

10-Year-Old Girl and Man Drowned in Nearby Waters

Child Slips While Wading in
Pool Sunday; Chicago Man
Seized With Cramp

Two drownings were reported Sunday in waters in the vicinity of Barrington. One occurred at the Mount St. Joseph school for handicapped children on U. S. route 12 between Lake Zurich and Wauconda and the other happened in Bangs lake in Wauconda, and both raised the Lake county total to 13 for the year.

Mary Ann McDarby, 10-year-old pupil of the Mt. St. Joseph school, was drowned Sunday afternoon while wading in an ornamental pool on the school grounds, which is conducted for handicapped children. Her parents reside at Ann Arbor, Mich.

The little girl wandered away from her group and sought relief from the heat in the artificial pool. She was discovered missing shortly after dinner. Searching parties found her body in the pool. Efforts to revive her proved futile.

Funeral services were held at Wauconda Tuesday. The second drowning occurred Sunday at Bangs lake, where John Kietz, 23 years old, of 2421 Carmen avenue, Chicago, dove from a row boat and was suddenly seized with a cramp.

Kietz had come to the lake with Lloyd Schaffhausen, 23 years old, of 4721 N. Washburn avenue, Chicago. The two rented a boat and rowed out about 100 feet from the east shore of the lake and Kietz jumped into the water to swim. His head bobbed up 10 feet away and he called for help. Schaffhausen dove in and struggled for several minutes to save Kietz.

In his efforts to save his companion, Schaffhausen was overcome. He was pulled to shore by other nearby persons and artificial respiration was applied for an hour before he revived.

Sewer Project Proposed for Area Without Service

Aiding Section East of North
West Hwy. Along Main
St. Before Board

A sewer project partly financed by the federal government to service homes east of Northwest highway and both south and north of Main street was suggested by Village Trustee Rudolph Berg at the village board meeting Monday night.

At present there are more than 24 homes in that area that do not have sanitary sewer service. Mr. Berg's proposal favored the installation of tile to connect that parcel with the village system.

Financing under the works progress administration was suggested, the requirements being favorable for sewer work. The WPA, D. B. Maloney, village attorney, reported, will grant a large proportionate fund for that type of a project. It was estimated that the cost to individual home owners in that section would approximate \$150. A sum of approximately \$2500 would then be collected by the village to pay for its estimated share of the project.

The WPA would be in a position to furnish labor while the village would furnish materials. Since most of the project would entail labor, cost to the village was placed at a low figure.

Following a motion made by Trustee John J. Carroll and seconded by Trustee R. F. Kocher Sr., it was decided that Village Clerk A. C. Barandini be instructed to write property owners, requesting they appear at the next meeting to discuss the proposal.

The pulling power of the Review want ad section brings to light a shortage of flats and homes for rent in Barrington. Homes for rent are scarce and the Review has had to turn down a number of prospective customers to select from. E. K. Magee rented a 6 room house with a three line Review ad. He never answered the ad, one of them taking possession.

FBI Agents of Opinion Chicago Man Was Dumped Here by Gunmen

Federal agents were reported in close pursuit of two southwestern desperadoes believed to have kidnapped John Keating, 45 years old, of 6103 Dorchester avenue, Chicago, and dumped him in a cornfield near Barrington July 30. They are Huron Walters and Floyd Hamilton who were reported to have escaped from jail some time ago in the southwest, and since then have left a trail of robbery and theft across many states.

Keating was apprehended in front of his Chicago home July 29 and ordered back into his car by two men, one of them flourishing a gun. They drove around the city for a while and then came into the country. Keating, hands and feet bound, was thrown from the car near Barrington.

After freeing himself he walked to the right side of his back. The wound extended for approximately seven inches and was several inches deep. He also suffered a broken left shoulder when he was tossed into the air and landed on the concrete pavement on that part of his body. The impact hurled him 15 feet. The handle of the car door was thought to have struck him in the back.

Wisconsin Man Is Struck by Hit and Run Driver Sunday

O. T. Havey, 43, Severely
Injured in Front of J.
Langdale Home

O. T. Havey, 43 years old, electrical contractor from Madison, Wis., was severely injured early Sunday morning when he was struck by a hit and run driver in front of the J. W. Langdale residence, 312 W. Main street. The time of the accident was placed at 2:15 a. m.

Mr. Havey received a deep cut on the right side of his back. The wound extended for approximately seven inches and was several inches deep. He also suffered a broken left shoulder when he was tossed into the air and landed on the concrete pavement on that part of his body. The impact hurled him 15 feet. The handle of the car door was thought to have struck him in the back.

One shoe was ripped off by the impact as was part of his trousers. His automobile keys, which were in his hand at the time, were found lying in the Kuckuck driveway.

Mr. and Mrs. Havey had stopped at the Langdale residence earlier Saturday evening, intending to remain only a few hours. When the time grew later they were prevailed upon by Mr. and Mrs. Langdale to spend the remainder of the night.

Mr. Havey had left his car parked on the north side of Main street, and he and Mrs. Langdale went outside to run the machine into the drive when it was decided they were to remain.

Just as he stepped around to the driver's side of the car and prepared to open the door, he was struck by the vampire car traveling west. Mr. Langdale was standing in front of Havey's machine at the time. Mr. Langdale was not endangered. The Wisconsin car was not damaged.

At the time of the accident, three cars were traveling east on Main street and passed in front of the Langdale home about the time that Mr. Havey was struck. It was believed that the hit and run driver swung his machine over to the outer side of his lane and in so doing, hit the Madison man.

The injured man was given first aid by a local physician and then taken by ambulance to the Sherman hospital in Elgin, where he is reported to be resting comfortably.

Stick-Up Foiled by H. W. Grimm Here Saturday Evening

Disregards Gunman's Order;
Duo Flees Without Cash
Plunder

Quick action by H. W. Grimm, proprietor of Grimm service station on South Northwest highway, Saturday night averted a possible greater financial loss when two men attempted a stick-up at five o'clock on the highway.

As soon as one of the men flourished a gun and threatened H. W. Grimm, he fled from the service station to his home, where he hid. He was picked up by a car. When he came out of his residence, the two men were driving southeast on the highway. His loss was five dollars of which he had been obtained before the stick-up.

Mr. Grimm told Chief of Police E. W. Baade that the car driven by an elderly man, who was accompanied by a young man, pulled into his station from the north. After ordering the gasoline, the young man asked permission to use the washroom in the station.

Completing his task, Mr. Grimm entered the station where he was met by the young man who requested a Chicago road map. When the local man turned to reach for the map, he felt a gun being pushed into his back.

"Keep quiet, I've got you covered," were the instructions of the young gunman to Mr. Grimm, who was unable to give a definite description of either man.

When he came out armed, the two men were fleeing the scene. He was unable to give a definite description of either man.
