

## Selects Committee to Help in Making New Parking Space

Village Trustees Will Help  
With Lot Near Catlow  
Theatre

Village Trustees John J. Carroll, John H. Blanke and Rudolph Berg were appointed by Village President Earl Hatje Monday night to act as a general committee in assisting W. R. Catlow, manager of the Catlow theatre, in creating parking space in the business district.

Mr. Catlow, it was stated, has property available adjoining the theatre on the west side that can be converted into a parking lot, to be used primarily for his patrons in the evening. The village committee will assist Mr. Catlow in the completing of details.

Village Trustee John Daeschler presented to the board the license for the use of railroad property recently converted into parking space. This land lies west of the tracks and south of the village tower at the passenger station. The area is 40 feet by 150 feet. The license was approved by the board and returned to the C. & N. W. railroad owners of the property. Cider all, donated by the railroad, was placed there by the village street department after the ground had been leveled off. Mr. Hatje pointed out that by the village creating more parking lots or assisting in making lots, definite improvement will be made in parking problems in the village. This will be true, he stated, for those persons who drive to the railroad station and commute daily. Since the two-hour parking ordinance went into effect, complaints have been received from motorists that it has not worked equally favorable, it was stated.

## Robert Pohlman Has Arm Fractured When Auto Strikes Bicycle

Robert Pohlman, eight-year-old son of Mr. Gladys Pohlman, 127 E. Main street, suffered a severely fractured left arm when the bicycle he was riding was struck by an automobile on Barrington road near the intersection of Dundee road Thursday afternoon. The driver of the car stopped and then returned to Barrington after the boy had been picked up. However, his identity was not learned by Mrs. Pohlman, although it was reported he lives in this vicinity.

The accident occurred while the youngster was returning home after a day spent at the E. Meier farm. His bicycle was struck in the rear end by the passing automobile and he was thrown to the pavement. Verne Puffpuff, who was driving by, picked up the boy and brought him to his mother's home in Barrington.

After receiving medical aid here, Robert was removed to the Sherman hospital in Chicago for x-rays and setting the splint. He returned home Monday.

## Urge Steps to Force Cutting of Weeds

Hay fever sufferers came in for a bit of attention at the meeting of the village board Monday night when steps were discussed to enforce the cutting of rag weeds and other noxious weeds responsible for the affliction of a number of residents each year.

Uncontrolled growth of the weeds on vacant property was the object of considerable comment. A weed ordinance is now in effect and trustees demanded that some steps be taken. A new weed order for use on the parkways around town has been purchased by the village, and members of the board felt strongly that property owners should cooperate to eradicate the weed nuisance.

## Plenty of Buyers Here for Holstein and Guernsey Cows

Rev. and Mrs. H. E. Koenig of

## Proposes Project of Dredging Creek and Tree Trimming

Trustee Berg Outlines Plan  
Monday; Committee Is  
Appointed

Village President Earl Hatje Monday night appointed Village Trustees Rudolph Berg, John J. Carroll and John H. Blanke to act as a committee to investigate the possibilities and formulate plans for a WPA project to dredge Flint creek from the Northside park lagoon to the village treatment plant.

Trustee Berg reported to the village board Monday evening that he and H. D. Kelsey, supervisor of the town of Cuba, had covered the area along the creek Sunday and he felt that considerable improvement could be made along the creek by dredging the bottom, cutting the sides and clearing the banks.

In addition to the creek project, Mr. Berg stated a project could also be drafted for the trimming of trees in the village parkways. This should be done in the fall of the year he explained, after the trees have stopped their summer growth.

Superintendent of Streets Paul Purcell was instructed to prepare a report on the trees in town requiring attention and to present the data to the committee appointed by Mr. Hatje. This committee will then turn over the information to the board to be placed in the form of an application. If the board agrees, and according to sentiment at the board meeting Monday night it will be approved, the application will be sent to the works progress administration for approval.

Mr. Hatje, in discussing the tree trimming project, suggested that a tree planting ordinance be drafted to regulate the kind of trees planted in parkways. A number of trees are decayed and need to be taken down, he stated, and some property owners have asked the village to do it.

The village president declared if any trees were removed the village should be empowered to say what kind could be substituted, in this manner setting away from soft road trees.

