Dr. Kirk Smith Tells Experiences in China, Japan

Also Recounts Adventures
While on Duty in
Philippines

Telling of his experiences in the Philippines, China and Japan, Dr. Kirk Smith of Waukegan spoke before an audience that filled the Methodist church Sunday evening. More than 200 persons were present to hear the highly interesting talk.

Dr. Smith had been stationed at Manila, at Shanghai and Chung Fu and had visited Japan while doing naval duty on the Pacific for two years.

Interesting accounts of his talks with natives, their viewpoints and eccentricities and deep sympathy for the poverty of the Chinese marked Dr. Smith's talk. He admired the Japanese, he said, for the beauty of their houses, their cities—like miniature gardens—and for their politeness and desire to please.

He recounted the intuitive ability of Chinese coolies drawing rickshaws to take a passenger's destination before the individual had a chance to name it.

Vivid pictures of life at a leper colony, at Chinese hospitals and medical supplies were meager and patients, by preference, were given boards rather than mattresses for sleeping.

Later Dr. and Mrs. Smith showed articles collected during their journeys—ancient Chinese swords, replicas of Japanese and Chinese abodes, the god of long life, statuettes, embroidered aprons, headgear worn by accidental males, jewelry, etc.

A social hour followed the lecture and ladies of the church served refreshments and the church was beautifully decorated with candles and fall flowers.

Toxoid Shots Slated at School Tuesday

Toxoid shots against diphtheria will be given in room 107 of the public school building Tuesday morning, Oct. 11, at 10 o'clock, according to an announcement made by Miss Lillian McLeish, R.N., this week. Local physicians will give the shots to all these children whose parents signify the desire that they receive the immunization treatment.

Results of the 86 Schick tests given two weeks ago revealed 51 children showed positive and 35 negative. The Schick test was given those pupils who last year received immunization shots for diphtheria. The tests were to determine if immunization had been established.

Hold Camp Reunion

Constance Casle and Mary Jean McCure entertained a group of girls on the week-end who occupied their cabin at Camp Hastings during the past summer. The girls arrived in time for a buffet supper at the McCure home Friday evening and after a party at the Catlow theatre, enjoyed a slumber party at the Casle home. Breakfast, a morning hike to Otis lake and a picnic picnic at Otis lake until late Saturday afternoon when they returned to their respective homes. The cabin leader, Miss Laura Walker of Highland Park, was among the out-of-town guests. Nancy Bradley was a local girl who participated in the reunion.

Many Pears Sold for Canning; One Farmer Moves 100 Bushels

The home grown pear market is active at this season of the year with many housewives buying by the bushel for canning. William Leonard, route 22, sold more than 100 bushels of pears last week-end and as the result of a want ad in the Barrington Review. He still has pears for sale and is repeating the ad at this week. The grocery stores also have highest quality pears to offer.

Another, reasonable home commodity that is selling through The Review want ad, is fireplace wood. Frank Streets sold nearly all of his dry oak wood as the result of an ad in the September 23 issue. Mrs. August Hirt sold three tons of maple pulpwood and could have sold more as the result of a three line Review ad in the September 23 issue.

There will be further reviews the second Tuesday in November, January, February and March. Details of these programs will be announced later.

Club year books will be distributed at the conclusion of Mrs. Work's review.

Village to Assist Club in Planting 100 Parkway Trees

132 Trees Are Marked for
WPA Removal Project,
in Village

The village of Barrington will assist the Village Garden club with the planting of 100 elm trees this fall, according to the decision of a committee named by Village President Earl Hatje Monday night. Members of the committee are Village Trustees Rudolph Berg, John J. Carroll and John H. Blanke.

The decision to assist in the planting of trees in parkways was the result of a discussion that took place during the council meeting, and at which time Mrs. H. R. Brantlinger was president of the club, was present to learn the board's plans.

The club will furnish the trees while the village will have charge of the actual planting. The location of the trees is to be determined at a meeting of the club Monday night, Mrs. Brantlinger said. When the village accepted with the planting in parkways on Hillside avenue this spring, the work was done at little expense to the village. Labor was furnished from the WPA relief project.

