Work Progressing on New Rural and Village Directory

Lions Group Taking Action for Publication of Third Edition

Plans and preparations for the publication of its third village directory edition are being completed by members of the committee of the Barrington Lions club. Roy Willmering is chairman of the committee and handling the advertising, Dr. E. A. Kleinschmidt is handling the tabulation of census figures for the third edition. Fred Pfeifer is in charge of new features, compilation of a census report for a rural directory.

This year's directory is also going to include the names and addresses of those persons residing in the rural areas and receiving mail through the Barrington post office. The last directory edited by the Lions club was in December of 1936.

According to present information, it is planned to start the house-to-house canvass for directory information in April. Workers will divide the village in sections and stop at each dwelling to secure the desired information, which, it is understood, will be tabulated as in the last directory.

Each residence will first receive a letter explaining the purpose and also an information card. Questions concerning the family name, name of farm, location, number and names of minor children and also the names and number of adult children, with their occupations, will be on the card.

Specifications for bidding on the publishing of the directory are being completed and will be sent to a committee meeting held Sunday morning.

According to Mr. Willmering, contracting for advertising space in the booklet has begun and \$6 have been sold.

Each family listed in the directory is to receive one booklet free and additional copies will be charged for.

In addition to the enumeration of village and residential addresses of business, information on the history of Barrington, village board members, park board members, library board members, school board members, civic and patriotic organizations and churches will be prepared and included in the edition.

Three Injured When Auto Hits Train at Lake Zurich Sunday

George Pasfield, 33 years old, of 2407 Springfield avenue, Chicago, his wife Dorothy and Richard Manche, 13 years old, were seriously injured when their car ran into an E. J. & F. freight train at the railroad crossing on route 66 in Lake Zurich early Sunday morning. The accident occurred about 4 a. m.

The injured were removed from the wrecked car, which was dragged down the right-of-way for 100 feet, and taken to the Landwehr hospital.

W. J. Smith, conductor of the train, and Arthur Taito, engineer, did not know of the accident until some time later. After the Pasfields and Manche were found in the wrecked car and removed to the Condell Memorial hospital in Libertyville, the train, a through freight, was bound for Joliet.

Pasfield suffered a possible skull fracture and cuts about the face. Mrs. Pasfield suffered cuts and bruises, and a jaw fracture. Manche's left leg was fractured.

Pasfield is employed on the Pintos farm at McHenry and had driven to Chicago Saturday evening to bring his wife and her son out Sunday for the day.

Revenue Man to Help With Income Returns

A representative from the income tax department of the federal bureau of internal revenue will be at the First National Bank of Barrington during business hours Saturday to assist in preparing returns. C. A. Elsner, cashier, reported Monday.

He will be at the bank in the morning and again in the evening during the regular hours to assist local persons in filing their state income tax returns.

Travel in South

Mr. and Mrs. J. J. Claude and son and Mr. and Mrs. Otto Miller of Cuba township spent last week at Bixby, Miss., and are spending this week in Florida.

'The Great Barrington,' a Stage Play, Contains Local Interest

Of interest to persons familiar with local history is the announcement made by Harry Mintrum, regional director of the federal theatre, concerning the opening of the historical satire of three acts, "The Great Barrington," at the Blackstone theatre in Chicago.

It is from the pen of F. Russell and has an historical background. Interest centers around the fact that this community was first settled by persons coming from Great Barrington, Mass., and for which the village is named. Although the press announcement did not state whether the play contained any reference to the settling of Great Barrington, it has been assumed that the family of Barrington in this instance is connected with the Massachusetts community. Following in part is the announcement released by Mr. Mintrum:

"The Great Barrington" is the story of Annabelle Barrington, daughter of Prescott Barrington, the 12th, whose pride of ancestry is fanatical, is wooed by Van Doorn, the 14th, but loves a "comes from Jones" engineer. Annabelle hates the members of another worship, and she and Jones set about defeating her concealed par-

ents. Against this plot to expose the Harringtons is set a romantic plot showing the original Barrington and Van Doorn families in the 18th century. Scenes from past to present alternate throughout.

