Foreign Stars to Compete at Norge Ski Meet Sunday

Expect New Records Will Be Established at Fox River Grove

The Norge Ski club will present the first international championship ski jumping tournament to be sanctioned by the International Ski Federation in the middle west next Sunday, January 16. It will be held on the club's giant slide near Fox River Grove, and with all the leading American jumpers enlisted to compete against the class of the foreign skiers the largest crowd ever to witness a ski contest in this country is expected. Special one-way traffic regulations are to be put into operation two hours before the first jumper is scheduled to leave the thrill-producing slope at 3 o'clock and this precaution, provided by the Chicago Motor club and state highway police is expected to enable all who motor to the scene to reach their destination without delay.

Such world renowned European stars as the Rued Brothers, Sigmund and Birger, of the Norway Ski association, and Olaf Thorwald, also of Norway, will match their prowess against the ranking Yankee jumpers. And to those who are not always influenced by form, an upset in this meet would not be a complete surprise.

The Rued brothers are regarded as the highest ranking performers in this sport in the world. They proved their ability in the 1934 Olympic games at Germany when they tied the Norwegian skiers to victory and also in 1932 in the International game at Lake Placid, N. Y. It was in 1932 that Chicago ski fans were enabled to see Norway's renowned skiers in action for the first time when they were given special permission to perform in the Norge club's tournament at Fox River Grove as part of their training for the Olympic competition.

Among the outstanding American performers who will compete against the distinguished visitors will be Al Euen, of Salt Lake City, holder of the world record of 287 feet; Roy Mikkelsen of Auburn, Calif., who won the Norge title once; Casper Olmen, three time winner at Fox River Grove since he became a Class A skier in 1931; Sverre Fredholm of St. Paul, whose gradual improvement in recent years is expected to bring him close to the top this year; Lemmo Heston, the Chicago school teacher, who finished third to Olmen in last year's Norge tournament and would have won had he not fallen after making the longest jump of the day; Jimmy Hendrickson of East Cleveland, Ohio, regarded as one of the most promising of the younger skiers in this country; Paul Bietle, one of the famous quintet of skiing brothers of Ishpeming, Mich., who established a distance record for the Fox River Grove slide two years ago with an exhibition jump of 261 feet; and Guntorm Paulsen and Gunnar Olmen, who will carry the Norge club's colors.

Local Hockey Team Will Play Diamond Lake Here Sunday

Devotees of hockey will be given an opportunity to watch the sport played Sunday morning at 10 o'clock when the Diamond Lake hockey team meets a picked team at Barkley and the community at 537 gravel pit, west of Barrington on the County Line road.

Practice sessions have been held at the pit recently and last Sunday a warm-up game was played here. Among those reported who will represent Barrington are: Martin Jurs, Charles and Willie Allenburg, Willard Abbott, Clarence Ahlgren, Jay Wichman and others. J. Hauer, Hargrave of Barrington is playing with the Diamond Lake team, having been a member of that group for several years.

Bernard Lipofsky Heads Youth Group

Bernard Lipofsky, member of S. Lipofsky and Sons, was elected president of the Jewish Youth organization of Northern Illinois at a meeting held Sunday at Joliet. Mr. Lipofsky was treasurer of the association last year.

Mrs. R. A. Bennett Writes of Life, Customs in Chile

The following excerpts of a letter from Mrs. R. A. Bennett, former resident of Barrington who is now living in South America with her family, describe some of the difficulties of living on foreign soil as well as the advantage of travel:

"Our trip down took 18 days as the Santa boats are catering to tourists and we stopped at many ports. It was fun for us to scramble off and stretch a bit on a solid foundation.

"Visiting some ports is good for a person, he appreciates the U.S.A. so much more. Such poverty as one sees in thousands of mud huts! It reduces life to a fine simplicity, taking one meal a day, sleeping on a mat on an earthen floor and wearing rags. Everyone complains that food is so high and of course the exchange is so poor for them now, they are compelled to use only native products.

