

Mrs. C. Weaver Is Elected Head of Lake Zurich Club

Licensed Pilot Addresses
Women at Program
Friday

Mrs. Charles Weaver, was elected president of the Lake Zurich Community Woman's club at its annual meeting, held at Elia township high school Friday afternoon. Officers elected to serve with Mrs. Weaver were as follows: Mrs. H. L. Wemer, first vice president; Mrs. Harry Johnson, second vice president; Mrs. J. D. Fink, corresponding secretary; Mrs. J. L. Clements, recording secretary; Mrs. A. J. Leonard, auditor; Mrs. A. G. Schwermann, fine arts chairman; Miss Margaret Fink, applied education chairman.

They will be installed at a luncheon meeting to be held at Pleasant Wood Farm, Bensenville on Thursday, May 19. The program for the day is being arranged by Mrs. Charles Wendell.

Retiring officers and chairmen of committees who served during the years 1935 and 1937 are Mrs. August Schwermann, president; Mrs. A. J. Crawford, first vice president; Mrs. J. D. Fink, second vice president; Mrs. Charles Weaver, recording secretary; Mrs. Herbert Wemer, corresponding secretary; Mrs. J. L. Clements, treasurer; Mrs. A. L. Payton, auditor; Mrs. E. A. Irion, applied education; Mrs. Harry Johnson, fine arts.

Annual reports of officers and chairmen of departments and divisions were read and placed on file during a business session which preceded the club program Friday.

Mrs. Milton Dunlap, a licensed pilot, reviewed the early history of aviation and described her own adventures in flying to an interested audience. Tea was served at the conclusion of her talk.

Methodist Church Planning Auction

A general auction sale of furniture, other household articles, books, clothing, etc., will be conducted at the old Catlow hall Thursday and Friday evenings, May 19 and 20, by the board of trustees and the Women's association of the Methodist church.

The property to be auctioned off will be donated by members of the church. Lester Higgins is the general chairman in charge of the affair. Included on his central committee are: Q. R. Paulson, R. W. Muir, Charles Forsberg, Donald Peterson and Charles Elmer. Additional members will be added to the committee later.

Canary Tea Room Opens on W. Main

The Canary Tea Room was opened Saturday in the house at 145 West Main street, known as the old John Robertson home by Mrs. Reba Hewitt, proprietor of the Tower Lakes Tea Room, which the new business succeeds.

The place has been completely redecorated for the new room and new modern and attractive furnishings have been added.

Regular meals and luncheons throughout the week, full time service and special dinners and parties are part of the service as advertised on page 6 of this issue of The Review.

Start Construction on Model Residence

Excavation work was started this week for a model residence on the site of the old John Robertson home at 145 W. Main. The new building will be a bungalow with five rooms and bath of frame construction.

Walsh and Capelli have the cement contract and C. Billings will do the carpentry. Cement work is expected to start next week.

Large New Washer Added to Laundry

A new washer, one of the largest of its type that is made, was added to the battery of machines at the Barrington Laundry over last week-end.

The new washer will add to the capacity of the plant and also to the quality of work which can be done. Ed Oleksa, proprietor, reported. The new unit weighs 4000 pounds.

Junior High School Classes Plant Trees Arbor Day

For the third consecutive year the junior high school classes of the public school observed Arbor Day by planting trees of their own contribution in Northside park. The ceremony was held Thursday afternoon when four trees were planted, making a total of 14. The pupils raise the funds for the purchase of the trees and hold a program with each planting. Names of the pupils are placed in sealed bottles and put beneath the roots of the trees. Under the plan, first proposed by Willard Watson of the junior high school faculty, species of trees not common to this region are put in the park.

P-T.A. Officers to Be Installed at Evening Program

Group Directs Examination
of Pre-School Children
May 12

The last Parent-Teacher association meeting of the year will be held Tuesday, May 10 at 8 p. m. This will be the annual business meeting.

There will be installation of officers, followed by a spring style show of the Junior and senior home economics department, under the direction of Miss Margaret Everett. There will also be a vocational exhibit which is under the direction of Charles H. Roselle and Robert C. Sutor of the faculty.

This is an open meeting and all parents and friends have been invited to attend.

Officers who will be installed are as follows: president, Mrs. Edwin L. Erickson; vice president, Mrs. S. J. Landwer; secretary, Miss Grace Wankler; treasurer, Mrs. Frank Kirchman.

Mrs. Erickson will be the group's delegate to the state convention of the Illinois Congress of Parents and Teachers to be held at Quincy May 3-5.

An art exhibit by Lee T. Smiley of the local faculty has been accepted for the convention and will be on display there.

Start Round-Up
The P-T-A. summer round-up committee is directing a free examination of all Barrington children who will enter kindergarten in fall. The children will be examined in the nurse's room at Barrington public school from 10 a. m. to 12 noon Thursday, May 12. Local dentists and doctors are donating their services for those hours.

The check-up is particularly valuable at this time, it was reported, since defects can be remedied during the summer months. It is the aim of the committee to have all children physically fit for school in fall.

The P-T-A. will be entertained with a style show given by the home economics students at its meeting on May 10. The classes consist of girls from both the junior and senior high schools, and the

Auto Fill Pen Is Found and Returned, Several Others Lost

Anyone who has found an auto fill pen which has been lost is invited to insert a found ad in The Review and add columns without charge.

