

700 Hear Talk by Mrs. M. Buehr at Woman's Club Party

Songs, Color Cartoon Also on
Program Held at
Theatre

Dressed in the quaint costume of a French great-grandmother, Mrs. Mary H. Buehr of Chicago entertained members and guests of the Barrington Woman's club with stories of Christmas celebrations in other lands as part of the club's Christmas program, held at the Callow theatre Wednesday afternoon.

Children of the public school, Country Day school, rural school and St. Anne parochial school were special guests of the club. About 700 persons were present.

Pictures of famous paintings depicting Christ's nativity as well as scenes from other lands illustrated Mrs. Buehr's talk. She discussed celebrations in France, Germany, Holland, Sicily, England and Mexico, emphasizing quaint customs and family traditions in each land.

The singing of Christmas songs and carols, with Kenneth Grom at the organ, and an animated color cartoon, "The Little Match Girl," concluded the program.

Santa Claus and a corps of assistants distributed candy canes to the children as they left.

The huge evergreen tree in the foyer of the theatre had been decorated in its usual splendor by members of the philanthropy committee. Cash contributions to the baby clinic of Barrington and a turkey fund for the Park Ridge school for girls were deposited by club members in place of the usual gifts.

Discuss Community Welfare at P-T.A. Meeting Tuesday

Speakers for Fathers' Night
Stress Need for
Civic League

Fathers of Barrington P-T.A. offered a program of unusual interest to the entire community at the regular monthly meeting held in the school auditorium Tuesday evening.

Robert chairman of the committee in charge, J. W. Langdale, introduced the speakers. Donald Titterton and his son Allan sang two piano duets. This was followed by community singing led by A. C. Lines.

The theme for the program was the "Future of Barrington." William L. Bailey, professor of political science at Northwestern university, outlined general trends in suburban development and particularly in the northwest suburbs. He stated that there is a very definite pattern of development in any area and that this must be understood and followed by any community planners. The indication is that Barrington is growing and it is up to civic and governmental groups to be prepared to make the most of this fact.

George Fairweather, representing the Barrington farming area, stated these are the four essentials for success in any community development: character and intelligence coupled with courage and action. He pointed out very specifically some of the defects in Barrington now and suggested as an informal means of correction just such organizations as the P-T.A., Women's club, forums, etc. As a formal attack he asked for definite changes in election laws giving the people a greater degree of self representation.

Robert Hilton, senior vice president of Jewel Tea, represented business interests. He gave 3001 reasons why Barrington was so

Discuss Licensing Out-of-Town Trucks

The question of a village license for all out-of-town trucks delivering in the village to stores or residences was broached at the village board meeting Monday night following a report made by Trustee Rudolph Kocher Sr. that the state supreme court had recently upheld the city of Wilmington in a licensing ordinance. Generally the fees are charged to trucks who make deliveries into a community and do not apply to local concerns.

Inspection fee and has been adopted in several communities. The Wilmington case was the first legal test taken to the supreme court.

Village Clerk A. C. Ewald was instructed to secure copies of the supreme court's opinion and also a copy of the Wilmington ordinance for study by the board.

Increase Watchman Service at Hough Street Crossing

Change Hours of Flagmen to
Give More Protection
During Morning

A revision of the watchman service at the Hough street crossing of the Chicago & North Western railway was reported by Village Trustee John F. Dueschler, who stated Tuesday that the men would go on duty at 5:30 a. m. and would continue guarding the crossing until 10:30 p. m.

Mr. Dueschler obtained the information from P. G. Campbell, superintendent of the Wisconsin division, who had conferred with Mr. Dueschler and Village Trustee John J. Carroll in an effort to obtain better service.

At present the two watchmen at the crossing begin working later in the morning and finish at midnight. The new proposal will give service during the early morning hours when there is considerably more train and vehicle traffic. At 10:30 p. m. there are only two passenger trains going through.

The demand for better watchman service was discussed at a village board meeting several weeks ago and followed the fatal accident in which William Koss was instantly killed when his automobile was struck by an early morning express train.

There has been some agitation to petition the E. J. & W. railroad to increase the watchman service at the West Main street crossing, which is now protected during the day by one man. No action has been taken by the village board on the matter, however.

