12, 13, 20, 22 and 24.

T.B. Tests Will Be Given Here Monday to School Children

In a communication sent this week to the homes of parents having children in the Barrington public school, Miss Lillian McLeish, E. S. 10, announced the start of a drive to test local children and prevent the spread of tuberculosis.

The tests are being conducted through the P.T.A., Barrington Women's club, E. S. Smith, superintendent of schools, and the Chicago Tuberculosis Institute.

Dr. Julius Novak, of the Chicago Institute, will be at the public school Monday morning, January 24, at 9 o'clock to conduct the tests. In the letter sent to the homes a written consent slip was included for signatures by parents before the tests will be administered. Miss McLeish reported there is no charge for the tests.

In the letter Miss McLeish was quoted as follows: "Barrington schools in their fight against communicable diseases are launching a drive against tuberculosis. As your child grows up and his contacts with others increase, it is very possible sooner or later to get tuberculosis germs into the body. In most cases tuberculosis begins slowly in childhood and does not cause trouble until one is grown up. It is well to know if a child has the germs in his body, so that precautions may be taken to prevent trouble in later life.

"These tests are being done in all progressive schools in the country where a health program is in progress, and have proved extremely helpful in preventing the spread of tuberculosis. Pre-school children are included in this program."

Attends Rites for J. DeMayorga, 55

Mrs. R. G. Piaggio, 525 Grove avenue, attended funeral services for Joseph DeMayorga, 55, at his home in Des Plaines Friday afternoon. Burial took place at the Park Ridge cemetery.

Mr. DeMayorga, who was 55 years of age, died of a heart ailment Tuesday.

Lears of Death

Word was received this week by Mrs. Stella Strohach, 117 W. Main street, of the death of her uncle, Henry F. Kirschner, of Decatur, Colo., who died last November. The deceased man was a brother of the late Fred Kirschner and had been a visitor here many times. Word of his death came Monday from his widow. There are no children.

Village Employees Fail to Get Bacon in Escaped Pig Battle

"O Give Me My Boots and Saddle," hummed Paul Purcell, usually known as the superintendent of streets, as he strolled from the village hall Monday morning swinging a lariat from his hand. Calling to his first lieutenant Ed Nicolai to put their saddles on the village street department truck, he stood eagerly sniffing the air as if anxious to begin a chase.

Very shortly he and his companion were seen looting out West Main street, sharply peering into backyards. When they reached Irving Hager's home at the intersection of Main and Dundee, both let out a whoop reminiscent of western days for there they prey, a pig owned by L. Hughes, reading the western village limits on Main street, was looting on the lawn.

Puncher Nicolai was first to score, dropping his lariat around the pig but the proverbial greased critter eluded him. He again

caught him in his loop but the porker wouldn't stay hooked.

At this point in the fracas Mr. Purcell, who bashfully admits he could run down any errand pig when he was a youth, decided to revert to the days of his childhood and started in pursuit aloft.

He managed to get close twice; but when he tried to floor the swine in the proper method (any veteran will tell you to get the right leg in your right hand and the front right leg in your left hand) he failed to pin the elusive creature.

In fact not to make the narrative too long: Mr. Hughes caught the pig himself—pinning him in 30 seconds with a double reverse wrist lock and the whole business was over. Mr. Purcell and Mr. Nicolai can now be found evenings at the local library reading "Wild Animals I have Caught" and the Frank Kessler thriller, "Bring 'Em Back Alive."

"Opportunities for Young People Lie in Untried Fields"

R. Burns Tells Mothers and
Guests of Woman's
Club Wednesday

Robert K. Burns of the University of Chicago faculty gave an optimistic talk to members and guests of the Barrington Women's club at the Methodist church Wednesday afternoon as he outlined fields in which young people of today may earn interesting, profitable livelihoods.

"In every industry that gives way to technical changes, there is an opportunity for young people," said Mr. Burns.

He listed the following fields as offering exceptional chances for success: statistics, local finance, paper making, housing, air conditioning, sound control, color engineering, plastics industries (using waste materials and transforming them into useful products), alloy construction, social service, government, health insurance, recreational activities, and conservation of resources.

Among the professions he listed as being overcrowded were law, medicine, education and journalism.

In conclusion he said young people "must keep up with developments in their respective fields; must learn to read rapidly, not just by words or by lines, but by pages; must systematize their knowledge, filing all information, clipping articles for future use; must go to institutions where they can get the finest training in their particularized fields. They will be welcomed by industry when they have mastered their fields."

Members of the high school A Cappella choir, directed by Miss Adelaide Ewing, sang three numbers prior to Mr. Burns' address. Pupils and faculty members were guests of the club for the talk and a social hour which concluded the program.

Dale Magill Injures Hand in Saw Blade

Dale Magill, 302 Liberty street, suffered cut tendons in the fingers of his left hand when the member became caught in a band saw Friday morning. He was taken to the Sherman hospital where it was learned the thumb and first fingers of the hand were severely lacerated. He was allowed to return home Tuesday and is improving satisfactorily. It was reported.

Mr. Magill was engaged in trimming some lumber in the workshop located in the garage at his residence when the accident happened. His hand became tangled with the rapidly revolving saw blade when he attempted to remove a piece of wood that became stuck, it was reported.

Attended Convention
J. H. Catlow, James DeBolt, Fred Winn, and Carl Brassel of the Catlow Construction Co. left Wednesday for Cleveland, O., where they are attending a convention of the American Road Builders association.

Leave for Florida

Miss Priscilla DeBolt and brother Ray, 216 W. Lake street, left this morning by motor for Passa Grille, Fla., where they will spend several weeks.