An ad of this type was inserted April 14. Five persons who had lost auto fill pencils, in addition to the owner, responded. If you have found one of them, just insert an ad in The Review without charge. Lost and found ads for pens, pencils, keys, gloves and other articles of less than one dollar value are accepted free.

Local Blind Boy Wins First Prize in Sachs Amateur Music Hour

John Kramer, 234 North-west highway, Barrington, was winner of the first prize on the Morris B. Sachs amateur hour, Sunday, April 24. The award was \$75 cash and a Green-curve wrist watch.

"John, a blind boy, plays entirely by ear on the piano and has never had lessons. The selection he played was 'President's March.'"

It was reported.

School Orchestra Will Enter State Finals Contest

Places in First Division of
District Meet at Glen
Ellyn Saturday

Barrington high school orchestra placed in first division at the district contest in Glen Ellyn Saturday and will go to the state contest at Bloomington next week. W. N. Sears is the director.

The Wauconda band under the direction of Mr. Sears placed in first division at the district contest and is competing at the state contest in Urbana today.

The Barrington orchestra entered its first contest at Chicago Heights in April, 1935 where it also won a first division rating. The group went to the national contest at Madison, Wis. the following May and finished in third division.

In 1936, the district contest was held at West Chicago and again the Barrington orchestra placed in the first division. Since there was no national contest in 1936, the orchestra with schools having entered in 1937 without competing again in a district contest.

In May, 1937 the Barrington organization entered the national contest at Columbus, O. and placed in first division. For all of those contests, the orchestra was in class C, the enrollment of the local high school not exceeding 250 pupils during those years.

The present enrollment, more than this number, places the Barrington school in class B. This means that the local orchestra now competes with schools having enrollments up to 750 pupils.

During the next week the orchestra and its director will be practicing daily in preparation for the state contest.

The following parents and friends from Barrington attended the contest at Glen Ellyn: Mrs. H. R. Blood, Mrs. F. Kuckuck, Mrs. John Shesley, Mrs. Henry Sase and daughter, Marion, Mrs. Dale Magill, Mrs. Edward Ost, Mr. and Mrs. R. D. Wells, Mrs. Clarence Plagge, Mrs. Fred Kampert, Mrs. E. Noffs, Mrs. Sam Schaefer and son and daughter, Mrs. A. Wirring and son and daughter, Mrs. E. Nicolai, Mrs. H. G. Plagge, Mr. and Mrs. J. W. Langdale, Constance Castle and Jane Hervey.

Eight Valuable Awards for House and Garden Contest Are Listed

Eight awards of trees and flower plants with a total value of from \$40 to \$50 will be given to the Barrington and Lake Zurich homes which have the most attractive appearance and reveal the greatest improvement as the result of cleaning-up, painting-up, fixing-up and planting activity in May. There will be four major prizes and four honorable mention prizes.

The major prizes include:

A Chinese Juniper tree to be given by Livingston, Osborne of "Lake Hills Nursery."

Ten dollars worth of trees and other plantings to be donated by Hills Nursery, Dundee.

A Norway spruce to be donated by the J. R. Cardwell country estate.

Five dollars worth of flower plants to be donated by Plagge's Flowers.

Four honorable mention awards will be given by the Barrington Review, each one being a \$250 order for plants, bushes or tree at any of the above nurseries.

All of the awards will be given at the nurseries and must be transported by the winners.

Three major and two honorable mention awards will go to Barrington homes, while one major prize will go to Lake Zurich.

Special attention has been given the arrival of these prizes because they are more than a month ahead of the usual time and more numerous than ordinarily. The warm early spring probably has caused the pre-season beetle development.

**Reports Collection
of \$383.85 for Boy
Scout Finance Drive**

A report of the boy scout financial drive was made at the executive committee meeting held in Palestine last week by A. L. Wiedenbeck, finance officer and treasurer of the northern district. To date a total of \$383.85 has been collected, it was learned.

The average per capita collection of each captain was \$2.09, Mr. Wiedenbeck said, on the basis of returns made by 37 out of 50 workers. The total collection will be increased materially when the additional 13 workers report, he stated.

The collection fund is used for the general expenses of the troops in Barrington. Upkeep of the scout cabin are among the items financed by the committee.

Add Increased Fire Protection

Members of the Lake Zurich fire department have been getting acquainted with the operation of the new modern fire truck received a week ago. The members, part of them are shown above with the new truck out on a test run, have two vehicles now, one to furnish protection in the rural areas while the other remains in the village.

Purchase of the new truck was made by money received from the operation of various benefits. William Baber is chief of the department.

and two honorable mention awards will go to Lake Zurich homes.

The contest starts with clean-up week next Monday and ends the last week of May.

All homes in the two villages will be automatically entered in the contest. A committee of impartial judges will make the inspections.

June Beetles Arrive Five Weeks Too Soon

An army of beetles or June bugs has invaded every part of the Chicago district during the last few nights swarming around outside artificial lights and lighted windows.

On Wednesday morning great piles of dead and mangled bugs were found on the pavement under street lights and on the down town sidewalks outside of store windows which had been lighted Tuesday evening. Another crop of beetle carcasses was present Thursday morning.

Special attention has been given the arrival of these bugs because they are more than a month ahead of the usual time and more numerous than ordinarily. The warm early spring probably has caused the pre-season beetle development.

**Garden Club Will
Hold "Guest Day"**

The Village Garden club of Barrington will observe "guest day" at a meeting to be held at St. Anne guild hall at 2 o'clock Monday, May 2. The date was originally set for a week later but the change was announced this week. Each member of the club is expected to bring a guest, it was learned.

