

Threaten Suit in Fight Over Lake County Tax Books

Possible Court Injunction;
Clerk Rust Alford Is
Criticized

Court action was threatened by members of the Lake county board of supervisors against Rust Alford, county clerk, this week over his action in giving taxing books out to township collectors.

It was intimated a court injunction might be sought, ordering the books returned. A loss of \$40,000 in tax money would result to the county due to the loss of the collectors' commissions, they charged.

An opinion was requested and received from Attorney General Otto Kerner on the move and he stated that an injunction would be required to bring the books back from the township collectors. Eleven books were turned over to the Waukegan collector before the deadline February 1 and four later to the same individual. Emil Schaefer, tax collector of Cuba township and George Krueger, collector of Elia township, received their books last week.

February 1 is the deadline set up as a final date for sending out the books for local collection. Clerk Alford charged that the books were sent out in 1934 after February 1 but nothing had been said then. He stated police had motivated charges brought out at the supervisors' meeting in Waukegan Monday.

Mr. Schaefer had planned to establish an office in the First National Bank of Barrington and set office hours for collections but that will be held pending for a week, awaiting the final outcome of the matter in Waukegan and the arrival of tax bills.

If an injunction is granted by the court to have the books returned, the local collector may be forced to change his plans. Prior to 1934 the books had not been sent out for several years, but in that year they were turned over to some collectors and not again until this year.

**H. D. Kelsey to Be
Honored at Party
Saturday, Mar. 19**

A dancing and card party at the Biltmore Country club Saturday, March 19, at which Harold D. Kelsey will be the honored guest, has been planned by the Cuba Town Republican club.

Mr. Kelsey, who has served as supervisor for ten years, is now a candidate for state representative to succeed Richard J. Lyons, who is republican candidate for United States senator. The party will show that the town organization is solidly behind Kelsey.

Rudy Berg is general chairman of the committee sponsoring the party. The floor committee includes Joe Welch, Henry Welas, and Charles Miller. The entertainment committee includes Harry Weaver, William Grechew, refreshment committee, T. E. Davis, Leslie Niemeler and Ed Langendorf, reception committee, John Daeschler, Rudy Berg, Lloyd Graham and Earl Hatje.

Candidates for county and district offices will be introduced to the guests, but no political speeches will be given. There will be door prizes.

Appoints Committee to Improve Business Section Near Tracks

Trustees Berg, Carroll and Daeschler were appointed by Earl Hatje, village president, Monday night to serve on a committee in planning improvements in the business district around the C.&N.W. railroad tracks. Mr. Carroll said suggested that the street running alongside the tracks from Main street to Hough street could be paved and made into a one-way street.

If this were done, he said, additional parking space could be available and the village board would be in a position to ask property owners along that section to improve the rear of their buildings. Mr. Carroll stated that passengers on railroad trains gain a wrong impression of the village when they view the unattractive buildings from the rear.

The committee appointed by Mr. Hatje is to confer with railroad officials and property owners and will report back on any solution reached.

Jr. Woman's Club to Hear Lecture by Rev. H. L. Eagle

The Junior Woman's club will meet at the public library Tuesday, March 15, at 8 p. m. Rev. H. L. Eagle will be guest speaker. He will discuss modern American composers and musicians. Photographs of music by the artists whose lives he will describe will be played during the program.

State Music and Art Chairman Will Address P.-T. A. Meeting

Mrs. J. W. Heyman, state music and art chairman of the Parent-Teacher Association, will discuss "Developing Character in the Art of Music" when she addresses the local association's meeting March 15.

Mrs. Heyman is well fitted to deal with the subject, having been head of the piano department of Bethany college, Topeka, Kansas, conducting a rhythm school for pre-school children and directing choruses. She taught piano and organ in New York City and the middle west. Mrs. Heyman studied under Rudolph Reuter of Chicago, Stanley Martin of North-western and Dr. Clarence Dickinson of New York.

The meeting will be held in the public school auditorium and will begin at 8 o'clock. The program will include music by the high school orchestra and there will be an art exhibit under the supervision of L. T. Smiley. A board meeting will be held at 7:30.

The first meeting of the "Parliamentary Procedure" class was held Thursday afternoon, March 3, at 1:30. Mrs. B. H. Jarvis of Arlington Heights, council president, is conducting these classes each Thursday afternoon during the month of March at the public library.

A questionnaire was sent to the parents of all school children regarding the program for the coming year. Those who have not checked and returned their questionnaire, are requested to do so at once, officers reported.

13 Contractors at Landis Award Assn. Meeting Wednesday

Thirteen contractors, both general and trade contractors, were present at an organization meeting of the Landis Award Employees' association, at the council rooms of the village hall Wednesday night. G. A. Hanson represented the association and addressed the meeting.

Organization of contractors in Barrington and in other communities in the Chicago area is being advanced by the Landis Award group in direct opposition to activities of organized labor unions. The association differs in that contractors are members of the association and employees are granted cards without an initiation or dues charge. Labor unions operate in exactly the opposite manner, the worker being organized and paying dues.