P.T.A. Speaker Says All Children Need Friendly Guidance

Dr. E. H. Harris was the guest speaker at the regular monthly meeting of the Barrington Parent Teacher Association held in the school auditorium Tuesday evening. His topic was "Old Versus New Ideas in raising a Family."

Dr. Harris began his remarks with the hope that mothers and fathers of today can do as well in the matter of child training in the light of present knowledge as the parents of those present did with theirs.

He followed with a brief outline of the place children held in ancient civilizations when infanticide and superstition were rampant. He then described the period after the Renaissance when obedience to the parents and reverence to God were sole objectives. A clear picture was presented of the progress that has been made in the last fifty year period in which every child is now concerned in child bearing and child rearing has moved forward with rapid strides. Former hazards of infancy have practically disappeared and contagious diseases have been reduced as much as eighty per cent in some localities, leaving only the need for parental cooperation, he stated.

"The following," said Dr. Harris, "are the underlying principles of child guidance and study: Every child has a distinct individuality needing individual treatment. The child is not a small man but an entity whose growth begins as life begins and develops through all the small details of his life. The most healthful child-parent relationship is one of friendly guidance. Good education must begin at home in infancy."

Dr. A. G. Gieske Seeks Re-Election as Committeeman

Dr. A. G. Gieske, 312 Grove avenue, declared his intention to be a candidate for re-election as republican township committeeman of Barrington township this week by circulating his petition for signs.

Dr. Gieske is completing his first term in the office, being elected two years ago. No reports were received that he will have opposition for the election in the spring primary, April 12.

Tree Planting Plan Offered Village by Local Garden Club

The Village Garden club of Barrington is prepared to cooperate with the village of Barrington in a tree planting program. Village Trustee John J. Carroll informed board members Monday night, Mrs. Frank Kirschner is in charge of the club's activity.

According to tentative plans, a program for substituting young hardwood trees for massed soft wood trees in the parkways throughout the village will be worked out. The garden club has volunteered to underwrite part of the expense if the village will take care of the rest.

Complete details of the proposal have not been reported but Paul Purcell, superintendent of streets, was instructed by Earl Hatje, village president, to make a survey of the parkways in order to determine where and how many trees are lacking.

Did Perry Really Swallow the Pin?

Swallowing pins has been a prerogative of childhood and the worry of mothers' lives for years, but Perry Richard Koeske, two-year-old son of Mr. and Mrs. Henry Koenig of Lake Zurich, has not only his mother but his grandparents, Mr. and Mrs. Alfred Lundstrom of 545 Grove avenue, and his uncles and aunts worried about his recent escapade along that line.

Perry had been playing at his home peacefully Tuesday, Jan. 11. Suddenly he gave a shrill cry and pointing down his throat said "Pin gone, hurt Perry."

His mother discovered the small pin which he had fastened to his overalls was missing. Quickly the parents rushed Perry to a doctor. Examination revealed no signs of the pin. Perry still insists he swallowed it. He is under observation.

Herbert Walbaum Heads Boy Scout Financial Drive

Plans to Be Discussed at
Meeting Tonight; to
Open Feb. 17

Herbert H. Walbaum, 411 E. Hillside avenue, has been appointed chairman of the boy scout financial drive, according to Hugh H. Calkins, chairman of the executive committee of the northern district, who stated the annual campaign would start locally on February 17.

Mr. Walbaum is conferring with A. L. Wiedenhorn, treasurer and chairman of the financial committee, and plans are being made to conduct the drive. Team captains and co-workers are being selected and will probably be announced in the next few days.

The executive committee meets this evening, Thursday, at the home of Mr. Calkins, 614 Grove avenue, and the drive will be discussed along with other matters. A dinner may precede the drive. Mr. Calkins reported.

The executive committee, through the financial committee and drive chairman, will drive annually to raise funds to assist in conducting scouting in Barrington and Palatine, which are included in the northern district. Palatine workers conduct a separate drive in that community. Expenses of the scout cabin are sustained through the central committee as well as other expenditures created by general scouting activities.

Rep. Ralph Church Continues to Deny Senate Seat Aspirations

The continued efforts of a number of his supporters in the desire to make him a candidate for the republican nomination for United States senator have caused Ralph E. Church, representative of the 10th congressional district, to make a statement in reference to his plans for the coming April primaries. Rep. Church, in a release received from Washington, D. C. Saturday, emphatically denied any efforts for the nomination for senator, and re-stated his desire to be a candidate for re-election to the house of representatives.

In face of Mr. Church's denial a definite boom continues to have H. D. Kelsey, supervisor of Cuba township, enter the race for nomination to the state assembly from the Lake county district and to have Rep. Richard Lyons seek Mr. Church's office. As yet Mr. Kelsey has not made any comment other than to say he will not run unless Mr. Lyons should make a campaign for another nomination.

From fairly reliable sources it was determined that Rep. Church may be drafted for the senatorial race to succeed Mr. Lyons should this happens, and it will be definitely decided at a meeting of the state republican organization at Springfield either Friday or Saturday. Supervisor Kelsey may be drafted by the Lake county republicans to become the standard bearer for the state position.

Mr. Kelsey left today, Thursday, for Springfield where the judicial and legislative committee of the state supervisor association is meeting. He will address a meeting of the County Officers' association in the Leland hotel in Springfield Friday morning.

Seeing Eye Work Is Meeting Topic at School Sunday

Lecturer to Discuss Program
of Group; Committee
Invites Public

The Barrington committee of the Seeing Eye has announced that the meeting at which Morris Frank with his guide dog "Buddy" and Elliot S. Humphrey, vice president of the division of training and research, will speak, is to be held

at the Barrington high school auditorium at 3 o'clock the afternoon of Sunday, Jan. 23.

