## Bangs Lake Setting for Farmers' Picnic

The Farmers' picnic, sponsored by the Lake county farm bureau, Lake county home bureau, Farm Milk association, District No. 7, the Rural Youth association, and the Protective association, will be held during the day of Thursday, July 14, at Cook's Grove on the east side of Bangs Lake. Entry is from Route 174. The evening dance and program will be held at Ray Bros. pavilion, Diamond Lake.

The committee composed of W. J. Snyder, George Vose, Earl Kane, Louise LaMange, Joe Wiser, D. B. Minto and H. C. Glickerson decided that Cook's Grove is a satisfactory place for the picnic as there is ample room for parking, games, races, soft ball, and hard ball games all to be carried on at the same time. There is depth enough for the swimming contest to be conducted.

The following committees were appointed, which, together with their chairman, are as follows: Entertainment, W. J. Snyder; exhibits and concessions, D. H. Minto; parking, W. E. Jackson; track, A. D. Smith; horsing, Bert Edwards; softball, Bertram Abney; hardball, Harry Matthews; dance, Harry Matthews; grounds, W. J. Snyder; tug-of-war, C. A. Faulkner; foot races, W. J. Snyder; checker, checker, Henry Ames; swimming events, Leroy Kane; special events for children, Ray Flood; women's events, Mrs. Paul Allanson.

Planning a Benefit Social

Good Local Market  
for Farm Machinery,  
Livestock and Feed

An active local market exists for farm equipment, stock and feed, according to reports brought to The Review office. Several persons are in the market for Quernsey cows. There is a market for alfalfa hay and for quarters of beef, among other products and by-products of the farm.

E. K. Magee of Hartwood Farm sold two good Guernseys through a three line want ad in The Review. He could have sold them more if he had them, he said, as he received additional inquiries. Arthur Swanson sold 3 1/2 acres of alfalfa hay through a three line ad, and Ward Flood sold several quarters of beef as result of a want ad in The Review.

A dairy farm, baled hay and dairy cattle are among items listed in the want ads on page 3 this week.

## \$3296 Difference in Average Farm Income Shown by Report

A well-organized plan of operation and production was responsible for a difference of \$3296 in the average income of Lake county account-keeping farmers last year, according to Farm Advisor H. C. Glickerson.

This fact was brought out in the summary which has just been returned to farmers in Lake county who are cooperating in the farm-accounting project sponsored by the University of Illinois, college of agriculture.

The 23 most profitable farms in this study had an average net income last year of \$3311 a farm as contrasted with \$15 for the 23 least profitable farms. Even when soil and weather conditions are comparable there are wide variations in farm incomes, Glickerson said.

As a result of larger crop yields an acre, more livestock, and larger returns for each \$100 worth of feed fed, the 23 most profitable farms had an average total receipts and net increases of \$6387 as compared with \$3275 for the 23 least profitable farms. While the gross receipts an acre were larger on the most profitable farms by \$14.73, the total operating expense an acre was \$2.85 less on the least profitable farms. The man-labor cost a crop acre averaged \$9.11 on the most profitable farms and \$9.81 on the least profitable. Comparable figures for

power and machinery expense were \$6.13 and \$6.42.

The most marked cases of improved income are the result of a very definite and well-organized plan. Six important points are usually included in such a plan. They are: (1) a cropping system which will give the maximum income and yet allow for fertility maintenance and control of erosion; (2) a livestock system adapted to the feeds produced and to the markets available; (3) the right amount of high-class labor; (4) an adequate volume of business; (5) power and machinery which will do efficient and timely work with least possible cost; and (6) a choice of enterprises which will fit well together to give a proper balance to the business as a whole.

It has been found wise to have more than one major class of livestock and if possible to select those classes which are supplementary rather than competitive. Hogs and beef cattle supplement each other, while beef cattle and sheep are often competitive. On many farms, which have a small volume of business, it is desirable to use dairy cattle or poultry since these enterprises are intensive in nature, use relatively large amounts of labor, and contribute more income in regard to the acreage of feed consumed than other classes of livestock.

Frank Hecht was re-elected president of the Barrington Countryside association at the annual meeting held at Barrington Hills Country club Monday evening.