To Begin Course on Operation of Motor Vehicles at School

Designed to Teach Pupils
Correct Method of
Handling Car

A new course of instruction in the operation of a motor vehicle, following the wake of the recently adopted state law requiring all motorists to have driving licenses, will be started at the Barrington public school some time after the opening of the second term, according to E. J. Smith, superintendent of schools.

It is proposed, Mr. Smith said, to make a driving course compulsory for pupils in sixth grade along with the general science course.

For the students in the senior high school the course would be optional. Herbert Bricker, the general science class teacher, would have charge of the ninth grade students and Robert Sutor would be in charge of those students taking the elective course, which is expected to be completed of 20 lessons.

State highway officials have promised Mr. Smith that an automobile will be loaned to the school for the course and that the instructor in teaching students, driving courses are not a new subject in some schools. In most of the larger cities and at Elgin and Waukegan the courses have been in operation for several years.

The idea was first suggested, it was learned, in order that students, many of whom drive automobiles now, would be properly instructed in the handling and operation of a car. This is particularly true since many states have been adopting regulations governing the privilege of operating a car.

An Indiana law was recently passed by the general assembly making it mandatory that a student pass a driving course examination before receiving a high school diploma.

Although the Illinois drivers' license law requires that a boy or girl be 15 years of age before receiving a license, it will not be restricted on minors. The Illinois drivers' law becomes effective June 1, 1939.

Cut and sprinkle with sugar before baking. Bake in oven 400° about 15 minutes.

COCOA MIX
1 teaspoon cocoa.
2 teaspoon water.
3 teaspoons sugar.

Mix cocoa, sugar, then add water and boil. This amount is for one cupful. Prepare in larger quantities and store in glass jars, for chocolate milk or as a sauce for desserts.

The recipe following has been requested and is submitted by Mrs. H. Hoffman.

XMAS COFFEE CAKE
1 pint milk, scalded.
1/2 lb. butter.
1 cup sugar.
3 eggs, yolks.
1/4 teaspoon salt.

Let milk stand until lukewarm. Dissolve 3c worth of loose yeast and add to the above ingredients. Sift and add enough flour to make a soft dough. Add 1 lb. raisins and 1/2 lb. finely cut citron, floured. Let rise in a warm place until dough is double in bulk. Put in greased pan and let rise again one hour and ten minutes. Bake in 350° oven about 45 minutes. For a gloss finish, brush with egg white or sugar water when baked. For favoring a small amount of cardamom may be added, when mixing dough.

Dear Friends:
To our way of thinking, the real spirit of Christmas is the laying aside for a time at least—of business cares and being what God would have us be: Just "FOLKS."

And thus may we wish that is humbly in our hearts—"THANK YOU"—and wish for you and yours the best the world affords in HEALTH, HAPPINESS and PROSPERITY.

WE DELIVER

Approve Use of WPA Labor to Remove Trees and Stumps

The village board instructed Village Trustee Rudolph Berg, chairman of the street committee, to proceed with a proposed plan presented by him Monday night to have dead trees and stumps removed from parkways. The motion authorizing him to proceed with the work was made by Trustee John Daeschler and seconded by Trustee Rudolph Koeber.

Mr. Berg informed the board that WPA labor would be available to the village at little expense. The offer was made by Joseph Welch, Cuba town supervisor. There will be some expense to the village in supplying tools and hauling dirt to fill in holes left by the removal of stumps.

Plans are still going ahead on the Village Garden club's tree planting project. By cooperating with the club the village board hopes to plant 100 trees in parkways this winter, some to replace trees that are going to be removed.

Superintendent Fixes Skating Rink But Still Lacks Zero Weather

Superintendent of Streets Paul Purcell was well prepared for an expected question at the village board meeting Monday night and when it came his report was perfect, with the final exception that the weather had refused to cooperate and consequently no ice skating rink is available in the village.

Village President Earl Hatje informed the board that during the past week he had received numerous requests that the village make an ice skating rink. Superintendent Purcell reported that he had prepared the ground at the baseball diamond, Washington and Hough streets, for a rink but since no zero weather had occurred, it was impossible to flood it. As soon as the weather turns sufficiently cold, an effort will be made to have a rink, Mr. Purcell said.

Mr. Hatje asked the board's leisure time committee, Trustees J. Carroll, J. Daeschler and R. Berg, to investigate the possibility of having a permanent skating rink established and maintained from the leisure time program funds.