Superintendent Kelsey has 10 men on his relief rolls who could be used for the dredging and tree projects, Mr. Berg said.

## Sends Resolution on Stop and Go Lights

A. C. Burandt, village clerk, Tuesday sent a resolution to the state highway department requesting the installation of traffic control signal lights at the intersection of Hough street and the Northside highway. The resolution was sent to the district office at Elgin and will then have to go to the state headquarters at Springfield.

Included in the resolution were the traffic count figures completed two weeks ago. Mr. Burandt also established an estimate request of \$2500 to do the work if approved. This would be taken from the gas tax fund credited the village.

## 1560 Persons Attend Annual Jewel Picnic

Employees of the Barrington home office made a clean sweep of the athletic contests at the annual Jewel Tea Co. picnic Sunday to gain permanent possession of the president's plaque. Employees from Barrington and the Jewel Food stores in Chicago joined in the annual event with 1560 persons present. A program of entertainment and dancing was also part of the picnic, which was planned as an old-fashioned county fair. Decorations and games were in keeping with the setting. A luncheon was served to the guests indoors due to the rainy weather in the morning.

A punch and Judy show, clowns, ventriloquist, carnival games and children's games afforded amusement.

George Jackson, 97-year-old resident of Barrington township, and his son Harvey were guests of honor at the picnic.

## Harold Skoze, 19, Is Still Missing

Harold Skoze, 19-year-old Carpenterville youth who disappeared Sunday night after having allegedly taken an overdose of medicine, is still reported missing. Several other clues were said to have fallen into the Fox river while in a stupor from the effect of the pills which he had been taking for relief from heart trouble.

A young man, victim who walked into the police station at St. Charles early Wednesday morning was first believed to be Skoze and the latter's father was called.

Several other clues were also run down without success. The young man held at St. Charles is about 20 years old and weighs 155 pounds. He was well dressed, wearing white shoes, trousers and shirt. He was unable to remember his name or the location of his home. He is being held for further investigation.

## Algonquin Youth Is Fatally Injured By Blow From Baseball

Richard Behrens, 16-year-old son of Mr. and Mrs. Herman Behrens of Algonquin, died at the Sherman hospital in Elgin Tuesday morning of injuries received when he was struck in the head by a pitched ball in a baseball game at the Elgin Stadium Monday afternoon. The contest was for the state high school championship between Algonquin and Elgin Juniors, of which the Behrens boy was a member, and the Rockford Pla-Mor Sport shop. Although knocked down by the pitched ball while taking his turn at bat, he was not rendered unconscious and he was not believed his injury was serious. Richard maintained that he was not hurt and wanted to continue playing at first base but was withdrawn from the game.

He returned home Monday evening and only complained of a severe headache. About 3 o'clock Tuesday morning the young man went into convulsions and lapsed into unconsciousness. He was removed to the hospital, where he died at 6 o'clock.

Warren Waggoner, employed at the station agent office of the E. J. & E. railroad, is enjoying a vacation period.

## Swedish Prince Comes to Barrington Friday But Few Know Of It

Prince Bertil, son of Crown Prince Gustaf Adolf and Crown Princess Louise, who are touring the United States in honor of the 300th anniversary of the arrival of Swedish immigrants in this country, was a visitor in Barrington Friday night but few of the local persons knew about it and fewer got a glimpse of him. Probably some saw him, but did not recognize the royal figure.

Prince Bertil was returning to the Wheeler estate in Lake Forest after a visit at Rockford Friday when his entourage passed through Barrington Thursday night.

State Highway Patrolman William Gallagher had been assigned as a police escort for the prince on his arrival in Chicago Thursday. When leaving Rockford Friday he stated it did not matter what route was taken to Lake Forest so Officer Gallagher chose the route leading through Elgin and Barrington. The party left Rockford shortly before 10 o'clock Friday night and passed through here close to midnight.

## Barrington Review Moving This Week to Permanent Home

Buy and Remodels Property  
at 126 West Main  
Street

The next issue of the Barrington Review will mark two milestones in the history and progress of the newspaper.

The Review will begin its fifth year of publication, having been founded August 3, 1933, and the next issue will be published in the new home at 126 West Main street purchased recently by the Review and Barrington Publishing company. The machinery and other equipment will be moved into the new site by Saturday evening and the business office will be installed there before then.

