

Suggests Dividing Village Into Two Voting Precincts

Those Living on Cook County Side Must Register for Local Elections

The advisability of having two voting districts for the next village election was advanced by Village Clerk A. C. Burandt at a special meeting Monday night. There will be a regular village election next spring, he pointed out, and certain regulations make it advisable to effect a division before that time. All voters residing on the Cook county side of Barrington will have to be registered under the permanent system before they will be allowed to cast a ballot in the village elections hereafter. At the same time, the Cook township side of the village is not affected by the ruling.

In order to prevent confusion and to expedite voting, Mr. Burandt suggested that two precincts be established in the village. Since there is no permanent card file in Cook county, voters from that area could vote in one district, while those in Cook county could have a separate polling place, he said. Mr. Burandt suggested that the village hall could be used for Cook county and the Standard Motor garage for Lake county.

His proposal was taken under advisement by the trustees. They may act on the subject at the next meeting.

Two 1908 Vintage Autos Battle for Supremacy Sunday

The battle of "vintage" cars, two 1908 International automobiles, was fought on the streets of Barrington Sunday and saw Robert Brown emerge as the winner. Pilot of the machine owned by Guy Stillman of Barrington township. Piloting his own machine was Harold Anhele.

The start of the race was the C. & N. W. railroad crossing on Main street. From there the two members of the automobile industry in its infancy went west to Dundee avenue, where, with a howling of rubber tires, they turned the corner south onto Dundee avenue until Hillside avenue was reached. The back stretch was the long drive from Dundee avenue east to the Northwest highway. And there, the drivers taking their own lives in their hands turned north and headed back through the Sunday traffic to the Main street intersection.

"Oldie" Brown proved to be an easy winner as he pushed his racer up to 32 miles an hour and crossed the finish line with a grand old opponent, who had trouble getting his car up the hills in high.

"There will be no more races," Mr. Brown said, "I am a winner now and intend to remain one."

The attendance at the worship service has more than doubled, the membership has increased 50 per cent, and the adult constituency now numbers well over 50.

Dial Telephones to Be Installed in Wauconda and Lake Zurich

Plans have been completed by the Illinois Bell Telephone company for replacing its central office switchboard in Wauconda and Lake Zurich and converting all telephones in both communities to dial operation. G. L. Wilburn, of Woodstock, district manager, announced this week.

The new equipment will be of the latest type developed by telephone engineers for communities of the size of Wauconda and Lake Zurich. It is known as "Community Dial" equipment and when it is placed in service early in January of next year, all local and rural telephone users served from Wauconda and Lake Zurich will dial their numbers in much the same manner as subscribers dial in Evanston, Chicago, and other nearby communities. New dial telephones will replace the present magneto type instruments and the familiar battery boxes associated with the present telephones will disappear, since the current required for operating the new system will be supplied by a single large battery in the central office. The present method of calling, known as "turning a crank," will also be discontinued, he said.

No Action Taken Saturday on Roof Drains; Work Done

Property Owners on First List Disconnect Pipes from Sanitary Sewers

No court action was taken Saturday to obtain judgments against property owners who still have roof drains connected to sanitary sewers as was proposed by the village board a week ago Monday night. The reason for not taking the action was explained by Trustee John H. Blanke, chairman of the sewer committee, at a special board meeting Monday night.

Of the five property owners who had been reported in violation of the sewer ordinance, three of them had disconnected the condition before Friday and the other two had started work to remedy the situation and had promised to complete the job this week, he said.

Seven more names from the original list of 86 violators were drawn from a hat Monday night and the trustees instructed Mr. Blanke and Village Clerk A. C. Burandt to take action against them this week if the downspouts were not disconnected.

Mr. Blanke reported Wednesday that he had checked with all the property owners on the list and that the changes had been made, or were being made, so no summons will be issued this week.

According to Village President Earl Hatje, the village board will continue going through the list each week until all property owners said to be violators will have been investigated and brought into court if found to be violating the ordinance.

Search for Body of N. Beck, Drowned on Fishing Trip, Fails

A search for the bodies of Nick P. Beck, 46-year-old district manager of the Metropolitan Life Insurance Co. at Wauwatosa, Wis., and his three companions who were drowned in Island Lake near Manitowish, Wis., Saturday, has proved unsuccessful, according to information received here from John and Joseph Welch, who returned Wednesday afternoon from the lake. It was feared the lake would freeze over before the bodies were located.

