

## Radio Situation in U.S. and Europe Described to Club

Mrs. J. M. Boddie Addresses  
Group at Methodist  
Church Wednesday

"The future of radio is a challenge rather than a promise," Mrs. John M. Boddie told members and guests of the Barrington Woman's club at a meeting held at the Methodist church Wednesday afternoon.

"Mechanically, radio will make great strides and will be improved considerably. Socially, it will present a problem. One man talks to the whole world and the whole world will listen," she said.

Mrs. Boddie described radio conditions in other countries in addition to tracing its development in the United States. The British give their people programs which are a little better than what the public wants and claim they've raised the public taste in the past few years, she stated. British programs are made out a year in advance and supplementary material advertising worthwhile programs is mailed out to English citizens.

Previous to the war, China was rapidly being unified by the radio, and the language of north China being used exclusively so that one language might be used in the country eventually.

In Russia, whole groups in factories and fields are being educated via radio. The Russians added music; 66 languages and dialects are being spoken over Russian broadcasting stations.

Propaganda fills German radio programs now. It is expressed in 15 languages.

Italian broadcasts are presented in 8 or 9 languages and are also filled with propaganda. One, in Arabic, has disturbed the British sufficiently for the latter to attempt to suppress Italian influence by broadcasting a daily program in Arabic also.

The best single agency for peace and goodwill are the 60,000 amateur radio operators scattered all over the globe, she stated. English is the universal radio language and amateurs all over the world.

## Local Entries in Flower Show Are Awarded Ribbons

Exhibits Get First, Second,  
and Fourth Places  
at Navy Pier

The Garden Club of Barrington received a blue ribbon and the Countryside Garden Class received a red ribbon and yellow ribbon for second and third places for their exhibits at the 13th annual flower show being conducted at Navy Pier in Chicago this week. The show will close Sunday.

Mrs. Frank Hecht received the blue ribbon first award on her entry of two Chinese oaks for the Garden Club of Barrington. "Pittosporum, well-grown and interesting" was the comment of the judges on her entry.

For the Countryside Garden Class, Mrs. Orin Wood received the second place red ribbon on her entry of a pair of tree geraniums in full bloom, each plant having about 14 large rose-colored blossoms. Mrs. Arthur Donovan received the fourth place award on a grapefruit tree.

The regular meeting of Countryside Garden class was held Friday at the home of Mrs. Nelson Hammond. A program of period gardens and the restoration of Williamsburg was given by Mrs. Frank Bernard.

The study class of the Garden Club of Barrington met at the home of Mrs. Frank Zanker Monday afternoon.

A lecture of interest for local garden club members will be held in the Men's Grill of Carson Pirie Scott & Co. in Chicago Friday, April 8, when Mrs. Constance Spry will give an illustrated talk on cut flower arrangements. Mrs. Spry "did" the flowers for the wedding of the Duke and Duchess of Windsor. It was reported, and she will have a number of unusual containers, wooden, wicker, glass, shells and lanterns, to use in her talk.

A number of persons from Barrington are expected to attend the lecture.

## Would Hold Special Election If Supervisor Vacancy Occurs

A special election will be held to fill the vacancy created if H. D. Kelsey is successful in his campaign for the Illinois general assembly. It was learned at the annual meeting of the town of Cuba held at the Standard Motor Sales room, 203 Railroad street, Tuesday afternoon.

Should Mr. Kelsey be elected, and from all present indications he will lead the republican ticket for that office in the primary election Tuesday, it will be necessary for him to resign as supervisor of the town of Cuba in order to take the higher post.

Both J. J. Claude and Edwin Gross, members of the town board, following his statement that an election should be held. The question as to what might happen and how the vacancy would be filled was brought up by Leo Riley.

Mr. Kelsey told him that he proposed to tender his resignation, if he received the republican nomination for representative (under the senatorial election agreements made by William Foelschow.

## Night Watchman on G. Henneberry Place Is Slugged Sunday

Walter J. Cannon, 511 E. Main street, was slugged over the head when he surprised two prowlers on the G. Henneberry estate on Dundee road Sunday night.

According to reports, Mr. Cannon, who is night watchman on the place, came upon the two men while he was making his rounds. They were found in a building now under construction.

One of the men struck Mr. Cannon, knocking him down, and then made his escape. Because of recent labor troubles on the buildings being erected by Mr. Henneberry, it was not known whether the men were seeking loot or were hoodlums employed by some labor concern.

## Legion Post Will Decide on Annual Community Dinner

A report on plans for the community dinner to be given by the American Legion will be made at the meeting of Barrington post this evening. It is possible that a site and place for the dinner will be determined at the meeting.

The organization will also discuss the proposal to send representatives to the department convention this year.

Plans for the summer carnival will be reported at the meeting, according to Commander Art Martens.

## Reports Possibility of County Line Road Paved East of Here

According to information received from Rudolph Berg, village trustee, the Cook county highway department is surveying the County Line road east of Barrington with the possibilities of paving that strip east to Rand road.