The story of the early settlers relates how one Van Doorn, who had seduced his bond-maid, Phoebe, disposed of her to a swash-buckling individual who calls himself the "Great Barrington" who is really an English swain who had eloped with his master's wife, taken the man's jewels, been deserted by the wife, and had flown to America, where he masqueraded as Harrington. In order to gain foothold in America, he agrees to help Van Doorn out of his dilemma, marry Phoebe and gain control of one-half the Van Doorn estate.

"Much shaduwgilding is indulged in to achieve these ends and no violence is spared. The culminating crime is the murder of two of the malcontents and secreting them in a closet. A paper discloses the existence of the closet to the moderns, and after a wild goose chase they discover it, and find the swain who loves Annabelle Barrington to be an impostor in reality and allow Annabelle to marry her engineer, Jones."

Town Collectors, Lake County, Are Given Tax Books

E. Schaefer and G. Krueger Allowed Books After 4-Year Lapse

For the first time in four years since 1934, the tax collection books were released early enough to be turned over to township tax collectors in Lake county. Emil W. Schaefer, collector for the town of Cuba, and George Krueger, collector for the town of Ela, received their books Monday.

June 20 was the deadline set for returning the books. It was learned.

Mr. Schaefer will establish a tax collection office in the First National Bank of Barrington and Mr. Krueger will establish an office in the State Bank of Lake Zurich. It is the first time in four years that the township collector has received his books, while in Wauconda township the office is unlisted, no one having been sufficiently interested to be a candidate at the last election.

Since 1934, tax collectors have been unable to receive the tax books for reasons never clearly explained. Hobart H. Hobart, 1934 tax collector of Cuba township, 1934 but declined to be a candidate for re-election in the 1936 election. Mr. Schaefer succeeded him.

Real estate and personal property taxes for 1937 to be collected this year are payable in two installments.

Tax notices will be sent out as soon as possible. It was learned.

Brockway's Milk and Grocery Store Moves to 220 E. Main Street

Russell Brockway is announcing the formal opening of the Brockway Milk and Grocery store in its new location on E. Main street, this week. The business was moved from its former location in the Lamey building.

The new store has been remodeled and redecorated by Mr. Brockway. Sales featured for the opening will be found in the advertisement on page 8 of this issue.

The space vacated by Mr. Brockway will be occupied by the Good Keeping shop.

School Closed March 7

The Barrington public schools will be closed March 7 while members of the faculty attend an all-day institute in Evanston. E. S. Smith, superintendent of schools, stated Wednesday. The institute is being held under the orders of Noble J. Puffer, Cook county superintendent of schools.

Visit Florida

Mrs. O. C. Blechle and daughter, Linda, and Shirley and son, Edgar, 644 Grove avenue, have gone to Florida for a vacation of two weeks.

Legion Meeting

There will be a meeting of the Barrington post of the American Legion in the post room, 133 Park avenue, this evening, Thursday.

Music Department to Give Spring Concert

Walter Allen Stuif will be presented as guest soloist at the second annual spring concert to be given by the music department of Barrington high school Friday evening March 18 at 8:15 o'clock in the school auditorium.

The program is under the direction of Miss Adelaide Ewing and Walter N. Sears.

MISS ADELAIDE EWING

Mr. Stuif has been a member of the faculty at Northwestern university for a number of years. In addition to his duties as instructor in singing, he has had an extensive concert, oratorio and dramatic experience, for which fields the richness, range and power of his fine bass voice eminently fitted him. Miss Ewing stated he also has had extensive and widely successful experience as a music critic.

The program he has chosen for his appearance in Barrington is one of wide variety, paying tribute to both classical and modern schools of song. It is one that should prove of much interest to the audience. Miss Ewing sang solo in "The Star-Spangled Banner" and "America" and "Spring" a solo piece by Frans Schubert arranged for mixed voices by Julius Harrison, will also be a featured part of the program. Two hundred voices from the junior and senior high school will sing this number accompanied by the orchestra.

Cuba Republicans to Honor Harold Kelsey at Rally This Month

The Cuba Township republican club Wednesday night made tentative plans for a rally to honor H. D. Kelsey, supervisor of the town of Cuba and candidate for republican nomination for state representative from the eighth district. The rally, to be held in the Stevens hotel, will be held after the meeting Wednesday, the affair will be held at Biltmore Country club either on March 18 or 19.