Elliot S. Humphrey, vice president of the Seeing Eye and head of its division of training and research, is one of those persons who are rare and colored in manner and achievement. Born at Sarasota Springs, Mr. Humphrey was first attracted to horses and gradually extended his interest to other animals, eventually training wild animals for circus acts. Wishing to extend his efforts further he

Field Manager of S. S. Board Here Today and Friday

Albert S. Lewis, manager of the social security board, holds office at Waukegan, is at the Barrington village hall today, Thursday and will return Friday for the purpose of contacting employees and employers who desire information regarding the social security act.

This is the second time Mr. Lewis has come to Barrington to assist local persons in straightening out problems or making application for registration numbers.

"I make this statement in order to remove any confusion which the enthusiasm of my good friends may cause in trying to prevail upon me to run for the senate."

"To discharge properly my responsibilities and duties to the 10th district, I am determined not to miss a single day's session. A personal primary campaign thus being precluded and entirely out of the question, I confidently rely on the efforts of my friends and believe my record will speak for itself."

Wins God Award

Mrs. T. J. Moroney of Barrington was awarded a prize for the second best dog at a show sponsored by the River Dog Food company and held in the Boston Store in Chicago three days last week. Mrs. Moroney received her award on a toy Jack Russell she owned. Two other cash prizes were also given her.

To Make Inquiry in Cost of Electricity

Village Clerk A. C. Burandt was instructed at the board meeting Monday night to write the Public Service Co. of Northern Illinois requesting information concerning the cost of electrical service to the village.

An increase has been noted in the bills for the past three months and village officials are seeking to determine the cause. Several reasons for increase in the amount of current used each month were advanced but not definitely accepted by trustees.

Wills God Award

Mrs. T. J. Moroney of Barrington was awarded a prize for the second best dog at a show sponsored by the River Dog Food company and held in the Boston Store in Chicago three days last week. Mrs. Moroney received her award on a toy Jack Russell she owned. Two other cash prizes were also given her.

D. Holle, Veteran Elia Farmer, Buried

Dietrich "Dick" Holle, veteran Elia township farmer residing on Long Grove road, was buried following funeral services held at the Palatine Funeral Home Saturday. Burial took place in Rand Hill cemetery and Rev. Ringe, pastor of the Long Grove church, officiated.

Mr. Holle was found dead in bed by his widow Wednesday morning. Although suffering with a heart ailment for the last three years, he has gone on about his usual chores Tuesday and retired that evening in apparent good health.

Dietrich Holle was born February 27, 1864 in Hanover, Germany, and at the age of 20 came to America. For the last 26 years he had engaged in farming in Elia township.

He is survived by his widow, the former Christina Homeyer, one brother, Ernest Holle of Forest Park; three children, Mrs. William Tonne of Lake Zurich; Mrs. George Proebble of Arlington Heights, and Fred, residing at home, and eight grandchildren.

Member of Pioneer Elia Family Takes Own Life Thursday

Miss Minnie Schmidt, 57,
Hangs Self While
Despondent

Funeral services for Miss Minnie Schmidt, 57-year-old member of a pioneer Elia township family who took her life while in a mood of despondency last Thursday afternoon, were held at the Prehm and Kuehnle funeral home in Arlington Heights Sunday. Rev. Ringe of Long Grove officiated and burial was in Long Grove cemetery.

Miss Schmidt, who had undergone an operation recently and was not in good health, committed the act during the absence of her sister Emma with whom she lived on the old Schmidt homestead near Quentles Corners. Upon returning from a shopping trip, the sister discovered the body hanging from the screen door on the rear porch by a cord. A coroner's jury returned a verdict of death by suicide while despondent. Dr. John L. Taylor, Lake county coroner, conducted the hearing.

Minnie Schmidt was born at the Schmidt homestead in Elia township December 17, 1880. She was the daughter of Mr. and Mrs. Dietrich Schmidt. She had spent her entire life at home.

In addition to her sister Emma, she is survived by another sister, Mrs. Arthur Callow of Barrington.

Miss Mary Samson, daughter of Mr. and Mrs. T. W. Samson, 227 W. Lake street, was a guest of Dr. H. J. Burgehalter, president of Cornell college, at a tea for junior consolation Sunday afternoon, Jan. 16. Miss Samson, who is a sophomore at Cornell this year is one of the 42 upperclassmen and women who have participated in the second year program which was inaugurated this year. Under the plan all freshmen students were assigned to the counselors who have helped them make adjustments in college life and to choose study programs and outside activities.

Proposes Private Watchman Service in Business Area

A. H. Sass Invites Village
Board to Assist in
Cooperative Plan

Arnold H. Sass, representing a group of local merchants, appeared before the village board Monday night to discuss a private watchman service in the business area of Barrington in the downtown area. The purpose of his coming before the board was to determine if that group would be interested in assuming the financial burden, he stated. Members would share a proportionate part of the expense.

It is proposed by a group of businessmen, provided sufficient members become interested and sign up to share the expense, to hire a night patrolman who would be on duty evenings regularly. His duties would consist of a periodic check-up of the association members' premises, becoming available for protection against burglary or fire damage, Mr. Sass pointed out.

He also mentioned, if the program is carried out and the village becomes interested in the study, additional protection would be afforded property owners in the residential area. Two night patrolmen, William Behrens and Arthur Miller, are on duty for both the business district and residential portion.

In his statement, Mr. Sass pointed out that both men could be called upon for duty for the village at all times, provided the village was a part of the schedule.