At the Monday lectures John VanGemert will speak on "Plant Propagation," and C. B. Goddard will speak on "Fall Colors" at the Wednesday lectures. E. L. Kamerer will have "Trees and Shrubs With Decorative Fruits" as his topic at the Friday meetings. All the meetings will begin at 2 o'clock and will be followed by a conducted bus tour of the grounds.

Request for Liquor License Is Tabled

A request that the village of Barrington issue him a retail liquor license was presented to the board of trustees Monday night by A. L. Scherf of Barrington, but the matter was tabled following a motion by Trustee John Daeschler and seconded by Trustee K. F. Kocher Sr.

Considerable discussion preceded the board's action and revolved around a future program in regard to issuing licenses. The village ordinance now limits the number to five. Trustee John Carroll was of the opinion that some expression should be made by the board in reference to Mr. Scherf's request or any other requests. The majority of the board was of the opinion that a sufficient number of taverns are in operation and an increase would not be advisable.

Mr. Scherf stated the license would be used for the installation and operation of a business in the building owned on South North Highway.

Gieske Circulates Nine Petitions in Supervisor's Race

To Use Signatures in Effort
to Gain Appointment to
Cuba Vacancy

Nine petitions were put into circulation during the last week by Elden Gieske and his supporters in a move to strengthen his campaign to fill the oncoming vacancy in the office of supervisor in the town of Cuba.

A count of the petitions Wednesday night revealed that 451 persons in the township had signed their names. Mr. Gieske said he would present the papers to the Cuba town board for its use in considering the appointment of a successor to Supervisor H. D. Kelsey, who resigned his office effective November 30.

Clark Andrew F. Grom and Justices of the Peace J. Claude and Edwin Gross comprise the town board and will have to make the selection of the new supervisor.

In addition to Mr. Gieske there are a number of other residents of the township who have stated their desire to be appointed. Outside of some "stump" campaigns on the part of interested persons, however, Mr. Gieske's action this last week is the first outward move on the part of any individual to gain the office.

Just how much weight the number of signatures will have with the board is hard to determine.

P-T.A. Begins Drive for Members Tuesday

Mrs. H. K. Tucker and her committee began their membership enrollment for the Parent-Teacher association Monday, Oct. 3 and will continue their work until October 14.

At the close of last year's program there was an enrollment of 267 members. The aim of the committee this year is a membership of 300. It was reported.

A later sell high donated by H. K. Tucker will be awarded to the room at the public school selling the highest percentage of memberships.

Sell booth posters have been placed in each room and flag stickers will represent the membership sold. Later a house-to-house canvass will be made by the membership committee.

Members of the committee are: Mrs. William Noyes, Mrs. L. R. Barnum, Mrs. George Miller, Mrs. Carl Brasel, Mrs. W. R. Chapel, Mrs. E. C. Hough, Mrs. George Rutledge and Mrs. A. R. Watt.

Fire Department to Inspect Buildings

Victor Rieke, chief of the Barrington fire department, announced this week the local unit would participate in the annual Fire Prevention Week activities throughout the state by conducting inspection tours of all business houses. Committees will be named at a meeting Friday night to go over commercial premises and make recommendations and suggestions for better fire prevention starting Monday.

Mr. Rieke is also attempting to obtain a speaker to address pupils at school meetings and will secure for local distribution any other information in connection with fire prevention that is available.

Committees to arrange the details of the amateur night shows planned for November 4 and 5 will also be appointed Friday evening, he stated.

At Conference

Rev. H. L. Eagle of the Methodist church is attending the Rock River Conference of the Methodist church held at the Chicago temple this week. He will return for a communion service at the local church Sunday.

Driver Attempts to Flee After Hitting Supervisor's Auto

No one was injured when the car owned and operated by H. D. Kelsey, Barrington supervisor, was struck on route 22 near the Zenas Acres farm Tuesday evening. Driver of the other car was James Trelease, employed as a butler on the W. McCormick Blair estate in Lake Forest, who attempted to flee the scene of the accident without stopping, according to a report of the accident.

