

## P. T. A. Celebrates Founders' Day at Program Feb. 15

Local Members, Glee Club and Boy Scouts to Take Part

Rev. W. A. Stauffer of Salem church of Barrington is the speaker to address members and friends of the P. T. A. at its Founders' Day program, Tuesday, Feb. 15, at 8 p. m.

"Family Relationship to Character Education" is the topic he will discuss and Mrs. P. R. Dwyer will give a short talk on "Forty Years of Service."

There will be a presentation of the flag by the color guard, followed by the flag salute. The program will also include music by the high school boys' Glee club under the direction of Miss Adelaide Ewing. They will sing "Negro Spiritual," "Climb Up, Ye Childs, Climb" and "Drink to Me Only With Thine Eyes."

The following boys are members of the high school glee club: Bill Barber, Leslie Bennett, John Dawson, Frank Farwell, Earl Grabenhorst, Kenneth Grom, Jack Gruening, Stanley Hughes, Bill Jacobson, Donald Jensen, Richard Koenig, Robert Langdale, Bill Long, Melvin Schroeder, Andrew Stewart, Forest Shepard, Marshall Stoyner, Adolph Trier, Wayne Rieke and George Whitcomb.

A prize will be given to the room having the largest percentage of parents present. Last month the prize was awarded to Miss Cahill's room.

The following P. T. A. members will attend the Northwest Council of Cook county suburbs to be held at the Des Plaines Methodist church Friday, February 11: Mrs. C. D. Anderson, Mrs. Hugh Calkins, Mrs. Simon Landwer, Mrs. K. K. Lilen, Mrs. Lawrence Pake, Mrs. Emlen Plagge, Mrs. Robert Rieke and Miss Agnes Welch.

The main speaker of the morning will be Walter A. Anderson of Northwestern University who will speak on "Movies and Their Influence on Children." The afternoon session will be devoted to a panel discussion on radio.

## Reports Complaints Against Taxi Stands at Passenger Depot

Regulation of parking at the passenger depot of the C. & N. W. railroad was requested of the village board Monday night by Harry L. Hammond, local agent. Mr. Hammond appeared before the board at the request of his committee which he stated, had received numerous complaints on parking. Lottering in the two waiting rooms was also reported.

The bulk of the criticism was directed against local taxicab owners, Mr. Hammond pointed out. When the six cabs now operated are parked along the west platform persons coming to meet trains find it difficult to park and in rainy weather are forced to park away from the shelter, it was learned.

Mr. Hammond was informed by members of the board that the railroad retained jurisdiction over the roadway but promised assistance in rectifying the problem.

## Ask Material Bids on School Project

E. S. Smith, superintendent of schools, reported Wednesday that the public works administration is asking bids for sale of materials for completing the new south wing.

According to the schedule planned, work is to start in February and be completed in May, he stated. As yet no men have been assigned to report for work. The second floor and uncompleted work on the first and third floors of the addition are to be finished.

## Two Large Farm Sales Are Listed for Friday

Two big farm sales are scheduled for Friday afternoon, Feb. 11, with one by John Bohm at 1000 East August (Sandusky farm) 8 miles north of Barrington and the other at the Judge Stanley farm near Harvard. More than 100 head of Holsteins are on sale at one place and 25 head of livestock at the other, with full lists of farm machinery at both. These and many other good sales for the remainder of February are listed on page 8 of this issue of The Review.

## Miracle Climaxes Battle After Dam at Caesar Lake Breaks Open

A miraculous escape from drowning climaxed a tense battle against flood waters at the broken dam of Caesar Lake Sunday night when Romeo Capulli, member of Waldbaum and Capulli, contractors engaged in repairing the dam, lost his balance and fell into the lake. Caught by the rushing water, he was sucked under a cement abutment by a down draft and carried through a hole eaten in the bottom of the dam.

Mr. Capulli was hurled against the fence about 40 feet from the dam where he was rescued by Mr. Waldbaum and Meier Garbisch. He was taken to a local physician for examination and then removed to his home. He suffered no ill effects from his experience but remained home for the remainder of the night under orders.

The dam, which holds back the water of an 80-acre lake built on the property of Orville S. Caesar two years ago, first developed trouble about two weeks ago. Crews were engaged night and day to prevent a complete wash-out.

## Village Trustees Take No Action on Watchman Service

Discussion of the private watchman service in the business district was discussed by Trustee John Daeschler, chairman of the police committee, at the board meeting Monday night. He reported his committee had been unable to reach a decision on what part the village would take because of absence of one member, John J. Carroll, who is on a vacation in Florida at present.

The village had been requested to participate in the expense. Trustee John H. Blanke read a report he had prepared after contacting a number of merchants. In his report, Mr. Blanke indicated that many merchants did not believe a private watchman necessary.