Village President Earl Hatje turned the matter over to the police committee for study.

A petition is being circulated among the business houses and is meeting with gratifying success. Mr. Sass stated Wednesday.

Answer Filed for School District in Bank Deposit Case

An answer to the village of Barrington's suit for a division of funds held in joint account by the village and the school district, former village treasurer, was filed in superior court of Cook county Wednesday, according to W. D. Burdwell, attorney representing school district number 4 which is a party to the suit.

Mr. Burdwell stated he felt a complete answer to the charges in the village's case had been filed. A hearing date will now be asked by the village attorney, D. H. Mackey.

At the board meeting Monday evening, village trustees instructed A. C. Burandt, village clerk, to notify directors and trustees of school districts in Lake county who were first parties in the suit and who later entered a compromise agreement, that a pro-rated share of any dividends from the second year of the first State Bank of Barrington would be credited them. The letter was sent to Attorney Runyard of Waukegan who represented the directors and trustees in the settlement.

L. Stout Does Well in College Sports

Although his squad was defeated 77 to 21 by Lawrence Stock, former Barrington high school track star, was successful in taking two second places Saturday in the annual varsity-freshman track meet at the University of Illinois, where he is a first year student.

Stout placed second to Brunton of the varsity in the broad jump and second in the pole vault. Both events were his specialties while in high school. He was also a member of the freshman tumbling team.

At President's Tea
Miss Mary Samson, daughter of Mr. and Mrs. T. W. Samson, 227 W. Lake street, was a guest of Dr. H. J. "True Confession" Is Week-End Bill Coming to Catlow

"Stand-In" New on Screen;
"Nothing Sacred" Opens
Wednesday

Before you do another thing—because nothing can possibly be as important as a laugh fest like this—gather up the family and head down to the Catlow theatre where "Stand-In," Walter Wagner's hilarious comedy about Hollywood had "on rolling in the aisles last night."

Leslie Howard and Joan Blondell head the roster of stars in this hysterical screen version of Clarence Budington Kelland's Saturday Evening Post story. The charming Leslie emerges as a simply swell comedian in the role of Alton Brown, the shy, bespectacled banker who goes to Hollywood to take over the \$10,000,000 Colossal studios and then runs them by the science of mathematics. And Joan is grand as the stand-in of the title who helps him over the Hollywood hurdle, helps him foil the conspirators who are plotting to get the studio, teaches him to rumba and makes him realize (after much maddening effort) that he's more than a human adding machine.

A gay and light-hearted dance festival, replete with gorgeous uniforms and gowns and gleaming with bright lights and cut glass, such as was frequently staged in Berlin during the darkest hours of the late war is the main attraction in a musical highlight of "Lancer Spy."

The most sensational spy story ever screened, featuring Dolores Del Rio, George Sanders and Peter Lore, coming to the Catlow theatre Saturday, "Lancer Spy" recreates a phase of war-time Berlin with a German wall fiesta, in which two hundred couples whirl and dip to the immortal music of the Strauss and Schubert.

Carole Lombard and Fred MacMurray are joined by John Barrymore in the co-starring effort of "True Confession," which opens on Sunday at the Catlow for a two day engagement.

In the film, Miss Lombard and MacMurray play the parts of a struggling young lawyer and his wife, constantly at sword's end because of the conflict between Miss Lombard's inborn habit of lying and MacMurray's love for truth.

Over three hundred head of cattle were the actors in a stupendous scene which is one of the highlights of "Born to the West," the Zane Grey romance with John Wayne and Marsha Hunt, playing at the Catlow Tuesday.

Playing the double feature bill Tuesday with "Born to the West," is "Eight Club Scandal," with an all star cast including John Barrymore, Lynne Overman, Charles Bickford, Harvey Stephens, Evelyn Brent and Cecil Cunningham.

Beginning Wednesday, for a three-day engagement, the Catlow theatre is showing "Nothing Sacred," sensational Technicolor comedy.

**Combined Tax Rate
in Fox River Grove
Highest in County**
Fox River Grove will have the highest combined tax rate for 1937 of any McHenry county municipality despite a 1 per cent decrease from the year previous, a survey of the tax books showed this week.

Taxpayers in Fox River Grove will receive bills computed at \$5.19 for each \$100 worth of personal property and real estate. In the year previous the municipality was also the highest in the county with a rate of \$5.20.

"Blue Peter," a white on blue flag, flies at the topmast of a ship it says in flag language.

"All come aboard; I am about to sail." The "Blue Peter" is an ancient British symbol and is used to signify "sailing day" on ships throughout the world.

The rate for Fox River Grove is composed of the following items: \$1.02, village tax, \$1.13 high school district, and \$1.74 grade school district.

Algonquin also has a rate above the \$5 mark with \$5.07. Other combined rates in the county for various municipalities are graded down with Spring Grove the lowest with \$2.87.

County Treasurer Nelson Candidate for Probate Clerk

Allen J. Nelson, present Lake county treasurer, will be a candidate for the office of probate clerk in the republican primary on April 12, 1938, it was announced by Mr. Nelson last week.

Nelson has made an efficient record as county treasurer, and is in part responsible for the present status of the county finances, which are regarded as being in a better condition than any time within the past 30 years.

This statement is made after an interview with Mr. Nelson, who stated that the county did not borrow any money on anticipation warrants against the 1936 tax levy and would not have to borrow against the 1937 or 1938 levies.

Another commendable act during his term is that the earnings in his office have defrayed almost one-half of the county's general expenses.

Going back to the general election of 1934, Nelson was the only candidate who carried every town, precinct and all other candidates.