Mrs. William Gary Brown is the principal speaker of the day and her topic will be "Washington and Virginia Gardens." Pictures will be shown to illustrate her talk.

Hostesses for the day are: Mrs. J. K. Prentice, Mrs. J. Friedland, Mrs. J. P. Haffner, Mrs. C. B. Ailyn, Mrs. C. H. Kellam, Mrs. J. Carroll, Mrs. V. D. Hawley, Mrs. R. G. Plagge and Mrs. E. T. Schutt.

Both offices have been newly decorated and Venetian blinds installed. They have a joint reception room.

The American Legion Auxiliary unit No. 158 will hold its Mardi Gras frolic and dance tonight at Barrington high school.

Rube Tronson's Texas Cowboys will play for the event and hundreds of favors will be given to all. Proceeds are for the benefit of the local Auxiliary unit.

Gas Costs 86 Cents Per Gallon in Italy, Emil Wolff Reports

Gasoline 86 cents a gallon with no automobiles on the streets, is a condition in Italy reported by Mr. and Mrs. Emil Wolff who returned from a European trip two weeks ago.

Mr. Wolff reported that the price of gasoline was kept up by the Italian government for four reasons. If motoring developed in that nation as in America, too much money would filter out of the country for gasoline and oil which are not produced abundantly there. The young folks would be tempted to joy ride and shirk work, farms would use tractors instead of horses with a resulting lack of fertilizer, and there would be a tremendous accident toll because of Italy's narrow winding roads among the mountains.

Mr. Wolff believes the citizens are satisfied with Mussolini's government. They complain about the high taxes but declare they can see that they are getting something for the money spent.

Free Directory to Each Village and Countryside Home

Lions Sending Out Form Letters to Compile Data
for Book

Every home in Barrington and Barrington countryside will receive a free community directory to be compiled and published by the Barrington Lions club.

The following form letter, explaining it, will be mailed out to residents of Barrington and Barrington countryside this week or early next week by Roy Willmering, chairman of the Lions club community directory committee.

"Dear Neighbor: How would you like to have a new directory of Barrington and the surrounding territory at no cost to you? You would like it, of course."

"The Lions have decided to have a new one printed. They want the information it contains to be accurate and complete and they need your help."

"To get your copy all you have to do is to give them five minutes of your time in filling out the enclosed card which is self-addressed and needs no postage. Do it at once and drop the card in the mail and as soon as the directories are available you will be notified."

"Thanks for your cooperation. Sincerely yours, R. E. Willmering, directory committee."

Doctors Welch and Kellam Now Have Adjoining Offices

Dr. Cecil Kellam has moved his dental office to the Tates building, 114 E. Main street, an office adjoining that of Dr. Allan Welch.

Dr. Kellam, after spending four years at Penang, Straits Settlements, bought a practice of Dr. E. W. Olcott in 1927.

Both offices have been newly decorated and Venetian blinds installed. They have a joint reception room.

Club Leaders Will Be Delegates to State Convention

Mrs. Elzo Schutt, president of the Barrington Woman's club, and Mrs. Allen U. Hunt, first vice president, will be delegates to the state convention of the Illinois Federation of Women's clubs at Chicago May 3, 4 and 5. All sessions will be held at the Sherman hotel.

Cook County Tax Bills Will Show Decrease for 1937

Barrington Town Basic Rate
Is \$1.41; Below 1936
by Six Cents

A reduction of six cents in the 1937 basic tax rate for the town of Barrington, was reported this week by B. A. Schroeder, deputy collector, who stated bills will all be mailed out by Saturday. The collection period extends from May 2 through May 21, and an office has been established in the First National Bank by Mrs. Pearl P. Adams, township collector. Payments may be made during the regular banking hours, it was learned.

According to a letter of instruction being sent out with the tax bills, the penalty date for payment of first installment of the real estate tax is after June 1. Penalties accrue at the rate of one per cent per month on both personal and real taxes.

The reduction in the basic tax rate for 1937 results from a cut of seven cents in the county rate and an increase of one cent in the forest preserve rate.

The basic rate for the town of Barrington, forest preserve, county road and bridge and poor relief is \$1.41 compared to \$1.47 for 1936.

The rate for the village of Barrington is the same as before, \$1.05, and the same for the park district, 59 cents. However, those persons owning property in school district No. 4 will receive an additional decrease of eight cents, the rate of that taxing body decreasing from \$3.46 for 1936 taxes to \$3.38 for 1937. The combined basic rate for the village is \$6.43 compared to \$6.57.

A reduction will be generally noted in all sections of the township, the amount depending on the school district in which the property is located. Districts 1, 2, 4, 5, 6 and 7 all showed a decrease while districts 8, 9, 11, 13, 21 and the non high school all increased.

The increase in the school district does not wipe out the other savings mentioned before.

Following is the tax rate schedule for the various taxing bodies, showing the 1937 and 1936 rates for comparison:

	1937	1936
County	56	62

"Sally, Irene and Mary" Coming to Catlow Sunday

"The Baroness and Butler" Coming Wednesday for Three-Day Run

Though John Carradine won his name in pictures as one of the most vicious-appearing "heavies" in the industry, he was chosen from among about 50 aspirants for the role, to play Abraham Lincoln. He enacts the great emancipator in "Of Human Hearts" with Walter Huston, James Stewart and Beulah Bondi. The new picture is currently playing at the Catlow theatre.