A definite date will be announced next week when all details are completed.

The club is sponsoring the event in honor of Mr. Kelsey, who has been a member of the organization and has served as president for a number of years.

An invitation is to be extended to residents throughout the district, comprising Boone, McHenry and Lake counties, to attend the rally.

Buyer May Get House for \$250, If He Keeps Out Competitive Bids

A modern home on Elm avenue in Jewel Park, now listed at \$7500, will be offered for \$250 in 15 months, if the seller will connive to boycott the seller for that length of time.

The house will be offered for sale during the month of March for \$7500. If no one buys it, the house will be offered in April for \$7250. Each month the price will be reduced \$500 until the property is sold.

John C. Tiedman, 31, of

Wauconda, is the seller.

Under this arrangement, any potential buyer can get the property for \$250 by merely conniving with every other potential buyer to withhold all bids for 15 months.

The house is an attractive Colonial structure, strictly modern and with landscaped yard. Here is an opportunity for some one.

Pure Milk Assn. Annual Meeting Set for March 15

Expect About 2500 Members from Three States at Sessions

Between 2500 and 3500 dairy farmer members of the Pure Milk association and their wives will be in Chicago Tuesday, March 15, for the 13th annual meeting of their milk marketing cooperatives.

Some 300 of those in attendance will be voting delegates, guests of the association from the 118 locals in the 33 counties of Illinois, Indiana and Wisconsin which comprise the Chicago milk shed, and will elect officers and directors for the coming year.

Chicago dairy farmers who come to Chicago to hear the yearly report on association affairs, the many speakers, and to enjoy the entertainment provided through out the day.

President Gerhard E. Elkoff, Grant Park, III., will call the meeting at 10 a. m. in the Auditorium theatre, and the morning session will be followed by a luncheon.

The evening session will be held at 8 p. m. in the Auditorium. The program will be opened with a musical program.

The fire was believed to have started in the northeast corner of the barn in the haymow. Mr. Fisher said the barn was partially covered by insurance.

Row of Stately Elms at Cemetery Inspires "Plant a Tree" Program

Elm trees or hard maples will be planted in the parkways along Barrington streets, replacing defective soft wood trees, in an ambitious program inaugurated by the Village Garden club and approved by the village board of trustees.

Above is shown a row of beautifully matched elms which line the south border of Evergreen cemetery. This picture was made last summer. Another picture, showing a row of hard maples bordering the east side of the cemetery, will be reproduced in a subsequent issue of The Review.

Several pictures of outstanding trees have been published and others will follow in March and April to stimulate interest in the "Plant a Tree" feature of the Barrington Review's annual spring plant-bull-and clean up campaign for the community.

40 Head of Cows Perish in Farm Blaze; Loss Estimated at \$7000

Above are two pictures taken on the Henneberry farm. In the upper photo, (left to right), are John Fisher and Lee Tiedman.

Forty head of cows were destroyed by a fire that razed the barn

on the G. Henneberry farm, located on Algonquin road, one-half mile west of Sutton road, early Saturday night with an estimated property loss of over \$7000. The blaze was believed to have started about 8:30 in the evening.

The farm is owned by John Fisher who was engaged in dairy farming. In addition to the 40 head of cows, 10 tons of hay, 20 tons of straw, 400 bushels of corn, 2000 bushels of oats, 400 bushels of barley, a tractor, silo filler, a grain mill, milking equipment and numerous other farming articles were destroyed.

Origin of the fire could not be determined. Mr. Fisher and his family were not at home when the blaze was discovered and did not learn of the loss until later. The chores were completed earlier and everything appeared all right when the fire was discovered. The cows produced about 11 cans of milk daily.

Possessing motorists who were unidentifiable are credited with saving four horses and one cow. Witnesses said the animals were released and driven to safety by persons who were attracted by the blaze and stopped to investigate.

The barn is within 100 feet of Algonquin road. The animals which were driven from the barn, it was reported, but they eluded the flames and ran back into the burning barn where they perished. This loss of livestock by fire is the highest in many years in this locality.