Local Dogs Receive High National Honor

Black Labrador retrievers, bred and trained at Barrington, won the highest national honors of their

breed for 1938, according to announcements made by judges this week. Nigger of Barrington, owned by Gordon Kelley of Lake Forest, was given the highest honor which carries with it the Field and Stream challenge cup. Nigger was awarded 20 points on field trial victories and second place went to Freehaven Jay, owned by James Free of Barrington. Glenarrie Rock, a brother of Jay, and owned by Fletcher Garlock, president of the Midwest Field Trial club, was named fourth among field retrievers.

The honor of best field retriever came to Nigger of Barrington following a series of sweeping victories in many trials throughout the country. It is the first time that a midwest dog has won the award. Klutzing Warner of New York announced the results.

The three Labradors had been bred in Barrington by Martin J. Hogan, owner of Hogan Kennels, and he gave them their earlier training. They were later taken over by his son Frank who has trained and handled them in their recent victories.

Discuss Community Welfare at Meeting

lected as the home for his company ten years ago: three thousand people of character and intelligence and an attractive and beautiful countryside.

Earl Hatje, village president, closed the discussion with a fair-minded answer to Mr. Fairweather's specific criticisms of the present Barrington and suggested that a civic betterment league be formed which would be made up of representatives from civic, governmental, educational, and religious organizations, to study and plan and act for an improved Barrington. He said:

"For a number of years it has been the opinion of many people of Barrington that some provision should be made for planning the future growth and development of Barrington and its countryside. There are a number of civic groups in the village and five local governmental and taxing bodies. The civic organizations have more or less limited interests in Barrington's civic affairs and the governmental agencies have no coordinating force and at times are apt to be influenced by expediency and mistaken notions of public wants and necessities. Many times special interests of momentary importance receive the attention which should be devoted to a larger viewpoint of community betterment."

"There should be an aroused and more intelligent interest in our community problems and the Civic League could achieve this by promoting general community welfare and more perfect administration of our civic affairs. The Civic League should be a repre-

Hope of Federal Aid on Water Project Is Gone, Board Learns

All hope that the works progress administration would grant federal aid to the village of Barrington for the improvement of its water system have gone glimmering, according to reports received at the village board Monday night. Recent releases from the PWCA stated that no more projects in Illinois would be approved.

Village Trustee John H. Blanke stated the board should go ahead and find a plan whereby an aerator system could be added to the water lines to reduce complaints of odor in the water. There is some money available but whether or not it is sufficient for the work is not definitely known. The finance committee is studying the problem.

Several weeks ago it was suggested that a bond issue be floated to make the changes, and also to construct a second reservoir tank.

Outstanding Hits Coming to Catlow on Holiday Bill

"The Sisters" Here Sunday:
"That Certain Age" to
Run Monday

The dream of every romantic-minded youngster comes true for Jane Withers in her latest comedy, "Always in Trouble," coming to the Catlow theatre Friday and Saturday. Jane is shipwrecked, marooned on a desert island, and threatened by a gang of smugglers in the film, which is just filled with hilarious trouble for the mischievous Miss.

Co-starred for the first time in their spectacular careers, Errol Flynn and Bette Davis come to the Catlow Sunday for one day only, in "The Sisters."

The story is concerned with the fortunes of three beautiful sisters who start their lives in a small Montana mining town, with most of the interest centered on the oldest sister, played by Miss Davis. The other girls marry, respectively, a middle-aged millionaire, and the town banker.

Deanna Durbin opens to the Catlow Monday and Tuesday in her fourth Universal production, "That Certain Age."

With her, in the principal supporting roles, will be seen Melvyn Douglas, with a cast including Jackie Cooper, Irene Rich, John Halliday, Juanita Quigley, Poppy Stewart, Jackie Earl, Nancy Carroll and Charles Coleman.

Five new songs will be rendered by Deanna in the new picture. There will be a Christmas program, and a matinee, on Monday. On Wednesday, there will be a double feature show, Harry Carey in "The Law West of Tombstone," and "Broadway Marketers," with Margaret Lindsay, Ann Sheridan, Marie Wilson and John Lital.

Fifteenth century Paris forms a picturesque setting for "If I Were King," Paramount's epic, and the escapades of Francis Villon, which is coming to the Catlow Thursday for three days. The story revolves about the famous roguish poet, who became an exile in France for one unforgettable week.