## Lind's Leadway Store Remodelled

A remodeling sale at the Lind's Leadway store this week-end will celebrate completion of a major change in the store.

The front store space has been considerably enlarged with 440 additional feet of floor space. It has been redecorated, a frosted glass counter and a new candy case have been installed and attractive modernistic display tables have been added. A second electric refrigerator has been installed for fresh fruits and vegetables. A business office has been built in the rear and a rear store balcony with additional shelving is part of the equipment.

The Leadway store has been in operation for a little less than two years and is owned by Edward Lind.

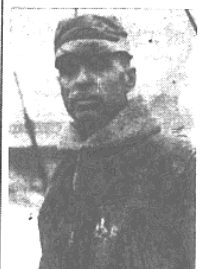

## Germany Building Great Machine for War, Lions Club Speaker Says

Europeans living under dictatorship have lost that essential to happiness that Americans still enjoy; namely, the freedom to plan and live their own lives as they desire. That information was given by Judge Winn Knock of Naperville, speaker at the Barrington Lions club dinner Monday evening. The speaker and Dr. R. J. Fanning, also speaker, were guests of the local club.

Judge Knock recently completed an extensive trip through Europe visiting, besides other countries, Italy, Germany, Switzerland, France, Czechoslovakia, Austria, Poland and England. He spent the longest time and made most of his study in Germany where the people are 100 per cent under the iron heel of Adolf Hitler, and where a much more powerful military machine now exists than that built up by the Kaiser, he said. It now holds the destiny of Europe and probably the rest of the world, he added.

The ordinary run of citizens who live on the streets, in hotels, etc., were afraid to give him much information. When questioned about his government, a German would glance furtively up and down the street and then answer guardedly. Judge Knock gained much of his information from a priest whom he had known before he went to Germany. Here Hitler does not prohibit religious worship; but the boys

when the lake level was raised by rain and melting snow.

The dam, which holds back the water of an 80-acre lake built on the property of Orville S. Caesar two years ago, first developed trouble about two weeks ago. Crews were engaged night and day to prevent a complete wash-out.

## Village President Suggests Two Local Projects to Board

Northwest Highway Widening and Garbage Service. Hatje's Proposals

Village President Earl Hatje laid two suggested projects before the village board Monday night for consideration. The first was a campaign, in cooperation with other communities, to have Northwest Highway (U.S. 12) widened to four lanes immediately. He proposed that other villages be contacted, requested their assistance in having the matter brought to the attention of the state highway department.

His second proposal was for adoption of municipal scavenger service. It was suggested that other communities having the service in order to determine the cost of collection and disposing of garbage.

It was pointed out that the village needs a new incinerator and one might be constructed and financed by a garbage removal service charge.

He informed Trustee R. F. Kocher Sr., chairman of the water committee, that the state sanitary water board had approved plans for the construction of the aerating system and pipe extension of the local water supply. Mr. Kocher was instructed to proceed with the work.

The pipe extension is to connect old pumps with the present system and be used with a second reservoir that is also proposed in the plan.

Mr. R. Hoffman and Miss Lovelle Landwer of Elgin, former Barrington residents, experienced an exciting few minutes when the car in which they were riding caught fire on route 25, two miles north of Elgin, Tuesday evening.

They were enroute to Mrs. E. Kemper's home here to attend a Salem Sunday school class supper when the car suddenly caught fire. The blaze was put out by a passing motorist who possessed a fire extinguisher. The car is owned by Miss Landwer.

## Bank Will Observe Lincoln's Birthday

In observance of Lincoln's birthday Saturday, the First National Bank of Barrington will be closed all day along with other exchanges and banks throughout the country.

The bank is the only local business to be closed that day, it was learned. The post office will conduct business on its usual Saturday schedule. The public school will be closed February 22 in observance of Washington's birthday.

"In Germany as well as in Italy, public efficiency is apparent. One-man governments can build parks, buildings, bridges, railroads, can keep cities clean and operate more efficiently than democracies, but this is done at the expense of the individual's liberty." France, Czechoslovakia, Austria and Switzerland fear Hitler and Germany. In Czechoslovakia, the citizens believe Hitler is planning to annex their country and surrounding territory. To build Germany from 65 million people to 100 million, The English people are visibly itchy, the judge said. They are hoping they can catch up in the armament race before the explosion. Several Englishmen expressed their opinion that the peace of the world can be maintained by a military alliance of England and the United States.

## Village Trustees Award Stop Light Contract Monday

A. A. Electric Co. of Cicero Lowest Bidder With \$3992 Figure

The A. A. Electric Co. of Cicero was awarded a contract for traffic signal lights installation at Main and Hough streets after bids were opened and read at the board meeting Monday night. The Cicero company was lowest of five bidders with a figure of \$3992.

