at Chicago Sessions

Feb. 3, 4, 5

Rev. H. L. Eagle of Barrington was among the first to register as a delegate to the United Methodist council on the future of faith and service, an international meeting now in session at the Stevens hotel, Chicago, which is drawing more than 4000 Methodist leaders to Chicago on February 3, 4 and 5 to celebrate the 200th anniversary of the founding of Methodism.

Others from Barrington who plan to attend all or part of the sessions are Mrs. W. E. Noyes, Mrs. Percy Dwyer, Mr. and Mrs. W. D. Dotterer, W. Dawson and Donald Titterton.

This assembled representation of the Methodist church in America will hear talks by outstanding leaders of the clergy and the laity, and will participate in panel discussions on the position and future of religion generally—and Methodism in particular.

Bishop Lynn Waldorf of the Chicago area is presiding at the sessions.

Statesmen, educators, business men, as well as church officials will discuss the problems of the church as they see them. Prominent among these speakers will be Alf M. Landon, former governor of Kansas and long a Methodist leader in his state; and the Honorable Francis Bowers, assistant secretary of state.

T. Z. Zoo, leading Chinese Christian, the Rev. Edgar Sheffield Brightman, professor of philosophy, Boston University, Bishop Ed-ward H. Hughes of Washington, D. C., senior bishop of the Methodist Episcopal church, and Branch Rickey, L.L.D., St. Louis, Mo., vice president and manager of the St. Louis Cardinals are other outstanding speakers who will address the assembly.

The council, called by the general conference commission on evangelism and the million unit fellowship movement, both agencies of the Methodist Episcopal church, will be the first major event on the church calendar for this year.

All are enjoying good health and take an active interest in af-

College day was instituted at Barrington high school several years ago to give pupils planning to continue their education in college an opportunity to meet representatives from various institutions. It was felt they could receive helpful information for planning courses by direct contact with university leaders as well as an idea of what the various colleges have to offer. Entrance requirements vary considerably, as do courses and by contacting the educators parents have an opportunity to help their children select an institution suited to their intellectual and financial needs, Mr. Smith said.

Because of the increased interest in girl scouting in Barrington, a new troop is being organized by the local girl scout council to take care of those girls who have been unable to join troop two because it has been filled to capacity.

The first meeting of this new group will be held Tuesday, Feb. 5 at the scout cabin at 4 o'clock. The council is pleased to announce that Mrs. E. H. Kingery will be the new leader, and Miss Florence Folked, the assistant leader. Miss Folked has been affiliated with the girl scout organization in Barrington for the past six years.

Because a minimum of eight girls is required to form a troop, the council hopes that every girl in or around Barrington ten years old or over, who wishes to become a girl scout, will plan to attend the meeting Tuesday.

At present there are 43 registered active girl scouts and leaders in Barrington.

Buffalo Grove Man's Home Straddles Lake- Cook County Boundary

R. P. Woldner, who resides in Buffalo Grove, practices coal from Lake county to feed the fire in his furnace in Cook county and still doesn't have to leave the house to do it. It so happens that his home is located directly on the boundary line of Cook and Lake counties.

The front part of the house is in Cook county and he greets the Cook county assessor at the front door. When the representative from Lake county calls, he is greeted at the back door. The coal bin is in Lake county and the furnace is in Cook. Considering the fact that Mr. Woldner eats and sleeps in the part that is in Cook county, he is regarded and pays his personal property tax there. If the Cook tax rate climbs too high, he will move his bed and the kitchen.

It was reported the residence at one time was used as a tavern with the bar in the basement. It was a simple matter they to move the bar from one county to another.

Following the annual meeting of the board of directors of the First Federal Savings and Loan Association of Barrington at an annual meeting held last week Mr. Cunningham was elected for one year to fill the unexpired term of Russell Watcott, who moved from this community last year. The other three men were elected for three year terms.