In the story he figures in the dramatic climax, and sets Stewart's feet back on the right path in the dramatic Honore Morrow story of a backwoods preacher and his family in pioneer days. Carradine recently appeared as Edward G. Robinson's nemesis in "The Last Gangster." Lincoln is his first sympathetic role in pictures.

Six girls, living and loving within the shadows of Broadway's bright lights, are the leading characters in "Walking Down Broadway," at the Catlow for one night only. The heart-thumping story of their desperation and longing, laughter and triumph, makes a picture as brightly exciting as Broadway itself.

The six girls are portrayed by Claire Trevor, Phyllis Brooks, Leah Ray, Dixie Dunbar, Lynn Bari and Jayne Regan. Michael Whalen, Tom Beck, Douglas Fowley, Walter Woolf King and Jed Prouty are also featured.

Alice Faye and Tony Martin sing the tuneless songs you ever heard, as only they know how. In "Sally, Irene and Mary," new star, glorious musical hit coming to the Catlow theatre on Sunday for two days.

With Fred Allen, of radio's "Town Hall Tonight" fame, they top the great cast of Darryl F. Zanuck's latest success.

The featured cast includes Jimmy Durante, Gregory Ratoff and Joan Davis. Marjorie Weaver, Louise Hovick, Barnett Parker and J. Edward Bromberg.

Headed by the lovely Ann Sheridan, who gave up school-teaching in Texas to become a leading lady in Hollywood films, and handsome Craig Reynolds, one of movie-dom's most promising young leading men, a comedy drama called "The Footloose Heir" comes to the Catlow Tuesday.

On the double feature bill on Tuesday with "The Footloose Heir," is "West of Shanghai," starring Boris Karloff as General Wu Yen Fang, and featuring Beverly Roberts and Ricardo Cortez.

Debonair William Powell may play better roles on the screen but he will have no truck with valets in his private life. It is not unusual for a Hollywood star to have a valet, personal maid, chauffeur, secretary and several other "hired hands." Bill admits to a need for most of these hard-working folk, but he absolutely draws the line at having a valet.

Powell is co-starred with Annabella, the screen's most glamorous personality, and star of "Wings of the Morning." She is making her American debut in "The Baroness and the Butler," opening at the Catlow Wednesday for a three-day engagement.

Fox River Grove Has Highest Tax Rate in Co.; McHenry Low

Fox River Grove, in school district 149, has the highest tax rate of any of the villages and the highest total rate in McHenry county with a total of \$5.19, according to figures released Monday by McHenry county treasurer, Lester Ediger as the 1937 tax bills were being mailed out.

The basic rate for Fox River Grove, however, is lower than several other McHenry county villages in that vicinity. The basic rate for 1937 is \$4.75, an increase of 19 cents over 1936, while the total rate including the school district mentioned previously has decreased 1 cent.

The basic tax rate for Cary has decreased this year to \$4.97, a reduction of 4 cents over 1936, and the rate for Algonquin is \$5.97, an

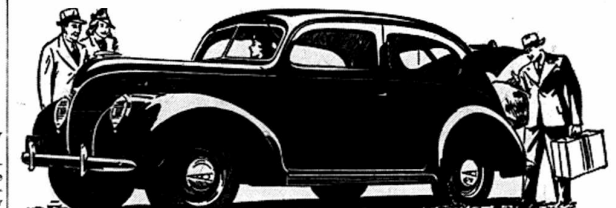

increase of 4 cents also over the former year.

McHenry has the lowest tax rate of cities in McHenry county with a

total of \$4.14 and Harvard has the highest, a total of \$4.98.

H. Kelsey Winner By 1679 Votes Primary Canvass Total Shows

Official canvass returns of the April 12 primary election show H. D. Kelsey, Cuba town supervisor, winner over Charles H. Francis of McHenry by a total vote of 1679 for the second republican state legislative position. Rep. Thomas Bolger of McHenry was an easy victor for the democratic nomination while Rep. Nick Keller of Waukegan was well out in the lead on the republican ticket.

The contest this year was similar to that two years ago when Keller, then making his first bid for the state office, nosed out Francis by 225 votes, while Rep. Richard Lyons polled a huge total of 46,707 votes for first place. This year Lyons is the republican nominee for United States senator.

Charles C. Kapschull of Deerfield, making his first political campaign for any office, followed Francis in the final totals with 16,182 votes in the eighth senatorial district, which is composed of Lake, Boone and McHenry counties.

The official canvass gives the following totals:

Keller, 30,168; Kelsey, 20,396; Francis, 18,717; Kapschull, 16,182; Stewart, 11,962; Siegler, 6722.

Lake Zurich Community Woman's Club

The annual meeting of the Lake Zurich Community Woman's club was held Friday at the Elia township high school. The annual reports of the officers and chairmen of departments and divisions were read and placed on file. At this meeting the officers were elected for a period of two years.

President, Mrs. Charles Weaver; corresponding secretary, Mrs. J. D. Fink; second vice president, Mrs. Harry Johnson; and for a period of one year, fine arts chairman, Mrs. A. G. Schwermann; applied education chairman, Miss Margaret Fink.

Mrs. Milton Dunlap was the speaker for the afternoon. Mrs. Dunlap, a licensed pilot, reviewed the early history of aviation, and related a number of interesting experiences, which occurred during her many hours in the air. Hostess committee for the afternoon was Mrs. A. J. Crawford, Mrs. Fred Hoefft, Mrs. N. J. Coltrin, Mrs. J. Rosalie.

