

Plan Feature Acts of Entertainment for Fall Festival

Lions Committee Working to
Produce Big Show
October 4-8

Several acts of strong, varied entertainment are being arranged by the Barrington fall festival committee, General Chairman M. H. Schreiber reported this week. As the bookings have not been closed, announcement of the acts will be withheld for another week or so, Mr. Schreiber said, but added that he was practically assured of the leading acts.

The space committee has sold more booths to date than were sold by September 1, last year. It is predicted that the job of selling the booths will be completed well in advance of the opening date, October 4.

Several bids have been received for contract to sell soft drinks, popcorn, novelties, etc. E. J. Miller, chairman of the concessions committee, said that the contracts will be let September 10.

A 1937 Plymouth automobile will be awarded by the festival organization as a grand prize.

Arrange More Events at 12th Annual Lake Zurich Picnic Sept. 8

The 12th annual Lake Zurich picnic is to be held at Oakridge Grove in Fox River Grove Thursday, Sept. 8, will be a bigger event with more games and contests and awards than ever before, according to Arthur Anderson, general chairman.

The picnic will start in the morning with baseball games and events, a picnic lunch at noon and a continuation of the games in the afternoon. The Elmhurst high school band will play during the program.

Residents of Lake Zurich and the rural area surrounding have been invited by committee members to be present at the picnic.

Monday, Sept. 5, being a legal holiday, the Barrington post office will be open for receipt and delivery of mail from 9 to 10 a. m. only, L. B. Paddock, postmaster, reported this week. No money order, registry or postal savings business will be transacted and there will be no city or rural delivery.

The post office lobby will be open until 9 p. m. for the convenience of boxholders. There will be one dispatch of mail, closing at 8 a. m.

Award \$200 for Piece of Property

A jury in the Lake county circuit court Monday awarded Mrs. Mary T. Lowery and her husband, John, \$200 for \$35 acre of farm land condemned by the county for the improvement of Gilmer road in Fremont township. The Lowerys, who sought \$2400 for the property, entered a motion before Judge Perry L. Persons for a new trial.

Forecast 24 Deaths By Motor Accidents for Holiday Week-End

The greatest volume of traffic in the history of the automobile was predicted for Illinois and Indiana over the Labor Day week-end as approximately 1,500,000 cars take to the highways for holiday trips, Bert Vanderwarf, head of the Chicago Motor club touring and travel bureau, announced this week.

As a result of all this traffic, the motor club safety department made this gloomy prediction:

"If present traffic accident trends persist, 24 persons will be killed in Illinois and 14 in Indiana over the week-end."

Mr. Vanderwarf said the peak traffic load would come late Monday afternoon as vacationers hurrying back to their homes for the opening of schools join with week-end tourists on return trips.

Marijuana, Source of Narcotic, Is Found Growing in Village

A clump of marijuana weed was found in Barrington in a search made by The Review this week to determine if the drug-producing plant grew wild in the neighborhood. The search was prompted by a nation-wide campaign inaugurated recently to destroy marijuana because of its deadly drug qualities.

The clump found in Barrington was growing on the E.J. & E. right-of-way, approximately 300 feet north of the Main street crossing. Although it is believed to be the first ever reported in this vicinity, farm experts claim it now grows wild throughout the state.

Marijuana weed is converted into a drug and placed in cigarettes which are sold in many instances to minors, throughout the country, with terrible results. Numerous violent crimes have been committed by users of marijuana.

It is wild hemp—or tame hemp, for that matter. It grows tall and thin, with long, narrow leaves.

Cooking School Movie Contains Many Highlights

Novel Entertainment Offered
in Feature Show Here
September 22, 23, 24

Going to school in a theatre! It sounds a bit strange, doesn't it? But that is what women of the community will be doing when The Review's motion picture cooking school comes to town on September 22.