Re-elected with him were the following: Floyd L. Bateman, vice president; John L. Bell, secretary; Charles A. Elmer, treasurer. The following members were named on the executive committee: H. C. Cheney, Emil Wolf, Schuyler Thurber, Max H. Hurd, William Mott Sr., Dr. P. B. Magnusson, George Fairweather, Paul Trier, Sidney George, W. P. Sledge, Andrew Dallstrom and George Duffington. The officers also serve on the executive committee. Mr. Hecht opened the meeting and

spoke in brief of the purposes of the organization—that of creating and preserving local property and interest. He then introduced Robert Kingery, head of the Chicago Regional Planning commission and former director of public works and buildings for the state of Illinois.

Mr. Kingery spoke on regional planning and outlined four purposes as the objective of a regional organization. 1. Exercise some sort of control on unrestricted subdivision of land; 2. Have village zoning ordinances; 3. Seek to join together highway systems, matching up county line roads and have the type of road, structure, etc. same; 4. Develop park and recreation programs. In urging the control of unrestricted subdivision, he pointed out that two million subdivided lots are in the metropolitan area and only one million are occupied.

Bringing his talk closer to home, he pointed out that the beautifying program that could be effective locally. He compared the work done by the state of Illinois in its rural beautification project, in which 1200 entries are now filed.

Alexander Reichmann substituted for Andrew Dallstrom, who was slated to talk but had been called away on business. Mr. Reichmann urged members present to work for a spirit of community contribution, stating that cooperation could bring about the objectives of the organization.

He was followed by George Fairweather who discussed "Local Taxation." He first outlined taxation and what the property owner reached in payment of taxes. Tax delinquencies were the object of considerable discussion by Mr. Fairweather, who favored stringent rules to force the prompt payment of taxes.

A treasurer's report was made by Mr. Elmer, and Mr. Bateman presented the nominating committee's report.

## Kirk Smith Tells of Meeting the Interesting Dr. G. Cullen

Following is the concluding installment of the bulletin relating the experiences of Lt. Kirk Smith, U.S.N.

Hollo—May 2  
"We arrived here about noon today—this is the second city of the Philippines being surpassed only by Manila in population, industries, etc. However it compares with Manila somewhat as Elgin would compare with Chicago."

"It was quite surprising to find a small town of the size of this one, as we did this afternoon, and to discover the difficulty most of the natives had in understanding our English. Of course, this place is off the beaten path visited mostly by coastal steamers and by tourists for about half a day each week; in addition to that most of the foreign residents are Spanish, so the occasions for the use of English are rather infrequent."

Hollo—May 5  
"Yesterday morning the skipper and I went over to the Stewart to be on hand when the local dignitaries came out to the ship to return an official call which the officers had paid them the day before. The governor of Hollo province, the mayor of the city and several other dignitaries came out and looked the ship over. But the person whom I enjoyed meet-

## Enters Judgment Favoring Village in District 4 Suit

Get Summary Order for \$1100  
Tuesday; Ends Legal  
Tangle Over Funds

A summary judgment for \$1100 was entered by Judge Grover C. Niemeyer in superior court of Cook county Tuesday in favor of the village of Barrington in its suit against school district No. 4. This last legal action brings to a close litigation that had arisen over funds held by the village treasury at the First State Bank of Barrington at the time of its closing. In December of last year summary judgments favoring the village were entered in Lake county circuit court and in the circuit court of Cook county at the time the bank failed.

An award of \$4975 was entered against the school districts of Cuba township. This represented a compromise agreement made with the village board and trustees and directors of Cuba schools. A judgment for \$8124 was entered against the Waterman estate.

School district No. 4, directors of Cuba school districts and the Waterman estate will receive pro rata shares of any future dividend checks received by the village from the receiver of the closed State bank. However, this pro-rating will be withheld until the judgments have been paid. It was learned.

The litigation arose following a decision of the late Mr. Waterman concerning the division of funds held jointly by him for the village and the school districts. He held at the time of the bank's closing that all funds in the First National bank belonged to the schools while those funds in the State bank belonged to the village. An audit was made by the village and the suits started.

The summary judgments are the result of compromise agreements made by Village President Earl Hatje and village trustees and school directors and trustees of the board of education of school district No. 4. According to statements made by A. D. Church, president of the board of education for district No. 4, and Mr. Hatje, the compromise was reached in order to save local taxpayers the expense of court proceedings and legal fees.