The spring luncheon will be held at the Plentywood farm, Bensenville, on Thursday, May 19. At this time the new officers will be installed. The program chairman, Mrs. Charles Wendell, has arranged a very fine program for this, the outstanding event of the club year.

Reading Circle

The Reading Circle will meet at the home of Mrs. Harry Johnson Friday, April 29. Miss Margaret Fink will give the review. This is the last book review until next fall and a large number is expected to attend.

Trees Create Beauty Spots

The 600 foot line of hard maples, alternating green and red leaf trees, which borders the cemetery along Dundee avenue, is possibly the outstanding row of trees in Barrington. The picture above shows a section of it taken from Coolidge avenue.

Criticism of this row has been to the effect that the trees are planted too close together and as they mature are crowding each other. A suggestion that every other tree be removed to the east side of the avenue, making a double row with more space between each specimen seems to have merit.

many persons attended the opening.

Mr. and Mrs. Fred Brockman and Dan Herschberger of Prairie View were guests of Mr. and Mrs. Charles Herschberger at Long Grove Sunday afternoon.

A special meeting for the purpose of re-hiring the school teacher, Miss Anna Gerbert, for the Fairfield public school was held at the home of Mr. and Mrs. William Tonne at Fairfield Monday evening. Those attending were Malcolm Shroyer and Albert Volting of Fairfield and Miss Gerbert of Half Day.

Mrs. Herbert Meyer, school teacher at the Hubbard school, recently underwent a minor operation at the Sherman hospital in Elgin. She remained there for two days and returned home to convalesce. Monday she resumed her teaching at the school.

Mrs. J. B. Reed, formerly of Quentin Corners, was a guest of honor at a party given by Mrs. John Becker Thursday afternoon.

Miss Dorothy Herschberger of Long Grove spent Monday evening with Misses Eibel and Esther Tonne at Fairfield.

Mrs. Elmer Haseman, Mr. and Mrs. Charles Herschberger of Long Grove and Mrs. Carl Tonne of Lake Zurich were visitors in Waukegan Thursday afternoon.

Gloria Leist of Long Grove is suffering with a broken collar bone as the result of an accident last week.

Mr. and Mrs. Edward Sandman attended a dinner at the home of Mrs. Sandman's sister, Mrs. Judd Large in Chicago Wednesday evening. After the dinner they attended the play "Star Wagon" at the Grand Opera house.

The Quentin Corner school held

a small party Friday evening. It was in the form of an April shower party. A variety of games were played and refreshments served.

Lake County Third in State Seal Sale

Lake county ranked third in seal sales among all the counties in Illinois outside of Cook county according to reports released at the 25th annual convention of the Illinois Tuberculosis association April 18 and 19 in Bloomington. First place went to DuPage county and second to Winnebago county.

Harry A. Hall, treasurer of the Lake county Tuberculosis association, was re-elected second vice president of the state organization. Other officers elected are: Dr. Robinson Bosworth, East St. Louis,

president; Dr. O. N. Lindberg, Deatur, first vice president; Mrs. E. P. Auld, Shelbyville, secretary; Dr. J. P. Denby, Carlinville, treasurer; and W. P. Shahan, Springfield, executive secretary.

Representing Lake county at the convention were Dr. Charles K. Pette, head of the county sanator-

lum; Dr. E. H. Smith, president of the county association; Miss Orpha White, executive secretary of the county group, and Miss Bertha Martin, secretary of the county office.

Spelling Contest of Rural Schools Will Take Place Saturday

The annual Cook county spelling contest under the supervision of the county superintendent of schools will be held on Saturday morning, April 30th, at 10 A. M. in the civil service room of the city hall in Chicago.

Over 40,000 children from the 172 school districts directly under the supervision of Superintendent Puffer have taken part in the contest. Two delegates from each school have gone to the township contest held throughout the county. Banners have been awarded to the township champions. These township champions will compete in the final contest for the gold, silver, and bronze medals which will be awarded to the first, second, and third place winners.

"No text has been designated as the official text," said Mr. Puffer in commenting on this year's contest. "We will select the words from the text commonly used in our schools. We will try to avoid homonyms. Where there is a difference in spelling of a word in common use the final authority will be the Merriam Edition of Webster's New International Unabridged Dictionary. We will use as our final set of words a list selected from the Chicago daily newspapers."

Legion Program at Heights Sunday Is Attended by Many

Approximately 100 representatives from boy scout, cub pack, camera girls and girl scout troops and the Barrington school band, in addition to a large group of adults, attended the American Legion Youth and Americanism program at Arlington Heights Sunday afternoon. The event was sponsored by area one of the ninth district, which includes the Barrington post.

The Barrington school band led the parade, which consisted of over 300 representatives of youth organizations, Legionnaires, Legion Auxiliaries, Sons of the Legion, and color bearers. The line of march was from the Merle Guid post

club rooms in Arlington Heights to the high school. George Rohde, ninth district commander, opened the meeting and colors were then posted, followed by the singing of "America." Arthur C. Martens, commander of the Barrington post, then led Legion and Auxiliary members in the recitation of the preamble of the American Legion constitution.

The camp area girls were recited by members of Barrington, Mt. Prospect and Arlington Heights organizations. The Barrington and the Mt. Prospect camp packs sang the "Old Mill Stream" as their part of the program.

Paul Armstrong, past Illinois department commander, gave the principal address. He spoke on combating juvenile delinquency by fostering youth organizations, citing instances and statistics to illustrate why the rate is lowered

when controlled programs are given children. Following the principal speaker, a short program concluded the meeting.