Sentiment expressed at the meeting Wednesday night indicated most local contractors present were opposed to union activities. Locally, the matter took applications for consideration for joining. Mr. Hanson stated that he expected an active campaign would be started by labor unions in this community this summer to organize men in the building trades.

A number of contractors at Palatine have joined the association and organization is being advanced for Arlington Heights and Des Plaines this week. It was revealed during the discussion.

German Band Wins Amateur Contest at Palatine Theatre

The German band, composed of five local school pupils, Robert Plagge, Paul Pohlman, Reuben Kutzner, William Grant Shibley, and Melners, won first place in an amateur contest conducted at the Pal theatre in Palatine Sunday.

H. Kelsey Favors Reduction of State Auto License Fees

Local Candidate for Illinois
Assembly Urges Saving
for Motorists

Pointing out that the Illinois motorists poured about \$50,000,000 into the state treasury last year, Harold D. Kelsey, candidate for state representative in the eighth district, stated today that he intends to push a bill for the relief of motorists in the next session of the general assembly if elected.

Kelsey is inclined to favor a flat rate of \$5.00 for a license fee and

Mr. Hatje appointed Trustees Carroll and Blanke to cooperate with R. F. Kocher Sr., chairman of the water committee, in contacting officials of the works progress administration.

Filing for Precinct Committeemen Posts Draws Large Slate

The campaign for precinct committeemen offices in Lake county drew a total of 275 candidates for filing Thursday. Of the number 125 are republicans and 150 are democrats, according to the filing Thursday.

Candidates in the order of their filing for the republican nomination in Cuba and nearby precincts are: Rudolph Borge, Cuba precinct, Arthur H. Froehlich, Elia, Raymond R. Daley, Waukegan, John G. Wirtz, Fremont, Charles J. Henschberger, and William F. Gerbert, Vernon.

Candidates in the order of their filing for the democratic nomination in this vicinity are as follows: Vernon J. Gallagher, John J. Treestik and Cornelius Snyder, Cuba; Ferguson Harkness, Elia; Peter Wegener, Mike Harvey and Ralph L. Whitman, Waukegan; Leo A. Dumire, and Alvin Hargrove, Fremont; Leo P. Blocks and Frank Steger, Vernon.

A G. Gieske, republican committeeman of Barrington township, will be unopposed in the April primaries, a check of the records revealing that no other candidate has filed for the post.

His file was unopposed in the April primaries, a check of the records revealing that no other candidate has filed for the post. Mr. Kelsey stated that a three-corner race is in progress with R. F. Kocher Sr., Kenneth Scherf and John Hilsenborg all having filed. The office is being left vacant this year by the decision of H. R. Brintlinger, present committeeman who decided he would not be a candidate for re-election.

Unusual Accident Nearly Costs Life of Farmer Sunday

Arthur Ellis, 52 years old, who lives on Rand road north of Lake Zurich, was severely injured Sunday afternoon in an unusual accident which occurred in the barn on his farm. Ellis was trimming a horse's hoof when the animal moved, causing the trimming knife to cut his left arm, severing the blood vessel.

Mr. Ellis suffered the loss of considerable blood from the cut before medical aid reached him. He was rushed to the Sherman hospital in Elgin by ambulance. Although close to death through the loss of blood, his condition was improving satisfactorily, it was reported.

Proposes Project to Improve Water System in Village

Construction of Reservoir and
Aerator Outlined Monday
Night

Improvement of the village's water system by a WPA project was suggested at the village board meeting Monday. D. B. Maloney, village attorney, first stated that some minor work in the village could be taken care of and that a work project might be the solution.

During the discussion Earl Hatje, village president, pointed out that it might be possible to have something drafted for the construction of a second water reservoir and aerating system. Plans for the work are already approved by the engineers and were sent to Springfield to the state sanitary work board, where they were accepted. The plans were drawn sometime ago but a relief project was not considered then.

The cost of the project would not exceed a present fund set up for the construction of the work. John H. Blanke, trustee, explained. The proposed reservoir could be erected along side the other at the rear of the village hall.

The aerating system has long been a favored plan of the trustees. It was first discussed as a solution to removing odors from the water mains by first aerating the supply before it entered the pipes.

Mr. Hatje appointed Trustees Carroll and Blanke to cooperate with R. F. Kocher Sr., chairman of the water committee, in contacting officials of the works progress administration.

Village Vehicle Tag Sale Not Increased; Arrests in Prospect

Despite the precautionary warning last week by E. W. Haade, chief of police, local motorists have been slow in purchasing the required village vehicle tags, a check of the records Wednesday revealed. The deadline has been set for March 15.

Since the first check was made last week only 52 pleasure car licenses have been purchased, the number increasing from 450 to 510. Owners of trucks in the village have been equally slow in making the necessary purchase. Only eight tags were bought since last Wednesday, making the total 97.

Normally the number of pleasure car tags sold in the village is close to the 800 mark. Chief Blanke stated last week that persons failing to purchase the required license by March 15 are subject to arrest and a fine.