No opposition candidates for the board of directors met and elected officers for the year. A. H. Sass was elected president, M. H. Schreiber, vice president, C. R. Paulsen, treasurer, and Mrs. Lida Lawrence, secretary.

Local Scout Troops Prepare Programs for 28th Birthday

Church Service Sunday and
Court of Honor on
Tuesday

Joining with the Boy Scouts of America in celebrating the 28th birthday of the movement's founding, Barrington troops are sponsoring two public events this week.

A special church service at the Salem Evangelical church Sunday afternoon starting at 7:30 o'clock marks the opening of Boy Scout week. Rev. Charles R. Drussel will be the guest speaker and special musical numbers will be added to the program.

According to Hugh H. Calkins, chairman of the northern district executive committee, the service is planned for all units and he has invited girl scout campfire, sea scout and cub pack groups as well as the general public to attend.

The other main event of the week to which the public is invited is a court of honor to be held in the scout cabin Tuesday evening, Feb. 5, at 8 o'clock at which time awards up to and including life scout will be made. This is the first time that the northern district has had the opportunity to present awards of major degree.

Audit Report for State Bank Shows Dividend Pending

A report on the condition of the closed First State Bank of Barrington was released this week by the state auditor of public accounts.

Although the amount which may be realized by depositors in final liquidation is problematical, C. H. Albers, general receiver, has prepared the following comment on the prospects:

"The cash account indicates that another 5 per cent payment will be made in the near future, dependent upon completion of pending liquidation; has paid 55 per cent; indications are that the percentage may eventually reach 75 or 80 per cent."

3 Oaks on Hobein Farm

Realizing that it was impossible to save a load of baled straw, H. Deihls, truck driver, acted quickly and cleverly saved the truck chassis from being destroyed by the flames also.

The truck, owned by George Deihls, a brother of the driver, was loaded with 4 tons of baled straw which in some unknown way caught fire while he was driving on the Barrington-Dundee road last Thursday afternoon. The driver was unaware of the blaze until warned by passing motorists.

He then started throwing the burning bales from the truck but when he saw the flames were spreading too rapidly, he removed several body bolts, put the truck into gear, and started up with sufficient force to toss the loosened

body of the machine onto the road where it was destroyed.

The East Dundee fire department was called but did not respond since it only answers calls made by members of the Rural Fire Protective association.

"Plant a Tree" Is
Slogan for Annual
Improvement Drive

The Review Will Sponsor 1938
Build-Plant-Clean-Up
Campaign

"Plant a Tree" is the slogan for the Barrington Review's 1938 annual campaign for planting, improving and building in the Barrington-Lake Zurich area which will culminate in a home and garden contest in April and May.

The 1938 campaign will be larger than ever and will embrace both the villages of Barrington and Lake Zurich. Valuable prizes to be announced later, will be awarded by The Review to the winners of the home and garden contest.

Started in 1932 by the Barrington Lions club and The Review, the following year by several local civic clubs cooperating with the newspaper, the home and garden contest proved a success with 21 and 55 homes entered in each of the two years. Since then The Review has conducted an annual clean-up, paint-up and building campaign but without the home and garden contest feature.

Following the 1937 campaign, The Review organization planned to improve the 1938 event by adding Lake Zurich to the area, re-naming the home and garden contest and emphasizing tree planting. To stimulate interest in the latter feature, pictures were taken of outstanding trees in the district to be reproduced in the newspaper from time to time during the spring of 1938 prior to the campaign.

The picture shown at the left is of three giant oaks towering above the William Hobein home north of Barrington. These great trees are among the most beautiful specimens in the community.

It is hoped the "Plant a Tree" campaign will aid the very commendable undertaking of the Village Garden club to replace old softwood trees in parkways with young elms and hard maples. The organization will purchase the trees to be planted by the village. Another civic club is considering a cash donation for the purchase of trees to be planted in parkways.

There will be a district officers' meeting in the near future to arrange recitals and social activities. Other bands in this district are Des Plaines, Arlington Heights, Crystal Lake and Danvers.