T. B. Treatment Is National Campaign, States School Nurse

Tuberculosis has dropped from first to seventh place since 1907 because of the cause of death in the United States, officials of the Chicago Tuberculosis Institute declared today in connection with their 11th Annual "Early Diagnosis" campaign.

Yet in spite of modern means and methods of detection and treatment, tuberculosis still ranks in first place as a killer of youth. Miss William McLaughlin, R. N., at the public school pointed out, it claims more victims between the ages of 15 and 45 years than any other disease, she stated.

Tuberculosis associations and public health authorities are emphasizing early discovery of the disease as a means to bring about a cure or arrestment. The "Early Diagnosis" campaign is being sponsored nationally by more than 2,000 state, county and local tuberculosis organizations.

In Barrington the program is being sponsored by the Barrington school affiliated with the Chicago Tuberculosis Institute. The program locally has two main divisions: health education, by means of literature distribution, motion pictures and lectures, exhibits, radio talks and newspaper articles and clinical service. This includes tuberculin skin testing, X-rays, physical examinations and inspections. The institute's staff nursing staff of 25 registered nurses, medical director, chief clinician and X-ray technician conduct monthly chest clinics at the institute's 17 suburban health centers.

P-T.A. Officers to Be Installed at Program

Continued from page 1
Program will be given in three divisions consisting of displays offered by the home economics junior high students, clothing classes, and advanced home economics students. Ruby Kuehn will play the piano during the first division and Mary Jane Blake during the latter two.

In the first division Mary Ellen Gaulty will introduce the problem of aprons. Frances Plazie, the problem of smocks, blouses and pajamas, and Gladys Truxal the problem of dresses. The junior high girls in the first division will model the clothes they have made in these groups.

In the second division Gloria Stanley will present aprons, blouses, pajamas, smocks, and dresses, Barbara Watson simple dresses, and Doris Lovendahl better dresses. Students from the classes these four girls represent will model their handwork.

The advanced class will end the show with Ruth Dwyer introducing simple garments, Alice Bauman made-over problems, Margaret Ann Shewery the child's division, and Betty Lee McCray better garments.

Motorcycle Crashes Claim One Life and Injure Three Others

Motorcycle accidents in the vicinity over the week-end claimed the life of one rider and injured three others.

Ralph McClellan, 23 years old, 1321 Forest avenue, Bensenville, was fatally injured Saturday evening when he lost control of his machine on route 20 west of Elgin and crashed into a ditch. William Moore, 22 years old, also of Bensenville, who was riding tandem with McClellan, was thrown to the pavement and received a concussion of the brain.

Gordon Laughhead, 16 years old, of Glenview, received bruised ribs and lacerations about the face and head Sunday morning when his motorcycle was struck by an automobile driven by Route 20, 725 Ashland avenue, Chicago, at the intersection of routes 25 and 63 at Bonnie Dundee golf course.

Laughhead was riding east on route 63 and State Highway Parkway when Herbert Wright, who investigated the accident, reported Conde failed to observe the stop sign at the intersection. Conde also received minor injuries.

The other crash injured was Richard Speake, 45 years old, of Crystal Lake, who stated that he swerved the motorcycle he was riding over a curb to avoid being hit by a car at Crystal Lake Saturday night. The machine struck a tree.

Speake received a fractured right ankle and compound fracture of the right arm, in addition to lacerations and bruises.

"A Scientific Attitude"

By JANETTE S. MURRAY

The fourth grade pupils had just been dismissed. As Jean Marshall went out, she seized the hand of Betty Crew and pinched it with all her might. Shocked and physically hurt, Betty ran home crying. Her mother called Mr. Marshall on the phone and angrily informed her of Jean's action.

Now mothers instinctively side with their own children, but Mrs. Marshall belonged to a study group where there was a free discussion of children's faults and where the old idea that one's child "can do no wrong" had been superseded by a more scientific attitude.

Naturally, Mrs. Marshall was shocked at Jean's action but collected herself enough to say she deeply regretted such behavior on her daughter's part, that she did not understand it and that she would talk to Jean, who was not home yet, and call back to see if they could do anything toward making the matter right.

Jean, when questioned, was sorry for having given in to such a bad impulse. The child said she had nothing against Betty but was suddenly seized with a wild desire to pinch her to see how it would seem. Now Jean began to cry. Her mother was taking such a grave view of the affair.

"Don't cry, Jean," said Mrs. Marshall. "I have to think how to make amends." She studied her little daughter thoughtfully. "Sup-

pose I call up Betty's mother and explain how you did it and how wrong we think it was and say you would like to apologize if Betty could come to the phone—or what do you want to do?"

"Oh, I'd like to do that, Mother," and Jean dried her tears. Mrs. Crew was disarmed, decidedly placated by Mrs. Marshall's ready acknowledgment of her daughter's fault. Yes, she would call Betty at once.

"Betty," said Jean, "I'm sorry and ashamed that I pinched your hand. Will you forgive me? I'll never do it again. Won't you tell your mother what I've said? I'll hold the wire."

After a few moments, "It's all right, Jean," came over the line from Betty.

And so the trouble was over. With the affair settled promptly and off her mind, Betty held no grudge. As for Jean, she promised her mother never to do such a thing again, and she said that once she got out her best doll's dress to take to school to give Betty the next day, for she knew it would fit one of Betty's prettiest dolls. Then she ran happily out of doors to play.