The surveyors were here Monday and Mr. Berg stated he was informed that the improvement was included in the county's road program. From the Northwest highway to Rand road the distance is estimated to be about 4 1/2 miles.

## Establishes Sewing Machine Service Shop

A new business, the "Sewing Machine Service" has been established in Barrington by S. E. Charbonneau.

Mr. Charbonneau, who has had his training in a sewing machine factory, has his shop at 111 North Hough street in cooperation with the Cuba Electric Shop.

He will also service all household electric appliances for Cuba Electric.

Attains High Standing  
Howard P. Castle of Barrington will not be required to attend classes at DePaul university for the remainder of the present term, according to the optional class attendance list released this week by the registrar's office. All juniors and seniors having maintained an average grade of B during their college years including the first semester of the current school year are eligible for this exemption. A total of 85 men and 29 women students made the required grade average.

William Washo, 212 Washington street, is suffering from a sprained right ankle.

## Little Activity in School District's Election Saturday

Four Running for Board, One  
for President; Districts  
to Vote Also

Candidates for members of the board of education of school district No. 4 have not participated in any active campaigning today, although the election will be held Saturday. The polls will be in the public school gymnasium on Hough street and will be open from 2 p. m. to 8 p. m.

The terms of president and two members of the board expire this year. Alfred D. Church is the only candidate for the president's office. P. L. Anderson is the incumbent but he is not a candidate for re-election. Mr. Church is a candidate for the first time.

Four candidates have filed for the two positions of member of the board of education. C. E. Billings and A. C. Lines are seeking re-election and they are being opposed by Wilson T. Herren and J. W. Langdale.

Mr. Herren was an unsuccessful candidate on two previous occasions, once in a write-in campaign and the second time by petition. This is Mr. Langdale's first time in seeking public office in Barrington.

Both the terms of president and members of the board are for three years.

The Community high school, district No. 123, of Cuba township, will also hold an annual election Saturday. The polling place will be in Kraus' store and Mrs. Elsie Kirby is unopposed in seeking re-election to the board of education of the district.

Rural school districts in all sections in this vicinity will also elect trustees this Saturday also. The polling place for each district will be located in the respective school houses.

## Kelsey's Campaign to Draw Big Vote, Observers Report

Reports from observers in the three counties in the eighth senatorial district, Lake, McHenry and Boone, indicated H. D. Kelsey, supervisor of the town of Cuba and candidate for the Illinois general assembly on the republican ticket, will lead his party ticket in the representatives' race.

Mr. Kelsey has been making a strong and active campaign to gain the party nomination as state representative. He has carried his tour into the three counties, and, based on the reports that he has returned here, has made a favorable impression.

Supporters of his campaign have adopted the slogan of "one cross for Kelsey gives him three votes." This is true due to the fact that only two republicans and one democrat are to be elected. Since only two republicans can be checked on that party ballot at the district election, Tuesday, each of the candidates receiving the check mark are given a vote and one-half.

Mr. Kelsey's followers are requesting his friends and backers to vote only for him, thus giving him three votes on the tally.

If this program is adopted at the local election and in other points, Mr. Kelsey will receive many votes, observers stating they felt he would lead the ticket.

This is Mr. Kelsey's first attempt in seeking a state office.

## Mail Boxes Tampered With, Owners Allege

The Barrington post office has recently had a number of complaints of children tampering with mail boxes. L. B. Paddock, local postmaster, stated Wednesday.

These complaints have come from postmen who are outside the city delivery limits and have erected boxes on posts along streets traveled by letter carriers. Carriers also have reported that children play with street letter boxes and in some cases stuff them with sticks, stones, and other debris. It was learned.

These complaints come from various sections of the village, and it is apparent that the offenses are committed by young children who do not recognize the seriousness of their acts.

Parents are requested to take measures to prevent recurrence of these offenses, Mr. Paddock stated. Further complaints must necessarily result in referring to local police and the post office inspection service, he concluded.

Plan School Dance  
A public dance will be held at Deer Grove school, district 12, on April 12, according to plans made at a meeting held Thursday afternoon. Mrs. C. Elfield and mothers of the pupils are planning the event. The committee in charge will consist of a number of mothers and is planning to award prizes.

Townsend Speaker  
Roy Webb, a national organizer, will address the Barrington Townsend club No. 1 at its weekly meeting, Friday, April 8, 2 p. m. The meeting will be held in Landwer's Hall, East Station street.

## Express Fear That Cold Weather and Snow May Injure Young Buds

Four Running for Board, One  
for President; Districts  
to Vote Also

Fear was expressed Wednesday that cold weather and the heavy snowfall, estimated at approximately 5 inches, which began at midnight Tuesday and continued for 14 hours, would prove harmful to early budding plants and trees. Though no local records are available, the fall was reported as the heaviest witnessed in this community during the month of April by many old timers. The actual moisture precipitation as recorded by the gauge at the village treatment plant, was 3.4 inches.