W. U. Hardwell represented district 4 and D. B. Maloney represented the village.

## PWA Grants \$189,000 for Grade Crossing Near Lake Zurich

The public works administration approved the application for a \$189,000 grant for the construction of a grade separation viaduct on U. S. route 12 near Lake Zurich, which was reported from Washington, D. C. this week. The application had been made by the Illinois department of works and public buildings, division of highways.

The viaduct will cross the E. J. A. S. railroad tracks southwest of Lake Zurich, where U. S. 12 will be swung around the village and lake. State highway engineers have driven survey stakes along the new right-of-way and some of the property needed for the project has been purchased.

The village of Libertyville also was notified that the PWA had approved an application for a grant of \$39,272, to be used for remodeling the Central grammar school, the village's oldest educational building, which is threatened by a large amount of water on the approval or rejection of a bond issue as an undisclosed amount to supplement the government's share.

ly they had recounted, in Frank's presence, "must" think he had said or done. In this particular case, Frank's desire, clearly, was less to call attention to his blouse than to call attention to himself. He merely used his blouse and his remarks about it as an attention getting device, that he might be noticed, and for the moment become the center of the stage.

Obviously the treatment of Frank's case must include his parents. What children do and say should not be told before them. It develops self-consciousness and vanity.

See Doris had been praised by a stranger. Quite naturally the words pleased her and she repeated them to her mother.

New her mother might have said, as age mother actually did say, "O, probably the lady was just making fun of you. People say a lot of things they don't mean. You look well enough." But this reply would not have been wise.

A better way to have met such a situation would have been to say, "I am glad my dear. Your behavior must have pleased the lady very much, for the way we speak and act has much to do with the way we look, so when we are kind and good, people do like to look at us." Had the child been older, the mother might have added, "There is an old saying that 'Handsome is as Handsome does' which means, that our attractive depends more on what we think and do than it does upon our features or on what we wear."

## "PEDESTRIAN POINTERS" SUGGESTED BY THE CHICAGO MOTOR CLUB

## Kirk Smith Tells of Meeting Dr. G. Cullen

Continued from page 1  
toward the people instead of the superior overbearing manner that most foreigners use toward them. He says he doesn't think he'll ever return to the States because he's afraid that as soon as he landed in San Francisco and all of the taxi drivers and various hunkies started shouting English at him he would become irritated and disgusted and take the next boat back out here. He is over 60 and carries on a very active surgical practice and apparently is quite a skilled surgeon and seems to be abreast of the recent advances in medicine in contrast to so many physicians I have met out here.

"This morning several of the officers attended a reception given by the mayor at his office in the very fine new municipal hall where we met a good many more of the local Filipino dignitaries. Dr. Cullen again took me under his wing and insisted that I have lunch with him about the islands and Mayon, which had just arrived (and which is the Dollar Interisland Steamer). From there I went over to his office with him while he saw a few patients—and I wish you could see his office—junk every place, but enough equipment to do just about anything he wanted to; out in back of the house he had sort of a zoo with an American eagle, a couple of young pythons and a flock of pigeons. From there we went to the leprosy hospital a short distance from town. "There are several of these leprosy hospitals about the islands and their purpose is to take care of the earlier stages of the disease or to take those patients who have not been getting along well on Cullion and whose outlook may be helped by being near their own homes. There were 316 lepers in this colony and most of them were in the early stages, of course, but we saw a few advanced cases. The patients actually ranged in age from 8 to 80, but the thing that impressed me most was their cheerful, hopeful and contented attitude. They seemed to enjoy life in the colony and were not at all sensitive about showing us their lesions (some of them had scarcely any) and talked over their

cases and treatment quite cheerfully and readily. The colony had Baptist, Presbyterian, Episcopalian and Catholic chapels in it. I think I could go on and on, but if I'm not careful I will run out of space and also I must leave something to tell about when I get home.

"As I write this we are under way for Zamboanga and I will write about that tomorrow.