Rabbit Hunter Is Fatally Wounded at Wauconda Sunday

Christopher Kokenes, 26 years old, 1247 S. Kostner avenue, Chicago, was fatally wounded when his companion's automatic shot gun was accidentally discharged while hunting rabbits near the Nielsen farm northeast of Wauconda Sunday.

Kokenes and two companions, George Jilek, 38 years old, of the Kostner avenue address, and George Goretz, 54 years old, of 5546 Milwaukee avenue, were walking abreast of each other, about 25 feet apart, through a corn field.

Jilek saw a rabbit running behind him. He turned to the right and his 12 gauge automatic shot gun went off accidentally, and the entire load of shot struck Kokenes, passing into his abdomen and groin.

His companions rushed him to Wauconda where first aid was administered, and he was then taken to the Conell Memorial hospital in Libertyville where an emergency operation was performed. Kokenes died early Monday morning.

A verdict of accidental death was returned by a jury impaneled by Governor John L. Taylor late Monday afternoon.

Niles Center Trojans Trounce Bronchos Here Thursday, 29 to 21

Eby and Rork Lead Attack for Niles; Ponies Also Lose

Local Cagers Suffer Second Conference Defeat; Meet Leyden Next

In a more one-sided battle than in previous games, the Barrington Bronchos lost to the Trojans of Niles Center here Thursday night by the score of 29-21. The Bronchos were less accurate and seemed to have less drive than usual. Eby and Rork led the Trojan attack, the former making seven points and the latter ten. Niles went into the second quarter with a 6-4 advantage, but during this period the Bronchos put on a spurt and at the half led by one point, 12-12.

The second half, however, was all in favor of the visitors. Led by Rork and Eby, Niles was ahead at the end of the third frame, 22-15, and retained this substantial margin to the end of the game, coming out on top, 29-21. The Bronchos have a game with Ebyden here on December 31, but after this there is no more basketball until 1939.

This loss puts Barrington below the 500 mark in the conference standing:

In another lopsided encounter, the Niles Center second team overran the Barrington Ponies Thursday to the tune of 27-13. Williams made the first Niles basket, which put them in the lead, a lead which they steadily increased but never lost. The visitors led at the end of the first quarter, 8-3, and strengthened their margin to 12-5 in the next period.

Padras and Williams led the opponents' attack, making eight and twelve tallies, respectively.

The Ponies made only three baskets, two by Zimmerman and one by Yeath. The home team could never seem to get going, nor could they halt the attack of the visitors.

Niles Center was ahead by the score of 19-5 at the end of the third frame and went on to win 27-13.

The Ponies' conference standing is still 606, as they have lost their three games.

Baptists Furnish League Upset by Beating Methodists

Win By 26 to 22; Salem Keeps Clean Slate By Dumping St. Paul, 25-17

A fighting Baptist quintet came through with the unexpected at the local church league cage session Monday night by handing the previously unbeaten Methodist team its first defeat of the season by a score of 26 to 22. It was the Baptists' first victory. Salem, meanwhile, jumped into undisputed first place by trimming St. Paul, 25 to 17, for three wins in a row.

The Baptists had an "on" night against Methodists. After a 11-all tie at the half the Baptists went ahead 21-17 at the three-quarters and aided by some smart pass work kept this margin to the final whistle.

Salem uncorked a speedy offense in its win over St. Paul. Time and again the Salem cagers outsped their opponents for free shots at the basket.

Games for next Monday night place St. Paul vs. St. Anne in the opening contest, and Methodist vs. St. Matthew in the wind-up.

Will Be Presented Dec. 26, Jan. 2, Jan. 15 and January 16

Four brilliant post-season performances are scheduled to close grand opera in Chicago for the 1938 season. The Chicago City Opera company has announced that the following four productions will be presented in the Civic opera house during the last of December and January: "Hansel and Gretel," at 8:30 Monday afternoon, Dec. 26; "La Boheme" at 8 o'clock Sunday night, January 2; "Manon," at 8 o'clock Sunday night, January 15; and "Il Trovatore," at 8 o'clock Monday night, January 16.

The repeat performance of "Hansel and Gretel," brought back because of the tremendous success of the first performance, is a special Christmas-vacation matinee for school children. Popular low

prices will prevail, and the cast will be the same as in the previous performance. Elizabeth Brown and Lonnie Hove will be Hansel and Gretel respectively. Mark Love as the father, Mrs. Barrow as the mother, Sonia Sharnova, the witch, and Margery Mayer and Helen Margolyne as the Sandman and Derman, will sing this famous fairy opera. Leo Kopp will conduct.