The heavy snow raised havoc with traffic conditions all through this area. Countless cars were stuck in drifts or ditches and state, county and village maintenance departments were pressed into immediate action to open the roads.

Wednesday was the first time in 1937 that Post Parcell, and the persistent of streets, found it necessary to use a snow plow on the village streets.

The state and county departments were handicapped due to the fact that all heavy-duty plows had already been placed in storage and only the lighter-duty type were available to move the heavy-clogging snow.

During the month of March the rainfall total in the village was 5.17 inches, according to the report made by Fred Hager, treatment plant operator. This is the first year the village has maintained a rain gauge so no comparative records are available.

Following is the daily rainfall record for March:

March 2	11 inches
March 4	50 inches
March 5	56 inches
March 15	30 inches
March 16	55 inches
March 19	55 inches
March 22	1.10 inches
March 24	70 inches
March 25	94 inches
March 30	34 inches

He stated that there are 53 awnings, 25 coal holes, 13 square sidewalk entrance covers, 63 display signs and four basement entrances in the business district. Each of these, Mr. Daeschler stated, is a potential liability claim against the village in the event of an accident to a pedestrian.

A license, requiring payment of a fee sufficient to cover the village's insurance cost and making a property owner's bond mandatory, was his suggestion to eliminate the condition. The fee, he thought, should be prorated to cover the cost of the insurance premium and the bond furnished by the property owner. It would provide protection for the pedestrian who might be injured by a falling sign or by some obstruction.

D. B. Maloney, village attorney, was instructed to prepare an ordinance along the lines of the provisions outlined at the meeting. Mr. Maloney is also to prepare an ordinance prohibiting the dumping of rubbish or garbage in the village.

## Proposes Purchasing Street Refuse Boxes

Village Trustee John H. Blanke feels embarrassed each time he buys a candy bar and is forced to throw the wrapper on the street, he told members of the board of trustees at the meeting held Monday night.

In order to save himself that embarrassment, he proposed that the village purchase waste boxes which he could use on the streets in the business district for the purpose of collecting waste paper.

Despite the humorous introduction of the plan, Mr. Blanke was inclined to inquire into the cost of refuse boxes. His suggestion was coupled with the village's plan of an active clean-up this spring.

## Names W. Foelschow As Deputy Assessor

C. H. Miller, assessor for the town of Cuba, announced Wednesday that he had appointed William W. Foelschow as deputy assessor to assist him in making the annual survey this year. Mr. Miller stated he would start work next week.

Due to a large amount of additional work in connection with making the assessments, Mr. Miller stated it was impossible for him to handle the work alone and he had found it necessary to have a deputy.

Mr. Foelschow will devote his time to making personal property assessments in the village of Barrington while Mr. Miller will handle the real estate work.

## Winn Varsity Award

Glenn Hager of Barrington, athletic coach at DePaul university, was recently awarded his letter for participation in varsity basketball. Director of athletics, D. C. Moffett, announced the awarding of 19 letters to members of the Old Gold varsity basketball and swimming teams, 18 sets of freshman numerals, two manager's letters, one trainer's monogram, and five assistant's numerals.

## Local Campaigns Swing Into Final Week of Activity

Primaries Tuesday, April 15;  
Polling Places Are  
Listed

Political campaigns of candidates for republican and democratic nominations are swinging into the final wind-up with primary elections next Tuesday, April 12. Local interest centers around the campaign being made by H. D. Kelsey, supervisor of the town of Cuba, for republican candidate for representative from the eighth senatorial district, and the contests for local committeemen offices. The polls will open at 6 a. m. and close at 5 p. m. Tuesday in all precincts.

In Barrington township A. G. Gleske, republican committeeman of Barrington township, is unopposed. He is seeking election for a second term in the office. The decision of H. R. Brintlinger, democratic committeeman of Barrington township, not to be a candidate for re-election developed the strongest contest locally.

R. F. Kocher Sr. and Kenneth P. Schert are both seeking the office. John Hilgenberg Jr. was also a candidate but has withdrawn and is supporting Mr. Kocher. Both men have been active, organizing clubs and making a canvass of the township for votes.

Rudolph Berg is unopposed in Cuba township where he is seeking re-election as republican precinct committeeman. He is completing his first term. The contest for the democratic precinct committeeman job of Cuba township is a three-cornered affair. The candidates, in the order they will appear on the ballot, are as follows: Vernon J. Gallagher, John J. Treutlik and Cornelius C. Snyder. Mr. Snyder is a former committeeman and Mr. Treutlik is completing his first term.

Four polling places are listed for the four Barrington township precincts. In district 1 the polling place is the Gold Star Motor building and the following are the judges and clerks: Mrs. Edna Dock, V. D. Hawley and Irvin E. Landwer, judges; Mrs. Ruth Kocher, clerk.