There will be real lessons, too, lessons in measuring, mixing, and blending the ingredients for many recipes; in the preparation of such triumphs as a lattice-top fruit pie; in making delicious frozen desserts and salads; in laundering fine fabrics; and in planning beautiful meals for growing children.

The camera has assembled all the expert information of trained home economists—not as a routine lecture, not as a formal "high school" demonstration, but as a real romance of home-making, full of suspense and charm, and informal chats from one good cook to another.

There will be remarkable close-ups of each process in a series of models, conveniently-equipped kitchen—real, workable kitchens (not the synthetic, false-front variety), where trained home-makers will plan and execute the preparation of several meals so the entire audience can see the process step by step.

The finished dishes, which will be shown in full color, will look as though they could be picked right out of the picture and eaten on the spot.

The class won't be all work, for the occasional play of sparkling humor, the appeal of tender romance, the suspense of a coherent, intelligently-directed story, which dramatizes everyday happenings, the human sort of things that really do happen.

Blending the attractive story together is the romance of home-making, a subject that holds the class together.

F. F. A. Group From Ela Wins Prizes at Nearby Farm Shows

The Future Farmers of America association of Ela township, high school in Lake Zurich scored multiple wins in farm contests held in Elgin and Antioch, last week. In every exhibit they entered, the Ela township teams won prizes.

Following are some of the awards received at Elgin by the boys: Dairy cattle—Mitchell Kane, a grand championship, five firsts, two seconds, and one third; Edward Lucas, a championship, one first, a third and a fourth; Glen Bonebrake, a second, two thirds and one fourth; Earl Peglow, a championship, two firsts and one third; Cecil Campbell, a second, a third and a fourth.

Sheep—Ray Meyer, a grand championship, two championships, eight firsts, three seconds; Charles Froelich, a second.

Swine—Ray Anderson, five firsts, two seconds, one third; David Weber, a second and third; Gregory Bos, one reserve champion, two firsts, one third; Howard Heidemann, two seconds, a third and fifth; Herbert Gleason,

the stalk is straight and tough. Branches come out on exactly opposite sides of the stalk. The leaves are divided at the base with each leaf consisting of from five to eleven leaflets. The edges of the leaflets are notched, like the teeth of a saw. The color is a rich, deep green. Flowers form in clusters at the axils of the leaves and are greenish colored. Seed forms abundantly after flowering.

Marijuana is an annual plant, growing from seed. It is relished by birds, and is spread to new locations through their droppings. Land owners are being urged to look for the weed and destroy it before it reseeds itself, thus removing the possibility that it may be used by a federal law in effect prohibiting cultivation of the weed and clearly establishing responsibility for permitting marijuana to grow. It provides a fine \$1000 and five years' imprisonment for violators.

Membership Drive Started by Local Woman's Committee

The membership committee of the Barrington Woman's club appointed by Mrs. T. Schutt, club president, Wednesday is as follows:

Park District May Get W.P.A. Project

The possibility of a WPA project for the Barrington Park district was suggested by Arnold Saxe, member of the park board, speaking before the Lions club Monday night. The Lions have purchased land for an estate to north of the park, and will develop their own project, but this could be made supplementary to a major development program under WPA, if the latter is granted, he said.

The new east approach to the park, probably will include two ten-foot traffic lanes separated by a 24-foot parkway.

Fred Fleming outlined the plan for the approach recommended by the Lions committee at club meeting Monday night. The 50 foot plot will be divided as follows: two outside grass lanes each eight feet wide, the two 10 feet wide road lanes and between them a 24 foot parkway with a walk running through the center of it. The separated roads are for one-way traffic.

August Rohde Wins PMA District Title in Neatest Farms Contest

August Rohde of Palatine was hailed this week as the district 7 winner in Chicago's neatest dairy farm contest, sponsored by the Pure Milk association. His score was the highest among the eligible farms of Lake and Cook counties in the fifth annual project of the association. The Earl Kane farm at Mundelein and the Louis Heuer farm at Mt. Prospect both ranked higher, but are ineligible for the district title a second time.