Lions Will Donate \$993 for Charity, Civic Betterment

Club Approves Fall Festival
Committee Plan for Distribution

Civic projects and charitable institutions will benefit from the Lions fall festival, as ordered by the club Monday evening.

The club voted to donate \$50 to the tree planting campaign started by the Village Garden club \$15 to the Good Samaritan Eye association for training dogs to guide blind persons, \$25 for purchase of effective traffic signs to be erected near the school buildings and \$5 to go into the Hadley School for the Blind fund. The balance of \$993 will go into a community project to be sponsored by the Lions club sign last date.

This distribution was recommended by the fall festival committee, of which M. H. Schreiber is chairman, and approved by the club.

A survey showing the tax receipts and expenditures for lighting service in the village of Barrington and Jewel Park was presented by members of the board of trustees at the meeting Monday night. Fred Fleming had appeared before the group upon the request of a C. C. Burnard, village clerk, to discuss lighting in Jewel Park.

During the discussion the matter of tax receipts for lighting purposes was brought up and the tax survey was ordered. The board proposed to remove lighting fixtures from 15 light standards in Jewel Park and Mr. Fleming requested that the matter be tabled. Last year, village records show, approximately \$100 was spent to replace light bulbs and globes in the ornamental lights in Jewel Park due to breakage. In proposing to remove the glass fixtures, trustees sought to save that expense.

U. S. Highway 12 Is Re-Routed Through Zurich-Waukegon

Traffic Swung Over to Route
60 (Rand Road) to Help
Reduce Accidents

Re-routing of route U. S. 12 has been completed by the state highway department of traffic engineering, according to maps released last week. The new route between Chicago and Lake Geneva has been routed along what was formerly known as route 60 (Rand road). The route through Barrington between Chicago and Madison, Wis., is now U. S. 14 (North-west highway).

H. H. Harrison, state traffic engineer, recently reported his department is seeking a method to reduce traffic over the present route through Barrington and minimize traffic accidents at the intersection of the routes near Crystal Lake.

The new plan, apparently will help, as route 12 extends straight through from Chicago to Madison, Wis., by way of Harvard; while traffic from St. Paul and Minneapolis through Madison to Chicago will go through the Fox Lake region and by way of Waukegon and Lake Zurich. Route 14 was formerly located on Higgins road, joined route 31 at Dundee, continued along north to the intersection near Crystal Lake, and then turned west.

Routing of U. S. 12 over Rand road brought out another problem. That route is widened to four lanes in a short distance of Lake Zurich. The widening and plans call for a new route to swing around the village and lake to the west.

In response to a letter addressed to him by the Barrington Board of C. H. Apple, district engineer at Elgin, wrote as follows: "Concerning the eventual completion of the widening of the road."

"In regard to the proposed construction around the west side of Lake Zurich on S. B. 100, I speak in favor of the plan. It has been set for the receiving of bids of this work. This relocation is for the greater part of its length on new right of way which has not yet been acquired, and of course bids cannot be taken until this right of way is acquired. It is always very much of a guess to give an opinion as to when right of way matters may be cleared up, so I am not able to give you any information concerning when this relocation will be accomplished."

Questions concerning the advisability of installing stop and go lights at the intersection of route 33 (Hough street) and route 14 at the north village limits, Mr. Apple answered as follows:

"In regard to the advisability of the installation of 'stop and go' lights at the intersection of U. S. 12 and route 14, I am unable to inform you that the state traffic code specifies a minimum requirements of the volume of traffic on intersecting routes before such an installation is warranted. I am unable to inform you that the state traffic code specifies a minimum requirements of the volume of traffic on intersecting routes before such an installation is warranted. It is my opinion, however, that an agreement of such signals is not advisable under present traffic conditions."

Request Tax Survey on Lighting Service

A survey showing the tax receipts and expenditures for lighting service in the village of Barrington and Jewel Park was presented by members of the board of trustees at the meeting Monday night. Fred Fleming had appeared before the group upon the request of a C. C. Burnard, village clerk, to discuss lighting in Jewel Park.

Sea Scout Ship to Be Given Charter

Sea scout ship No. 100 of Barrington will hold a charter presentation program at the public school auditorium March 17 at 8 o'clock. Donald E. Kyger, Northwest Scout council chief of scouting, will make the presentation of the charter, the first to be awarded to a ship in the council.

Clayton N. Watkins, chairman of the ship committee, and representative of Jewel Tea Co., sponsors of the sea scouts, will also give a short talk. The sea scout ship will be set up in the gymnasium and a business meeting conducted from there. It was reported.

A display of nautical equipment and models of ships constructed by troop members is also planned. There are 18 members enrolled in the ship. Additional committee members are E. J. Harris and John Weber.

William Blanche, skipper of the sea scout ship has invited the public to be present.

Baseball Club Meeting

There will be a meeting of the Barrington baseball club at the Good Housekeeping shop, 240 E. Main street, Friday evening, William Behringer, president, stated Wednesday.

Lengthy Discussion Centers on Payment of Final Davy Bill

A lengthy discussion preceded the payment of the A. W. Davy final contract bill of \$575 at the board of trustees Monday night. Trustee Blanke opposed payment of the bill in full and voted no when the motion was made by Trustee Kocher and seconded by Trustee Carroll that the amount be paid.