Other bidders and their amounts were: Street Lighting Service of Chicago, \$4144; Meade Electric Co. of Chicago, \$4445; Elgin Electric Co. of Barrington, \$4378; A. W. Davy of Barrington, \$4344. The motion to accept the bid of the A. A. Electric Co. was made by Trustee Rudolph Berg, who first sponsored the improvement, and was seconded by Trustee R. F. Kocher Sr. The contract was awarded by D. B. Maloney, village attorney, and will be sent to the state highway department for final approval.

The signal lights will be installed as soon as all orders are approved and permission is granted. The project is to regulate traffic at the intersection of Main and Hough streets.

## Rain Gauge Ordered Installed at Plant

A rain gauge recently purchased by the village will be installed at the village treatment plant and a daily record kept by operators. The gauge was purchased on the recommendation of Trustee John H. Blanke, chairman of the building and sewer committee.

A daily record of rainfall will be of value to treatment plant operators in their operation. It was learned. By knowing the amount of rain, an estimate can be made of the amount of increase in sewerage pumping.

Mr. Blanke also read a report on recent pumping figures taken at the plant. The daily average for January increased to 378,000 gallons over the former monthly daily average of 325,000 gallons. On January 24 and 30, over 1,000,000 gallons were pumped each day.

A new high was reached following the rain last Saturday when 2,301,000 gallons were pumped. On the day following, Sunday, the amount was 1,072,000 while on February 1 and 4 the gallonage was more than triple the former daily average.

The high pumping figures indicated, Mr. Blanke stated, that many of the reasons for roof and cistern drains were still connected to the sanitary sewer lines, throwing a large amount of water into the plant each time it rains.

## Car Catches Fire Tuesday Evening

Mrs. Ray Hoffman and Miss Lovelle Landwer of Elgin, former Barrington residents, experienced an exciting few minutes when the car in which they were riding caught fire on route 25, two miles north of Elgin, Tuesday evening.

They were enroute to Mrs. E. Kemper's home here to attend a Salem Sunday school class supper when the car suddenly caught fire. The blaze was put out by a passing motorist who possessed a fire extinguisher. The car is owned by Miss Landwer.

## Bank Will Observe Lincoln's Birthday

In observance of Lincoln's birthday Saturday, the First National Bank of Barrington will be closed all day along with other exchanges and banks throughout the country.

The bank is the only local business to be closed that day, it was learned. The post office will conduct business on its usual Saturday schedule. The public school will be closed February 22 in observance of Washington's birthday.

## Mrs. O. C. Jones to Address M. E. Women

The Woman's association of the Methodist church will meet Thursday afternoon (today) at 2 p. m. in the church parlors. Mrs. O. C. Jones of Chicago is the guest speaker and her chosen subject, "Heaven and Beyond." Circle B will be the hostesses of the afternoon.

## Kenneth P. Scherf Candidate for Town Committeeman Post

Kenneth P. Scherf, 306 Dundee avenue, stated Wednesday that he had completed filing the necessary petitions and would be a candidate for election as Barrington township democratic committeeman. This is his first venture into the political field and he is seeking endorsement of the Courtney-Horner group, he stated.

Mr. Scherf opposes R. F. Kocher Sr., who is also a candidate for the democratic post. Dr. A. G. Gleske, incumbent republican committeeman, is seeking re-election and has no opposition.

## Campfire Girls to Sponsor Valentine Dance on Saturday

Red hearts and cellophane shades will be used to decorate St. Anne hall for the Valentine dance which is being arranged by Campfire Girls for the public Saturday evening. Music will be furnished by the Elgin Collegiate orchestra. Games and cards may be played in another room by couples who do not care to dance. Mrs. Stanley Corr, Campfire leader, reported.

## Health Work at Public School Is Outlined by Nurse

Miss L. MacLeish Compiles Statistics of 1936-37 Accomplishments

Health work accomplished by doctors and the school nurse at Barrington public school for the year 1936 to 1937 included 257 tuberculin tests, 327 immunizations against diphtheria, 375 vaccinations against small pox, and 589 routine inspections, according to figures compiled by Miss Lillian MacLeish, the school nurse.

Other statistics in Miss MacLeish's recent report to the village board were as follows: Medical examinations, 406; physical inspection (eyes), 1974; weight and height measured, 1600; treated, treated and first aid, 567; referred to private physicians, 231; referred to dentists, 123; number given instructive care, 807; number other calls (include reference to work), 449; total number of visits, 1256; number of visits to homes, 467.

In the recent tuberculin tests, 22 children reacted negatively and 33 showed positive reactions. The latter will be given chest X-rays in the near future.

