Founded in 1977, the Schaumburg Area Photographic Society is dedicated to the enjoyment of photography. Our lively group offers learning opportunities designed to help members expand and improve their photo imaging and editing skills. Programs and workshops are held on meeting nights and consist of informative speakers, how-to demonstrations and hands-on workshops. Throughout the year there are numerous outings to desirable photographic locations.

SAPS members represent all levels of photographic expertise ranging from beginner through advanced amateur and professional. Our friendly members always welcome newcomers and guests! We are dedicated to helping you learn to get the most out of your photography experience whether your camera is a simple point and shoot or a pro-level instrument.

Be our guest at an upcoming meeting or visit us at our website: www.schaumburgareaphotosociety.org