Mr. Kelsey, accompanied by his wife, was going home following a visit to the Lions Fall Festival. Trelease was traveling east on route 22, and after the crash, supervisor Kelsey was able to turn his machine around and give chase. He brought Trelease's car to a halt near the intersection of routes 59 and 22.

Trelease was taken to the Lake county jail in Waukegan pending settlement of the case. Damage to both cars was light.

Building Activity Makes Strong Gain During September

Permits Total \$18,550; Two
Service Stations and
Home Included

Building activity during the month of September took a decided upswing with a total of \$18,550 in permits being issued by Herman Garbisch, building commissioner. This amount is considerable in excess of August's total when only one permit was issued for \$6000. The amount for July was \$1175 and in June it was \$2550.

Following the list of work is the construction of one gasoline service station at the corner of Lake and Hough streets and the proposed erection of a station at Franklin and Hough streets. A permit, for an estimated cost of \$5000, was granted Donald Schroeder for the service station now under construction on South Hough street. A permit, contingent on approval from the state highway department for placing the tanks, was granted C. E. Miller for a gasoline station at the corner of Franklin and Hough. The permit was obtained by Henry Scherer, local realtor.

Permits were issued to Jewel Tea Co., Inc. for two new residences now under construction at Jewel Park. One, with an estimated building cost of \$6500, is being erected at Elm street and Dymore avenue, and the other will be located on Lake and Cook streets at West Hillside avenue where it will be remodeled by the owner. Edward Schroeder has been given a permit for the remodeling of a residence at the corner of Grove avenue and Lake street. This work falls under October activity.

The new animal hospital started by Dr. A. Gieske on S. North-west highway is now nearing completion. This project was one of two receiving permits in August and the estimated cost was placed at \$5000.

Propose Code Amendments

Village Trustees John H. Blanke proposed Monday night that steps be taken to amend the village building code and start work on making the ordinances more nearly standard. He reported that the present building code needs some modifications due to changing conditions. He would start the work if agreeable to the remainder of the trustees. They approved.

Entertainment and Exhibits at Show Are Reported Tops

Attendance Slightly Below
the High Mark
Last Year

A crowd estimated at well over 2000 has attended the fall festival on the first two nights of its showing. This includes a paid attendance of 1634 and exhibitors, officials, members of the band, etc.

While the attendance has been somewhat under that of last year it has been quite satisfactory, M. H. Schreiber, chairman, reported. He anticipates a large crowd on the last three nights.

The paid attendance for the first nights of the festival this year, the one last year and the similar affair conducted by the old Chamber of Commerce in 1928 follows:

	1928	1937	1938
Monday	234	913	770
Tuesday	417	1090	864

The entertainment for the last three nights of the show will be: Thursday—Evers and Dolores. Something new in tight rope performance—the only demonstration of toe dancing on the tight rope. Flat foot floggie team of Negro boys.

Friday, (Melvin Jones night)—Mr. and Mrs. Homer E. Phillips in a vocal program. Elaine Rogers, specialty dancing. Bill Talant, the man who juggles vegetables. Saturday—Betty Lee and her xylophone. Hank the Mule, animal act.

A variety of treatment and subject matter characterizes the year's exhibits. There is a small sanctuary, including twelve drapes, exquisite candelabra, two pupa, a cross and Holy Bible, arranged by the church.

Scouts and Campfire girls have booths depicting the work of their organizations. The Brandt Dairy donated the booth to the Girl Scouts and the Pedersten Dairy donated a booth for the Campfire display. Boy Scouts occupy the Danielson and Willmaring booth.

Rare Double Rainbow Seen Monday A. M. By Mr. and Mrs. E. Freye

Mr. and Mrs. Elmer Freye of Barrington enjoyed the unusual and rare sight of a double rainbow at 6:16 Monday morning. The sky, which was first black, changed to yellow and then the beautiful and perfect rainbows appeared, they reported.

A double rainbow is rare, the last one having been reported seen on November 12, 1936. One in the morning is also unusual. The news of the sight was broadcast at the time of its appearance by radio station WLS in Chicago.