Mr. Beck's first wife was the late Annabelle Welch of Barrington, who died several years ago.

With Mr. Beck at the time of the accident were the following: G. W. Borovitz, 68 years old, former of Wauwatosa; Herman Belter, 55, plant manager for General Electric & Sons and door manufacturers, and J. W. Delaney, 40, Wauwatosa city sealer of weights and measures.

The drownings were first learned when an overturned boat was found on the shore of the lake. The men had started out on a fishing trip that morning.

Mr. Beck visited Barrington on many occasions and was well known here.

He was survived by his widow and four children.

Martha L. Kingsley, Daughter of Pioneer Family, 78, Dies

Last rites for Mrs. Martha Leonard Kingsley, daughter of pioneer residents of Barrington, were held at the funeral home, 149 W. Main street, Sunday. Rev. Charles Dunsen officiated and the body was taken to Rockford for cremation.

Mrs. Kingsley died Friday at the home of her daughter, Mrs. N. C. Sleaser of Freeport.

Martha Leonard, the daughter of Abraham and Elizabeth Horsley Leonard, was born on a large farm near Barrington Center on July 10, 1855. Her parents came from Cambridge, England in 1845. After living on the farm at Barrington Center for several years, Mr. Leonard purchased a farm north of Barrington, which is still owned by members of the family. After the death of the elder Mr. Leonard, Mrs. Leonard moved to Barrington where she resided until her death in 1931.

Martha Leonard received her early education at Barrington Center and White schools and at Wauconda academy. At the age of 16 years she began teaching in a rural school north of Lake Zurich, continuing in other neighboring schools and serving several years as the teacher of the upper grades in the Barrington school. She concluded her teaching career in the Cragin school on the west side of Chicago.

In 1889 she was married to Frank W. Kingsley of Alton, who was a teacher in the Chicago schools. They first lived at Maywood and later went to Forest Glen in 1900, where they resided until 1925 when they built a new home at Maywood, spending their summers in Lake Zurich.

Surviving her are three brothers, Albert of Lake Zurich, Will of Barrington and Alfred of Maywood, and six children, Leonard P. of Chicago, Mrs. Sleaser of Freeport, Wendell L. of Okonoma, Miss Lester H. of Wauconda, Mrs. H. W. Wellman of Moline and Duane C. of Lake Zurich.

Hanover Farmer Ends Own Life Saturday

Despondency believed to have been caused by the death of his wife last May was said to be the cause of William R. Dorman, 43-year-old Hanover township farmer, taking his life Saturday. He hanged himself in a silo on his farm.

An inquest was held here Monday morning at the funeral home, 149 W. Main street, and then Dorman's body was removed to Elgin.

Relatives testified at the inquest that he had brooded considerably over his wife's death.

Funeral services were held at the Immanuel Evangelical church in Barrington Tuesday afternoon. Rev. W. Schnathorst officiated and burial was in Bluff City cemetery.

Mr. Dorman was born in Jefferson township, Ill., on January 11, 1875 and had been a resident of Hanover township for more than 40 years. He was a member of the school board of school district 44 in Hanover township.

He is survived by a daughter, Ethel, a son, Arthur; two sisters, Mrs. Mary Lauby of Maywood and Mrs. Anna Koscek of Chicago, and a brother, John Dorman of Hanover township.

India Wedding Odd Affair

Just think of not being able to tell a wedding from a funeral. What a confusing state of affairs. But that is exactly what would happen if one were traveling in Bengal, in the northeastern part of India, along the road to Moum. Even so, asserts a writer in the Washington Star. Almost any day one might meet a procession winding through the hills. In it there would be some of the marchers would be carrying a bundle suspended from two poles. Such a bundle is wrapped carefully in heavy hangings and along much can be made out about it except that it has the shape of a human body. Naturally, the onlooker, if he is a stranger in the country, thinks it is a corpse. But he is mistaken. It is a bride. In this part of India a bride is wrapped over and over again until all that is visible is a finger. Thus prepared, she is hung between two poles and carried to the new home, where she and her husband are about to set up housekeeping.

Logan, president and founder of Santa in Art; Gertrude Lawrence, this organization's president, and the chorus of the seventh district of the Illinois Federation of Women's clubs.

We wish to congratulate our members on their splendid support of our "give a pound" program. The contributions numbered 235 pounds in all, 49 of which were sent to the Chicago Women's Shelter and 186 to Margaret E. Croche.