The fire was believed to have started in the northeast corner of the barn in the haymow. Mr. Fisher said the barn was partially covered by insurance.

Under the terms of the contract, work must be started within 10 days after formal notice of approval of the contract is given. Since the company was notified Tuesday, it is expected some action will be taken within a period of 60 days to set up the contract to finish the installation.

Specifications in the contract call for the installation of traffic actuated control signals at the corner. The actuated signals will be installed on both streets, it is understood. A plate set in the concrete acts as a trigger and when tripped by the moving wheels of a car causes the light to alternate at a stop and go basis.

The signals will be purchased from the Eagle Signal Co.

Benefit Matinee Nets Hygiene Fund \$146.79

A total of \$146.79 was turned over to the child hygiene fund of the Barrington Parent-Teacher association Wednesday by Mrs. Samuel Rowe, chairman of the committee which presented a matinee of "Aladdin and His Wonderful Lamp" at the Catlow Theatre Saturday.

The cast was composed of University of Chicago Settlement League players.

A capacity audience witnessed the benefit performance Saturday afternoon, Mrs. Rowe stated.

The money was given to the P.T.A. to be used for dental work and other measures of need for school children, according to Mrs. Albert Wilkins, chairman of the child welfare committee.

Moving to McHenry

Mr. and Mrs. Clarence Baumgarten moved from Barrington to McHenry Monday.

Fatally Injured When Motorcycle Hits Car Tuesday

William Jutte, 31, Is First
Traffic Victim of Year
in This Vicinity

William Jutte, 31 years old, 4204 S. Springfield street, Chicago, died Tuesday evening at the Palatine Community Hospital from injuries received when the motorcycle he was driving crashed into a car at the intersection of Northwest highway and Hillside avenue at 4:30 in the afternoon of the same day. His death is the first traffic fatality of the year in this vicinity.

Driver of the motorcycle, which Jutte was riding, collided with John Westphal, 316 W. Lake street, who was returning to Barrington after working on the Landwehr farm on Dundee road during the day.

According to testimony of Earl Fox, 4745 N. Kenneth avenue, Chicago, who was driving a car behind the motorcycle, Mr. Westphal had been in the car lane of the Chicago-bound lane of traffic to make the turn onto Hillside avenue. Jutte's machine going south east struck the car on the right from side. It was reported at an inquest, which was held Wednesday morning at the Dennis Funeral Home in Palatine, that the outside lane for Chicago-bound traffic was closed.

Jutte, who suffered severe chest injuries, skull and leg fractures and numerous other injuries, was picked up by D. W. Grooms, 128 Dunton street, Arlington Heights, also an eye-witness to the crash, who rushed him in his car to the Palatine hospital. He died at 8 o'clock in the evening. Shock and hemorrhage were given as cause of death.

Mr. Westphal suffered minor injuries and was able to go home after receiving first aid. Both the car and motorcycle were badly damaged.

A verdict of accidental death was returned by the coroner's jury after hearing the witnesses' testimony. The young man's body was removed to Chicago for funeral services.

Members of his family reported Jutte had left earlier in the day to Lake Geneva and was apparently enroute home when the crash occurred.

Issues Warning to Buy Vehicle Tags; Deadline March 15

Chief of Police E. W. Hobart this week issued formal notices that March 15 is the deadline for local motorists to purchase village vehicle tags. Any one not possessing the proper license after that date, he stated, is subject to arrest and a fine.

A check of the records revealed that 455 passenger cars, 111 dealer cars, one taxicab and motorcycle licensees have been issued by A. C. Burandt, village clerk. The totals are considerably below the normal of other years, and the drive to come after March 15 will be to round up delinquents, Chief Baade reported. The tags may be purchased at the office of the village clerk.

Four smiling policemen will be added to the force in Barrington some time this month, two of them to replace patrols on Main street at the intersection of Main and Lincoln, the other two to curb fast drivers on Ela street between Washington and Franklin.

These newly patrol sections of streets lie in front of the two school buildings, the public school and St. Anne parochial school, and of course the purpose is to promote safety for the children.

The new guardians will stand duty 24 hours each day. They will not receive any pay, although it cost two organizations, the American Legion and Lions club, a total of \$43 to obtain their services.