It would have been so easy through weak handling on Mrs. Marshall's part to have let this chance fault of a normal, well-meaning child cause lasting unhappiness for both girls; but, as we have seen, Mrs. Marshall settled the affair in a straightforward way. She admitted her child's fault at once and then stood by, loyally, helping Jean to make amends.

This WEEK in WASHINGTON

By RALPH E. CHURCH
Representative, 10th Congressional District

Washington, D. C., April 23.—One whole national life is suffering from bureaucracy. It is a deadly disease, cancerous in nature, which attaches itself to the body politic and ultimately results in the complete destruction of democratic life. It eats up the nation's resources, taking more and more money from the individual taxpayer. It stifles economic growth, preventing the flow of capital in the blood stream of private enterprise. It slowly destroys the moral fibre of a nation.

Against the dangers of this disease the American people should be warned. A cure is difficult, requires time, patience and courage. Already it has reached a malignant stage, and to effect a cure we should be aroused.

It was with this thought in mind that I saw fit to publicly criticize the actions of Horace Russell, general counsel of the Home Owners' Loan corporation, on the floor of the house this week. I express the sincere hope that this criticism and his immediate resignation will serve, in some measure at least, to focus public attention on the evils and dangers of this growing bureaucracy. The Russell case is but an illustration of that which is taking place all through the federal service.

When Judge O. B. Taylor resigned as associate counsel of the Home Owners' Loan corporation to enter into private law practice in Washington, his superior (Mr. Russell) would be perfectly justified in his pressing official his regret in losing Judge Taylor's services and commending him for his work with the corporation.

But that is something altogether different from the thing altogether different in the resignation of Mr. Russell in mailing out a letter in his official capacity all over the United States, at expense to the taxpayers, which in effect suggested to the recipient that if he had any Washington law busi-

E. G. Ericson Buys House in Jewel Park

E. G. Ericson, manager of the Pure Oil Service station, Main and Hough streets, was reported this week as purchaser of the Colonial house on Elm avenue in Jewel Park, which was offered for sale under a unique plan several months ago. The purchase price was reported at \$3500.

When first offered for sale by the First National Bank, it was proposed that the price would be cut \$500 each succeeding month that the house remained unsold. C. A. Elsner, cashier of the bank, originated the selling plan.

Start of Annual Spring Clean-up Drive Enthusiastically Awaited

Will Begin Hauling Debris Monday; To Continue for Week

Village Street Department Is Supervising Work of Annual Program

Preparations for the annual spring Clean Up Week which starts Monday, May 2, and continues through Saturday, May 7, have been completed by Paul Purcell, superintendent of village streets, who will supervise collections of cans and rubbish. Considerable enthusiasm has been aroused for the civic improvement plan.

The village truck will begin Monday morning making collections, and Mr. Purcell said, will have covered all streets by Tuesday evening. In order to insure the removal of bags and boxes, it was suggested that residents place them on the parkways over the week-end.

Ashes will not be hauled by the street department, Mr. Purcell warned. Nor will large pieces of junk, such as car bodies, be hauled away. Those items will have to be taken care of by the individual. Garbage is also another item that is not to be handled by the village crew.

Instructions for the proper containers were also discussed by Mr. Purcell, in connection with the work. Burling bags, wooden and cardboard boxes and barrels are preferred for holding cans and other debris, he stated. When placed in the proper containers, the articles are easier to handle and the crews can operate more quickly.

Those individuals wishing to dispose of the winter's accumulation of ashes may take them to the village dump at the north end of Raymond avenue. There is a section of village property south of the creek and east of the road where they may be dumped. Large pieces of junk must be disposed of elsewhere, it was learned. Dumping of garbage on the village's Raymond street property has been forbidden.

Village trustees made a tour of the community Tuesday evening, looking for places that needed cleaning up. Ash piles in a great number of places were pointed out for removal. At Cook street and Lincoln avenue, at Spring street and Lincoln avenue, at Lake and Spring streets, Park avenue and the railroad property, Chestnut street between Elm and Cook, George street, James street, North avenue, Applebee street and several other streets were named as having ash piles prominently displayed.

In order that a comparison may be made, a record of the number of trips and quantity of debris hauled by the village street department will be kept by Mr. Purcell.

This spring more than 200 yards of dirt, leaves, branches and other stuff have been hauled away by the department.

Clean Up, Fix Up and Paint Up has received considerable emphasis this year from the village board. Village President Earl Hattie has been particularly interested in the program, and has asked all civic, patriotic and social groups to participate. Colorful posters, stressing the benefits and need of an active clean up, have been placed on display in business houses.

Jefferson Ice Co. Is Renovating Building for New Enterprise

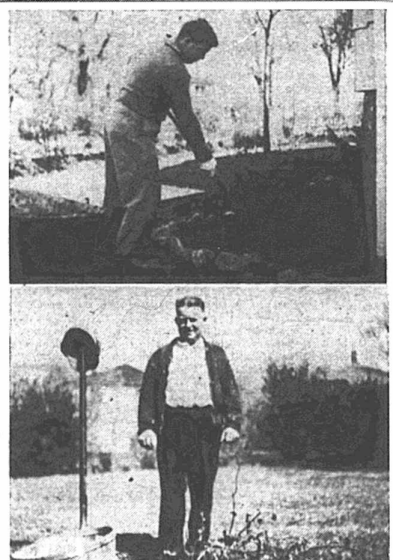

Work will be completed on the installation of the Jefferson Food Locker service at the Jefferson Ice Co. plant on Applebee and Garfield streets between the first and the fifteenth of May, Peter Meyer, local manager reported Monday.