Mr. Rohde was born on an adjoining farm and for many years managed the \$5 acre he now owns. Fifteen years ago he rented the farm and moved to the city, but for the past three years he has been back operating it himself as a Pure Milk farm. The Rohdes prize will be a \$5-piece hospitality chest of Oneida Community silverware, service for eight.

Second place in the district went to Albert J. Stahl of St. Charles, whose 102-acre purebred Holstein farm won the senior award of merit plaque last year. He has been a dairyman for 45 years and a member of PMA since it was organized. A 31-piece trowel chest of silverware goes to the winner of second place in Lake county.

The 204-acre Holstein farm of Dan H. Bergman of Palatine, again took third place, so the Bergmans will have a 26-piece silverware service for six to place beside their 1937 bronze medal.

Other district 7 farms achieving recognition in the contest were: Senior Award of Merit—award of farms rating 90 per cent or higher—Louis Heuer, Mt. Prospect, and Earl H. Kane, Mundelein. Junior Award of Merit—award of farms rating 80 to 90 per cent inclusive—Dan Bergman, Palatine, Harry N. Matthews, McHenry, Julius Radke, Libertyville, August Rohde, Palatine and Albert J. Stahl, Prairie View.

Award of Merit plaques will be sent to winning farms some time during September.

Small Cottage Burns Near Lake Zurich

A small cottage, still in the process of completion, was destroyed by fire Tuesday evening on route 63, about a north of Lake Zurich. J. Rizzo, owner of the place, and his family were absent when the blaze started. The origin was not determined.

The extent of loss was placed at \$1500, the entire building being burned. The Lake Zurich fire department was called but lack of water proved a handicap.

A 40-ton straw stack was consumed by fire on the Chain of Lakes Duck farm on River road in Cuba township Tuesday evening also. How the blaze was started could not be determined. The farm is owned by the Hon. George S. Oldinger, German consul general in Chicago.

Revive Woman Taken From Lake; Man Drowned at Cary Saturday

A picnic outing at Wilech's park on Bloem Lake, near Wauconda, became a near-tragedy Sunday for Mrs. Margie Laury, 33 years old, of 2100 N. Halsted street, Chicago, who was members of the Wauconda fire department worked many minutes to successfully revive her after she had sunk in the lake.

The Chicago woman, mother of two sons, 6 and 8 years old, was a member of a picnic group at Bloem lake and had gone in swimming with other members of her party in the afternoon. When she sank in the water her disappearance was not noticed for several minutes. Other members of her party started diving for her body and located it in six feet of water. She was unconscious when taken ashore.

Artificial respiration was immediately started and the inhalator squad of the Wauconda fire department was called. Mrs. Laury was revived some time later and was allowed to return to her home in Chicago Sunday evening.

According to reports she apparently suffered a heart attack while swimming.

Llewellyn Levy, 33 years old, of 2521 Hardy ave., Chicago, lost his life while swimming in Fox river last Sunday afternoon. He was seen by the Hon. George S. Oldinger, German consul general in Chicago, who was on duty at the time.

There were no spectators to the tragedy and his disappearance was not discovered until some time later. His body was recovered about 60 feet down stream from the cottage pier.

Efforts to revive him proved futile. An inquest was conducted Saturday night and the body removed to Chicago following the hearing.

Property Owners Meet With Board on Sewer Project

Proposal Gets Favorable
Reaction at Session
Monday Night

A meeting of owners of property east of the Northwest highway and adjacent to Main street and members of the village board was held in the council rooms of the village hall Monday night to discuss plans for sewer service in that area.

Revised figures on the total cost to the village on laying tile to service the 24 homes in that area was \$4200. An estimate of \$310 to each property owner was made. The improvement was estimated as a WPA project.

Property owners and persons interested in the proposal who were present Monday evening included: Henry Dorwaldt, Carl Naehner, O. P. Olson, Nolan Workman, Mrs. J. E. Montgomery, Arthur Nuenfeldt, Mr. and Mrs. F. Clark, E. C. Groff and R. W. Muir.