The Red Cross drive has started and will continue until Thanksgiving day. We want to remind you again that this movement deserves our continued support. When relief is needed following disaster, when funds and workers are needed to stamp out epidemics, when public health nursing is called for in isolated communities, when the people of this country need help in many other ways the Red Cross is always on hand. This organization can continue its fine work in relieving human suffering only if each of us supports it. If you have subscribed in the past, we urge you to renew your membership. If you have never been a member you are urged to become one now.

We wish to remind our members, too, of the Chicago Woman's club meeting which will honor Frances E. Willard and to which we are invited. The meeting will be held at 7 E. 11th street in Chicago, at 2 o'clock, Wednesday, Nov. 22.

Janette Bolton will give a monologue "Five Scenes in the Life of Frances E. Willard." Please notify Mrs. R. M. Lines by Nov. 18 if you plan to attend.

Every inch of it says: LET'S GO!

EYE OPENER! With all its extra value, this Buick sedan lists at \$51 less than last year!

Look at this Buick sedan, every inch seems itching to get going. Streaming along, as you see it here, it's the perfect picture of perfect action!

Now, just put yourself behind that wheel!

Imagine your eyes looking out over that comely, streamlined bonnet—your hand on that ready, instant-

answering wheel—your foot on the gas treadle, bossing that ablet of the straight-eight!

You hardly know your engine's turning, so quietly does it pour forth its power!

The big bad bumps are like a mill pond's ripples, so smoothly do giant coil springs level them for you!

You look out on the wide, wide world past narrower posts and through deeper, wider windshields and windows—up to 413 more square inches of safety plate glass let you see America first, last and all the time!

Comfort? You've never known the like,

what with lower floors, and wider seats, and as much as four inches more to stretch out your legs!

Convenience? It's everywhere—from a gearshift out of knee-way to a direction signal that operates by a simple flip of a switch!

An idle dream, you say? Not a bit of it! This great car's calling pointedly to you when it so plainly invites, "Step in! Let's go!"

Though bigger, though better, though more beautiful than ever, this great Buick is actually lower in price! Lower than last year—lower by far than you'd ever think to look at it—lower even than some days!

So, why don't you visit the nearest Buick dealer—just to see the surprising news that's written on his price tags?

Kirsten Flagstad, Lily Pons on Opera Programs, Chicago

Will Appear in City Opera Presentations Nov. 21, 24 and 25

Two performances each by Kirsten Flagstad and Lily Pons, and one of the important revivals of the season will be features of the fourth week of the Chicago City Opera company. An additional program on Tuesday night, Nov. 22, will make the total number of opera seven for this week instead of the customary six performances.

The schedule follows: Monday, Nov. 21—Kirsten Flagstad will appear as "Elsa" in "Lohengrin" with Eleanor LeMans, Rene Malson, and George Casplick. This will mark the debut of Edwin McArthur, Madame Flagstad's accompanist, as conductor of opera. Mr. McArthur has been accompanist for Madame Flagstad during all her concert tours of this country and has conducted orchestras which accompanied her at various concerts in America and Australia.

Tuesday, Nov. 22, will be an interesting evening of both opera and ballet. The Littlefield Ballet will present a full program consisting of: "Parable in Blue" by Gaby, the world premiere of "Ladies Better Dressed" by Kingsley, "Let the Righteous Be Glad" to music of negro spirituals, and diversions. The opera of the evening will be "Cavalleria Rusticana" featuring Duolina Giannini and John Fazo-Gasser.

Lily Pons will make her first appearance of the 1938 season Wednesday, Nov. 23 as "Lucia" in "Lucia di Lammermoor" with Louisa Ho, Gulliano Mainst, Carlo Morrell, and Virgilio Lazzari. Roberto Moranzoni will conduct.

The board of education series on Thursday, Nov. 24 will present "Carmen" with Duolina Giannini, Armand Tokiyam, Jean Fardull, and Douglas Beattie. The conductor will be Louis Hasselmann.

"Tristan and Isolde" with Kirsten Flagstad making her second appearance of the week will be presented Friday, Nov. 25. Singing with Madame Flagstad will be Hertha Glait, Paul Althouse, and George Casplick. Henry Weber will conduct.

