Offer of Reward

I hereby offer a reward of \$100 for information leading to the apprehension and conviction of the person fraudulently impersonating me in soliciting so-called "political campaign funds."

The purpose of this offer of reward is twofold: (1) to protect any persons from making political contributions to a man who as late as this week represented himself on the telephone to be Congressman Church, thereby obtaining a check, and fraudulently endorsing and cashing same in my name; (2) to urge the cooperation of those approached in apprehending the guilty person with a view to prompt prosecution.

Repeated reports of such fraudulent solicitation drive me to this public offer of reward.

As late as Thursday, March 31, a man telephoned a leading north side business man stating in effect: "I am Congressman Church, just off the plane from Washington. The campaign committee needs more money. I would like to send a man right over for a check. I want to go back to Washington tonight."

Note carefully that I have not been in Illinois since January 1, 1938. Vital legislative business has kept me in Washington. I have of course never authorized the use of my name by any so-called fund raising "campaign committee."

In my twenty years in public office I have always entirely paid my own campaign expenses. I have never solicited campaign contributions and have returned every contribution which has been sent me.

Will those who have contributed to this person who is falsely impersonating me write me direct or co-operate with my law partner, Dean Lake Traxler, 10 S. LaSalle street, Chicago, furnishing him with the details?

"Pieces of Eight" Known in Time of Shakespeare

The Spanish peso or eight reales of the Seventeenth and Eighteenth centuries circulated throughout the American continent and was known as the "piece of eight." This name, relates a writer in the Detroit News, is found in English literature as early as Shakespeare's time. The coin was worth approximately as much as our dollar. Because of its design, it is sometimes known as the "pillar dollar," and it has been supposed by some that these "pillars of Hercules" with the ribbon about them gave rise to the dollar sign. Webster's dictionary, however, shows that this was originally a modification of "Ps," Mexican abbreviation of "peso" or "piastre."

The "s" was at first placed above and to the right of the "P" but later was lowered and twisted around that letter. Early manuscripts have shown the sign to be the result of evolution, independently in different places. It was written after the numeral in Spanish America, but before the numeral, like the pound sign, by the English colonists, and was widely used before the adoption of the United States dollar in 1785. It is employed also for the dollar in Canada, West Indies, Hong Kong and Straits Settlements; for the peso in Argentina, Chile, Mexico, Colombia, Paraguay, Uruguay; for the milreis in Brazil; for the escudo in Portugal; for the lempira in Honduras.

The Baring Panic in England. The Baring panic in England in 1890 came at the end of a period of violent over-speculation. The failure of the brokerage house of Baring Brothers precipitated the panic which at once spread to a number of other banks and brokerage houses. The intensity was alleviated by loans of gold obtained by the Bank of England from the Bank of St. Petersburg and the Bank of France.

Two Steps Best for Turns. In a stair that turns a corner, winding steps are perfectly easy and safe if only two are set in a 90-degree turn. Such steps allow ample foot space where one normally steps. To divide this 90 degrees into three steps makes unsafe footing.

In honor of girl scouts who are busy canvassing the village this week as they sell cookies to raise funds for further girl scout work, Mrs. Lester Higgins contributes the following recipes.

Each contains girl scout cookies as a basic ingredient. Mrs. Higgins experimented a bit before perfecting the ideas she passes on to you. We hope you'll like the innovations.

GIRL SCOUT SHORTCAKE. Wash and crush fresh strawberries, mix with sugar to taste and let stand until sugar is melted. Make individual shortcake shy stacking four or five girl scout cookies with sweetened, crushed berries between. Decorate with whipped cream and top with whole berries.

GIRL SCOUT CHOCOLATE PUDDING. Cook 1 ounce chocolate in 2 cups milk in top of double boiler until chocolate is dissolved.

Beat 4 egg yolks until lemon colored, add ¼ cup sugar and blend thoroughly; add to chocolate mixture and cook until thick. Remove from fire and add gelatin which has been soaked in a little cold water

then dissolved by placing cup containing gelatin in 2 stiffly beaten egg whites.

When cold but not stiff fold in half a cup of cream, whipped.

Fill a mold or bowl with alternate layers of girl scout cookies and chocolate mixture. Place in refrigerator for several hours before serving.

GIRL SCOUT PIE. Crust: 24 girl scout cookies rolled fine and blended well with 1 teaspoon flour and ¼ cup melted butter. Reserve ¼ cup of this mixture for top of pie. Grease

pyrex pie plate well with butter and press mixture on sides and bottom. Place in oven for 3 or 4 minutes (if blisters appear press them down with back of spoon).

Filling: 2 cups scalded milk, 3 egg yolks well beaten, ¼ cup sugar, 4 tablespoons flour, ¼ teaspoon salt. Cook in double boiler until thick, add ¼ teaspoon vanilla. Fill crust, top with meringue made of egg whites beaten stiff with 2

tablespoons sugar; sprinkle with ¼ cup of cookies mixture. Bake in moderate (325°) oven 15 minutes or until golden brown.