Several methods of extending a sewer line were suggested. The two favored most were one of connecting at the Washington street line and going south along the highway or connecting with the line in Jewel park.

Following a call made by Village President Earl Hatje, the majority present expressed itself in favor of having the service. Another meeting is to be held soon to go into the matter further. In the meantime village engineers will make a survey of the area and prepare material to be incorporated in an application to the WPA.

It was also suggested at the meeting by Mr. Workman that steps be taken to see if gas service can be extended throughout the entire subdivision. This was taken under advisement.

of rooms and payment of rental fees on September 6 and 7.

Following is the scale of rental fees payable in the primary and elementary departments:

Kindergarten, \$1.25; grades 1, 2 and 3, \$1.75; grades 4 and 5, \$2; grade 6, \$2.25.

The fee for the senior high school will be the same as last year, five dollars. This fee covers the rental of all textbooks, workbooks, padlocks, lockers, and ordinary school supplies with the exception of pens, pencils and gym suits. Student activity tickets will be included in this payment. These tickets, which were used for the first time in 1937-38, proved very successful. They will admit the students to approximately a dozen football and basketball games, the junior class play, the dramatics club play, the senior play, the six programs furnished by the University of Wisconsin extension division, and will include a year's subscription to the school paper, the Broncho.

The fee for junior high school will be \$4.25 and is similar to the plan used in senior high school. In addition to rental fees, an activity ticket will also go with the \$4.25. It is believed that in addition to junior high school athletic contests, the ticket will also include those contests of senior high school teams.

Senior high school pupils are asked to use the north door for entering and leaving the building. All other pupils will enter through the south and west doors.

The time schedule for regular classes is as follows: kindergarten, 9 to 11 and 1 to 3; grades 1, 2 and 3, 9 to 11:45 and 1 to 3; grades 4, 5 and 6, 9 to 12 and 1 to 3; junior and senior high school, 8:15 to 12:12; 1 to 3:12.

Cooking School to Have Many Features

Continued from page 1
Interest of every woman young and old. Even The Review knows that all women—brides, business types, and experienced housekeepers—respond to the fascination of looking in on another woman when she is at work in the kitchen.

Particularly do they like it when they are allowed to sit quietly and watch her prepare some dish in which she specializes. They know that if they watch closely, while she measures and mixes and completes the entire cooking operation, this class-up personal study will be more helpful than hours of ready recipes or blind experimentation.

The motion picture camera was, of course, completely unobtrusive and pains-takingly accurate in recording "Star in My Kitchen." There is no trickery in the cooking, baking, and preparation of appetizing ice-cream wonders. Competent cooks who have drifted into bad habits will be able to check their own mistakes by studying the systematic routine revealed in those close-ups.

"They make cooking and housework seem so easy," the audience will say after watching the experienced home-makers in "Star in My Kitchen" instruct the eager, young Dee Abot. And cooking will become easy for every woman who attends the motion picture cooking school, where the lessons will be simple yet remarkably effective.

It sounds like a real reason for women of the community, even to The Review, which is getting a steady stream of congratulations on booking this profitable cooking school.

In addition to the daily recipe sheets, a generous store of gifts are devoted to the carrier back to many a home from the Catlow theatre. Local merchants and firms and nationally-known companies are joining with this newspaper in making the school possible.

Don't miss the 1938-model school September 22, 23 and 24 in the Catlow theatre.

Barrington Team Cards Two Contests for Labor Day Week-End

Chief Attraction Is Game With Old Timer Aggregation

Harford Indians, Colored Team, Will Appear Here Sunday

Baseball talk fills the air here this week in anticipation of a holiday schedule arranged by the Barrington baseball team, and which should prove interesting to local followers. The highlight of the week-end games will be a contest here Monday, Labor Day, between the Barrington nine and an aggregation of "old timers" who carried the banner on the baseball diamond several years ago for Barrington.