Incidentally, the new members of the force will be made of sheet metal, painted to look like policemen in uniform, holding sticks and wearing motorcades to drive slowly. Two will be purchased by each club on the recommendation of M. H. Schreiber, chairman of the safety committee of the Legion. The manufacturer of these signs attended recent Legion and Lions meetings to show his wares.

"Happy Landing," With Sonja Henie, Coming to Catlow

"Damsel in Distress," With Burns and Allen and Astaire, Showing

George Burns and Gracie Allen, whose screen and radio antics have made them world-wide favorites in both fields of entertainment, are co-starred with the nimble-footed Fred Astaire in "A Damsel in Distress," now playing at the Catlow theatre.

With its P. G. Wodehouse story and Gershwin music, the picture is hailed as one of the year's foremost offerings, and the Burns and Allen duo supply a large share of the mirthful complications. Astaire has the role of an American dancer, while Burns is his hard-working press agent, with Miss Allen as his secretary. Between them, the two funsters manage to play havoc with the romance of Astaire and Joan Fontaine, who has the title role as an English girl in matrimonial difficulties, and the results are said to be hilarious in the extreme.

After a long separation, during which each appeared in pictures without the other, Gene Raymond and Gracie Allen have re-united in "She's Got Everything."

The film is said to be their best co-starring vehicle. A romping story of a penniless society girl whose creditors are trying to marry her off to a wealthy man, "She's Got Everything" is loaded with hilarious situations suiting the peculiar talents of the able cast, which includes Victor Moore, Helen Broderick, Parkyarkus, Billy Gilbert, Sally Ward and William Braden.

"She Loved a Fireman," starring Dick Foran, Ann Sheridan, and Robert Armstrong, plays the double feature bill Saturday with "She's Got Everything."

From Darryl F. Zanuck and his 20th Century-Fox, all creators comes Sonja Henie in a silvery, sumptuous, superlative musical, "Happy Landings," coming to the Catlow theatre Sunday, for the day. Winging its way from the Norwegian icy foothills to New York's winter specialties, the new show brings a love-radiant Sonja to the arms of her "One in a Million" sweetheart, Don Ameche.

Jean Hersholt, Ethel Merman and Cesar Romero are featured in the cast which includes Billy Gilbert, the Raymond Scott Quintet, Wally Vernon and Leah. The colorful, curly red-headed singing cowboy, known as "the cowboy with 467 cowboy songs," holds on . . . pardon! The number is now 470 as he sings three new ones, written especially for the current picture, "The Devil's Saddle Legion," by M. Jerome and Jack Scholl, coming to the Catlow Tuesday.

On the double feature bill Tuesday with "The Devil's Saddle Legion," is "One Way Passage," starring William Powell and Kay Francis.

Local Automobile Dealers Cooperate in National Sale

Countrywide Used Car Exchange Week Planned for March 5-12

A national drive to sweep the American automobile industry out of the current recession and stimulate American business generally was announced here today by Alvan Macauley, speaking for every American automobile manufacturer and the nation's 46,000 automobile dealers.

The campaign, to be known as "National Used Car Exchange Week" and scheduled for March 5 to 12, is an outgrowth of recent conferences at the white house between President Franklin D. Roosevelt and leaders of the automobile industry, Mr. Macauley said. The president has been advised of plans for the campaign, which is the first cooperative effort ever undertaken in which all American automobile manufacturers have taken part.

The campaign is timed at the outset of the spring selling season when both new and used cars usually begin to move in greatest volume. The purpose of the campaign, aimed primarily at stimulating the disposal of used car stocks now in dealer hands. Once this is accomplished, a substantial increase in car manufacturing schedules and employment of wage earners in the automobile factories is anticipated.

TELEPHONE, BARRINGTON NO. 1

TRYING TO BOIL ICE

"Business Surpluses" is perhaps the most abused phrase in common use today.

Whenever a period of business inactivity, like the present recession, sets in, business critics cry to industrial leaders, "Why don't you dip into your surpluses to pay wages and keep workers on payrolls?"

On every hand there are efforts to convince people that industry has large accumulations of cash and securities that could be turned into payrolls. This is not the case.