"Blue Peter," a white on blue flag, flies at the topmast of a ship it says in flag language. "All come aboard; I am about to sail." The "Blue Peter" is an ancient British symbol and is used to signify "sailing day" on ships throughout the world.

Schwemm's Agency Establishes High Record for Sales

Following is an excerpt from an article which appeared this week in a leading insurance publication:

"The Earl M. Schwemm agency in Chicago of the Great-West Life Insurance company ended the year 1937 in third place among all the company's agencies. At the end of 1936 this agency was in seventh place and in June 1935, when Mr. Schwemm was made manager of the agency, it was in eleventh place.

"The new paid for business during 1937 was 92 per cent more than that for 1936. The agency not only had the greatest increase percentage-wise, but in actual volume of increased business of any of the company's agencies. Mr. Schwemm is president of the Chicago chapter of Chartered Life Underwriters.

J. W. Langdale of Barrington ranked second among all the company's salesmen in Illinois in new paid for business during 1937. Mr. Langdale's progress in the insurance business has been outstanding.

Sunbathing for Animals
Sunbathing in moderation is good for most sick animals, provided they are not too seriously ill. It has the same stimulating effect upon them as upon the majority of humans, and two doctors have had ample evidence of the tonic effects gained by exposing their patients to the early morning sunlight. It hastens recovery in a remarkable way.

Lake County T. B. Assn. Campaigning for Early Diagnosis

Miss Orpha White of the Lake County Tuberculosis association reports that county tuberculosis associations throughout the state are passing their Christmas Seal sale activities to formulate plans for this year's early diagnosis campaign.

The 11th annual campaign for the early diagnosis of tuberculosis will open officially on April first. Despite the fact that it is three months away, posters and pamphlets to be used are already being ordered by the Lake County Tuberculosis association.

The slogan of this year's campaign is, "Tuberculosis Undiscovered Endangers You." By "you" is meant the individual, the family and the community. This nationwide campaign, while especially emphasized during April, is in effect throughout the year around. It is emphasized that early discovery of tuberculosis insures early recovery from that disease.

The Illinois Tuberculosis association, in describing the campaign material, says: "If tuberculosis is undiscovered in an individual, he or she is in danger. Chest X-rays will find it."

"If tuberculosis is undiscovered in the family, the growing children are in great danger. The tuberculin skin tests, X-ray and family follow-up will help to remedy this condition."

"If tuberculosis is left undiscovered in the community, everybody is in danger. Systematic search for tuberculosis by examination of contacts, tuberculin testing and X-ray surveys of students and teachers, and programs to advise the community of the seriousness of the disease will lessen the danger."

INTO THE KETTLE

Today, we are introducing a new special feature column for readers of The Review.

It will be devoted to food, ways of preparing and serving it, novel recipes and also "old stand-bys," family favorites which have been handed down for generations. From time to time, there will be suggestions as to novel ways of entertaining and simpler methods of preparing food so that the hostess may enjoy parties as much as her guests.

Women with a flare for cooking and men noted for their special dishes are particularly urged to join the fun and send in suggestions and recipes.

We hope, in other weeks, to have ideas for international parties in this column—using recipes from other countries, sent in by Review readers. Count this as YOUR invitation to contribute. Are you fond of black walnuts? You will find them particularly delicious used in the following recipe. They impart a distinct flavor.

Black Walnut Bread
1 cup sugar.
4 eggs.
2 cups milk.
4 cups flour.
4 teaspoons baking powder.
1 teaspoon salt.
2 cups chopped black walnuts.
Beat eggs thoroughly. Add sugar and beat until thick and lemon colored. Fold in other ingredients. Fill two bread pans, well greased and floured, about two inches full. Bake 20 minutes. Bake in medium oven (350° or 375°) about 1 hour.

A fruit salad is excellent with this bread, such as orange, grapefruit and avocado pear slices arranged on lettuce leaves, with a last-minute dash of French dressing.

Here's a suggestion for "home mixed" French dressing:

1/4 cup (scant) sugar.
1/4 cup vinegar.
1/4 cup oil.
1 teaspoon mustard.
1 teaspoon salt.
1 can tomato soup.
2 tablespoons grated onion.
Chill; shake thoroughly before

Understanding the Situation

By JANETTE S. MURRAY

"Did you know Jack marked those words wrong on Ellen's spelling paper today? That'll put her down a little." Nine-year-old Mary Lou giggled. She was telephoning to Jane while waiting to help with the dishes. Mother was putting the baby to bed. The little girls were evidently ridiculing their schoolmate. "Do you think they'll choose her for class monitor?"—She thinks she has more on her side—Let's ask the girls to skate with us tomorrow, then they won't vote for Ellen, and say, I've thought of a trick we can play on her—right before the class—my, but she'll be teased."

There was more giggling at the thought of embarrassing Ellen, then Mother called: Mary Lou "hung up" and went to the kitchen.

"Ellen has a new dress," said Mary Lou as she polished the baby's silver cup. "Some of the girls think it's very pretty."

"What is it like?"

"It's a bought dress, plaid with red on it and gold buttons. She wears a white collar and cuffs with it. But it's down to her knees—can you imagine? Yesterday, Jane drew a picture of Ellen with her dress to the floor. She wrote under it, 'Miss Lady Long Dress'."

We passed it around at recess and the girls all made fun of it. Then Ellen got angry, and when we went in the teacher asked her what was the matter, but Ellen wouldn't tell.

"That was fine, wasn't it?"—her not telling."

"Well, she wouldn't want to talk about her dress being too long."

"I think she is a nice little girl. I must call on her mother."

"Oh, yes, she's a goodie-goodie all right," and Mary Lou's lips curled in scorn.