One of the season's most important revivals, "Andre Chenier," will be presented at the Saturday matinee November 26. Rose Hampton, who has raised her voice from contralto this season, and promises to be one of the foremost sopranos of the year, will appear as

"Madeleine." Other stars of the performance will be Karl Barova, Beniamino Gladi, and Carlo Morrell. Roberto Moranzoni will conduct.

The "Barber of Seville" with Lily Pons as "Rosina" will be given Saturday evening. Appearing with Miss Pons will be Ada Paggi, Charles Hackett, Victorio Trevisan, George Casplick and Virgilio Lazzari. The conductor will be Roberto Moranzoni.

Book Sale to Be Held at Country Day School Soon

A book sale is being arranged at Barrington Country Day school for Tuesday evening, Nov. 22 from 7 to 10 p. m. and all day Wednesday, Nov. 23. Refreshments will be served both days and all proceeds of the sale will go toward establishing a permanent library for the school. It was reported.

Following is a new item concerning the event, sent in by those in charge of the event:

Living in and around Barrington there are many people with hobbies and interesting ones too. There are gardens which bear witness to their owner's love of flowers well arranged and cared for. In cars parked in the village streets are sleek, shiny haired dogs whose masters have informed themselves about their care. For a few days in the fall hunting season some of the deers of the high school boys are empty while the boys are in the fields trying to get their quota of birds. There are excellent cooks and housekeepers always alert to learn more of their craft. There are youngsters who wish they were Indians, soldiers, air pilots or mechanics and whose leisure hours are completely occupied pursuing these ambitions. The number and varied ages of those who are actively studying music in Barrington indicate how important it is to the people of the town.

It is for people with such varied interests that the book sale at the Barrington Country Day school has been arranged. Mrs. William Saul, 144 W. Main street, who is helping the library committee plan the sale has promised that these and many more hobbies (old silver, art, horses, photography and so forth) will be represented in her list of books. There will be all the new books, both fiction and non-fiction. She has promised that "anything you do not see can be ordered and delivered well before Christmas."

per in "Dr. Dille Kicks Out," with June Travis, Billy Gilbert and Alan Bruce.

"Valley of the Giants," in beautiful technicolor, with Wayne Morris and Claire Trevor heading a brilliant cast, is scheduled to open at the Catlow Wednesday for two days, with a matinee Thanksgiving afternoon.

Based upon the famous Peter B. Kyne novel of the same name, the picture tells a story typical of the valiant fight against some thirty-odd years ago to prevent the utter despoliation of California's noted redwood forests by ruthlessly selfish lumber interests.

Graft and corruption, legal trickery and plenty of outright physical violence were employed by the would-be despoilers to gain their ends, and all of this is strikingly depicted in the tense and exciting course of the unfolding of the new color picture.

Suburban Building Makes Strong Gain in October Period

Home building in October increased 118 per cent over October, 1937, in the number of homes and 78 per cent in the value and also showed a gain over September of 38 per cent in the permits issued for homes and of 26 per cent in their value, according to the survey of suburban building in the Chicago region by Greenbaum Investment company.

The year as a whole, however, is still behind last year in spite of the rapidity with which home building has increased since July.

The total for 1938 thus far represents 2044 homes to cost an estimated \$1,213,201 and that for the corresponding ten months of 1937 stands at 2116 homes, the permits for which amounted to \$16,127,992. This year may still set as good a record as last in the number of homes built but there is hardly time left to make up the two million difference in value, in spite of the tremendous gains of the past four months.

Chicago Auto Show Draws Large Crowds

Attracted by almost countless headline features, crowds are breaking all attendance records this week at the 1938 annual Chicago automobile show in the International Amphitheatre, Halsted and 43rd streets. The show will continue daily from 11 a. m. to 11 p. m. through Saturday, Nov. 19.

With outside exhibits and entertainment banned during show week, this is the one opportunity to see and compare all of the 1938 motoring creations under one roof. This is one of the factors accounting for the great public turnout.

Drawing the major share of attention each afternoon and evening is "An Age of Wheel Prints," the spectacle of transportation which is presented in the central arena.

The fast moving drama produced by John Ross Reed has orchestra accompaniment directed by Peter Cavallo Jr., and entails participation by a cast of 100, including 15 "nationality queens."

16 Seniors Complete B.H.S. Grid Careers

The 1938 football season is over for the Barrington high school griders. All the uniforms have been turned in and the gridiron will be deserted until next spring. High school football has ended forever for the following: Grabenkort, G. Wendi, Piaggi, Pohlman, Wilkins, Watson, B. Wendi, Shepard, Saul, Church, Herren, Nestlerode, Catlow, Mitchell, McAdoo and Lindberg.