Let us suppose, however, that industry decided to liquidate its reserves and surpluses and turn them into wages. According to the latest figures of the bureau of internal revenue manufacturing industries now have surpluses aggregating \$14,000,000,000. Their annual payrolls aggregate \$13,500,000,000. In other words manufacturers would have to dispose of their entire surpluses lock, stock and barrel to carry payrolls for only one year. If they decided to use only their cash and government bonds for such a purpose, it would last about four months.

Many noted economists have long since predicted certain bankruptcy for American industry if either course were followed. Who would want to see that happen? Certainly not the men, women and children with savings accounts, whose savings are re-invested in private enterprise, nor the holder of a few bonds or shares of stock in private industry, nor the millions of Americans whose life-insurance policies are backed by securities in private enterprise nor the greater number of millions now employed whose jobs would last only as long as the surplus held out. In fact such a course is abhorrent to all except politicians and others who seek to undermine industry by capitalizing on misleading catch-phrases.

SLOWING RECOVERY

Washington, for several weeks past now, has been the scene of almost daily conferences designed to bring about better cooperation between government and business as a means toward lifting the nation from a recession bog. From all indications, the talks have served to bring about a better understanding, if nothing else.

Almost to a man, every business leader invited to the capital city to express his views on the economic problems has urged that the tax burden on business be lightened as one of the most certain means of renewing the recovery march, and that the competition of government in business with its own citizens should be curbed.

These business men know—that the government should know now—that money paid in taxes cannot be spent for wages; that the same dollar can't go into the tax till and the pay envelope at the same time. This philosophy isn't something new to be heard around Washington—congress had the same idea last December when it was in special session.

Everyone seems to be in record on the matter—that stifling taxation must be ended; that tax money, if unleashed in the business field, will go a long way toward providing jobs for unemployed workers. Why, then, should there be any further delay in taking this important step toward industrial recovery?

MILESTONE TOWARD COMMUNISM?

Writing in the New York Sun, Ernest R. Abrams, who was employed by that paper to do a series of feature articles on the TVA, says: "The illusion of honesty with which the TVA surrounds itself is largely disillusion; it lays a claim to a respect it does not warrant. Its tactics, if pursued by a private corporation, would immediately call for drastic investigation by some ruthless federal body."

These are strong words. At the close of the 1937 fiscal year, the TVA had in operation revenue-producing electric properties which had cost the taxpayers almost \$130,000,000. No formal allocation of this money for power purposes, flood control purposes and navigation purposes has ever been made—despite statutory requirements. The TVA can write off as much of its investment as it wants, to purposes other than power production—thus, by trick bookkeeping, presenting an entirely erroneous impression of what it really costs to generate and distribute electricity.

WHEN STRIKERS MUST PAY

The order of a federal district court judge in East St. Louis that certain striking mine workers must pay \$117,000 in damages to the employer they victimized is a wholesale reminder that unions and their members may be sued successfully for unlawful conduct.

The verdict was directed against 60 members of seven locals of the Progressive Mine Workers of America for losses sustained by company in Freebury during a 3-year strike.

When, said the court, labor unions, their officers and sympathizers "enter into a conspiracy to inflict violent injury upon an employer or upon his property or business, and in furtherance of the object of the conspiracy do, by violent and unlawful conduct, inflict injury upon the property or business or such employer," they are "each liable to respond in damages for such loss or injury so inflicted."

NEW HOMES

Based on population estimates for the next 15 years, experts figure that about 5,000,000 new homes will have to be built in the United States to care for new families.

Special thanks is due our good friend Charles Forberg for the handsome new heading on this column today. Doesn't the kettle gleam as the contents bubble?

We hope other friends will be generous, too—and send in happy suggestions for good meals. Regard this as your invitation to take part.

Mrs. Cecil Kellam contributed the following two recipes...perfection for a family luncheon during Lent.

CARROT LOAF

2 cups ground carrots.
2 eggs.
1 cup bread crumbs.
2 cups milk.
2 t. salt.
3 t. pepper.
4 t. shortening melted.
Mix all ingredients. Bake in buttered casserole in moderate oven, 350° for one hour.