Workers have been busy for several days finishing up the job of remodeling the building for a printing shop. The ground floor will house the composing room, and the basement will take care of the press room. A business office is being fitted up where the porch formerly was located. A permanent office and modern advertising front will be constructed in part of the present building at a later date.

A casting room and editorial office will be located on the second floor of the building.

This will be the third and last move for the Barrington Publishing company. It was originally located in the Miller Lamer estate building now occupied by Green-Griff. It has been in the present location for four and one-half years. The new location, purchased by the present owner and an associate as a permanent home for the office and plant, will provide favorable conditions for a shop with good light and air circulation and plenty of room for expansion.

The new home provides considerably more floor space than the present location which has become cramped while the publishing company has nearly doubled its annual business volume during the last five years.

The owner has stated in answer to numerous inquiries that no part of the property will be used as residential apartment.

## Will Decide Plans of Park Board Program to Be Held August 13

Committee personnel and program plans for the dedicatory community picnic and water carnival at the Barrington park board on August 13 will be announced next week, according to a report made by T. E. Davis, vice president of the board, following a meeting held Monday night. A meeting will be held this week to formulate the final program.

Mr. Davis stated that the board had decided to make the affair a community picnic. The event is being planned as a dedication of the new land given the park board last year by Jewel Tea Co.

The new land has been plowed and seeded, and is being leveled off preparatory to being sowed down. Drain tile is being placed in the west end and by the time of the dedication residents will be able to visualize the park grounds.

## Rob Turfman of \$560 in Cash at Lake Zurich Home

Wealthy Canadian, Wife and  
Son Tied Up By Two  
Bandits Monday

A search is being concentrated among racetrack followers at Arlington Park this week in an effort to locate two gunmen who tied up A. G. Tarn, 46, wealthy Canadian turfman, and his wife and son at Lake Zurich and robbed them of \$560 Monday night.

Tarn had returned to his home at Lake Zurich about 7:45 p. m. after a day at the race track when two men followed him into the place.

Flourishing pistols, they ordered Tarn, his wife, Gladys, and son, Clifford, 19, into a bedroom and instructed them to get on the bed. While one remained on guard with an automatic pistol, the other tied the hands and feet of Tarn and his wife and son with neckties.

They demanded to be told where the money was and Tarn informed them all of it was in a pair of trousers in the other room. As the Tarn family lay on the beds, the robbers searched the house after taking four \$100 bills, three \$20 bills, four \$10 bills and \$60 in single and five dollar bills from the trousers pockets.

Before leaving Arlington Park Monday evening, Tarn had cashed a check for \$500 for the purpose of paying his help at the jockey club stable. He placed the money in his trouser pockets along with \$60.

Racetrack hangers-on are believed to have watched Tarn cash the check and to have followed him to Lake Zurich. After the holdups the robbers escaped on foot through shrubbery and then to a parked automobile.

Tarn managed to break loose and untied his wife and son. Village Marshal John Gehrke and deputy sheriffs started an investigation.

## Hearing on School Budget This Evening

An estimated budget of \$99,250 for school district No. 4 will be discussed at a public hearing held in the school building this evening, Thursday, in accordance with requirements of the Municipal Budget Act. The appropriation of the same figure, will also be discussed. The meeting will start at eight o'clock.

Public hearings are now required before appropriation ordinances or tax levies can be passed by boards of education.

The estimated budget for district No. 4 is broken down into two parts, the basic budget and the building. The figure given for the educational expenses is \$80,387.50 and for the building it is \$18,862.50.

Upon the basis of the appropriation and what has been collected from sources other than taxation in the past years, the amount of the tax levy will approximate \$90.00 per \$100 of assessed value. This may increase an additional \$10,000 to \$110,000.

## Gets Start on Zoo, Collects Six Owls

Joseph Watkins, son of Mr. and Mrs. J. H. Watkins, 313 W. Station street, is in a fair way to start a local zoo, or at least a collection of wild life. Last Friday while on a trip through the woods he came upon a nest of barn owls in an old water tower. In the nest were six young owls, at the stage where their wings were growing but they were not strong enough to fly short distances.

Young Joseph gathered the six young ones up and took them home. The problem of feeding them may prove to be a big order later on, but at present he is getting great enjoyment out of watching and caring for them.