Attend Dedication

Mr. and Mrs. Paul Clark and Mr. and Mrs. William Watford of Barrington attended the dedication program of the new clubhouse at Providence township high school in Des Plaines Thursday evening.

Village Trustees Will Open Traffic Light Bids Monday

Improvement at Hough and
Main Intersection to
Be Discussed

Although no bids for contract to install traffic lights at Hough and Main streets have been received to-date by A. C. Burandt, village clerk, it is expected that several bids will be on hand when the village board meets next Monday night. Seven firms have notified Mr. Burandt that they will be represented at the bidding. The board has decided to open bids if there are any, at that time.

The meeting Monday night is officially designated as the village bid for the construction of the intersection of Main and Hough streets are opened and light.

The proposed improvement is to be constructed with funds credited to the village from the state gas tax fund. It was first recommended last fall by Village Trustee Rudolph Berg, and received approval from the state highway department in January.

According to the plans, traffic control lights will be placed on all four corners.

Grace Moore Stars on Catlow Screen Sunday, Monday

"I'll Take Romance" Features
Songstress and Melvyn
Douglas

Paul Kelly gives Joe E. Brown a few lessons in the art of foreign newspaper corresponding in "Fit for a King," the comedian's newest starring comedy coming to the Catlow theatre for one day only on Friday.

Cast as rival news-gatherers, the two actors lead each other a merry chase all over France, with Kelly, the more experienced of the two, winning all honors until Brown learns the tricks and then adds a few of his own.

There may be all sorts of insidious propaganda directed against the old rocking-chair, but Ann Southern, lovely actress starred with Jack Haley, Mary Boland and Edward Everett Horton, in "Danger—Love at Work," will brave all jokes at her expense for the unparalleled comfort such chairs afford.

Discovering some time ago that she could relax better between scenes in a rocker than in one of the usual folding camp chairs, Miss Southern introduced Mary Boland to this innovation in off-stage comfort during the filming of the comedy which comes to the Catlow Saturday. Now, the old rocking-chair has got them both.

Grace Moore and Melvyn Douglas, the man who made Theodora Wild, sing and swing their carefree way from glamorous Manhattan to the amorous Argentine in Columbia's new musical, "I'll Take Romance," which opens Sunday for two days at the Catlow.

Grace is utterly captivated by Melvyn as he shows her how to sing those torrid torch tunes! It's Grace Moore at her merriest!

Peter Lorre is starred in the newest and most exciting adventure of the Saturday Evening Post's master of crime detection, "Thank You, Mr. Moto," coming Tuesday to the Catlow. Thomas Beck, Pauline Frederick, Jayne Regan, Sidney Blackmer, Sig Ruman and John Carradine are featured in the cast.

On the double feature bill on Tuesday with "Thank You, Mr. Moto," is the newest Buck Jones film, "Smoke Tree Range." Proclaimed as the greatest motion picture ever made with an undersea boat as its subject and locale, "Submarine D-1" has been booked as the feature attraction at the Catlow opening next Wednesday for a three day engagement.

It is a Warner Bros. melodrama co-starring Pat O'Brien and George Brent, and featuring Wayne (Kid Galahad) Morris. In the making of it the United States navy department deserves as much credit as the movie folk, for it threw open its submarine establishments at San Diego, Cocos Coo in the Panama Canal Zone, and Newport, R. I.

INTO THE KETTLE

Have you ever tried adding variety to common household favorites like meat loaf? Mrs. Howard Brintlinger has a recipe which calls for a row of hard boiled eggs down the middle of the loaf. When cut, the slices are very attractive with their egg centers.

Mrs. Brintlinger's recipe is as follows:

MEAT LOAF

1 lb. fresh ground pork.
1 lb. ground smoked ham.
2 eggs.
1/2 cup bread crumbs.
1 teaspoon Worcestershire Sauce.
1 onion (chopped fine).
1/2 cup green pepper (chopped fine).
1/2 cup catsup.
Salt and pepper.
Mix. Form loaf in buttered bread pan. Lay three hard boiled eggs in a row down the center of the loaf. Bake in moderate oven hour.