Zamboanga—May 6  
"We arrived here about noon today. This town has certainly been a pleasant surprise and we are all disappointed that we have to leave here tomorrow evening. It is the cleanest town I have seen in the Philippines—the streets are wide and well kept; there are numerous well kept park areas and the streets are lined with fine looking concrete lampposts. It is somewhat near the Moro country and there are numerous Moros wandering around the streets in their native costumes. The army post Pettit Barracks is located here and it is surely a beautiful, refreshing spot and I suppose that it is because of the army's presence in this rather isolated spot that the town presents such a fine appearance; I hope we have another chance to come back here before I leave as I would like to spend considerable more time looking around."

Saturday, May 6  
"Tonight we are on our way to Manila to deliver and pick up mail; this afternoon we contacted the Hawk for the first time in over two weeks and got a bunch of mail but mine turned out to be nothing but ads; however, I expect to get a bunch of mail from home when we get to Manila as hardly anyone on the ship received personal letters in the batch we drew today. We should arrive in Manila early Monday morning."

Ill at Her Home  
Mrs. Fred Hobbs, 515 W. Main street, is ill at her home.

Card of Thanks  
We wish to express sincere thanks to the coast guard, police department, community of Barrington and all who helped and were so kind to us during our recent bereavement.

## "Cocoanut Grove" Is Week-End Bill at Catlow Theatre

"Doctor Rhythm," Starring Bing Crosby, Begins Run Wednesday

Wayne Morris, star of "Kid Galahad," further proves his acting ability in "The Kid Comes Back," coming to the Catlow theatre Friday and Saturday.

On the double feature bill on Friday and Saturday with "The Kid Comes Back," is "Rascals," starring Jane Withers, with Rochelle Hudson and Borrah Minnervitch and His Gang.

Before his movie days, Fred MacMurray was a band leader. And as a band leader, his highest ambition was to play an engagement in the famous Cocoanut Grove of the Hotel Ambassador, Hollywood. Well, he's in "Cocoanut Grove," at last—just it's a picture, named after the night-spot.

In the new film, which comes to the Catlow Sunday and Monday, MacMurray plays a part that is an almost exact prototype of his own life. He is a swing-happy young band leader, barnstorming across the country, never more than two jumps ahead of the sheriff, and ending desperately to get the much sought after audition at the Gröve. Supported romantically by Harriet Hilliard, wife of orchestra leader Oreste Nelson, and the scene of the two head a long cast of star names.

George O'Brien, one of the leading action stars in pictures, plays the role of a United States marshal in his latest outdoor thriller, "Gun Law," coming Tuesday.

Double featured Tuesday with "Gun Law," is a brand new Hercy Biane adventure, "Torch and Flame in Panama," with Lola Lane and Paul Kelly.

O. Henry, who has often been called the greatest of all writers of American fiction, created the story which has been made into "Doctor Rhythm," the musical comedy starring Bing Crosby, Beatrice Lillie and Mary Kaye, coming to the Catlow Wednesday for a three day engagement.

Bing Crosby is seen in the role of the fashionable New York doctor who does a United States uniform for a day to help his best friend, Andy Devine. Bing gets his first job as bodyguard to Miss Lillie's socialite niece, Mary Kaye, and applies the same method of the law in a most unlawful manner to win her heart.

## Jim McMillen Pitted Against King Kong at Peg's Friday

On Friday night, June 31, at Peg's Arena located at the junction of routes 54 and 20, King Kong, bearded Abyssinian wrestler, will face Jim McMillen, one of the foremost grapplers in the country in an effort to force Bronco Nagurski into a title match. Kong has been faced by some of the toughest wrestlers in these parts and to date none have shown sufficient strength or skill to place the broad shoulders of the bearded giant even near the mat. There are many who feel that the victory march, such that has seldom been seen in madom, will continue until he wears of the crown and there is no man campaigning in the mat ranks of sufficient ability to subdue the Abyssinian invader.

On the other hand, Jim McMillen will be facing one of the most important matches of his colorful career, since he will be fighting to stay as one of the most outstanding contenders in the country and an opportunity of once again facing Ruffy Silverstein, Illinois champion, to whom he lost a decision and the title.

The principals in the semi-windup are Hans Schnable, fore-

most of the famous mat Schnables who will come to grips with the German strongman, Rudy Strongberg, in a thirty minute time limit bout. Johnny Plummer, Texas toughie will have his hand full trying to keep from the crushing coils of Fred Grubmeyer as the elongated Iowa is in the best shape of his career.