Because of Grace Moore's extension of her European work, she was unable to sing in the regular season. Detained in France by her work in the French cinema version of "Louise," she has been engaged to do two post-season operas—"La Boheme" and "Manon."

Armand Tokaty, whose tenor voice has been an outstanding feature of this season's operas, will sing opposite her in both these operas.

The final performance will be "Il Trovatore," with Anna Leskaja, Elsa Soderstrom, John Pongas, Joseph Royer, Douglas Beattie and Giuseppe Cavadore. Leo Kopp will conduct.

Coming Home

Russell LaPointe, a United States marine, will return home on a 30 day furlough Sunday or Monday after having spent three years in the service and most of that time in foreign lands and at sea.

Mrs. Leo LaPointe, Russell's mother, received a telegram from her son this morning that his ship, the U.S.S. Chaumont, had arrived in San Francisco Wednesday, and that he would be starting home Thursday.

Russell's sea cruise started from Hampton Roads, Virginia, and extended through the Panama canal to Pacific coast ports and then across the Pacific to China. He has served with the American forces there through the China-Japan undeclared war, helping Americans evacuate, doing patrol duty in the war areas and standing ready with his company for future combat service if this country were forced into the trouble.

At the end of his furlough, Russell will return to service at Great Lakes naval training station.

Bronchos Defeat Leyden in Second Overtime, 27 to 25

Dick Watson Scores Winning Basket; Ponies Also Win, 24-19

The Barrington Bronchos, after leading for nearly four quarters in the basketball game with Leyden in the local gymnasium Wednesday night, were hard pressed for two overtime periods before they managed to emerge victorious by a score of 27 to 25. Dick Watson scored the winning goal.

The Bronchos took the lead at the outset of the game and were ahead 5 to 4 at the first quarter, had the margin lessened at half time but still were in front by a count of 17 to 15. Each team made five points in the third period and with three minutes left to go in the final stanza Leyden tied the game up, where it remained until the final whistle.

The first overtime period proved scoreless for both quietists but the second "sudden death" stanza had got underway only a few minutes when Watson dumped in the bucket that ended the game.

The Bronchos defeated Leyden at the free throw line, making seven out of 11 fouls while Leyden garnered three points on 12 fouls. From the floor Leyden made 11 baskets to Barrington's ten.

The Ponies started the evening off in admirable fashion by scoring their first win of the season, 24 to 18, and furnishing the heavyweights something to shoot at. The lightweights led the Leyden boys by a score of 9 to 2 at the end of the first quarter and at the half it was 13 to 6. The lead was narrowed down in the third quarter and the game ended at 24 to 18.

Meiners led the Ponies in individual scoring, getting four baskets and two free throws for 10 points.

Meyer, 4016 Belleplaine avenue, Chicago, received a fractured right shoulder and several fractured ribs when the car he was driving collided with one driven by Charles Kary, 131 Walton street, Barrington, at the intersection of Hough street and Hillside avenue Wednesday night. Fined Autoists Get Refunds at Hampshire

Hampshire autoists who were hauled into court for violation of traffic regulations two weeks ago when village officials launched a whirlwind campaign of enforcement were pleasantly surprised to learn the same officials had undergone a change of heart and the fines would be remitted.

Remission against the campaign was quick to be shown by Hampshire residents and following two weeks of wordy combat, officials decided to rescind previous orders and rebate fines. It was agreed that a similar but less stringent campaign against speeders would be conducted.

Cites Violations in Home Dairy Defense

W. A. Stewart, who operates a milk delivery route in Barrington, appeared before the village board Monday night to defend the location of his business at 135 Raymond avenue, which, trustees had informed him, was in conflict with zoning regulations.

Mr. Stewart pointed out to the board that his retail sale of milk at his residence was small and was mostly to residents of the neighborhood. He also pointed out that in other sections of the residential areas in town individuals are selling products, including eggs, vegetables, etc., selecting him as a violator and ignoring other instances seemed unfair, Mr. Stewart stated.

Village president Earl Hatje requested the village zoning committee to work with Mr. Stewart in seeking a solution to the matter.