"Alexander's Rag Time Band" Coming Sunday and Monday

"Penrod's Double Trouble" Is Coming Friday and Saturday

"Penrod's Double Trouble," starring the Mauch Twins—Billy and Bobby—in the most adventurous film of their budding careers, comes to the Catlow theatre Friday and Saturday.

"Penrod's Double Trouble" is the third picture of the series being produced by Warner Bros. with Booth Tarkington's immortal character of boyhood as its central character, and it is, like its predecessors, full of touches of homely humor and nostalgic charm, but spirited action is its keynote.

When Irving Berlin composed "Alexander's Ragtime Band" he was on a drawing account of \$15 a week for a Tin Pan Alley music publisher. The song was first introduced in Chicago in 1911 by Emma Carus, well-known vaudeville singer of the day. Later the same year, Berlin sang the song in New York at the Friar's club.

Twenty-six Berlin favorites, as well as two new hits written especially for the film, are heard in 26th Century-Fox's spectacular motion picture, Irving Berlin's "Alexander's Rag Time Band," opening Sunday at the Catlow for three days. With Tyrone Power, Alice Faye and Don Ameche toting a stellar cast, the film is a stirring drama of our times.

A stormy friendship between an experienced transport pilot and a student flyer, comprises the basis of "Sky Giant," says of modern aviation, coming to the Catlow Wednesday and Thursday.

Richard Dix portrays the pilot and Chester Morris a student at a big aviation school where Harry Carey, Morris' stern father, is superintendent. Despite Morris' cocky ways, Dix takes a liking to him, and in defending the boy from his father's harshness a friendship springs up between them.

This runs on the rocks of jealousy, however, when Joan Fontaine, the cousin of an instructor at the school, comes into their lives. She becomes engaged to Morris, while Dix loyally stands by as a friend of the family, but the engagement is broken and she marries Dix instead. The drama of the situation rises to a tense climax.

Mrs. Robert Work at Illinois Garden Club Meeting This Week

BARRINGTON HILLS.—Mrs. Robert Work went to Springfield Tuesday to attend the semi-annual meeting of the Garden Club of Illinois. It was a very special occasion, inasmuch as the Lincoln Memorial Garden was being dedicated.

names of the various colleges at which they are studying.

Lions ladies have contributed an interesting innovation: a display of handwork—quilts, sweaters, knitted suits, dresses, etc., crocheted and knitted lace, embroidered luncheon and dolly sets, bedspreads, etc. Art work is to be shown one evening with paintings by local artists. Cooking has not been forgotten—one grand prize of a baked dish or dessert delicacy being offered each evening.

Commercial exhibits vary from room arrangements to floral displays. Three dogs—a St. Bernard, a bull terrier and a puppy—have attracted considerable attention. A little bride and groom also fascinated the crowds at the opening night.

Pictures by the Camera club evidence the almost professional ability of local amateurs who have made photography their hobby. Emil Wolf has contributed an unusual cart made in Italy. It is intricately carved and painted in bright, peasant colors.

A few camera shots from the Barrington fall festival are shown here. Above and to the left are the three dogs exhibited in the Leashy booth along with Ed Lindl, owner of two of them. "Caesar" is the giant St. Bernard. Above and to the right is a street scene, deserted at the daytime. Below is a typical merchant's booth. There are 60 commercial exhibits this year, approximately the same number as last year. In addition there are several non-commercial exhibits which are the centers of interested groups most of the time among these are showings by the Barrington school, the park district, the churches, campfire girls, girl scouts, boy scouts, village, Barrington Country association and Lions ladies.

Attempted Holdup Is Foiled By Motorist

Stepping on the gas and outdistancing his pursuers, Archie W. Whittingham, 1160 Cedar avenue, Whittman, foiled the efforts of four men in a large sedan in what is believed to have been an attempted holdup Friday evening.

Whittingham was returning home from Chicago and when he neared the intersection of routes 59 and 20, a car pulled in front of him and slowed up, refusing to let him pass, he told police officers.

He waited for an opportunity to outguess the driver of the other car and when it presented itself a few moments later, he stepped on the accelerator of his machine and managed to slip by the automobile containing the four men.

When he reached Elgin, Mr. Whittingham reported the matter to the state highway police. A description of the automobile and its occupants was broadcast over the radio but no trace of the machine was found.