"We were happy to arrive in Valparaiso, Chile and see Ralph waiting on the pier.

"We drove out to our new home along a snake-like road over the range about 22 kilometers. Our camp is located at a beautiful spot on the sea coast, at the end of a pier. They are building a 25,000 kilowatt steam power plant and want to be sending juice to Valpo by the end of July.

"We have eight windows overlooking the sea and with its changing moods, the variety of scenes are magnificent. The foothills that crowd those to the back of our home are a bank of wild California poppies, and a long fence in front of the guest house next door is a wall of pink geraniums.

"There are so many adjustments to be made in a foreign country. Food presents a big problem, to learn to like flavors and then to find out where to buy your food and how to prepare it. We have been having lovely asparagus for it is spring with us, yet here it is the asparagus is lovely to look upon and is tender but does not taste like ours in the least. It is this way all down the line. There is the fear of eating uncooked vegetables for fear they have been watered with sewage.

"The youngsters had a hard time getting used to boiled milk but gradually the whole family is settling down to eating 'queer' things without much complaint. At first we would go thirsty until our tongues hung out rather than drink boiled and filtered water but now we have forgotten how regular water tastes."

Local Committee Plans Seeing Eye Talk January 23

Morris S. Frank, Pioneer in Use of Dogs for Blind, Is Spenker

The Barrington committee of the Seeing Eye, the school at Morristown, New Jersey, which educates dogs to guide blind people, announced Tuesday that several hundred residents of Barrington were invited to a Seeing Eye meeting here on January twenty-third. Morris S. Frank who, with his dog guide "Buddy" pioneered the Seeing Eye in America, and Elliott S. Humphrey, who developed the method by which the dogs and blind people are instructed, will speak at the meeting, to be held in the Barrington high school auditorium.

Morris S. Frank, vice president of the division for the Blind of the Seeing Eye, pioneered the use of the Seeing Eye guide dogs in America. He it was who pointed the way to freedom for hundreds of other blind men and women who, like himself, were later to take the first steps toward independence under the guidance of dogs like "Buddy," the first Seeing Eye dog.

Mr. Frank, a native of Nashville, Tenn., was blinded in a boxing match while he was a student at Vanderbilt university. Several years later a magazine article was

Ball Club to Meet Tuesday, Jan. 18

W. Behringer, president and manager of the newly organized Barrington ball club, reported this week that a meeting of the group would be held Tuesday, Jan. 18, at the American Legion hall.

He has invited all persons interested in playing ball and those interested in having the sport developed locally to attend and become part of the organization.

Brother of Local Man Crash Victim at Dundee Sunday

William T. Hintz, 52, of Elgin, Killed When Car Hits Tree

William T. Hintz, 52 years old, 541 N. Crystal street, Elgin, brother of Otto Hintz of Barrington, was fatally injured Sunday afternoon when the car in which he was riding skidded off the road and crashed into a tree in front of Dundee community high school on S. Route 14.

Arnold Meyers, who roomed at the Hintz residence in Elgin, was the driver of the car and suffered three fractured ribs, a fractured knee cap and numerous lacerations. His condition is not regarded as serious by officials at the Sherman hospital in Elgin to whom he was removed after the accident.

Both men had driven to Cary earlier Sunday afternoon to inspect the site where the ski meet is to be held Sunday. They were enroute back to Elgin when the crash occurred. Meyers was driving south on the highway when the car skidded off of control on the snow-covered pavement and crashed into the tree.

Mr. Hintz was planned in the wreckage of the car, which was

R. K. Burns to Talk to Club on "New Careers for Youth"

Faculty and High School Senior Pupils Will Be Special Guests

Robert K. Burns, young research assistant in economics at the University of Chicago and world traveler, will discuss "New Careers for Youth" at a meeting of the Barrington Women's club to be held at the Methodist church Wednesday afternoon, Jan. 12.

Members of the faculty and senior pupils of Barrington high school will be guests of the club and the A Cappella choir will provide music. The program is to begin at 2 p. m.