"Why are you so against Ellen?" Mother inquired.

"I'm not against her, only it isn't fair for her to be the whole thing."

"I see," said Mother looking thoughtfully. Until Ellen had

serving.

Would you like creamed veal for your main dish? Here's a suggestion.

1 lb. veal steak cut 1/4 inch thick. Soak. Add flour and water and let simmer 1 1/2 hours. Cut in small pieces. Add diced stuffed olives and thick cream sauce. Serve on toast or in patties.

"Almond Kisses" are a dainty finale for your party and easy to make. Here's an old German recipe for them.

Almond Kisses
8 egg whites.
1 lb. almonds cut lengthwise.
1 lb. powdered sugar.
2 teaspoons cinnamon.

Beat egg whites with sugar 1/4 hour. Add other ingredients. Drop on waxed tin with teaspoon. Bake in slow oven.

Do write us how you liked the recipes and send in some of your favorites, won't you? Address your communications to R. B. please, care of The Review. Thank you.

moved into the district, Mary Lou had always received the highest grades in her class and was the acknowledged leader on the playground. Now Ellen was a real competitor for honors and Mary Lou was evidently finding it hard to sometimes take second place. "But don't you think this looks like jealousy?"

"No, what makes you think that?" Mary Lou was taken by surprise.

"Because it seems to me you behave as though you were jealous." Then Mother, in an understanding and sympathetic manner, went on to explain. She spoke of the different ways in which jealousy is shown.

"Well, maybe I am jealous," said Mary Lou, "but, just the same, I have good cause."

"No, Ellen has as much right to be first as you, and don't you see how bad it makes her feel when you treat her this way? Put yourself in her place. And what about being a good loser, Mary Lou?"

There was no answer, and Mary Lou was glad when the subject was changed. But she began to feel sorry that she had treated Ellen unkindly and to consider how she could make the matter right.

The next day her mother called on Ellen's mother; later she lent her a new book. A week or two afterwards Ellen brought her book back. Mary Lou met her at the door. The girls talked awhile on the porch, then went back to the garage to see the kittens and were soon happily washing the little dishes in the playhouse under the big tree.

Gaming Devices Are Ordered Removed in Lake County Monday

Slot machines and pin games loomed as campaign "thunder" in the April primaries in the most recent move made in Waukegan this week. Acting on orders of Sheriff L. A. Duellittle or in other instances where the order was anticipated, slot machines and pin games were removed from taverns, restaurants and bars throughout Lake county Monday.

Handbook operators taking race horses bets are also closed as the result of a petition presented by county democratic leaders, asking the sheriff to act against all types of gambling.

Joseph Mull, who is finance chairman of the Lake county democratic central committee, and George Mayer, state department of revenue employee, were leaders in circulating the petition.

Out in the country towns, where the machines had been moved for a considerable period, they were removed over the weekend.

Need of Leaves on Apple Trees Listed

By THE MASTER GARDENER

As you sit and munch apples in company with a good book or a late seed catalogue, in the snug warmth of your home, these cold winter days, it's a good time to anticipate the care you're going to give your fruit trees this spring.

Did you ever stop to think of the number of leaves required to produce food enough to develop a full-grown apple? Orchardists must know, in order to thin the fruit sufficiently so that the fruit left to develop will attain maximum, marketable size.

According to experimental work carried on by the Washington experiment station, Wenatchee, Wash., it requires from 40 to 50 well-formed leaves to develop one mature apple and at the same time provide a food reserve for the growth of the tree.

Don't these facts convince you that it is essential to provide ample nourishment for your fruit trees? Scanty, poorly developed foliage will not support a bountiful yield of fruit. An undernourished tree will produce under-sized fruit, of poor color and flavor.

oftentimes the starved tree will produce no fruit at all, due to dropping of buds and undeveloped fruit.

So make a memorandum right now that you are going to feed your fruit trees just as early this spring as it is possible to apply the plant food. Be sure to purchase a complete balanced plant food, that contains all the elements necessary for proper growth of all plants.

The New Jersey agricultural experiment station, New Brunswick, N. J., has issued a bulletin, No. 626, which forcibly illustrates

the necessity of feeding apple trees, and the need of a complete balanced plant food. Due to expensive colored plates, the bulletin is not free, but must be purchased, and I understand the supply is very limited.

First Synthetic Perfumes
The first synthetic perfumes were discovered by Cabours, Grimaux and Lauth in 1851, but the industry hardly developed until the discovery of coumarin in 1868. With the synthesis of vanillin by Tiemann and Haarmann in 1868, followed by heliotropin the same year, the industry took a sudden rise.

Increase Noted in Refrigerator Sales

Approximately 2,500,000 domestic electric refrigerators were sold during the past year in this country, according to I. W. Lageschulte, head of the Lageschulte Electric Shop, local distributors of General Electric home appliances. This was an increase of about 18 per cent over sales for 1934. Practically every state reported an increase for 1934 over the preceding year.

"Increase in sales of domestic refrigerators by our firm was 107 per cent," he said. "We expect 1935 to show a larger increase in unit sales as the saturation point nowhere in sight, despite the steady increases in sales each year."

"There are three principal reasons for the optimistic outlook on increased refrigerator sales. First, the electric refrigerator is a necessity and with the new home building program the tendency today

is to equip these new homes with electric refrigerators. Second, newly married couples want to start off their housekeeping adventures with modern appliances. Third, more old homes and farm homes are wired for electricity each year. All in all we expect 1935 to be our best refrigerator sales year."

DO YOU NEED A NEW REFRIGERATOR?