## Miss Wells Is Bride of James C. Plagge

The Joseph Bond chapel at the University of Chicago provided a perfect setting for the beautiful wedding of Miss Dorothy May Wells, daughter of Mr. Morris Miller Wells of Chicago, and James Clarence Plagge, son of Mr. and Mrs. Reuben Plagge of Barrington, Saturday afternoon. Dr. Charles W. Gilkey, dean of the chapel, read the service at four-thirty o'clock.

Prior to the ceremony, Wilbur Held of Des Plaines played an organ recital and accompanied songs sung by Arthur L. Webster of Des Plaines. Mr. Webster sang "Calm As the Night" by Bohm and De Koven's "O Promise Me."

Large bouquets of white flowers were placed at either side of the altar where the young couple pledged their vows.

The bride, lovely in a white lace gown and long tulle veil, held in place by a wreath of orange blossoms, carried a bouquet of white larkspur and orchids. She was attended by her three younger sisters.

The bridesmaids, Miss Edith Jean and Miss Lois Ruth Wells, wore chiffon dresses of aquamarine, with matching slippers, shoulder length veils and wreaths. They carried fan shaped bouquets of deep blue delphiniums and peach colored roses. The maid of honor, Miss Corabeth Wells, was gowned in delphinium blue chiffon, with matching veil, wreath and slippers. She carried a fan bouquet of blue delphinium and large yellow bellflowers. The flower girl, little Carol Jean Plagge, wore a floor length peach colored net dress with a wreath of peach flowers and carried a basket of rose petals.

Robert Plagge, brother of the groom, was best man. The ushers were Henri Stegmeyer of Chicago, John Raney of Ottumwa, Ia., Walter J. Highman Jr. of Chicago and Willard Gieske of Barrington, a cousin of the groom. All the men of the bridal party were white.

The mother of the bride wore a royal blue chiffon dress and hat and the mother of the groom white lace. Each had a shoulder corsage of orchids.

Following the ceremony a wedding reception was held in the library of Ida Noyes hall for about 150 friends and relatives. A trio provided soft music and refreshments were served from two long tables, attractively decorated in white.

After a short honeymoon, Mr. and Mrs. Plagge will make their home on the south campus of the University of Chicago, where the groom will resume his work as instructor of a summer class. They are planning an extended wedding trip to British Columbia at the close of the semester.

# Earl Etters Hurls Shoutout Game Sunday When Local Nine Wins 1-0

## To Meet Bartlett Sunday for Third Time This Season

Locals Play Errorless Ball; Etters Gives Up Five Safeties

The Barrington baseball team finally came through with a victory when Earl Etters pitched a five-hit shutout against Crystal Lake at Crystal Lake last Sunday. The score was 1-0. Etters was never in danger, as only three men reached as far as second base. Seven Crystal Lake batters took the strike-out route while only one got on base by a walk. Sand, Crystal Lake pitcher, fanned six batters and walked two.

Barrington's run came in the fifth inning when "Howdy" Melner led off with a single and immediately stole second. Etters followed with a hit that scored Melner from second. Other Barrington hits were made by Klopfenstein in the first and third, McCarthy in the sixth, and Condit in the fourth and eighth. Crystal Lake's scattered hits came in the first, fifth, sixth and eighth innings.

Next Sunday the locals will travel to Bartlett for their third chance for a win from the Bartlett team.

## McMillen and King Kong Are Rematched at Grayslake Friday

King Kong, famous bearded Abyssinian wrestling star, will have another chance to prove his worth Friday night, July 22, when he steps into the ring to battle with Jim McMillen, Antioch's great heavyweight, in a return match that threatens to attract the biggest crowd in the history of wrestling in Lake county, to the Grayslake Open-Air Arena.

Two weeks ago the pair met for the first time at Grayslake and before the bout had gone more than 25 minutes the large crowd of wild-eyed wrestling lovers stormed the ring for King Kong's scalp. Kong in a fall from the ring picked up a rock on the ground and came back into the ring to beat McMillen into submission until Jim's ardent supporters interfered. For ten minutes the arena was in an uproar and a wildly excited Abyssinian was in danger of being stored to death before being rescued by officers of the law.