## Inaugurate Tree Planting Project of Village Club

Begin Placing First Shipment  
of 100 Moline Elms on  
Hillside Avenue

The Village Garden Club of Barrington inaugurated its tree planting program this week when a crew of volunteers, headed by Mrs. Paul Purcell, village superintendent of streets, began placing the first shipment of 50 Moline elms.

Thirty trees were planted by Mr. Purcell and his crew Tuesday. The remainder will be put in the ground as soon as the weather permits, he stated. The remaining 50 trees of the 100 purchased by the club have already arrived here.

The trees are being planted on Hillside avenue, the first street on the list selected by the club. As soon as finances permit, the tree planting work will be extended to other streets, club officials reported.

The tree program was first instituted by the club through its efforts in the winter of 1936-37. A series of events was planned by the club's ways and means committee headed by Mrs. V. D. Hawley in order to raise the funds necessary to purchase the trees.

The last tree for the project is being supplied by D. Hawley, township supervisor, at no cost to the garden club or the village of Barrington.

A discussion of the tree planting will be held at a meeting of the Village Garden club at the home of Mrs. Albert Bateman Monday, April 10, at 8 p. m.

The village of Barrington will do some landscape work at the treatment plant with 175 trees and bushes donated by J. R. Carwell. Labor for the planting is to be furnished by H. D. Kelsey, Cuba town supervisor. J. J. Bell is drawing the work. John Blanke is in charge for the village.

## United Pre-Easter Services Will Be Held April 11-17

Arrange Evening, Afternoon  
and Sunrise Services  
for Week

The annual united pre-Easter services sponsored by the Barrington Ministerial association will begin Monday, April 11, and continue through Sunday, April 17. The services on Monday, Tuesday and Wednesday are at 7:45 in the evening and on Good Friday they will start at 1 o'clock in the afternoon. There will be no services on Thursday.

The service on the opening day, Monday, will be held at the Methodist church. Rev. A. E. McKenney will be the guest speaker. On Tuesday the service will be held at St. Paul Evangelical church and on Wednesday at the Baptist church.

Services on Good Friday will last two hours and are to be divided into four half-hour periods. The Salem Evangelical church is the place designated for this meeting and Rev. C. R. Drussel will be in charge of the opening period. Rev. W. A. Stauffer will take over the second period and will be followed by Rev. H. E. Koenig. The final half-hour period will be under the direction of Rev. H. L. Eagle.

The Young People's Christian Commission is to sponsor an Easter sunrise service at the Methodist church starting at 7 o'clock Easter Sunday morning. The Easter message will be brought by Rev. Koenig.

## Fractures Left Arm

Mrs. Fred Sandman, 210 Elm street, fell while working in the yard Friday and broke her left arm at the elbow. Mrs. Sandman is recovering satisfactorily it was learned although it was a severe fracture.

## Locust Trees on Foote Farm

A group of honey locust trees on the F. L. B. Foote farm west of town is shown in the picture which is one of a series of reproductions of the specimens growing in or near Barrington. A row of elms, a sugar maple and a group of three towering and spreading oak trees have been reproduced in pictures in previous issues. Others will be shown during the next few weeks.

The purpose of these pictures is to help develop interest in the "Plant a Tree" program of the annual Build, Plant and Clean-Up campaign which the Barrington Review will sponsor for the first week in May in cooperation with village officials and others.

As an incentive for the campaign, The Review will give worthwhile prizes to the owners of the homes in Barrington and Lake Zurich which show the best results of clean-up and planting efforts. These prizes, and the details of the campaign will be discussed in the next two issues of the newspaper.

## Stellar Stars Are Billed in "Radio City Revels" Hit

"Mannequin" Showing; "Gold Is Where You Find It" Here Wednesday

"Successful stories make successful motion pictures," is a Hollywood adage that was proved again last night with the presentation of "Mannequin" at the Catlow theatre, co-starring Joan Crawford and Spencer Tracy for the first time.

Perfectly cast, Miss Crawford and Tracy give splendid performance and form a new romantic team that audiences will want to see more of. The film also revealed a leading man discovery in Alan Curtis, who showed great promise in a difficult role.

A recent survey by a prominent newspaper columnist established the fact that the two most popular screen characters in Europe are Mickey Mouse and Charlie Chan. The newest adventure of Charlie Chan into the absorbing realm of mystery and danger is "Charlie Chan at Monte Carlo," coming to the Catlow theatre Saturday. The picture features Keye Lake, Virginia Field, Sidney Blackmer, Harold Huber, Kay Linaker and Robert Kent in the cast.

RKO Radio's new film spectacle of broadcasting, "Radio City Revels," coming to the Catlow Sunday and Monday, has chosen a strong story rather than the usual method of presenting its novelties.

An interest holding plot that is established early in the picture tells a novel tale of a song writer who composes hit tunes in his sleep and forgets them the next morning. It offers two extraordinary romances as well. Logically interwoven with these elements are opportunities for such famed performers as Jane Froman, Buster West, Melissa Mason, Hay Kemp and his orchestra and others to do their specialties.