Live Silver Fox and Mink Exhibit Shown By Otto H. Grosse

September 28 marked one of the great days for fur farming and the growers of silver fox and mink pelts. Brought to the minds of the exclusive buying public has never before, there was presented by Otto H. Grosse, owner of Northwood Fur Farm, Cary, one of the most striking live silver fox and mink displays ever shown to an audience.

On the grounds of the Bon-Air Country club, outside the club house lounge and dining room, Mr. Grosse demonstrated what was almost impossible to believe could be done in fur farming. An evergreen woods was set up, comprising

ed of approximately 100 evergreen trees from six to fifteen feet high and forming an enclosure. In the midst of this forest he displayed one of the largest collections of high-quality silver fox and mink ever displayed by an individual fur farmer. There were all classes from half, three-quarters and full silvers, to pines and platitudes (the newest discovery in silver fox farming), the color and quality of which attracted the attention of the exclusive audience—composed of prominent society people of Chicago and the North Shore, several prominent editors and newspaper men and officials of Photoplay and MacFadden Publications.

In the other half of the display were 100 Yukon and eastern mink. The visitors, numbering over 3000, were amazed at the dark, silky fur and many exclamations such as "Oh, I thought mink were light brown!" or "Why are these so dark, haven't they been blended yet?" were heard the entire evening.

When they left they were aware of the characteristics of high grade fox and mink pelts. Inside the exclusive club of the fashionable Bon-Air Country club was displayed one of the most glamorous collection of silver fox and mink garments ever shown. Long trailing mink evening wraps which won applause of spectators, beautiful silver fox full length coats, capes, jackets and the latest 1939 creations were given a tremendous applause by a most appreciative audience for the beauty which the silver fox and mink garments radiated. Twelve celebrated mannequins, including Miss Geraldine Grosse, modeled the garments.

Otto H. Grosse, who sponsored the show, gave a very interesting talk on the history of fur farming from its infancy to the present. He also created quite a sensation on the stage with his two trained silver foxes, Oscar and Eric, who, as far as is known, are the only two of their kind in the world.

FIRE IS EVERYBODY'S BUSINESS

Closed by fire!

At frequent intervals that happens to American factories and other places of business. Gutted buildings, empty windows, a litter of ash and rubbish—these are all that remain of a once-busy enterprise.

In all probability, the actual physical loss is wholly or largely covered by insurance. But that doesn't mean the "fire bill" is paid. Far from it—for the indirect costs of fire are several times as great as the direct costs.

When a business establishment is gutted, it no longer pays its normal taxes. Its employees are discharged. Their purchasing power is brought to an abrupt stop. They are no longer able to pay rent and bills. Many of them may leave the town to search for employment elsewhere. Others become burdens on the community, looking to charity or relief for support. Every merchant, every professional man, every citizen feels the adverse effects of empty pay envelopes.

Thus a large fire touches us all. Its consequences extend throughout the entire community. In time, the building may be replaced, new machinery installed, and men again given jobs. But in the meantime, the community has suffered an irrevocable loss in wages, taxes and business turnover.

Fire is your business and everybody's business. If you think a blaze that destroys someone else's property doesn't hurt you, you were never more mistaken in your life. For all of us pay the bill for fire—and all of us reap the benefits when fire loss is reduced.

Barrington High School Grid Teams Lose Two Games to Crystal Lake

Will Meet Niles Center Saturday at Northside Park

Branches Lose 18-0, Ponies Dumped 30-6 Saturday at Crystal Lake

The Barrington high school football team lost its first game of the season, a 18-0 defeat to Crystal Lake at Northside Park Saturday afternoon. The Bronchos lost the game on the score 18-0 and the Ponies were trimmed 30-6.

In the heavyweight game the Lakers proved their class early in the first quarter. Barrington received the opening kick-off and after three plays, punted. Taking the ball on their own 45 yard line, Crystal Lake marched down the field to score. The touchdown was accomplished on a pass from Guma to Peters from the 14-yard line. The try for extra point failed.