Named as available for this contest are the two Altenberg brothers, Charles and August, who will probably share pitching honors. Kenneth "Foxy" Schert is expected to be behind the plate while Charles Berg will either be in the outfield or taking over as the first base. Otto Homuth is also a candidate for first base. Rudolph Berg will again be a familiar figure at second base while Kenneth McGowan will be at shortstop and Wend Flock covering third base.

Rounding out this mythical "all star team of Barrington" will be Herbert Garbach, Waldo Schuetz and C. Liposky in the outfield. Ray Wickman is arranging the old timers' team and will also be uniform, it was learned. Manager William Behringer of the Barrington baseball team will have his full strength on the field to nip any ambitions the bearded men may have.

The Harford Indians, a flashy colored team from the west side of Chicago, will be the opponents of the locals here Sunday to start off the holiday bill. Some of the best colored performers on the west side are expected to be in the line-up Sunday.

The game that was scheduled last Sunday with the Aurora K. C. was not played due to the failure of that outfit to appear. Instead a pickup game was played, consisting of substitutes of the Barrington team and several spectators against the regulars.

The Yannigans played hard to defeat the regulars, and despite the surprising stick work of Lloyd Graham, who took a day off from his usual job of calling balls and strikes, the first stringers won by a score of 7 to 4.

The south wing has added materially to the expansion of the public school system in several ways. Formerly 450 students were housed on the top floor of the old building. With few exceptions, such as laboratory work, the high school will be confined to the north wing and the top floor of the old building while the junior high school will be spread out on the top floor of the south wing.

The elementary group will be on the main floor of the original building while the junior high school will be on the second floor of the new wing. The primary department will be on the first and second floors of the new wing.

Considerable redecorating and repair work has been done in the old building and north wing. The walls have been painted to give graceful lighting in the classrooms and the gymnasium floor has been refinished.

In addition to offering the biology course in the high school, vocational civics is made a required two-days-a-week course for all ninth graders. As the name indicates, it is especially a study of vocation. It is expected this course will prove helpful to pupils in deciding future vocations and avocations before entering senior high school.

Social mathematics will be a required two-days-a-week course for those tenth graders who have not studied or are not studying algebra. The purpose of this course is to acquaint the pupils with facts and processes generally used, such as very simple accounting, insurance, investments, installment buying, etc.

additions to the east in Judy Garland and Lana Turner, making this the most pretentious of the series.

A pleasing combination of all the elements necessary for screen success assures the entertainment qualities of "Hawaii Calls." Bobby Green's latest musical starring vehicle coming to the Catlow Tuesday.

The background itself is one of unusual beauty, since the story is laid in the semi-tropical beauty of the Hawaiian Islands. The comedy element of the picture is also cared for by the grim-visaged Ned Sparks and by Irvin S. Cobb, writer and entertainer. Foremost of the picture's attractions is the silvery voice of Bobby Green himself, who is heard in five songs during the progress of the story.

Double featured Tuesday with "Hawaii Calls" is "Hunted Man," with Mary Carlisle and Lloyd Nolan.

Wallace Berry's long success on the screen has been dominated by a steadfast refusal to be typed. The result has been a series of triumphs in so varied a range of pictures as "Min and Bill," "The Champ," "The Big House," and "The Bad Man of Brimstone."

Now he creates another new character for motion pictures, the rough, dynamic big-hearted Cesar of "Port of Seven Seas," in which he stars with Frank Morgan, Maureen O'Sullivan, John Beal and Jesse Ralph. The new picture comes to the Catlow on Wednesday for two days.

The story is woven around Cesar, owner of a Marseilles cafe, his son, Marius, and Madelon, the girl Marius loves. When Marius sails away in search of adventure, leaving Madelon behind, Cesar transfers the affection he has for his son to her. Cesar helps Madelon work out her problem in a unique way, with a surprise climax.