CHOCOLATE FUDGE CAKE

2 squares chocolate.
2 tbs. hot water.
1 1/4 cups sugar.
1/2 cup shortening.
1 cup sour milk.
1 t. soda (scant).
1 egg.
2 cups flour.
Cream sugar, butter. Add melted chocolate and beaten egg. Add soda to sour milk and add alternately with flour. Bake for 350° oven about 1 hour. Frost loaf with fudge frosting.

Mrs. James Haffner's delectable rolls and a crisp green salad would be excellent with the rest, we think, don't you? Her recipe is as follows:

ICE BOX ROLLS

5 1/2 to 6 cups flour.
1 cup hot potatoes (strained).
1 cup hot milk.
2 eggs well beaten.
1 t. salt.
1/2 cup shortening.
1/2 cup sugar.
1 yeast cake dissolved in 1/2 cup warm water.

Start by beating eggs in the bowl; to which you add yeast, let the batter rise, add other ingredients, excepting shortening, withhold the flour. Beat this mixture thoroughly. Then add remaining half of flour. Let rise 3 hours. Roll out 1/4 in. thick. Cut with small cutter and make in 2 layers with butter between. Let rise 2 hours. May be kept in ice box before either rising.

For a "company breakfast," nothing could be nicer than corn meal waffles made in accordance with Mrs. Kellam's recipe:

CORN MEAL WAFFLES

1/2 cup corn meal.
2 cups water.
2 tbs. sugar.
1 t. salt.
1/2 cup milk.
4 t. shortening (melted).
8 t. eggs.

8 t. baking powder.
1 1/2 cups flour.

Boil water vigorously, sprinkle corn meal, stirring constantly. Cook until thickened. Add sugar, salt, milk and melted shortening. Cool. Add egg yolks. Well beaten and sifted flour mixed with baking powder. Beat well. Fold in stiffly beaten egg whites. Cook in hot waffle iron. Makes 6.

Mr. Prospect Church to Hold Anniversary Celebration Sunday

Members of the St. Paul Evangelical Lutheran congregation and neighborhood will be gathered at the church at 8th Avenue and Elm street, Mt. Prospect, at 10:30 a. m. and 3:00 p. m. Sunday, March 6, to celebrate the 25th anniversary of the church's dedication.

Twenty-five years ago on a winter day the first services were held in this church while a severe snow storm raged, causing trains to be delayed and delaying the arrival of the choir from Melrose Park, which was to render several selections at this dedicatory service.

Reverend J. E. A. Mueller, the home pastor, will address the assembly in the morning in the German language and Reverend E. Lams, president of the North Illinois district, Missouri synod, will speak in the afternoon in the English language.

Assembly Contest Based on Primary

Two of the six republican candidates from the state representative from the eighth senatorial district and one of the seven democratic candidates will be virtually elected at the primary election April 11.

With the republican senatorial committee from the district, composed of Lake, McHenry and DuPage counties, certifying two nominations and the democratic

committees at their meeting last Thursday asking for one, the three candidates receiving the highest number of primary votes will have no party opposition on the general election ballot in November.

Three representatives are to be elected. By the decisions of the senatorial committee, the representation will continue with the same balance of two republicans and one democrat.

Nominations at the primary will mean unopposed election unless independent candidates file after the major party primaries.

Republican candidates are Rep. Golden, Text, Romans 8-14, of Old Town; Rep. Kellam, of Woodstock, Victor F. Siegler of Spring Grove, Charles C. Kapschul of Deersfield and Harold D. Kelsey of Cuba.

For the democratic nomination the candidates are Rep. Thomas A. Bolger of McHenry, J. A. Jardine of North Chicago, Charles F. Hayes of Harvard, Thomas J. Keefe of Ingleside, Elmer Leonard of Antioch, and Edward T. Leonard of Lake Villa.

The February meeting of the Lake Zurich Community Woman's Club was in charge of the department of literature. Mrs. Grace Steward Van Buren, a dramatic critic and a member of "The Friends of the American Writers", gave brief reviews of four outstanding books of the year. Madeline Clark, by E. Curie, "Home Grown"; Dick T. Curie, "The Prodigious Parent"; Stephen Lewis, "How Down to Wood and Stone"; Josephine Lawrence.

