

Highway Department Announces Official Route Changes Here

Route 12 markers have been replaced by route 14 markers over the Northwest highway.

The changes for Illinois highways were announced this week in the official 1938 Illinois highway map released by the department of public works and buildings, division of highways, at Springfield.

Of interest locally are the new markings of U. S. 14 and U. S. 12. Route 12, which formerly was carried on the Northwest highway, has now been re-routed over old 60 and will run through Lake Zurich and Wauconda. Route 14 has been changed to the Northwest highway.

Following are the remarks contained in the bulletin received from the state department:

"Relocation of U. S. 12 beginning at the junction with Illinois

60 south of Richmond over Illinois 60, U. S. 45, and 95th street to U. S. 41 at avenue L, eliminating all of Illinois 60. This change affords safer alignment, better pavement and alleviates congestion in Chicago and is four miles shorter than the old marking.

"Marking of city U. S. 12 and the new junction of U. S. 12 and U. S. 45 over the Northwest highway, Foster avenue, Sheridan road, Lake Shore Drive, Michigan avenue and U. S. 330 to 85th street. This marking accommodates U. S. 12 traffic going to downtown Chicago."

"Relocation of U. S. 14 from the present junction with U. S. 12 and Illinois 111 southeast over old U. S. 12 to Touhy avenue, east to Caldwell avenue, southeast to Peterson avenue, and east to Illinois 41 at Sheridan road. This relocation of U. S. 14 from east of Crystal Lake to Chicago utilizes better pavement, part of it four lanes, is several miles shorter, and together with the relocation of U. S. 12 eliminates many dangerous turning movements at the old junctions of U. S. 12 and U. S. 14."

Extension of Illinois 59 from U. S. 5 south over new construction to a junction with U. S. 66 south of Wilmington. This gives a marked route around Joliet.

Order Lights Placed at Highway Junction

Installation of two street lights at the intersection of Northwest highway and Lake Zurich road, near the entrance to Jewel Tea plant, was recommended by the village lights committee, headed by R. F. Koehler Sr., at the board meeting Monday night. The motion to have the lights installed was made by Trustee R. Berg and seconded by Mr. Koehler.

Mr. Koehler stated that if the village would furnish the ornamental standards and cable, Jewel Tea Co. would pay for the cost of the electricity used. This proposal, he said, had been worked out with officials of the company, who had asked that lights be placed at the intersection.