Mr. Burns has made two world tours studying economic conditions and the problems of youth. His talk is reported to be an "analysis of opportunity in expanding professions, growing fields of business activity and a survey of new industries, occupations and activities of the future."

As a member of an American debating team in 1934-5, he participated in 48 debates in leading universities in 23 countries without losing a single decision.

Final Installment Concludes Panorama of Events in 1937

Following is the concluding installment of events highlighting the year 1937 and recorded in the files of The Review:

October

Start construction on Deep Rock Oil service station. . . 777 voters register in Barrington township. . . Begin excavation for new Brandt Dairy. . . Cook county Council of P.T.A. meets here. . . First creek bridge opened. . . Bishop R. Waldorf Schaefer Methodist church.

Not a Murder—Just Matrimony, Or "How Do Rumors Originate?"

It isn't often that a bride and groom have their wedding heralded as a murder or that members of the Cook county sheriff's office stop by to inquire for the "details of the shooting."

But strange as it might be, and as far apart as a murder and matrimony, was the rumor circulated that a man had been shot dead by violence at the Heidelberg Inn, at the intersection of routes 62 and 63, and by Friday the sheriff's squad was there investigating the story.

However, much of it all was the marriage of Miss Elfrida Georgi, daughter of Mr. and Mrs. Herman Georgi of Calumet, Mich., and William A. Vogler, son of Mr. and Mrs. Arthur Vogler of Germantown, which took place Thursday afternoon at 3 o'clock in the Bethlehem church in Dundee. Rev. E. Sylvester read the ceremony.

Mr. Vogler is partner of Kurt Riedel, his brother-in-law, and they operate the Heidelberg Inn and service station. During the day the place was closed to business because of the strange talk.

Attendees at the wedding were the groom's sister and her husband, Mr. and Mrs. Riedel; Mr. and Mrs. Carl Hendricks of Crystal Lake, John Mehnert and Miss Emily Holzer of Chicago, and Mr. and Mrs. John Leister of Forest Park. Bobby Hendricks was flower boy.

The bride was lovely in a white satin dress with a long veil held in place by call lilies and carried an arm bouquet of the same flowers. The bridesmaid and maids of honor carried arm bouquets of roses. Mrs. Riedel wore a green satin dress, Mrs. Hendricks a rose satin dress, Miss Holzer a blue satin and Mrs. Leister a peach satin.

Following the ceremony, a wedding dinner was served to 32 persons at the Evergreen Inn in Dundee. A reception was held at Heidelberg Inn during the evening.

The choir of Bethlehem church in Dundee surprised the young couple in the evening by coming to sing at the reception. Immediately afterwards, the bride and groom left for Chicago on a short honeymoon. Upon their return they will make their home at the Inn.

So in reality the whole thing was an incident of joy and happiness instead of one of sadness. It takes a great stretch of the imagination to connect the two, yet someone did.

False Rumor Started to Embarrass Members of Board of Education

A rumor from an unidentified source that two members of the board of education of school district No. 4 are not naturalized citizens of the United States and hold their offices illegally, was circulated in Barrington this week. This rumor was that P. L. Anderson, president of the board, and P. L. Drover, member of the board, are not citizens.

Although the origin of the report could not be determined, it was believed to have been started to throw a cloud over the two board members from a political standpoint.

The Review contacted both men and was furnished with convincing proof that they are naturalized citizens. Mr. Drover applied for his papers the second day he came to this country and was naturalized in 1919, and Mr. Anderson's father received his final papers in 1914.

That Mr. Anderson had neglected to register under the permanent registration law for Cook county voters was advanced by his friends as a possible fact that might have been the basis of the propaganda. He admitted neglecting to register and stated he would do so before the final day here, January 20.

Invited in Fall

Mrs. Donald Titterton, 138 W. Lake street, slipped on the floor at her home Thursday evening. The ligaments of her right leg and splintering the heel bone. She is able to walk in spite of the injury.