Au gratin potatoes and fresh

buttered peas form a perfect complement to this dish.
For dessert, we suggest ice cream and some of Mrs. H. K. Tucker's delicious orange cookies. Here is her recipe:

Orange Bars

1/2 lb. candied orange slices.
4 eggs.
2 1/4 cups brown sugar.
2 cups flour.
1/2 teaspoon salt.
1 cup nut meats.
Dice orange slices. Sprinkle with 2 or 3 tablespoons flour.
Beat eggs light. Add salt, sugar and flour (less amount used for dredging candy slices). Fold in nut meats and orange slices. Turn into pan 9x13 in. or into small square pans, lined with wax paper. Bake in moderate oven (350°) for 30 minutes. Cut in strips while warm. Roll in powdered sugar.

Cuba Township Man in Hospital After Being Hit by Truck

CUBA TOWNSHIP.—Ray Michaels, resident of Cuba township, is a patient at the Waukegan hospital suffering of injuries and exposure caused when he was struck

by a truck driven by William Tatro near Michaels' home Saturday evening.

Mr. Michaels was walking along a gravel road to the home of a neighbor when the truck approached him. Stepping to one side, he slid and fell to the ground. In an effort to halt the truck, Tatro applied the brakes, but the machine skidded into the fallen man, it was learned.

He was brought to Barrington where a medical examination revealed his injuries were slight but Sunday he was taken to Waukegan where he was feared pneumonia might develop due to exposure.

Youths Injured in Crash Not Able to Describe Location

Three young men were injured in an accident which was reported to have occurred near the intersection of route 14 and Barrington road Sunday night. The driver of the car, Melvin Christensen, 20 years old, of Norwood Park, was confined to the Sherman hospital with severe lacerations about the face and head and contusions of the back.

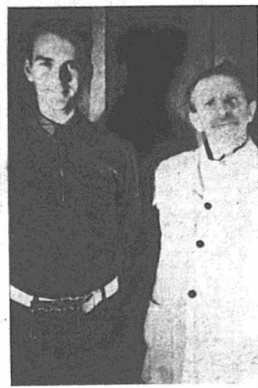

Two companions, Edward Henk and Fred Kaabing, were held in the Elgin city hall jail after receiving medical treatment. Another member of the party, Walter Henk, was released.

State Patrolman William Sullivan and John Stanton reported the four youths were intoxicated and said they could not remember where the accident occurred. It was believed by the police that the car went into the ditch near the intersection of route 14 (Higgins road) and Barrington road.

Commission Orders C. & N. W. to Install Crossing Protection

News that the Illinois Commerce Commission had ordered the installation of gates at the Des Plaines avenue crossing of the Chicago and North Western railroad in Des Plaines last week was received favorably last week by residents of that community.

After many months of campaigning by civic bodies in Des Plaines to have the crossing protected, Ken Meyer, attorney for the city of Des Plaines, reported at the council meeting last week that the commission had taken the desired step.

The railroad crossing at Des Plaines avenue has been the scene of numerous fatal auto-train collisions in the last several years, and it was an effort to prevent a further recurrence that motivated the plea for gates.

The plan outlined will retain the flashing signals already installed, and in addition, a set of gates are to be constructed. The power-operated gates and flashing signals will function 24 hours a day.

Terry Druggan Beset by Financial Woes; Faces Loss of Farm

Terry Druggan is again beset by financial troubles facing the loss of his 240-acre farm near Lake Zurich unless \$29,745.76 is forthcoming before Friday. At that time the property will be offered for sale at the courthouse door in Waukegan on a foreclosure.