The discussion centered around the amount of extra work done by Mr. Davy outside of the scope of his contract according to an agreement made with the trustees. Mr. Blanke contended that there was a discrepancy in the amount of earth fill work in Northside Park claimed done. A check of the area covered was made by the trustees before voting payment. The bill had been up for several weeks.

Receive School Material

The first shipment of materials to be used in the WPA school addition project was received Tuesday. The materials included books, school supplies, and other items. The shipment was received from the state highway department.

Order Project Materials

According to information received by Village Clerk A. C. Burand, the A. A. Electric Co. of Cicero has ordered the required materials for the installation of the stop and go lights at the intersection of Main and Hough streets. As soon as the items are received, work will be started, it was reported.

A NEW BATH FOR BABY? ... NO! It's An Electric Washer With A New Principle

Although the inventor does state that this washer was made to wash clothes, not babies, it is still possible to place a baby in the tub, fill the washer with water, set the machine in full operation and then let the youngster splash around in it to his heart's content. It would be all fun, no discomfort and above all else, safe, as there are no moving parts in the washing compartment. The illustration merely explains how easy this new washing principle is on clothes.

No Agitator! The necessity for an agitator is done away with, just as the self-starter did away with cranking cars. Soap and water alone do the work. An aluminum pump (which does not come in contact with the clothes in any way) maintains a continuous circulation of hot water at high velocity.

The surging, swift water pushes through the fabric, taking the dirt with it to the bottom of the tub. The clothes are alternately opened up and squeezed together in the turbulent water—no too much, not too little, just enough—to insure the finest type of washing. While the action is the most gentle known, the clothes come out absolutely clean—soft and fluffy—practically like new material. Wear is reduced to the very minimum.

"Rosalie," Musical Comedy Hit, Coming to Catlow Theatre

Eleanor Powell and Nelson Eddy Star in Feature Opening Sunday

Benny Goodman, born in Chicago, first played clarinet in boy's band of a synagogue when only 9... was eighth child among eleven, son of a poor tailor earning \$20 a week... played in pickup bands around Chicago streets with clarinet bought from errand-running money... first regular job with famed Dixie Belcherbe on a Chicago river excursion boat, then at Green Mill night spot... formed first individual band in 1931, worked in spot musically... in 1934 first got on air for big biscuit company... moved upward constantly after that... is now 27, unmarried, 6 feet tall, dark-haired, getting rich swiftly, allowing sister to manage finances... is the current idol of the college trade of American... present picture, "Hollywood Hotel," now at the Catlow theatre.

Victor Moore, who plays the role of grandfather in "Make Way for Tomorrow," a story of American life which comes to the Catlow Saturday is a veteran of many years. In the sympathetic role of head of a large family of middle-aged children and modern life-loving grandchildren, Moore enacts one of the most powerful roles of a career which began over forty years ago.

"Rosalie," which co-stars Nelson Eddy and Eleanor Powell, and opens at the Catlow Sunday for a two day run, is described as the most lavish musical in the annals of motion pictures.

With Miss Powell and Eddy are seen such favorites as Frank Morgan, Edna May Oliver, Ray Bolger, the new European singing sensation Ilona Massey, Billy Gilbert, Reginald Owen and dozens of others.

The story concerns the love and adventures of a West Pointer who follows his girl to Europe only to discover she's a princess. A thrilling series of events bring them together again.

A kids' prize-fight scene is one of the comedy highlights in "Love Is on the Air," featuring Ronald Reagan and June Travis. It comes to the Catlow Tuesday.

Playing the double feature bill Tuesday with "Love Is on the Air," is "Hawaiian Buckaroo," starring Smith Ballew.

Mr. and Mrs. H. B. Ryan left Tuesday for Palm Beach, Fla.

H. C. Cheney has returned from a business trip to Atlantic City, New Jersey.

Mr. and Mrs. Daniel Woodhead Jr. arrived home Friday from a vacation spent in Bradenton, Fla.

Mrs. Woodhead Jr. returned Thursday from a visit with her parents in Poughkeepsie, N. Y.

Mrs. Schuyler Thurber gave a luncheon bridge Wednesday.

Mr. and Mrs. H. C. Cheney are leaving Saturday for Florida. They plan to see the John McCauleys in Fort Lauderdale, the Van Hagens at Pass-A-Grille and the H. Stillson Haris in Palm Beach.

On College Honor Roll

Miss Mildred Skinner, daughter of Mr. and Mrs. William Skinner, 225 W. Lake street, has been honored at MacMurray college, Jacksonville, Ill., where she is a junior. Her name appeared on the first semester honor roll issued from the dean's office.

An appetizing and novel luncheon including "Soup Supreme," home-made whole wheat sticks, a combination fresh fruit salad, coffee and little cakes is suggested today by Mrs. Lester Higgins.

The following recipes are among Mrs. Higgins' favorites:

WHOLE WHEAT STICKS

1 cake yeast dissolved in ¼ cup lukewarm water.
1 ½ cups milk.
3 tb. shortening.
¼ t. salt.