Bob Burns, Jack Oakie, Kenny Baker, Ann Miller and Helen Broderick, Victor Moore, Milton Berle head the cast of the picture and carry the main thread of the story.

Starring Will Rogers in the title role, "The County Chairman" comes to the Catlow Tuesday. Kent Taylor, Evelyn Venable, Mickey Rooney, Louise Dresser, Barton Churchhill and Stepin Fetchit are featured.

On the double feature bill Tuesday with "The County Chairman" is the comedy-drama, "Double Danger," starring Preston Foster and Whitney Bourne.

"Gold Is Where You Find It," an outdoor action drama dealing with the colorful war between the California farmers and hydraulic miners in the 1870's, is scheduled for a three-day engagement at the Catlow beginning Wednesday.

It is a Warner Bros.-Cosmopolitan production, done in the newest technicolor, and co-starring George Brent and Olivia de Havilland. It includes, too, such sterling players as Claude Rains, Margaret Lindsay, John Litel, Barton MacLane, Marcia Ralston, Tim Holt and Sidney Toler.

Mr. and Mrs. William Tonne of Fairfield visited Mrs. Dora Tonne at Long Grove Sunday evening.

Red Squirrel's Enemies, Friends  
The red squirrel counts its enemies and friends about evenly. There are those who hold it highly destructive to birds during nesting periods and as big a nuisance as a rat around homes. Others see it as an interesting and harmless bit of wildlife.

#### Lavely Volcano

Mount Etna viewed from the town of Taormina, is one of the loveliest sights of all Italy. Older than Vesuvius, it is the loftiest mountain of Sicily, covers nearly 500 square miles and is the greatest volcano of Europe.

## AUTOMATIC GAS WATER HEATING

New Operating Costs are Lower!  
You need wait no longer for the comfort—convenience—health protection of abundant hot water

● Now you can have abundant hot water at the turn of a tap—winter or summer, day and night service—for laundry, dishes, shower and bath. There's no work or worry! And it costs so little for what you get! Automatic Gas Water Heating brings savings over previous Automatic Gas Water Heating costs of from 26% in the average home to 40% or more, depending on how much hot water service is used.

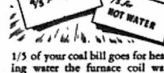

See the efficient Automatic Gas Water Heaters now on display. Ask these new low Automatic Gas Water Heating costs!

### THE HIGH COST OF SO-CALLED "CHEAP" WATER HEATING METHODS

Your furnace coil gobbles up one shovelful of coal out of every five.

1/5 of your coal bill goes for heating water the furnace coil way.

Service is poor when water heating is left to chance... water is sometimes dangerously hot—other times unacceptably lukewarm.

Other methods require attention and work. Why run up and down stairs or wait for water to heat when automatic gas water heating service costs so little?

## HOME EDUCATION

"The Child's First School Is the Family"—Froebel

Issued by National Kindergarten Assn. 8 W. 40th St. New York

### "Unnecessary Fear"

By JACK WOOTEN

Poor, emaciated little Tommy. He almost went into spasms when he saw the big dog. His mother, too, was afraid. When the canine started barking, she did not continue on her way home as she had intended; instead, with her child's trembling hand in her own, which was little more steady than his, she turned suddenly and scurried into Mrs. Reed's yard.

"Oh, mercy," she shrieked to her neighbor, who was working in her flower bed, "that horrible dog almost bit Tommy."

Mrs. Reed smiled. "Fifty would not harm a flea," she said. "He was only speaking to you, Mrs. Crouch."

"I'm so afraid of dogs," the mother panted, "and Tommy almost has convulsions every time he sees one. I wish I had some remedy for it."

"There's a very simple remedy," Mrs. Reed put down the four-prong rake as she spoke. "Come into the house and let's talk it over while Tommy plays out here in the sunshine."

"Oh, I wouldn't think of that."

Mrs. Crouch said. "Tommy isn't accustomed to the sun; it always gives him fever."

Mrs. Reed sighed. Then she looked at her neighbor squarely in the face. "I'm going to speak in a very plain way," she said gently, but firmly. "It isn't God's natural sun rays that give your boy fever. You have not understood how to care for him, and you have deprived him of some of nature's choicest gifts to humanity. No wonder he is afraid of dogs. There aren't many sound nerves in his body to resist fear, and you make matters worse by being afraid yourself. Did you ever stop to think, Mrs. Crouch, that Tommy is afraid because you are afraid?"

"No—O, no," the woman responded. "I've always been so nervous myself that I haven't taken time to think."

"Exactly," replied Mrs. Reed. "I've noticed that myself, and I've been longing for a good opportunity to give you some helpful advice. I'm so glad you came this morning. You see," she continued, with a smile, "I've brought up four children, and I believe I know something about their needs."

## MOTOR MANNERS

Suggested by the CHICAGO MOTOR CLUB

"Tommy has the disposition of a real boy, and if you will only give him the chance to develop it, he will make you proud of him. But he will find it hard to get used to anything until you do two things: first, get yourself into better physical condition; second, let your boy get out—just a little while each day, at first—and romp and play like other boys, and always encourage him to be brave and nature's children."