To quell the rioters the referee held up the dazed McMillen's arm as a signal of victory. Kong protested, and the match will be fought again. This time several squads of police will surround the ring to prevent a recurrence, and the King will have personal bodyguards scattered through the crowd.

The semi-final features the return of Ralph "Ruffy" Silverstein, Illinois state professional champion, thrice winner to the National Intercollegiate championship and recognized by many as the uncrowned champion of the world. He will go against the highly touted "Bad Boy" Brown who should offer Ruffy plenty of competition.

The preliminary bouts pit Rudy Kay, rough and tough Chicagoan, against Hugo Schnable, member of the famous Schnable brothers wrestling tribe, and Roy Rickenbacher, former college star from Iowa state, against George Mansoor.

## News Briefs

### Sale of Crystal Lake Country Club Ordered

A decree of sale of the Crystal Lake Country club was ordered entered in the McHenry county circuit court Saturday by Judge William L. Pierce who named Attorney Fred B. Bennett of Woodstock as special master. The sale will probably be held August 24, and will include sale of equipment as well as real estate, it was learned. The property, at one time estimated at one million dollars, was foreclosed under a \$400,000 mortgage in 1932. Interest and delinquent taxes at that time created a total indebtedness of \$550,000. Included in the property are two golf courses, tennis court, caddy house, club house with 64 guest rooms and a dining room service for 400 persons.

### Antioch Will Seek PWA Aid for Village Hall

Plans were put into operation last week at Antioch for drafting an application to the federal public works administration for a grant and loan to erect a new village hall. A new administrative building in Antioch is highly desirable, according to George Bartlett, village president.

### Securing Right-of-Way for Grade Separation

Prospects of an early construction of a grade separation at the intersection of route 14 (formerly U. S. 12) and route 31 east of Crystal Lake seems favorable at the present time, if reports from the committee of the McHenry county board of supervisors bear fruits. Evidence of the prospective im-

provement gained weight when it was learned that land needed for the separation is under negotiation and the deals are expected to be completed shortly. Sessions were held by the committees and property owners last week. The prospective changes will place U. S. 14 traffic under the viaduct and traffic on route 31 will cross over the underpass. According to additional information, when the grade separation is completed U. S. route 12 will be changed back to its old location.

### Arlington Heights Acts to Regulate Shack Towns

Residents of Arlington Heights were given an opportunity to voice their opinions at a public hearing held Tuesday regarding an ordinance submitted to the village board by the Arlington planning commission, regulating the use and development of subdivision land outside the village limits. The ordinance with a few minor changes received the majority of approval from those present. According to the ordinance, the village will maintain general control of all subdivision plats within a mile and one-half of the village. Plats to be placed on sale must receive the village's approval and restrictions in the ordinance are designed to prevent the growth of "shack towns," according to members of the planning commission.

### Will Start on 380-Foot River Wall at W. Dundee

A federal aid project was started in West Dundee this week to construct a retaining wall five feet high and 380 feet long on the west side of the business district. Besides building the wall, there will be curbs and gutters built on both sides of a sidewalk next to the

wall. Installation of several ornamental light posts in the same area is planned, according to E. M. Boncosky, superintendent of streets and village marshal. After the wall is constructed, the land adjoining it is to be used for a parking space.

### Three-Year-Old Boy Is "Kidnapped" Five Hours

Fred Wheeler, three-year-old son of Mr. and Mrs. Lee Wheeler of Waukegan, was reported missing for five hours last week but was returned unharmed. He had been left with brother William, 5 years old, in the playroom of a Chicago department store while his parents shopped. When they returned, Fred was missing and the nurse attendant stated a young girl had taken him away with her. Later in the day a boy and girl ap-

peared at the home of relatives of the Wheelers in Chicago and the girl stated she had taken the boy, who was turned over to his parents. According to reports, the girl is of abnormal mentality and will be examined by juvenile authorities.

### Five Waukegan Youths Capture 30-Inch 'Gator'

Five Waukegan youths have a fine and uncommon-in-these-parts pet, but there remains the difficult problem of knowing how to tame the unusual trophy they bagged last week. Returning home from a trip through the woods near Waukegan they displayed a 30-inch alligator discovered in a clump of bushes. When it was snared it

seemed sluggish but later warmed up and put on quite a show.