Based on figures on 148 children under lower grades, Miss MacLeish reported that 39 per cent were not immunized against diphtheria and 47 per cent were not vaccinated. The percentage, including all school children, was 43 per cent not immunized against diphtheria and 50 per cent not vaccinated.

## Miss Laird Reports Educational Advantages From Marionettes

Pupils of Miss Louise Laird's room at the public school presented two marionette plays, "Sleeping Beauty" and the "Tar Baby" at the school assembly last Friday afternoon and Wednesday of this week.

They had constructed all furniture used in the plays, had painted scenery for the backdrops, had made and dressed the puppets, had written all dialogues and had selected the musical numbers for each scene.

To the idea of the activity involved, the public should have had a glimpse behind the scenes as 28 children, each manipulating a doll dangling from strings fastened to a wooden cross bar, waited for their turn.

Miss Laird has prepared the following article for The Review concerning the educational value of marionettes:

"The marionette play is the culmination of our regular school work. It is the outgrowth of the child's desire to re-enact scenes from literature and history, or to create a story by using their own ideas. Various activities have centered around this project, including story telling, dramatization, rhythm work, designing of costumes, construction of the puppets, painting the scenery, painting the puppets, making the dialogue from the story, and learning to spell words used in describing the plays, have enriched our regular work to the extent of making it more profitable and pleasant.

## H. Kelsey Candidate for General Assembly

H. D. KELSEY

REP. RICHARD LYONS

## Libertyville Man Strong Candidate

Richard J. Lyons aggressive and rapid fire political campaign from Lake county who has been endorsed by the republican state central committee for nomination for United States senator, already is at work planning a campaign that should make him the party standard bearer.

The Libertyville man has served five consecutive terms in the legislature and has evolved into a very strong backing among the counties of the eighth district.

He has many friends and supporters in Cuba, Elgin and Barrington townships where he has been a speaker on several occasions.

Although heretofore his own political interests have been confined to a single district, he has been called to many parts of the state to speak at political gatherings and has usually been the headline speaker.

## Lyons Endorsed by State G. O. P. for U. S. Senator Race

Withdrawal From Legislative Contest Opens Way for Cuba Man

H. D. Kelsey, supervisor of the Town of Cuba, announced Tuesday that he will be candidate for the republican nomination for representative from the eighth legislative district at the primary April 12. There are three seats to be filled. Nick Keller of Waukegan, republican, and Thomas Bolger of McHenry, democrat, are two incumbents seeking re-election while the third seat is being left vacant by Representative Richard Lyons of Libertyville, who received the state central committee endorsement Tuesday for nomination for United States senator.

Opposing Mr. Kelsey for the republican nomination in addition to Mr. Keller will be Roy J. Stewart and Charles H. Francis of Woodstock.

Mr. Kelsey had been urged by many of his friends to become a candidate for the state assembly seat but had consistently refused to make the run in opposition to Representative Lyons. When Mr. Lyons accepted the state endorsement for the senatorial contest, Mr. Kelsey agreed to enter the race at the request of his supporters. In doing so, he will have the endorsement of the majority of republican leaders in Lake county, a reliable source reported.

As supervisor of Cuba, township Kelsey has been active in local governmental affairs. Elected to the county board in 1928 he served consistently on an economy platform and was chairman of the board of supervisors in 1934.

## "Chez Nous, Inc., Dress Shop Opens at The Wayfarer

Announcement of the opening of a new dress shop in Barrington, "Chez Nous, Inc., at The Wayfarer, 131 W. Main street, is being made this week by Mrs. Lawrence Mosley and Princess Rosenthal. Mrs. Robert C. Woodhead is in charge of it.

The room at The Wayfarer has been newly decorated all in white as to walls and woodwork and completely refurnished. New chintz drapes and unhemmed net glass curtains are at the windows and the furniture includes an old French cabinet and other exquisite pieces.

As advertised elsewhere in The Review, the stock is comprised of moderately priced Jane Engel dresses—everything from the simplest sports tops to evening clothes.

"We are trying to provide clothes to suit the wardrobe and price needs of every woman in Barrington," Mrs. Woodhead reported.

## Miss Van Slyke to Address Townsend Club Friday Night

Miss Mary J. Van Slyke of Chicago will address the Townsend club at its meeting at 8 p. m. Friday, Feb. 11, in the club rooms above Landwer's store. The meeting is free and light refreshments will be served at the close. The public has been invited to attend.

Returns From England Martin J. Hogan, Barrington township, returned Saturday after a six-week's visit in England and Scotland.

## Feature Picture at Catlow Tonight One of Best of Season

One of the best action pictures shown at the Catlow theatre is "Submarine D-1" with Pat O'Brien and George Brent, tonight and Friday night. It has been rated a star by a leading critic. A navy submarine is used in the picture, and the scenes are reported as accurate reproductions.