Druggan purchased the property for \$50,000 in 1923, paying \$10,000. In November, 1932, a suit for possession was started by Hugo Pick, trustee of the estate from which he purchased it. Pick successfully contended that Druggan defaulted on a payment under his contract and he was entitled to the property.

Western Reserve Squabble

Just as the slavery issue split the Union so also the question of which state owned what later became the Western Reserve also threatened to break up the Union. This territory—about 4,000,000 acres—was claimed by existing states, whose arguments were finally settled when they all agreed to turn the whole thing over to the federal government.

Looking for Compensations

By HELDA RICHMOND

A large family of obedient, happy children, in a home where money was always scarce, laid their singularly joyful childhood to the fact that their mother had taught them the game of "Compensation," as she called it. With six lively children for whom to cook the new and mend, Mrs. Albright had little time that she could set apart for the teaching of ideals.

Yet such lessons were almost constantly given, but they were an accompaniment to her busy fingers few over her work. In teaching this particular lesson, or "game," she had told them that for every loss and disappointment there was compensation. "Rewards," she had called them. Her grown-up boys and girls are still playing the game and they are now teaching it to their own children.

Suppose the rain should fall continuously on the day of the picnic—that would offer a fine opportunity for playing "Compensation." After the first burst of anxiety and disappointment they would begin to look for something that would "reward" them. First of all, the picnic would not be entirely lost but only postponed; second, they could have a picnic indoors all by themselves; third, they would be allowed to take out the playing box reserved for gloomy days and never available on bright ones.

Although they fondly imagined that they thought out these compensations all by themselves, their mother often unobtrusively added many little touches to help them accept defeats and disappointments in a hopeful way. There was nothing of the idea of bribing them to be good and happy, but always the thought of letting them discover something that, while not as good, perhaps, as that for which their plans had been laid, still would keep the day far from being a failure from a child's standpoint.

On one occasion, a boy who was visiting overheard that the covered auto, riding to a nearby city would have to be put off on account of a shower. At once he raised his voice in a howl that could be heard over the noise. The mother, a bright child, waited patiently for his crying to subside and then began to enumerate the things that could be done on a stormy day. A picture of his home and three of the oaks appears in this issue.

reached home, they set about making one that would be bigger and, from that standpoint, better because of the fun they would have making it themselves. They hunted up tin cans, empty jelly glasses and bottles and boxes, adding for weeks to the first small outfit until the little boy with the ready-made "store" toy declared they was much better than his.

With sand for sugar, bright pebbles for candies, and all sorts of make-believes in the homemade baskets formed out of gourds and tiny pumpkins, they have spent many happy hours without the expenditure of a penny. This store is their "Compensation" when they do not play with it or work for it on bright days or when outdoor sports like coasting or building or ball games can be enjoyed. They are learning to accept each day in a philosophic mood while looking forward eagerly to anticipated joys, and they give promise of carrying into adult life the poise and good nature so essential to success in any line of work.

Methodist Quintet Takes First Place in Church Basketball League

Defeats Salem by 32 to 20 Margin in Game Monday

Baptist Team Downs St. Anne in Overtime Tilt by 22 to 19 Score

Methodist climbed into undisputed first place in the local church basketball league by decisively defeating Salem, 32 to 20, Monday night. It was the Methodist's fifth victory in six starts while Salem dropped to second place in the standing with five wins and two losses.

The above outcome set the stage for a possible three-way tie for first place when the league schedule ends a week from Monday—depending of course on a lot of "ifs." Should Salem defeat St. Anne on the final night and St. Paul beat Baptist next Monday and upset Methodist the following week, a three-way tie for the championship would result between Salem, St. Paul and Methodist, each with a record of six wins and two defeats. This would make necessary a play-off for the title. Methodist, however, can nullify all this by winning its last two games with St. Anne and St. Paul and take the title with seven victories and one loss. Incidentally St. Paul handed Methodist its only defeat of the season on Jan. 10, by a score of 30 to 22.