### Asks \$13,500 Damages for Fatal Auto Crash

Damage suits aggregating \$13,500 were filed in the Kane county circuit court at Geneva Saturday against Roy Daymond of Crystal Lake on behalf of Alvin Bau, as administrator of the estate of Paul C. Kruschel, and Mrs. Alta Kruschel, widow of the deceased. The action follows in the wake of an auto accident that occurred April 16 near Bonnie Dundee golf course on route 25 and resulted in the death of Kruschel, a resident of East Dundee.

## 400 Strikers Routed From North Chicago Plant Picket Lines

Four hundred strikers were driven from the picket lines at the Chicago Hardware Foundry Co. at North Chicago Tuesday afternoon by fifty deputy sheriffs and police from nearby communities. Tear gas bombs were used to scatter the OIO strikers and sympathizers from the company's gates, allowing 60 independent workers to return to the factory for the first time since June 8.

Scores of policemen and pickets were injured by the gas, bricks hurled by the strike sympathizers and night sticks wielded by the officers. Included in the number of persons in the picket lines were wives of many strikers. They, too,

joined in the battle with the deputies and several were injured in the ten-minute riot.

Ten men were sentenced to jail by Judge Ralph Dady on charges of contempt of court last Saturday and 20 men were indicted Tuesday by a special grand jury for conspiracy and intimidation in connection with the strike. Workers and strike organizers were effected by the jail sentences and indictments.

## Woodstock Insurance Agent Escapes Death By Diving From Car

John Gibson, Woodstock insurance agent, had a narrow escape from death shortly before noon Tuesday when he jumped from his stalled car a few seconds before it was struck by a fast C. & N. W. passenger train on the Hanaford crossing in Woodstock.

Seeing the express train bearing down on him, Gibson did not waste any time in trying to start the car or even opening the door to get out, but instead dove out the window to the pavement. He just managed to clear the path of the machine when it was struck by the locomotive and hurled down the track for a considerable distance.

The car was almost completely demolished. Gibson escaped unhurt.

The crossing is the one at which a car owned and driven by Charles Conner of Woodstock was demolished by a train several weeks ago. However, in the previous instance, Conner did the conventional thing and opened the door to make his timely escape.

## Students From the "Goodman Theatre" Now at Woodstock

In the little old opera house at Woodstock, where Orson Welles first crossed the footlights, there is new activity. A group of graduate students from the Goodman Memorial Theatre in Chicago have opened a summer theatre to play at popular prices each week-end throughout July and August.

Next Friday, Saturday and Sunday evenings, "George and Margaret," one of the outstanding comedy comedies of the last two seasons in London and New York, will be presented. Miss Althia Murphy of Winnetka will play the leading role of Alice Garth-Bander.

Those in the cast include Sam Wanamaker, Ada McFarland, Bob Hoffman, Jane Sala, Gene Swain, Alan Hancock, and Mildred Miller. The play is being directed by Sidney Brees who is a member of the faculty of the drama department of Chicago Art Institute.

The play this week-end concerns one of the most delightful and amusing families since Hay Fever. Mr. and Mrs. Garth-Bander and their three erratic children are never quite sure of their own whereabouts nor those of their guests, but the most difficult situation arises when they discover that their eldest son is in love with Gladys, the pretty parlor maid. Frankie, feeling sorry for her brother, tries to help and falls in love herself, in circumstances even more dire.

Two sets for the production are being designed and built by Henry Kurth Jr. of Columbus, Wis. His designs for the Pheasant Summer Theatre last year brought him favorable compliments from drama critics.

## Man Suffocated in Poplar Creek As Grandson Watches

Suffocated in the soft mud of Poplar creek, Alexander Horvath, 71-year-old resident of Elgin, lost his life after suffering a heart attack while attempting to cut a willow stick for his small grandson, Jack Urban Tuesday afternoon.

The child, 5, witnessed his grandfather's death and hurried to the Horvath home where he tried to tell of the tragedy. His grandmother was unable to understand him, but when her daughter, Mrs. Suzanne Vranka, arrived, police were notified and the boy led searchers to the creek bank. Officers found the aged man, his face mired in the mud. A doctor, summoned hastily, said that Horvath had been dead for several hours. No water was found in his lungs so a coroner's jury, called this morning, returned a verdict of "death due to suffocation."
