

Is Conducting Play School for Younger Children of Hills

BARRINGTON HILLS.—The very youngest members of the Barrington Hills colony are enjoying the play school which Miss Bradshaw, kindergarten teacher at the Country Day school, is conducting in the homes of the various children.

A group of older boys are occupying her attention in the afternoon.

Compete in Golf Meet

This is the week of the Chicago Woman's district golf association meet and Mrs. W. Lane Schulte and Mrs. Harold Byron Smith are contestants from Barrington Hills for the district championship. The event is played at Sunset Ridge Golf club and began last Monday. Golf at Barrington Hills will be interesting Thursday night when the twilight foursome will be played. After the game, entertainment is provided.

Olives Hayride Party

Marilyn Holbrook entertained her young friends last Monday with a hayride party. The very sudden rainstorm interfered a bit with the plans but not with the enjoyment of the occasion. Mrs. Holbrook served refreshments at their home later in the evening.

Would you like some cookie recipes today? It's a good idea to bake on occasional cool days. Cookies may be packed in time that will keep them crisp and good for several weeks (if the family will keep away from the cookie jar!).

The following are excellent with lemonade to which a sprig of mint has been added:

NUT SQUARES

1 cup butter.
2 cups sugar.
4 eggs, beaten.
2 cups flour.
1 teaspoon salt.
1 teaspoon baking powder.
Vanilla.

Cream butter and sugar. Add other ingredients. Pour into shallow greased pans. Sprinkle on 1 cup chopped nuts. Top with meringue mixture of:

2 egg whites (stiffly beaten).
2 cups brown sugar.
Vanilla.

Bake in 275° oven for 15 to 20 minutes. Cut in squares or oblong strips while warm.

If your family is chocolate-minded, you'll adore this recipe for chocolate cookies with chocolate icing.

CHOCOLATE COOKIES

1 cup brown sugar.
1/2 cup melted butter.
2 squares chocolate.
1 egg.
1/4 cup sweet milk.
2 cups flour.
1/4 teaspoon soda.
1 teaspoon baking powder.
1/4 cup nuts.
Vanilla.

Melt chocolate in butter. Add sugar, cream well. Add other ingredients slowly. Bake in greased tins in moderate oven.

Frost with this:

Melt 2 squares chocolate in 4 tablespoons cream. Add 1 egg, well beaten. Vanilla. Salt. Powdered sugar and milk mixture is stiff enough to spread.

Aloes, Medicinal Plant

Among the Greek physicians, aloes was a most important medicinal plant. Centuries earlier, the idea of binding fresh plant leaves of various kinds on burns or other wounds was a favorite of Egyptian surgeons. Homeric heroes bound up damaged skin in the same way with herbs and oil. Roman expeditions found the savage Germans adept in the art. European settlers in America learned from the Indians precisely similar skills.

The Pintail Duck

Pintails are quite different in cut and appearance from other surface feeding ducks. Their necks are long, and the pointed, long central tail feathers which give the ducks their name are an unfailing mark of identification. The male is gray and white, but the slender female is streaked brown similar to a female mallard, but without the white-bordered blue speculum on the wing.

Saying of Benjamin Franklin: "They that can give up essential liberty to obtain a little temporary safety deserve neither liberty nor safety," said Benjamin Franklin.

Suburban Building During June Above Past Eight Months

A three million dollar month, the first since October of last year, is the gratifying result of the survey of new building in June in the Chicago suburban region by Greenbaum Investment company, the total amount reported by the commission of 62 communities being \$3,052,930.

This compares with \$3,356,452 for June of last year and is 50 per cent better than the \$2,037,576 of May of this year. The increase is due to a large gain in home building and to a number of churches and other institutional projects.

Building commissioners of suburban towns reported 283 homes started in June, to cost \$1,895,237, exceeding by 25 per cent the two next best months of the year, April and May, and comparing well, value at least, with the total of June of last year, which started 301 homes to cost \$1,905,237.

Alterations, additions and repairs to homes, always an important item for the building industry, amounted to \$270,283 in June, comparing with \$500,558 in June, 1937 and \$249,106 in May of this year.