Jefferson Ice has renovated the entire east half of the old Bowman Dairy building for the new enterprise, making it the largest industrial and commercial building job in Barrington so far this year. The eastern side of the building has been made over into a store front with two large display windows, and glass brick is being used in the windows of the office.

The exterior brick work has been repaired and is now receiving a coat of white paint with green paint being used for trim. The interior has been divided into a display and cutting room, office, boiler room, locker room, quick freezing room, chilling room, rendering room, holding room, pickling room, and brine room. Three smokehouses are being constructed as an addition to the building.

The freezing apparatus is connected through the various rooms from the main systems

'Fix Up—Clean Up' Is the Slogan

Planting, fixing and renovating, all three items necessary to local improvement are moving ahead rapidly as can be seen from the two pictures above. In the upper photo William Thorp is removing dead leaves from around bushes and flowers and top dressing with black dirt.

Harold Monahan (in the bottom photo) paused long enough from his cleaning up efforts to have his picture taken. In the foreground is the pile of weeds, leaves and dead branches removed from flower beds and around shrubs.

Two Local Parks Being Put in Readiness for Summer Season

The spring season has made its full force effective at the two local parks where things are being placed in readiness for opening sometime around the latter part of May. At Northside park most of the activity is being directed toward the swimming pool and bathhouse in preparation for the bathing season. Henry Melow, manager and park superintendent, has the exterior grounds all ready.

The interior of the bathhouse is being painted with aluminum paint in both locker rooms. The exterior plaster was touched up last fall and the cracks sealed.

The playground apparatus at the Russell street park will be installed shortly, and the grounds and rest house repaired for the season.

Very little planting is being done in the parks this year, the major projects having been completed in the last two seasons. The junior high school grades planted four trees in the Northside park last Thursday afternoon as part of their annual Arbor Day program.

A short program was held by each of the classes during the planting, which was supervised by Willard Watson, assistant principal of the junior high school, and Mr. Melow.

The first major event in the use of the parks will be the annual Play Day which is to be held May 13 at Northside park. This event is sponsored by the Barrington public school for pupils of the rural schools in Lake and Cook

counties in this area. B. J. Kemp, member of the high school faculty, is in charge of the program.

Twenty schools have been invited to participate this year. Athletic contests, games and other events are arranged for boys and girls from the lower grades through the eighth grade. St. Anne parochial school and the local public school also meet in a dual track meet that day.

Play Day will start in the morning and runs through until the afternoon when baseball games conclude the activities. Members of the school faculty and high school students will assist Mr. Kemp on that day.

'Plant a Tree' Program Meets With Great Community Success

Sustained by civic programs, the "Plant a Tree" campaign received its greatest impetus this year with a great variety of trees being planted by home owners, as well as countless shrubs, bushes and perennial and annual plants.

There were 126 Moline elms planted by the Village Garden club, 247 coniferous trees and bushes donated by J. R. Cardwell planted at the sewer treatment plant by the village board, four trees placed in Northside park by the junior high school classes, and

a proposal by the village trustees to purchase 100 Chinese elms to be planted near the treatment plant, all of which was instituted this spring as part of the campaign.

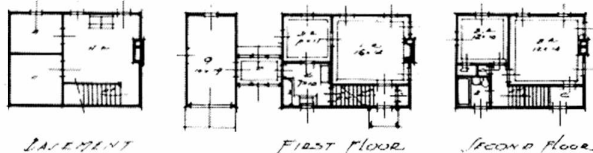

The number of trees and bushes installed privately by home owners cannot be estimated accurately. However, based on observations of work being done in the last three weeks, it is safe to state that more planting has been done than had been for several years past.

The program instituted by the Village Garden club will be continued each year, it has been reported, until all sections of town have been covered. The trees are being placed in parkways.

Guernsey Bull Sold to August Langhoff

A Challenge to the High Cost of Building

This House for \$35.83 Per Month

With F.H.A. Loan of \$5,400

Including Amortization, Interest, Carrying Charges, Insurance and Taxes

Are building costs too high? Can you afford to own your own home? If you are making \$140 per month it is economically sound to have the above pictured house as your own home.

We often hear the accusation "Building Costs Are Too High" or, more specifically "the cost of labor and materials are too high." But folks, it isn't so much the high cost of labor and materials that is responsible for the high cost of building—it's the high cost of inefficient design, the high cost of conflicting and unorganized administration.

In no other basic industry is there more confusion than in the home building field or greater need for sound business methods. In no other field is as much credit available. Nowhere such a crying need for action, for production, for the delivery of the finished product to the consumer.

The Maxon Construction Co. has tackled this problem at the root of the trouble. It is working with the architect instead of against him. Every job is analyzed to the development of efficiency. Each part of the construction is carefully studied and thoroughly detailed enabling the mechanic to produce the maximum value per dollar expended.

The above pictured home is an example of the service the Maxon Construction Co. is prepared to render. This is a brick veneer house, fully insulated, with oil or gas fired winter air conditioning system, of sound construction complete with fixtures and decoration for \$5,873. Without garage and entryway, which can be added later, \$5,273. These prices are subject to contract.

This is JUST AN EXAMPLE of the aid the Maxon Construction Co. can bring to the prospective home owner. For correct design, sound construction, good workmanship and low cost we are second to no other building organization in this district. Give us the chance to prove it.