1 lb. sugar.
1 egg.
1 ½ cups whole wheat flour.
1 cup rye flour.
2 cups white flour.

Scald milk. Add Shortening, sugar, salt. When lukewarm add yeast, egg, whole wheat, rye and half of white flour. Let rise until doubled in size. Knead 15 minutes, adding rest of flour. Roll mixture, cut in strips about ¼ in. wide, 2 inches long. Roll into size of lead pencil. Bake in 350° oven about ¼ hr. Should be dry and crisp. May be made ahead and heated just before serving.

SOUP SUPREME
1 large carrot, shredded.
1 large potato.
Cook together. Put through ricer.

Add 2 cans cream of mushroom soup.
1 pt. milk.
Minced parsley.
Paprika.
Onion juice.

Just before serving, stir in 1 egg well beaten.

Little cakes can be made easily, quickly and economically with the subsequent recipe. They are delicious topped with a simple icing made of confectionary sugar, butter, salt and cream to which a bit of lemon juice is added.

LITTLE CAKES
4 eggs.
2 cups sugar.
¼ t. salt.
Vanilla.
2 cups sour cream.
2 t. soda.

Orchestra and Band Fund Statement Is Compiled for Year

R. E. Willmering, registrar and chairman of the American Legion Youth and Citizenship committees, has compiled an annual report showing the expenditures and receipts from the fund raised for the Barrington school and orchestra.

During the period of January 31, 1937 to February 21, 1938, the school band received payments of \$96.50. They included: Barrington L.O.O.F., \$25; Heartel Monument Co., \$4; Lake Zurich fire department, \$7.50; Woman's Relief Corps, \$50; Barrington post, American Legion, \$10.

The school orchestra fund during that period received \$206 from public and private contributions. They included: Catlow theatre concert, \$20; M. C. Beyer, \$10; W. E. Wolf, \$10; George E. Van Hagen, \$20; Kenneth G. Smith, \$25; E. W. Wolf, \$10; Robert W. Wolf, \$10; F. C. Fleming, \$10; G. Henneberry, \$10; Colonel John Roberts, \$25; O. S. Caesar, \$10; L. M. Hansen, \$5; M. H. Karker, \$10; Frank Hecht, \$5; Mrs. E. H. Wilder, \$5; J. R. Cardwell, \$5; J. M. Friedlander, \$10; W. U. Bardwell, \$1.

Expenses incurred by the orchestra and paid from the fund included \$150.00 for the trip to Columbus, Ohio, last year, \$3.20 for mailing and stamps, and \$186 for the purchase of an E-flat Sousaphone. No funds were left in the orchestra account following the above mentioned expenditures. Mr. Willmering's report showed:

There is a balance of \$4.99 in the band fund after purchase of an E-flat baritone and case, 36 reeds, 77 hand books, 36 copies of pieces of music, 45 sheets of music and

numerous other small incidental items.

THE NON-TAXPAYER IS NON-EXISTENT

Residents of northern California have been given a 9 per cent reduction in natural gas rates, which will total a saving of \$2,000,000 a year. Commenting on this, the San Francisco Chronicle makes a telling observation:

"If it were not for certain increased taxes on the gas companies . . . the saving could have been \$1,000,000 more."

"This particular illustration is important merely because it happens to be publicly and officially certified. Practically, the consumers of gas are so numerous that this particular tax passed on to them will amount to very little on any individual bill. But the point is that it is passed on, and that in the case of a public utility the laws of the state require it to be passed on. In other cases the even more immutable laws of economics pass it on. So every consumer of gas or electricity is a taxpayer, even if he never sees a tax collector or personally signs a tax check."

"We are all taxpayers. What some of us lack is tax consciousness. We think the man who signs the checks pays the tax, and that it makes no difference to the 'non-taxpayer' how high the taxes are. If this 'non-taxpayer' realized that he paid those taxes himself, he might care."

Half the cost of cigarettes, more than half the cost of liquor, a large part of the cost of food, shelter, fuel, clothing and everything else—this is the tribute inexorably demanded by the tax collector. His unseen shadow falls over every commercial transaction, whether it involves a nickel or a million dollars. And you, the consumer, the eater of food, and the wearer of clothing, eventually pay the bill, and in full. No one, unless it be a hermit who never leaves his cave in a remote hill, is a "non-taxpayer."

NO HOLIDAY FOR DEATH

Last year accidental deaths in the United States declined 4 per cent from 1936. But there's nothing in that to cause us to throw out our chests—nature, not man, was the cause of the drop. The mild, cool summer, according to the national safety council, was responsible for almost all of the decline, inasmuch as heat deaths were 4500 below normal.

In fields where man is the governing factor, the death and injury total, with the exception of home accidents, continued to rise. The greatest killer of all time, the automobile, claimed 4 per cent more victims than it did in 1936, for a total of 89,700. Occupational deaths claimed 6 per cent, to 19,000. The grand total of deaths from all accidental causes was 106,000—about 375,000 persons permanently injured and 9,400,000, 8 per cent of the whole population, temporarily injured. The direct cost of these accidents is estimated to have reached the staggering total of \$3,700,000,000.