Food costs are going up. You can "balance the budget" easier if you have a big, roomy G-E refrigerator. You'll pocket extra savings every month this winter if you get a General Electric now. This is America's favorite food saver — the refrigerator with the famous Automatic THRIFT UNIT sealed-in-steel OIL COOLING, a feature developed by the G-E "House of Magic" gives much lower operating cost and assures enduring economy.

2nd Crystal Lake Woman Victim of Daylight Burglars

Miss Dale Griffin, Crystal Lake beauty parlor operator, became the third victim of holdup thugs in McHenry county Sunday afternoon when she was bound, gagged and dumped into the coal bin of her apartment by the looters who have specialized in robbing women.

Miss Griffin's apartment is just around the corner from the residence of Mrs. Leon Vail, who was left bound and gagged in the bathroom of her home on January 7.

The other burglary occurred in Woodstock January 5 when Miss Marie Conway, drug store owner, was also bound.

In the burglary of Miss Griffin's place, two men did the work while in the two previous instances one man only was reported. Police authorities believe the burglaries were done by the same men working as a team.

Sixty-five dollars in cash, a wrist watch, several rings, a new fur coat and camera were taken Sunday.

Unable to free herself, Miss Griffin remained in the coal bin for several hours before being found by friends visiting her who had left earlier in the afternoon to go skating on Crystal Lake.

Low Hendee Enters County Clerk Race

With the entry of Low A. Hendee, former county clerk of Lake county, as a candidate for the republican nomination for county clerk at the April 12 primary, there are four men campaigning for the party nomination.

Others in the field are Jay B. Morse, former county treasurer; William J. Stratton, former secretary of state, and J. Russell Miller, an assistant supervisor from Shiloh township.

The only democratic candidate for nomination is Russ Alford, who will seek re-election.

Honor 86 Jewel Tea Employees at Dinner

Eighty-six employees of the Jewel Tea Co. Inc. were honored at a banquet in the company cafeteria Monday when the company was host to the group in recognition of perfect attendance records. Each of the guests completed a full year of service without being absent or tardy, and each received the traditional \$20 award from the company.

Mrs. Florence Dorris and Mrs. Fred Homuth are the first honorees with the longest perfect attendance records, each having completed seven years of service in perfect attendance. Mrs. Floyd Smith is next with six years and Elmore Bierman and Fred Landst have completed five years.

The list of persons attending the dinner follows:

Hold Inquest Here on Man Killed Near Elgin by Machine

A verdict of manslaughter with the recommendation that police officers continue their search for the driver of the vampire car was returned here Wednesday morning by a coroner's jury investigating the death of Peter Schmidt, 75 years old, of Elgin, who was fatally injured by a hit-and-run car Tuesday evening.

The accident occurred on U. S. Route 20 at the outskirts of Elgin and because that portion lies in Cook county the body was brought to the Danaplan and Wilmering Funeral Home, 149 W. Main street, for the inquest.

There were no eyewitnesses of the accident, but a bracket from a car bumper was found at the scene and police hope to locate the driver of the car through it. According to testimony, Schmidt was walking on the south side of the road and was struck from behind. Death was almost instantaneous, it was reported.

Flynn Fraud-Proof Election System Is Praised by Experts

By RAYMOND T. O'KEEFE JR.

Michael J. Flynn, county clerk of Cook county, has just completed installation of a permanent registration system that is termed by experts "not the first, but the finest system in the country." After extensive study and observation of "honest ballot" plans operating in other parts of the nation, Mr. Flynn incorporated the best features of each into his own fool-proof, fraud-proof system.

Chicago has had its permanent registration in effect for over 10 years but the rest of the county initiated its own setup in the forth-coming April primaries. "Already it has eliminated dead-men's votes and the records are accurate. Immediately after the registration card is received a personal canvass is made to check on its validity. This is followed up by a non-forwardable card which if returned indicates that the registrant has moved from the precinct."

Prominent men including doctors, lawyers, dentists and even some important public officials never knew they weren't citizens until they received their new permanent registration card. They then learned the date of their naturalization papers at the court wherein they were issued, Mr. Flynn declared.

A common misunderstanding arose when a voter believed his father had completed naturalization before he attained his majority and it later developed he was over 21 when his dad's last papers were finally awarded. Still others thought they had the right to vote because they came to this country when very young. Many more were misled by the belief first papers made them citizens.

Each registrant in Cook county is required to fill out registration cards in triplicate. The first goes into the master file, the second into the precinct file for county elections, and the third is kept by election officials for local elections. Each contains the voter's signature which must be matched at the polls.

In Salt Lake City a granite column about thirty feet high stands on a granite pedestal in a basin thirty feet in diameter. The column supports a granite ball upon which two bronze-gilt gulls are represented as alighting gently. The monument commemorates the saving by gulls of the pioneers of Utah, in 1847, from hordes of grasshoppers that threatened to devour every leaf and blade of their fields. The monument bears the inscription: "Sea Gull Monument. Erected in Grateful Remembrance of the Mercy of God to the Mormon Pioneers."

Barrington Cagers Upset Palatine Pirates to the Tune of 39 to 27

To Seek to Avenge Previous Set-Back at Heights Friday

Ponies Do Unexpected and Defeat League Leaders Friday Night

The Barrington Bronchos, led by Ernie Rice, gave their old rivals, the Palatine Pirates, a 39 to 27 trouncing on the home floor Friday evening. This game marked the Bronchos' second win in a row and was their first conference victory of the season. Rice led both teams in individual scoring, dropping seven field goals and seven free throws for a total of 21 points.