The sport spotlight is now turned to basketball, which has been going on a little over a week. There are only two squads this year; the heavyweights, practicing under P. E. Clark, and the second team under T. C. Hordford. The members of last year's heavyweight squad who are out again are as follows: Grabenkort, Church, Saul, Herren, Shepard and Watson. There are to be 12 players on the first team and 14 on the second. The final cuts have not been made yet. The first game of the season is with Crystal Lake after Thanksgiving.

Following is the final standing of teams in the Northwest conference football schedule:

Arlington Heights Faced With Village Deficit

The "go slow" word was passed around by the Arlington Heights village board last week when a report from the finance committee revealed that the community lacked sufficient funds to meet current expenditures. By supporting extra village improvements, the trustees have spent their surplus cash and will be without any tax money until next May. A lowering of assessed valuations has decreased the amount of revenue customarily received.

Vote to Restrict New Subdivision at Roselle

Trustees of the village of Roselle last week took a definite stand against the annexation of any new subdivisions. Stringent requirements, covering the installation of public improvements, and with a high minimum for building costs, were demanded by the trustees for any new development which would be annexed. The action was taken, it was learned, in order to protect the value of Roselle property against "wildcat" developments that might tend to lower residential values.

Lily Lake Residents to Organize Village

Residents of Lily Lake, at an election held November 5, voted for the incorporation of a village. The vote was 51 to 1 in favor of the proposal. The election was ordered by the McHenry county circuit court following the presentation of a petition signed by 300 persons requesting the action. When the incorporation is completed, Lily Lake will be the smallest village in McHenry county.

Old Antioch Landmark Hotel to Be Torn Down

The old Antioch hotel, a landmark in that community, will be torn down soon, was the decision of the Antioch village board last week. The hotel adjoins the Antioch village hall and is owned by the village. Rather than spend a large amount of money for repairs and renovations with no definite revenues forthcoming, the board decided to have the structure razed.

Harvard Man Escapes Ugly Bull's Attacks

John Dullam of Harvard has been very busy on several occasions during the past week trying to get some work done and at the same time avoid being a target for a bull that seems bent on pushing him around. Dullam was first attacked while working on the home-stand farm. While making some fence repairs the bull made his appearance. By jumping into his car and racing the motor he was able to drive the animal away.

The bull came after him again several days later and Mr. Dullam again used his car, this time he kept circling the field after the bull until it decided to seek a safe retreat.

Hunter Finds Skeleton of an Unknown Person

Joseph Luecher of South Elgin has the unpleasant experience of finding a human skeleton while hunting pheasants near South Elgin Thursday morning. The bones were found in a dense growth of weeds along the C. & N. W. railway tracks, and authorities believed it to be the skeleton of a transient who was either struck by or fell from a freight train. Medical officials were of the opinion the body had been there six months. The clothing was entirely gone and no identifying papers or articles were found.

Barrington Wins Attention in Bell Telephone Magazine

The picture of a farm scene, east of Barrington, forms the cover of the November issue of "Bell Telephone News," a monthly magazine for employees of the Illinois Bell Telephone Co., and the first article concerns Barrington, its early history and development. Pictures of downtown Barrington, a residential street—Hillside avenue—the Jewel Tea Company plant and a scene on the E. K. Hardy estate west of the village illustrate the story.

Lake county honors a gold medal in the fourth national 4-H food preparation contest have been awarded to Marion Stahle of Prairie View by the national committee on 4-H club work in Chicago on approval of her county agent and state club leader. The medal has embossed its face a feminine figure of victory bearing a tray loaded with foods and is worn with a clasp. A small 4-H clover completes the design.

Mearl Nofzt of Iowa State College on Inspection Trip

More than 200 engineers and about 50 mechanical engineers of Iowa State college made an inspection tour to Waukegan, Milwaukee and Chicago last week. Mearl Nofzt of Iowa State college, son of Mr. and Mrs. Emil

Nofzt, 124 Coolidge avenue, was one of the group. Monday and Tuesday were spent in Milwaukee visiting the Allis-Chalmers plant, the Falk Engineering Corporation, the A. O. Smith Co. and Waukegan Motor Co. The balance of the week the group spent touring the Carnegie Steel plant and the International Harvester and Tractor plants in Chicago.