Rep. Ralph Church Not Candidate for U. S. Senate Post

Refutes Rumor by Petitioning for Re-Election for Third Term

Representative Ralph E. Church of Evanston, definitely "snatched" all rumors that he would be a candidate for republican nomination for United States senator in the April primaries Friday by having his petitions as candidate for republican nomination as representative of the Tenth congressional district circulated.

Nomination petitions were circulated for Church in the congressional district Friday. He is attending the regular session of congress in Washington, D. C.

He is the second prominent republican from the northern part of the state mentioned frequently by the United States senator post who has eliminated his name from the list by circulating petitions for re-election. Representative Richard Lyons of Libertyville, who was considered for the senate race, is seeking re-election for the state assembly in the Eighth senatorial district.

Congressman Church is seeking his third term in congress on the basis of his record. During his first term and so far in the second he has established a record for his district and service to his district.

Visit DeKalb

L. T. Smiley and Robert Sutor of the high school faculty visited the industrial Air department at the high school and Teachers' college in DeKalb Tuesday. Mrs. Smiley and Mrs. Sutor and daughter spent the day at the home of Mr. and Mrs. William Beath in Elmhurst.

Probate Estate

The late Walter L. Foote, of Des Plaines, who died September 10, did not leave a will and his estate was probated at \$2475 in Cook county probate court this week. His heirs are a widow and son living in Des Plaines, a son in Highland and a daughter, Barbara Wayman, of Arlington Heights.

School District 4 Proposes Project to Complete Wing

Approval Is Unofficially Reported From State Capital

Unofficial information was received this week by P. R. Drover, member of the Board of education of school district No. 4, that the state department of the works progress administration has approved a project for completing the interior work of the new school addition. The proposal in approved form was accepted by members of the board last week, signed by P. L. Anderson, president, and forwarded to Springfield.

It is the intention of the former one, which ended early in December of 1937, and will cover interior work left unfinished in the original plans. The entire second floor and parts of the first and third floors remain unfinished.

Mr. Drover stated that if the project is approved it will be done with no cost whatsoever to school district No. 4, with the exception of that of transportation costs of workers coming from other communities. Because the type of construction remaining requires skilled workers, such as plasterers, carpenters, etc., and because there is not a sufficient number of skilled labor registered with local re-employment administrators, it will be necessary to bring in men from other towns.

Mr. Drover explained that the project might be gotten underway by February. E. S. Smith, superintendent of schools, will be the local supervisor of the work. He is vacationing at present in California but is expected home this week.

Bob Mundhenk Wins An Appointment to U. S. Naval Academy

The following news concerning Robert Lee Mundhenk, son of Mr. and Mrs. R. L. Mundhenk, former residents of Barrington who moved to Auburn, Ala., last year was printed in the Birmingham News recently. Bob spent the Christmas holidays with friends in Barrington but modestly evidently prevented him from telling of the honor:

"Robert Lee Mundhenk, sophomore student in aeronautical engineering at Alabama Polytechnic Institute, has received an appointment to the U. S. Naval Academy. He has made an outstanding scholarship record at Auburn, with an average of 92.68 for his freshman year."

"The appointment was made by Senator Dixie Bibb Graves following a competitive examination in which he ranked first."

Rev. W. Bauer Talks to St. Paul Groups

Rev. W. Bauer who is a guest of his son-in-law and daughter, Rev. and Mrs. Hermann Koenig, gave a travel talk before the Brotherhood of St. Paul church Wednesday evening. He told of his recent trip to Texas and Wyoming.

Rev. Bauer will address a joint meeting of the Senior and Intermediate leagues of St. Paul church at 8 o'clock tonight.

DON'T FAIL TO REGISTER!

"Eight days remain in which voters of Barrington township and Cook county may have their names placed on the permanent registration books. After January 20 it will not be possible to register, and those who have neglected the matter will not be allowed to vote in important state, county or village elections.

Registrations may be made at the office of A. C. Burdick, village clerk, by persons living in the village, and at the office of R. O. Sott, town clerk, if they reside in the country.

After January 20 there will be no way that a voter may register here, being barred from exercising his franchise until next registration.