"But he's so delicate," said Mrs. Crouch. "I'm afraid—"

"Don't be afraid. You must conquer your own fear before you can hope to have Tommy conquer his. Get out in the open air yourself, and get a nice coat of tan. Take plenty of exercise; eat good, wholesome food, and give Tommy the same dose of medicine."

The summer passed. Winter came and went away, and spring

is all its gloriousness appeared. A tramp in the woods was now in progress, Mrs. Crouch and Mrs. Reed, walking along, smilingly watching Tommy as he romped and played.

What a different child he was from the thin little fellow who had shrieked that morning at the bark of a dog—the morning his frightened mother had retreated into the yard of a neighbor to find protection from a harmless dog! How much more she had found!

Tommy now romped and played with the dog. All fear was gone. His nerves were strengthened. Life held out health and happiness for the child now.

strawberry patch, she was working off irritation at some particularly exasperating thing he had done. She would laugh about it after one of the episodes, as heartily as anyone, and it was the combination of active labor and being out in the open air that brought her perspective back to normal.

Gardening can be this and more to all of us. If you're not a gardener now, try planting a small plot this year—vegetables, herbs, a tiny lawn—anything that in the least interests you. Or if you are an apartment dweller, plant a window box. And if space precludes that, have a pot plant. Even if your room doesn't receive a ray of direct sunlight, there's a plant to suit your conditions.

### Finland's Name

The name Finland has nothing to do with the fin of a fish, as one might be excused for thinking at first glance. True, the country has a long seacoast bordering on the Baltic, but inland there are many lakes surrounded by marshes and connected by gleaming streams and canals. Many years ago regions like this were called fens. Thus the little country in the northern part of Europe became known as fen-land, or marsh-land, and, as the years passed and people spoke carelessly, its name changed to Finland.

many countries where food and methods of serving are substantially the same as they were generations or centuries ago, is especially notable among the leading meat packers.

An example of this is tender made ham, which in the two years since its introduction has become famous, from coast to coast, as "the ham you cut with a fork."

But the popularity of this ham rests on more than the tenderness which is not duplicated in any other ham. It is largely due to a distinctive palate delighting flavor that no other ham can offer, and to the fact that it is ready to serve as you buy it or just heat and eat.

Another effect of the secret process of preparing tender made hams is that the natural juices are retained, giving the ham a distinctive flavor that can be achieved in no other way.

### Offer of Reward

I hereby offer a reward of \$100 for information leading to the apprehension and conviction of the person fraudulently impersonating me in soliciting so-called "political campaign funds."

The purpose of this offer of reward is twofold: (1) to protect any persons from making political contributions to a man who as late as this week represented himself on the telephone to be Congressman Church, thereby obtaining a check, and fraudulently endorsing and cashing same in my name; (2) to urge the cooperation of those approached in apprehending the guilty person with a view to prompt prosecution.

Repeated reports of such fraudulent solicitation drive me to this public offer of reward.

As late as Thursday, March 31, a man telephoned a leading north side business man stating in effect: "I am Congressman Church, just off the plane from Washington. The campaign committee needs more money. I would like to send a man right over for a check. I want to go back to Washington tonight."

Note carefully that I have not been in Illinois since January 1, 1938. Vital legislative business has kept me in Washington. I have of course never authorized the use of my name by any so-called fund raising "campaign committee."

In my twenty years in public office I have always entirely paid my own campaign expenses. I have never solicited campaign contributions and have returned every contribution which has been sent me.

Will those who have contributed to this person who is falsely impersonating me write me direct or co-operate with my law partner, Dean Lake Traxler, 10 S. LaSalle street, Chicago, furnishing him with the details? (Signed) RALPH E. CHURCH M. C.

Mr. and Mrs. William Lenz and baby daughter, Helen Anne, of Waukegan visited at the home of the Rev. and Mrs. B. F. Freese Sunday afternoon.

Mr. and Mrs. Oscar Richter of Chicago have moved to their home here for the summer.

Mr. and Mrs. Albert Bierwagen of Fairfield spent Friday evening and Saturday in Milwaukee and Wauwatosa. Mr. Bierwagen's brother, Paul, is principal of the Lutheran school at Wauwatosa, Wis.

The Bierwegens returned Saturday evening.

Rev. Paul Gerth of Fairfield church attended a conference in Chicago Tuesday at the Republic building. Mrs. Gerth accompanied her husband.

Monday evening the voting members of Fairfield church held their quarterly meeting. Plans for their 75th church anniversary were made. It is planned to celebrate in the fall of the year, in October. The congregation was founded on October 11, 1863. Prominent men in the Missouri Synod have been invited to speak at the various services.

There will be special services during Holy Week at St. Matthew church in Fairfield. On Maundy Thursday evening at 8 o'clock English services with the celebration of Holy Communion. Good Friday, German services at 10:30, confession at 10. Special Easter services on Easter Day, German services at 10 and English at 11.