Outplay Opponents
Vic Klopfenstein paced Methodist to victory over Salem, scoring five baskets and two free throws. H. Bricker contributed ten points to the winner's total. Methodist took an early lead and outplayed Salem all the way for the win.

Baptist and St. Anne needed an overtime to decide the first game Monday. Baptist triumphing 22 to 19. The score was tied 9 all at the half and 19 all at game time. In the extra period Wallace made a free throw and Williams a field goal to give Baptist the victory. Games scheduled for Monday, Feb. 7 are:

7:45 p. m.—St. Paul vs. Baptist.

8:45 p. m.—Methodist vs. St. Anne.

The Alumni, captained by Nor-			

ria Grabenkort, got off to a good start and held a 25 to 13 lead at the half-way mark. The Bronchos took more shots than the Alumni but failed to hit and as a result came out on the short end of a 28 to 22 score.

Because of the lack of substitutes, Elsner and Gaare were allowed to remain in the game although they were charged with six and four fouls apiece. Grabenkort led the Alumni scorers with 11 points while Elsner accounted for three field goals to lead the Bronchos.

The Ponies swamped the Frosh-Soph in the first game, 30 to 16, with Roy Etters scoring 12 points to lead the teams for individual scoring.

Niles Friday

The Bronchos are preparing to meet the Niles Center cagers who already have the claim of a victory over the locals this season, on the local floor Friday night. The Niles quintet has lost two conference games this season but showed their strength by defeating Libertyville, 42 to 31, last Friday.

The lightweight game is scheduled to start at 7:30.

Attend Rites for Cousin, 6, Drowned

Mr. and Mrs. Carl Brasel, 512 Grove avenue, attended funeral services for 6-year-old Peyton, six years old, son of Mr. and Mrs. Howard Peyton, at Evanston last Wednesday.

John, who was a cousin of Mrs. Brasel, was drowned in Pistakee

Bay Sunday, Jan. 23, while on an ice skating trip with his father. The automobile in which they were driving over the ice broke through and sank in ten feet of water.

Another small boy, Louis Albert Nelson Jr., nine years old, lost his life in the same tragedy.

The three men who had been passengers in the car were saved. A four-hour battle to save the boys failed when the last of six oxygen tanks gave out as they were being raised to the Conell Memorial hospital at Libertyville where several tanks and inhalator squads were waiting.

William Gellerman, a brother-in-law of H. J. Lagaschulte of Barrington, died Monday at his home in Elgin after an illness of several months. He was 79 years old. Funeral services were held in Elgin Wednesday afternoon and he was buried at Bluff City cemetery.

McHenry County Is First in State With Four DHIA's

The first county in Illinois to organize a dairy herd improvement association, McHenry, is now the first one in the state to have four complete associations in operation. It is reported by J. G. Cash, dairy extension specialist, college of agriculture, University of Illinois.

"For more than a quarter of a century, McHenry county has been a leader in dairy herd improvement association activities," Cash explained. "The first association in the state was organized there back in 1910, and at least one association has been in operation there since that time. At present members of the McHenry county association are keeping production and feed records on approximately 3000 cows."

Sponsored by the extension service of the college of agriculture, dairy herd improvement association activities have now spread to the point where 45 associations are in operation in 83 counties with 1450 members having 21,100 cows on test.

Running McHenry county a close second on the number of associations in operation are Stephenson, Winnebago and Kane counties with three each. "By keeping an account on each cow, members obtain information which makes possible strict feeding according to production, intelligent culling of unproductive producers and the adoption of a constructive breeding program."

"Evidence of the dollars and cents value of continuous testing can be found in McHenry county."

Basket Social Planned for Flint Creek School

Seeds That Jump

In the northern Transvaal, where the climate is sub-tropical, there grows a tree which the natives call Tambouka. It bears pods and the seeds look very much like dry peas. When the seeds are ripe the pod bursts and throws the seeds to the ground. There they begin to move and jump about in all directions automatically.