Keep Lead
The Bronchos got off to a good start and headed on a 9 to 4 lead at the end of the first quarter. In the second period Rice scored five out of ten points and the Bronchos scored 18 to the opponents' 11 at the half. Johnson Shepard, and Rice all contributed to the locals' leading in the third period and held the bewildered Pirates to only one field goal and four charity shots. Palatine shifted their defense from zone to man-to-man in the final quarter but, because of frequent fouling, allowed Barrington to account for ten points.

The Bronchos ran up their highest score of the season against Palatine, their highest previous score being 29 points. Statistics show that the locals sank approximately one-third of their shots and made 13 out of 18 free shots. Palatine made good 7 out of 19 charity shots. Haemker was high scorer for the visitors with nine points.

Ponies Score Upset
To start off the victorious evening the Ponies knocked the Palatine lights out of an undisciplined first place in the Northwest conference, winning by a score of 25 to 20. The Ponies came out strong in the first half and held a 20 to 10 lead at the half but were held to only one field goal and three free throws in the second half. Palatine scored 10 points each half.

Grueling of the Ponies was high scorer with 12 points and Stewart of Palatine was runner-up with nine counters to his credit.

Ready for Arlington
The Bronchos have acquired renewed confidence after their win over Palatine and will be ready for their next conference game with Arlington Heights on the Arlington floor next Friday. Both teams have won one conference game. Arlington's only victory was over the Bronchos in an early season game so the locals are out to win that game.

Pohlman's Cagers

Lead Zoo Leaguers

After playing the third game in the high school zoo league race, Pohlman's Pink Parrots remained in an undisciplined first place after they defeated Speck's Shrimps by a score of 16 to 13 Saturday. Bradley beat Chupick in the second game, 26 to 21. Wiedenbeck was trimmed to the third game by Hutchings, 12 to 6. Overhous upset Wilkins in an overtime game, 22 to 24. The zoo league standings are as follows:

Team	W	L	Pct.
Pohlman	3	0	1.000
Hutchings	2	1	.667
Speck	2	1	.667
Wilkins	2	1	.667

Salem Wins From St. Paul by One Point in Thriller

Score Is 24-23 in Church League Cage Contest Monday Night

Salem and St. Paul presented another of their thrill-packed basketball games at the high school gym, Monday night, the Salem cagers triumphing by a single point, 24 to 23, to stamp themselves as strong contenders for this season's church league title.

The victory sent Salem into a first place tie with the Methodists who earlier in the evening trounced the Baptists, 32 to 15.

The leaders have each won four games and lost one.

The Salem-St. Paul fracas was close all the way, Salem leading 11 to 10 at the half and surviving as hectic a last minute of play as has been witnessed this season.

In the final minute Salem led 24 to 22 when Emory Altenburg sank a free throw on a technical for delaying the game, and St. Paul trailed by a single point. Immediately afterwards Kleck was fouled by Boorman and with a chance to knot the score he missed a free throw.

Normie Grabenkort of Salem paced the scoring with five baskets and a free throw.

In the opening round the Baptists stayed close to the Methodists during the first half, trailing 12-17 at that point, but wilted in the next two periods as the speedy W. E. R. hit the hoop constantly.

Earl Etters of the Methodists was high point man with five field goals.

Games for next Monday night are scheduled as follows:

7:45 p. m. St. Paul vs. St. Anne

8:45 p. m. Salem vs. Baptists

Great Increase in Suburban Building in 1937 Reported

Building in the Chicago suburban region during 1937 amounted to \$35,846,012, an increase of \$9,505,288 or 21 per cent over 1936 when the total was \$27,340,724. The tremendous increase that has

occurred is indicated by the fact that the 1937 total, when the combined totals of 1932 to 1935 inclusive by over four and a half million dollars. The figures for 1937 and 1936 mentioned on a month by month basis are as follows:

1937	1936
January.....\$1,526,770	\$797,681
February.....1,526,770	1,526,770
March.....5,866,255	2,732,421

April.....4,454,193 3,109,348
May.....4,592,954 2,291,391
June.....2,356,452 2,397,138
July.....2,486,729 3,380,952
August.....4,102,379 2,018,115
September.....4,453,324 2,435,641
October.....2,239,932 2,301,638
November.....2,985,546 3,006,949
December.....2,111,906 2,365,410

Totals \$35,846,012 \$27,340,724. It was noted that March 1937 with only \$1,526,770 of new building was the lowest of all months since the depression began, and that the upward climb was slow until March 1937, when every month began to show a million dollars or more of suburban building. Each recurring March seemed to give building in the Chicago region a new impetus, so that the amount was almost doubled in 1936 and again greatly increased in 1937.

The month of December 1937, with its permits issued to the amount of \$2,111,906 showed not only the expected seasonal decline but also a falling off in comparison with the year when December had a total of \$2,365,410. Thirty-six of the 62 communities reporting to this survey had no building in December or less than \$10,000 and those with good returns in nearly every case reported some school or industrial building which swelled the total. Arlington Heights reported a new public school for district 25, a WPA project to cost \$155,000; East Chicago thirteen steel tanks for Sinclair Refining company, \$171,500; Elgin two additions to the high school, \$403,900; Highland Park a school for \$22,000; Joliet a new school to \$147,595; a WPA project to cost \$147,595; La Grange Park a plant for the Society Vacuum Oil company, \$44,000; and Riverside a high school addition for \$182,135.

Home construction, which held up strongly in November in spite of the recession, dropped heavily in December. The November survey showed new homes amounting to \$1,601,649. This comprised some homes in Arlington Heights and Lansing conducted in other months and not previously reported. The net November figure however was 155 homes to cost \$1,379,214. In December only 64 homes were started for which permits were issued amounting to \$480,821.