## Forecasts Highways Will Be Jammed With Traffic Over Fourth

Attendance at mid-west vacation and resort areas over the three-day Fourth of July week-end will shatter all previous records, according to Bert Vanderwarf, head of the Chicago Motor Club touring and travel bureau. He said that requests for touring information received at the motor club branches in Illinois and Indiana indicated that more than 600,000 automobiles would be on the highways of the two states during the peak of the holiday traffic movement.

Many motorists are taking advantage of the three-day week-end by planning longer motor trips, inquiries having been received for routes to points as far away as the Ozarks, the northern tip of Michigan, and even the Great Smoky mountains, he said.

"Thanks to the rainy spring, state parks and vacation areas in Illinois, Indiana, Michigan, and Wisconsin have never presented a lovelier appearance than they will over the Fourth. Reports on advance reservations from these points indicate that attendance figures will reach a new high, exceeding the record-breaking figures of last year, which was the peak since 1929," he declared.

## Probate \$7000 Will of Mrs. Mary Meier

The will of the late Mrs. Mary Meier, who died here on May 12, was admitted to probate in Chicago last week. It disposes of a \$7000 estate, of which all but \$1000 is real estate. It is to be given to her five children to be shared equally. The heirs are: Warren Meier of Los Angeles, Calif.; Julius Meyer of Camp Douglas, Wis.; Dollydia Wells of Des Plaines, George F. Meier of Boise, Idaho, Louise Freye of Barrington. Dollydia Wells was appointed executrix.

The will of the late Andrew Pedersen of Barrington, who died May 7, gives his \$22,000 estate to his four children. They are: Bertell and Louise Pedersen of Barrington, Peter Pedersen of Reno, Nev., and Ida Pedersen of St. Louis, Mo.

The late Henry Pigorsch, who died in Bartlett on June 4, left an estate estimated at \$1000. Eight shares of bank stock are given to his nephew, Gordon Pigorsch of Bartlett, and the residue is given to his sister-in-law, Mrs. Bertha Pigorsch, also of Bartlett.

**Walthers League Has Anniversary Dinner**  
Rev. Martin C. Ellis of Chicago spoke on "Spiritualism" at the fifth anniversary banquet of St. Matthew Walthers league in the church parlors Tuesday evening. The occasion marked the growth of the organization since its formation here in 1933.

The program consisted of a well-

come address by the league's president, Glenn Jars, who turned the meeting over to Alvin Jars, the toastmaster. A men's vocal quartet from Crystal Lake sang several numbers and Miss Gwendolyn Wolf played several piano selections. She was followed by Norman Hefner who gave a clarinet solo and Miss L. Grimschacher who played the piano. Group singing was also a part of the entertainment.

## Helps to Establish Memorial Fund for Former Classmate

Thomas W. Thackeray III of Otis road, is one of 50 Kenyon college seniors who have contributed to the establishment of a Memorial fund in memory of David L. Beatty of Hinsdale, Ill., a former member of the class of 1935.

Instead of leaving the customary "bench" or "trophy case," this year's seniors decided to establish the more useful living memorial to their former classmate and class president, who in 1936 was the victim of an automobile accident.

The fund of \$750 will be loaned in full to Kenyon seniors. Recipients of the loans will repay their loan one year after graduation, which will make their fund available to seniors of alternating years.

Mr. Behringer's enthusiasm was kindled at the National Salesman's Crusade meeting which he attended in Chicago June 21 with Dr. W. A. Fanning, Eldon Gleske and Art Dwyer.

Reports were made at that meeting that business volume had been increased and conditions improved in individual communities which cooperated in "greater sales" drives, Mr. Behringer stated.

## Veloz and Yolanda Return to Chicago

Thursday evening, June 23, marked the return of the incomparable Veloz and Yolanda to the Empire room of the Palmer House. It will have been nearly two years since these glamorous dancers entertained Chicagoans and visitors to the Palmer House with the magic of their artistry and their beauty. On May 30, 1935, Veloz and Yolanda began their second appearance in the Empire room, an engagement which ran for 35 consecutive weeks and established an attendance record. In 1935 they appeared for a limited five-weeks' engagement enroute to Hollywood and their second movie picture.
