## FUTURE DEPENDS UPON INVESTMENT OF CAPITAL

Real wages or the economic well-being of the average American has actually gone up or down with the investment of capital from the savings of thritty people, in new and better tools to produce new wealth in larger volume at con-stantly lower prices to constantly broadening markets and at rising real wages to the worker.

rising real wages to the worker.

The record of our marvelous advance in the last 150 years demonstrates beyond question that the theory of an irreconcilable class war is wholly untenable, that the fundamental interests of boay men and boary dollars are identical. Therefore, thrift must be encouraged and its savings protected in order to provide siew tools to develop the enclass meng frontiers of the America that is yet to be.—Samuel B. Pettingill, before the Executives Club of Chicago.