There is 1937's accident record, expressed in cold figures. It is bad enough looked at that way. It is infinitely worse if you regard it in terms of human values—mutilated bodies, widowed mothers, orphaned children, blinded and crippled individuals, gore and carnage. And perhaps the most sombre reflection of all is that 90 per cent of the accidents were in all probability easily preventable—somebody was careless, somebody was ignorant, somebody took a chance, and there was no holiday for death.

"BIG BUSINESS"

"Big business" in America made the following figures possible. The figures show the number of automobiles owned per 100 persons in the following countries:

Twenty-two in the United States; eleven in Canada; five in France; two in Germany and one in Italy.

Americans own and operate 70 per cent of the automobiles in the world. More than half of the American families that own automobiles have an income of only \$1500 or less.

And speaking of incomes, the average worker's income in America is \$1275; the average British worker earns \$783 per year; the German worker has an annual income of only \$718; the Italian gets only \$239.

That is the difference in living conditions under a democracy and under a dictatorship and the difference between free private enterprise and complete government control of business.—From the New York Daily Mirror.

TIME FOR ALIBIS PAST

Congress can no longer think up workable alibis if it refuses to repeal or drastically amend the undistributed profits and capital gains taxes.

Scores of leading economists and newspapers have gone on record as saying that these taxes are largely responsible for the business slump. The large businesses of the country are solidly aligned against the taxes. And now it is apparent that small business has taken a similar position. At the recent meeting of representative "little business men" in Washington, these two taxes came in for almost unanimous criticism.

TOMORROW'S FARMER

Present-day farm youth has opportunities that were unknown to its forefathers.

The remarkable development of the 4-H clubs has made it possible for tens of thousands of young men and women to learn scientific agriculture, and to earn generous rewards for work well done.

The full "crop" sown by this fine work will be harvested in the years to come.

WHAT'S GOING ON WASHINGTON

(Courtesy The United States News)

"The old Ship of State is on the same course." In those words, spoken casually and with a smile, President Roosevelt gave the country notice on the fifth anniversary of his inauguration to expect in the future the sort of "piloting" he has given since 1933.

Again he spoke of objectives, drawing careful distinction between them and policies or methods. He repeatedly warned the chance to use nautical terms. Perhaps more frankly than before he envisioned himself as taking from left to right and from right to left, not following an unwavering line any more than does a sailboat.

A year ago, he said, many people feared the government objectives toward stabilization of price levels or values would be threatened by inflation. Therefore, the helm of the ship was shifted to prevent it from leaving the course because of fluctuation of the winds.

A little later, he continued, the winds changed again and deflation loomed. So another shift.

The president contended many people unjustifiably see a shift of fundamental policy that is not true in fact when he turns to "starboard," for example. Too many people don't see the big things, in his opinion, but only the one of immediate moment.

His extemporaneous discourse fitted in with a previous action, when he made public a letter to him from Secretary Root criticizing "little business" men who had written to Washington.

"These business men," he said, "require more definite study of methods of coordinating their views into national visions of the importance of conditions and also a more definite knowledge of operations and responsibilities of government as related to them."

The theme has become a favorite one with Mr. Roosevelt. He tells of asking many business leaders what they would do about the share cropper; and says that the invariable answer has been that they never thought of it. Whereupon he reminds that some 15,000,000, or 20,000,000 Americans, live as sharecroppers, lack purchasing power. His broadcast announced objective is to give it to them.

It is represented in national income of \$100,000,000,000 or more a year. Since the income rose from \$45,000,000,000 in 1933 to \$68,000,000,000 in 1937, the president says the country has come a long way. He expresses confidence it will go further.

There the difficulties come in, difficulties about where he did not speak on the annual message.

The national income so far this year is hundreds of millions below the monthly average last year. Relief rolls are increasing. And, although officials do not talk about it publicly, the "pilot" is receiving much conflicting advice from his subordinates about whether to shift more to the left or right at just this time.

An admirer of Dr. Arthur E. Morgan, chairman of the Tennessee Valley Authority, describes him as a man who would sit in a room full of talking people without saying a word.

Disagreements existed between him and a two other members of the TVA board, Harcourt A. Morgan and David E. Lillenthal, for months before the chairman gave any public sign. Differing with them on power policy and other questions, he contented himself with trying to resolve the situation over the conference table. Then he gave up.

Of late, Dr. Morgan has been speaking out emphatically. His colleagues had less to say, but now they, too, have laid their case before the public with the implied suggestion that he either should co-operate with their decisions or resign.

The dispute, as explained by Chairman Morgan, originated in his desire to fulfill the purposes of the TVA act by amicable negotiation with private utilities for purchase of their facilities in areas to be served. He wanted to avoid "the enormous waste and great bitterness which results from conflict," and not to have duplication of facilities by the government.