The Lakers' second score came in the second quarter with the ball on Barrington's 25-yard marker. Osmun dived back to throw a pass, and when the receivers failed to get in the clear, he ran down the sideline to make the second touchdown. The last marker came in the third period when Kvidera, behind excellent blocking, went through a hole in left guard and raced 68 yards. Crystal Lake failed to convert a point after touchdown.

The Bronchos' biggest threat of the day came in the closing minutes of the third period when Shepard raced 41 yards to the opponent's 23-yard line but there the advance folded up.

On statistics alone, Crystal Lake was far ahead of Barrington, making nine first downs to six, completing four out of nine passes and intercepting three. Barrington's passing attack missed its mark entirely, all five attempts being incomplete.

The Ponies' drubbing can partly be laid to the fact that it was their first competitive scrimmage of the year. The local boys seemed to lack drive. Their lone marker came in the second half on a 40-yard march after a series of running plays by Meyers and Long. Crystal Lake started the scoring early and tallied a touchdown in each quarter. Barrington made five first downs to Crystal Lake's seven.

The Bronchos will meet Niles Center here Saturday at Northside park. Game time is 2:30.

A week of gala programs, with several debuts and many important artists, will open the 1933 season of the Chicago City Opera company. Beginning Saturday, Oct. 29, with a non-subscription performance of "Otello," in which Helen Jepson will sing Desdemona for the first time, with Giovanni Martinelli and Lawrence Tibbett, grand opera will continue for a full seven weeks, bringing to Chicago all the principal operatic artists of the world.

Sunday night of the first week, October 30, will be the first evening of ballet by the Littlefield Ballet company, imported from Philadelphia as the official ballet of the Chicago City Opera company for the 1933 season. Its 45 members are under the direction of Catherine Littlefield, who is also premier danseuse and choreographer. The ballets for this first of seven programs by the Littlefield company, sponsored by the Chicago City Opera and presented in the Civic Opera house, are: "Mousette Romantique" to music by Chopin; "Fairy Doll" by Josef Bayer and "Terminal" by Herbert Kingsley.

"Aida" will be the second opera on the schedule, Monday night, October 31. In it Dusolina Giancotti, soprano of the Metropolitan Opera association, and Pruna Castagna, mezzo-soprano who also

comes from the New York company, will make their Chicago debuts. With them will be Giovanni Martinelli, George Casplicki, Vittorio Lazzari, and Mark Love. The first of this season's revivals will be presented on Wednesday night, Nov. 2, "Die Meistersinger," not staged in Chicago since Rene Mason sang the important part of "Walter," will be the production in which three more artists make Chicago debuts—Marie Reising, Viennese lyric soprano engaged by Paul Longone this summer, Joel Berglund, baritone, and Adolph Vogel, bass-baritone of the Metropolitan. Rene Mason will again be in the cast.

The Thursday night performance has not yet been scheduled, although a popular-priced board of education series will again be presented this year on this evening.

Lawrence Tibbett will return on Friday night, Nov. 4 to sing "Rigoletto." Hilde Reggiani, young coloratura soprano from Italy, will sing her first notes in America in this opera, as "Gilda." Armand Tokatyán will also be in the cast. The Saturday matinee will bring Pruna Castagna back to sing with Rene Mason and Carlo Morelli in "Samson and Delilah," and "Madame Butterfly," with Maria Reising, George Casplicki and Mr. Tokatyán, will close the first week of the opera season. All of these casts are of course subject to the changes which opera schedules frequently undergo. The opera company is promising a particularly brilliant season this

year. Other revivals include "Boris Godunoff," sung by Yanni-Marcour in 1928, and revived this year by Alexander Kipnis; "Tales of Hoffman," cast in 1918 with Marion Claire and Rene Mason, to be presented by Lawrence Tibbett and Hilde Reggiani this year; "Andra Chenier," last sung in 1924 and now revived with Rose Hampton and Benjamin Glitz in the cast.

Other highlights on the 1933 schedule include Kirsten Flagstad singing "Elza," in Lohengrin; Lily Pons, in the "Barber of Seville," and Eva Turner in "Turandot." Madame Flagstad will also sing "Isolde" and "Die Walkure."