Mrs. Van Buren stated that "Madame Curie", by Eve Curie, was considered by many to be the most valuable book of the year.

Hostess committee for the meeting was Mrs. H. O. Johnson, Mrs. O. Rockenbach, Mrs. A. Anderson and Mrs. Whitney Rockenbach.

Reading Circle:

Mrs. N. Coltrin was hostess to the reading circle on Friday. Mrs. J. L. Clemens reviewed "The Kitchen" by Della T. Series. This book is the first collection of her ruminations on the good things that graced the table of her Michigan farm home in the late Seventies. Her essays with their nostalgic charm, are helping to restore domestic cooking to the high estate from which it has fallen.

The Lake County Federation meeting was held Thursday at Zion. A large number of club members attended this meeting.

The Wauconda Woman's club will be hosted to the Lake Zurich Community Woman's club at its March meeting on Friday.

Dr. Philip Lewin will be the guest speaker at the March meeting. Dr. Lewin will talk on infantile paralysis. Guests will be welcome.

Bronchos Lose to Lake Forest Friday as Basketball Schedule Ends

Meet Maine Five in Regional Mix at Woodstock Gym

Locals Entered in Strong Tournament Opening This Evening

The Barrington high school cage teams dropped two basketball contests to the Lake Forest Scouts in the local gym Friday evening to wind up the conference schedule. The Bronchos failed to stop Joe Rose, high scorer, Lake Forest captain, who got his team off to a good start by dropping three field goals and a free throw in the first period. The local five had only one good quarter, rolling up 11 points before the final gun.

Rose started the scoring with a one-handed shot from the corner and Casselberry duplicated it shortly. Rose added two more field goals and a free throw while Moore and Manion each sank a free throw. The visitors led 6 to 0 at the end of the first period. The Bronchos first scoring was a free throw by Watson and a field goal by Shepard. Watson also made a field goal and Johnson a free throw while the visitors put up two-pointers through the hoop. The score at the half-way mark read 23 to 6. Watson and Collins did all the Barrington scoring in the second period, dropping three field goals and Watson adding a free throw. Scattered Lake Forest scoring accounted for 16 points during the second half. The scouts were on the long end of a 39 to 19 score at the final gun. Rose led scorers with 13 points. Watson was high point man for Barrington with 10 points and Bob Collins was runner-up with six counters.

Scout Lights Swamp Ponies

The Ponies got off to a slow start and let the Lake Forest Lights score 18 points the first quarter while they only accounted for two field goals. The second period was considerably better by the Ponies and the scoreboards at the half showed that the Ponies trailed, 22 to 15. The third and fourth quarters saw scattered scoring by both teams although the Ponies did have a slight edge on points. The final score was 45 to 33. The Ponies' season record was four wins and eleven defeats.

Broncos Enter Tournament

Tonight the Bronchos quintet will travel to Woodstock where they will meet Maine township high school of Des Plaines in the first round of the regional tournament. If the Bronchos beat Maine, Friday they will play the winner of the Crystal Lake-Dundee game which will also be played Thursday evening. Dundee is a strong favorite to win the state championship this year. Last year

they entered the state finals but were defeated.

In a game following the Lake Forest-Broncho contest, the Barrington Alumni defeated an Arlington Heights Lutheran team by a score of 48 to 25 Saturday.

Prominent Speaker
Will Address Bird Club Here Mar. 10

Alfred M. Bailey, director of the Colorado museum of natural history, will address members of the Barrington club at the Masonic hall on Cook Street Thursday evening, March 10. The meeting will start at 8:15 o'clock. Mr. Bailey will illustrate his lecture by showing some interesting and unusual colored pictures, among them being birds never before photographed in their natural color. He is an interesting and well-known lecturer.

Several new residences are being planned for the early spring. It was reported, and other indications show promise that the building trade will soon become active.

Village Building at Low Ebb for Second Month; Expect Gain

For the second successive month building activity in the village of Barrington was at a standstill. No permits were issued by Herman Garisch, building commissioner, for either January or February, and the number of building permits issued for the past several years revealed that the two months had not sustained any building since 1934, which was the last year in which permits were issued for those periods.

Several new residences are being planned for the early spring. It was reported, and other indications show promise that the building trade will soon become active.