The other board members favored aggressive tactics, he said, and denied charges that he was "subservient" to private utilities and hostile to the act. Two issues arose from power have thrust the dispute more into the open. A group headed by Senator Berry (Dem.), of Tenn., sought damages from government for the flooding of property in the Norris dam area that they said contained valuable marble deposits. A federal commission ruled the claim worthless.

Thereupon Dr. Morgan said his colleagues, without consulting him, had agreed with Mr. Berry last year to decide what damages were due, and only intervention by him saved the government from being defrauded.

Bronchos Dropped From Regional Tournament by Maine 26 to 24

Dundee Five Wins Meet by Defeating Elgin in Finals

Locals Close Season With Mediocre Record for Conference Race

The Dundee community high school came out on top in the regional tournament at Woodstock last week-end by defeating Crystal Lake, 59 to 32, Maine, 36 to 26, and finally Elgin by the close score of 22 to 21. Dundee beat Elgin on a field goal with five seconds remaining of play.

In the first round Thursday evening the Barrington Bronchos failed to halt a rally and dropped a contest to Maine township high school of Des Plaines. Neither team did much scoring in the first half and the score at the halfway mark was 9 to 9 in favor of Maine. The Bronks came into the third period with renewed strength and dropped five field goals and three free shots through the hoop and held their opponents to only seven points. After Rice fouled out early in the final period Maine turned on the heat and, with Katie scoring four field goals and Capt. Schutte making two charity shots, tied up and finally accounted for the winning basket with two minutes remaining to play. The Bronks attempted several wild shots in the last two minutes but failed to hit the hoop. The final score read 26 to 24.

Rice was high scorer for the locals with 9 points and Katie, who scored all of his points in the last and deciding quarter, led Maine with 8 points. Frequent fouling accounted for 36 fouls during the game. Barrington made good 12 out of 33 free throws and Maine dropped 10 out of 19.

In the second game Dundee, led by Chris Hansen and Don Blanken, swamped the Crystal Lake Tigers, 59 to 22. Victorious Dundee and runner-up Elgin will move on to the sectional tournaments. Dundee is slated to meet Earlville at Joliet and Elgin will clash with a strong team from York high school of Elmhurst at Maywood.

Broncho Tracksters Begin Training Work

Coach Paul E. Clark of the local high school announced the opening of the track season last week and workouts have already started. The locals look forward to a very promising season.

Seven lettermen are among the 35 boys who signed up for track. They are: Mountain, Jatin, McLaughlin, mile; Rice, pole vault and hurdles; Saul, high jump; Mitchell, half mile; Nestlerode, dashes and hurdles; Kampert, pole vault and hurdles.

Other promising thinny clads include Shepard in the quarter mile, Wely in the dashes, Herren in the dashes and the broad jump, Meyers in the dashes and the broad jump, Skinner in the half mile, and Collins and Church in the javelin. The season schedule for the Bronchos has not as yet been made out.

Interclass Tournament

The interclass basketball tournament at the local high school opened Wednesday and the finals will be played Friday. On Wednesday the seniors met with the freshmen and the juniors engaged the sophomores. Winners and the losers will play Friday in the finals.

Local Music Pupils Appear at Recital in Chicago Sunday

Patricia Pearson and Audrey Anderson of Barrington made their public debut at a recital of music pupils of the Chapek Music school, 2350 Broadway, Chicago, Sunday afternoon at 3 o'clock. W. R. Chapek, who resides in Bloomington, conducted the recital.

Miss Pearson played the piano selection, "A Rustic Dance," by Le Couper, and Miss Anderson gave the piano number, "The Little Navajo," by Litoff. The recital also included piano and violin selections, solos and duets. Works from the masters, Beethoven, Vivaldi-Nachos, Brahms, Grieg, MacDowell, Tchaikowsky, Chopin and Kreisler, were given.

Dismiss Complaint Against Young Man Held for Assault
A complaint as assault with intent to commit murder and larceny filed against Frank Nank of Chicago in connection with the disappearance of 171, two revolvers, a wrist watch and a car from the Tony Hand cottage at Fox River Grove a short time ago, was dismissed by Judge Charles F. Hayes at Woodstock last Thursday following a hearing on the complaint. Hand is Nank's uncle.

The complaint was filed by Joseph Pfeiffer, caretaker at the Hand cottage. On the witness stand, Nank told of taking the car in question and going to Chicago, but stated that he did so after he had been assaulted by Hand in the Hand tavern in Algonquin. He said after the fight Hand and Pfeiffer took him from the tavern to the Hand cottage where he was in an unconscious condition for some time. Medical treatment was refused him, he alleged, and when

he revived sufficiently, he took the car and drove to Chicago for treatment.

Nank denied firing any shots at Pfeiffer as charged in the complaint and also of taking 171 from the Hand cottage. He did take the revolvers as a protection against another assault, he admitted.

Due to the confliction of the parties' stories, State's Attorney William M. Carroll of McHenry county and Judge Hayes came to the conclusion that the situation was a family matter and dismissed the complaint against Nank and also quashed the warrant. Nank, who had been held in the county jail under \$10,000 bond, was released following the hearing.