Many Miners Killed, Injured. If all the miners killed and injured in our colonies in one year were to march past us four abreast, says London Answers Magazine, the column would measure nearly thirty miles in length.

Priceless Records Lost in Fire. The priceless records of William Gilbert, originator of the modern science of electricity, were lost in the great fire of London in 1666.

## "Pieces of Eight" Known in Time of Shakespeare

The Spanish peso or eight reals of the Seventeenth and Eighteenth centuries circulated throughout the American continent and was known as the "piece of eight." This name, relates a writer in the *Detroit News*, is found in English literature as early as Shakespeare's time. The coin was worth approximately as much as our dollar. Because of its design, it is sometimes known as the "pillar dollar," and it has been supposed by some that these "pillars of Hercules" with the ribbon about them gave rise to the dollar sign. Webster's dictionary, however, shows that this was originally a modification of "Ps," Mexican abbreviation of "peso" or "piastre."

The "s" was at first placed above and to the right of the "P" but later was lowered and twisted around that letter. Early manuscripts have shown the sign to be the result of evolution, independently in different places. It was written after the numeral in Spanish America, but before the numeral, like the pound sign, by the English colonists, and was widely used before the adoption of the United States dollar in 1785. It is employed also for the dollar in Canada, West Indies, Hong Kong and Siam; in Argentina, Chile, Mexico, Colombia, Paraguay, Uruguay; for the milreis in Brazil; for the escudo in Portugal; for the lempira in Honduras.

The Baring Panic in England. The Baring panic in England in 1890 came at the end of a period of violent over-speculation. The failure of the brokerage house of Baring Brothers precipitated the panic which at once spread to a number of other banks and brokerage houses. The intensity was alleviated by loans of gold obtained by the Bank of England from the Bank of St. Petersburg and the Bank of France.

Two Steps Best for Turns. In a stair that turns a corner, winding steps are perfectly easy and safe if only two are set in a 90-degree turn. Such steps allow ample foot space where one normally steps. To divide this 90 degrees into three steps makes unsafe footing.

"Top of Bottle" milk is used for breakfast cereals and coffee. This can be done conveniently with the "Cream-Top" bottle, and you have REAL Cream—at no extra cost.

In honor of girl scouts who are busy canvassing the village this week as they sell cookies to raise funds for further girl scout work, Mrs. Lester Higgins contributes the following recipe.

Each contains girl scout cookies as a basic ingredient. Mrs. Higgins experimented a bit before perfecting the latest she passes on to you. We hope you'll like the innovations.

GIRL SCOUT SHORTCAKE. Wash and crush fresh strawberries, mix with sugar to taste and let stand until sugar is melted. Make individual shortcakes, stack four or five girl scout cookies with sweetened, crushed berries between. Decorate with whipped cream and top with whole berries.

GIRL SCOUT CHOCOLATE PUDDING. Cook 1 ounce chocolate in 2 cups milk in top of double boiler until chocolate is dissolved.

Beat 4 egg yolks until lemon colored, add ¼ cup sugar and blend thoroughly; add to chocolate mixture and cook until thick. Remove from fire and add gelatin which has been soaked in a little cold water.

## Miss Alice Roselle

Bride of Norman Reese  
The home of Mr. and Mrs. Charles Roselle, 141 W. Lake street, was the scene of an early spring wedding Friday afternoon, April 1, at five o'clock, when their daughter Gertrude Alice was united in marriage to Norman Reese, son of Mr. and Mrs. Louis Reese of Barrington.

The candle-light, single ring service was performed by Rev. H. L. Eagle, pastor of the Methodist Episcopal church, before an altar of palms and huckleberry. Blessing was given by Rev. Hermann Koenig of the St. Paul Evangelical church.

The bride was lovely in an egg shell crepe de chine gown of floor length and empire style. Her shoulder length veil was held in place by a halo of white sweet peas and she carried a bridal bouquet of white roses.

The home was beautifully decorated with baskets of large white snapdragons.

A reception for the immediate families followed the impressive service, after which the bridal couple left on a short motor trip.

They are now at home at 413 North avenue.

## Organize Athletic Club for Young Men of Cary; Plan Dance

CARY.—A young men's athletic club has been organized by the single young men of Cary to promote sporting events among the group.

The club will make its first appearance at a dance to be held at Ciska Beesda hall in Fox River Grove Saturday, April 23.

### Garden Club Meets

The Cary Garden club met at the village hall Monday afternoon and heard a talk by Mrs. Carsten Royem, the hostess, who spoke on "Rumala at Easter." Motion picture slides accompanied her talk.

### Hold County Meeting

The American Legion Auxiliary held a past presidents' and county meeting at the Fox River Grove Methodist church last Thursday. Mrs. Mabel Pantella, department president, and Mrs. Wandas Todd, of McHenry, district director, were guests of the evening. Mrs. Pantella spoke on "Americanism," plans for poppy day were discussed and "The Veterans' Craftshop" was also another topic of the evening.

Funeral services were held at the Norris funeral chapel in Elgin and at the Federated church in Wauconda Wednesday afternoon. Rev. Dr. S. W. Powell officiated and burial was in Wauconda cemetery.

## Lake County Farmers Will Be Notified of AAA Corn Allotment

Corn acreage allotments and total soil-depleting allotments in connection with the 1938 agricultural conservation program have been announced for individual Lake county farms, according to Farm Adviser H. C. Glickerson.

Each farmer and landowner is to be notified of his corn and general depleting allotments by a card mailed from the office of the county agricultural conservation committee. Any farm operator or owner who fails to receive his card may obtain his acreage allotments by calling at the office of the county.

## VOTE to Re-elect

## Nick KELLER

Republican State Representative from the Eighth District (Lake, McHenry, Boone Counties)

By his impartial representation of all of the people in the district Mr. Keller has won the endorsement of Business, Agriculture, Labor, Industrial, Educational and Social Groups in the State and District.

ty committee where allotments of all Lake county farmers are posted. The individual allotments represent each Lake county farmer's share of the allotments for the county.

County allotments were established by the state committee by distributing the state acreage allotments among the counties. This allotment was apportioned to individual farms by county and township committees which were elected by the farmers last fall.

Keeping corn and total soil-depleting acreage within the corn and total soil-depleting acreage allotments is one of the two requirements to be met by farmers to qualify for full payment under the 1938 program. The other requirement is the use of soil-conserving practices to meet the soil-building goal for the farm.

## Roy J. Stewart

Republican Candidate for State Representative  
Eighth Illinois District  
(Boone, McHenry and Lake Counties)

Roy J. Stewart of Woodstock, a former member of the Illinois Legislature during the 56th General Assembly, is again a candidate for the nomination for the Eighth Senatorial District, which comprises Lake, McHenry and Boone Counties.

Mr. Stewart was born and raised on a farm near Richmond, Ill. He served McHenry County as Chief Deputy Sheriff from 1914 to 1918, was elected Sheriff and served as such from 1918 to 1922. During his term as Sheriff the "Search and Seizure Law" was in effect, making it unlawful to transport intoxicating liquor within the State. Mr. Stewart, as Sheriff, handled this situation in a manner very competently and effectively, with little expense to the county.

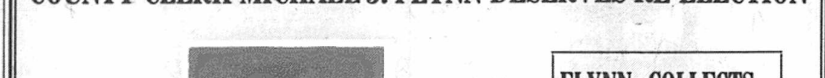

In 1922 he was elected County Treasurer, and as such installed a complete new system of collecting taxes, which system saved the county a large sum of money each year. The same system is now used in nearly all counties in the state.

His services in public office have well qualified him to serve his District, and his ability is not questioned by anyone who knows him. At the present time he is Supervisor of the Township of Dorr in McHenry County, Ill., and attending to the arduous duties of conducting relief work, which under the law is imposed upon his office. The records of his office will show that Dorr Township stands near to the top in the matter of faithful and effective handling of this big problem.

In his former years as an employee of the Oliver Type-writer Company in Woodstock, which employment gives Mr. Stewart a familiarity with the problems of industry, and he is well qualified to meet the problems now confronting the people in regard to both labor and capital.

His former services make him the logical man for the Republican Party to send to the Legislature as their representative from the Eighth Senatorial District. In the present political turmoil, the need of an experienced man, with force and leadership, is the demand of the present time.

## COUNTY CLERK MICHAEL J. FLYNN DESERVES RE-ELECTION

**FLYNN COLLECTS OVER 4 1/2 MILLION; DISBURSES 99 PCT.**

In less than three years County Clerk Michael J. Flynn has collected \$4,616,935.25 in tax remissions and to date has returned over 99 per cent of this amount to the respective cities, villages and towns in Cook county.

This great record of efficiency has received the commendation of many important civic leaders who have perused the audits of Mr. Flynn's books and found them in excellent condition. Affirming their stand is the response from various officials of the towns in the county making clear their wholehearted appreciation and endorsement of the new system as evidenced by the congratulatory letters which have been written to County Clerk Flynn.

Efficient Handling of Redemption Money Wins County Clerk Praise

On his record alone, County Clerk Michael J. Flynn again deserves your vote of confidence in him. Under Michael J. Flynn's able direction, the many and varied services the county clerk makes available to the public have been vastly improved and facilitated. Following the lead of their chief, the assistant clerks temper politeness with a willingness to help solve even the smallest problems presented by Joe and Jane Public.

Through his honesty and efficiency in handling public funds, Michael J. Flynn has reduced taxes in the communities he serves. Newspapers have echoed words of commendation heaped on Michael J. Flynn by civic organizations, village officials, and individual citizens who are pleased with the knowledge that the county clerk's office has never before been handled in a more business-like basis. Hail to Michael J. Flynn—may there ever be public servants of his calibre!