Girl Scout Notes

With the 25th anniversary of girl scouting in the United States coming to a close, it is especially gratifying to know that this anniversary year has proved to be the most successful one for the girl scouts of Barrington. Within this past year our girl scout membership has increased from 20 to 50 girls. Our registered leaders have gained from one to five, and beat of all is the fact that more and more girls are realizing the advantages and opportunities offered by this international organization, and their cooperation and interest has been outstanding.

The following women have been elected to serve on the Barrington girl scout council for 1938:
Mrs. Edwin J. Parker, commissioner; Mrs. Dowell Durbin, deputy commissioner and personnel chairman; Mrs. Paul Trier, secretary-treasurer; Mrs. Sheldon Clark, publicity chairman; Mrs. George F. Rutledge, badges and awards chairman.

The associate members are: Mrs. Gordon Cameron, Mrs. John Bell, Mrs. O. N. Bockelman, Mrs. John N. Plagge, Mrs. Lester Higgins.

—Publicity Chairman.

Garden Club Decides to Assist in Lincoln Memorial Park Plan

Members of the executive board of the Garden Club of Barrington met at the home of Mrs. Robert W. Work recently to discuss several important items of business. The most important matter was the decision of the group to take part in the planning program of the Lincoln Memorial park at Springfield.

The Garden Club of Barrington has undertaken to cooperate with other clubs in arranging the grounds, which adjoin a lake with a 52-mile shoreline. In the space

assigned to the local group, species of nut trees will be planted, it was decided.
Lincoln Memorial park contains 60 acres of ground and the garden clubs participating were assigned a certain portion to beautify. In addition to planting trees a circular stone bench 30 feet in diameter is also to be constructed. The work is to start immediately in the Garden Club of Barrington section. Jens Jensen, formerly of Denmark and designer of the Edsel Ford gardens at Detroit, will superintend the planting work. He is to have charge of the entire grounds during the project.
Lincoln Memorial park is five miles southeast of Springfield.

Mrs. J. Schwemm to Address Garden Club in E. Sproul Home

Mrs. John Schwemm will be the speaker at the regular meeting of the VHS Garden Club of Barrington at the home of Mrs. E. B. Sproul, 536 Summit street, Monday, March 14, starting at 2 o'clock.
Mrs. Schwemm will speak on "Wild Flowers." Roll call will be "Birds You Have Seen in Your Garden." Mrs. Sproul will be assisted by Mrs. L. F. O'Neill.

Attend Cook County Auxiliary Council

Mrs. John Frye, Mrs. W. H. Blood, and Mrs. George Whitcomb of Barrington attended the Cook county Auxiliary council meeting at the Hotel LaSalle in Chicago Friday.
Mrs. Frye is president of the local auxiliary, Mrs. Whitcomb is chairman of child welfare, and Mrs. Blood is serving as legislative chairman.

Heads Alumni Group
W. B. Burkman, 419 E. Hillside avenue, was elected president of the North Dakota university alumni association at a banquet in Chicago Saturday evening.
"Grammar is a fine thing," said Uncle Eben, "but dar' aln' no kind o' language dat trouble can't learn to talk."

Local Brevities

Robert Muir, 210 E. Liberty street, has returned home from the Passavant hospital, Chicago, where he was a medical patient for four weeks. He is gaining in health and is able to be out for a while each day. It was reported.

Mrs. Harry Landwer of Riverside, Calif. is a surgical patient at the Riverside Community hospital where she underwent a major operation March 2. Mrs. Landwer is making a satisfactory recovery. It is reported. The Landwers are former residents of Barrington.

Arlene Wirsing, small daughter of Mr. and Mrs. A. Wirsing, 650 S. Hough street, has returned from the Sherman hospital where she had her tonsils and adenoids removed last week. Arlene will be confined to bed for some time while she is regaining her strength.

Mrs. L. T. Smiley, 217 Applebee street, is a medical patient at the Sherman hospital, Elgin. Mrs. Grace Barker has come from Wallingford, Conn., to be with the Smiley family again.

Mr. and Mrs. Charles McCray and three daughters have returned to Barrington after spending a year and a half at Fayetteville, Ark., where Mr. and Mrs. McCray attended law school. The McCrays are now living on West Russell street.

Friends in Barrington have received word of the serious illness of A. R. Virden at Los Gatos, Calif. The Virdens were formerly residents of Barrington.

Dr. W. A. Fanning Talks to Camp Fire Girls and Scouts

"Good teeth are a necessity," Dr. W. A. Fanning told camp fire girls and girl scouts at the scout cabin Monday afternoon.

His talk stressed the importance of frequent brushing of teeth, dental care, and an adequate diet. At the conclusion of the program, the camp fire girls served refreshments.

Speaks on Gothic Cathedrals
Miss Louise Halliburton Wood will begin her series of five illustrated lectures on the Middle Ages and the Renaissance at her home, 217 W. Lake street, March 15. Miss Wood has already spoken in Barrington on "Present Conditions in Italy." Her present series will open with a talk on "Gothic Cathedrals and Their Story." This will be followed by a lecture on Joan of Arc and several talks on the Renaissance.
